ANOTHER SAW MILL.

Harvey & Adams of Grants Pass have secured a location and will erect a 25,000 capacity saw mill below Keno. The new mill will be located on the property of R. W. Tower at the mouth of Bear Valley about one mile from the railroad. The location is below Keno and about a mile and a quarter from the Downing ranch. A spur will be put in by the railroad to haul out the manufactured product.

Messrs. Harvey and Adams are practical saw millmen, and have secured 8,000,000 feet of standing timber to begin business on. They have a contract for box material, and most of their output will be shipped to California. With all of the commons going into boxes, this will leave them the better grades for the local market.

This will make the third mill in Klamath county which will saw box material, and it is predicted that within a few years Klamath county will be furnishing the greater portion of the boxes for the fruit sections of California. It is quite probable that there will be a number of other saw mills built in the timber near Keno within the next two years. There are large bodies of timber in that section which are easily accessible in case a branch is extended to connect with the railroad.

EXAMINES FARM.

C. S. Schofield, of the Department of Agriculture of Washington, J. P. Irish, Jr., of Oakland, E. C. Chilcott of Hartford, Vt. and Thos. H. Means, engineer in charge of the Truckee Canyon project arrived in the city Friday evening. These gentlemen, accompanied by Engineer Heileman, went to Midland Saturday to inspect the tract selected by the Service as an experimental farm.

The Government has secured 80 acres of high land to be used as an experimental farm, most of which is under the ditch. No work has been done on the land yet, but it will be cultivated and improved this year in accordance with the recommendations of Mr. Schofield.

SUIT DISMISSED.

The injunction proceedings instituted Tuesday by Abel Ady against Leo Robinson, in which a temporary restraining order was issued, was settled Thursday, Judge Noland signing the order dismissing the suit that evening. The order was asked for by R. S. Smith, Mr. Ady's attorney, for the purpose of preventing Mr. Robinson consummating the sale of certain property, alleging that such sale was in contravention of certain agreements existing between them. The order dismissing the proceedings settles the matter. Mr. Robinson was represented by C. F. Stone.

A DOZEN EGGS A DAY.

County Judge Griffith and the Commissioners have been gathering statistics today on the number of eggs a man can eat a day and for how long he can keep it up. Among the bills presented at this term were those contracted for during the recent quarantine on a number of small pox cases in the county. It appears that something like 78 dozen eggs were consumed by the attendants. This would be 12 eggs per day for each man for a period of over three weeks. A reasonable variety and quantity of other food was also eaten.

LEGISLATURE EVERY YEAR.

ALBANY, Or., May 6.—The coming session of the state grange will consider the proposed plan of holding annual sessions of the Oregon legislature, one session to be devoted exclusively to the introduction of bills, and the next session to the passage or rejection of the bills formerly introduced, no new measures to be presented except under an emergency.

At a meeting of Linn council of the grange at Lyons, a committee, consisting of C. L. Shaw, Eugene Palmer and A. C. Miller, was named to prepare resolutions embodying this plan and to present them to the state grange. If the plan is approved by the state organization, an effort will be made to enact it into law by the initiative route.

This same committee was also instructed at the meeting to prepare resolutions for presentation to the state grange, recommending a uniform passenger rate on all railroads doing business in Oregon. There are some lines, it is stated, that still maintain the old fare of 4 cents per mile, and legislation is desired which will force all roads to observe the 3-cent rate.

The Linn county council went on record in favor of the submission of the state normal school question to the people in the 1919 election by means of the initiative, and thus settle the matter permanently.

There was a spirited debate at the council on the subject of an initiative measure to secure statewide prohibition in 1919, but no action was taken. It is said that this question will come up in the session of the state grange this spring.

HE WILL AFTER THIS.

"Oh, Henry," said she blithely
As he sat down to dine,
"I have bought the sweetest cushion
For a dollar ninety-nine!"

"It was bargain day at Stanley's
And they advertised it so
That the store was fairly crowded,
For the prices were so low."

"H'm!" he coughed and looked
askewly.

"As sure as I'm alive,
We are selling that same cushion
At a dollar twenty-five."

Not a word then broke the silence
Till his wife, with many sighs,
Softly said with accents tearful,
"And why don't you advertise?"

A farmers' union was organized at Elgin recently. The charter list includes 39 of the progressive farmers of the Elgin section, and the new organization starts with good prospects. The union is organized for the purpose of advancing the business interests of Northern Union county and for the mutual benefit of the farmers. Only a temporary organization has been formed, but permanent officers will be elected this week.

DEPARTMENT OF THE INTERIOR, UNITED STATES LAND OFFICE.

Lakeview, Oregon, March 24, 1909.

A sufficient contest affidavit has been filed in this office by John B. Vollmer, Dorris, Calif., contestant, against homestead entry No. 2957, April 22, 1903, final certificate No. 9329, issued August 11, 1908, for the W½NW¼, SE¼NW¼, NE¼SW¼, Sec. 12, T. 41 S., R. 7 E., W. M., by William A. Otey, in which it is alleged that said William A. Otey has utterly failed in respect to said entry to comply with the public land laws of the United States and the rules and regulations established thereunder with reference to establishing and maintaining residence upon said land; that he did not establish a residence in a house on said land within six months from date of entry; that he has never resided continuously, or at all, upon said tract of land; that he has never cultivated or improved the same, and that his only pretense of complying with the homestead laws was to erect a box house thereon and a small log stable, and immediately thereafter said homestead entryman left said premises and engaged in business in Klamath Falls, Oregon, and that he also leased and farmed a tract of land belonging to his father, G. W. Otey, who resides in Siskiyou County, Calif., where said tract of land so leased was located, and that for the past year, and for more than a year immediately preceding his making final proof on said homestead entry, the contestee was engaged in the business of conducting a saloon in Siskiyou County, Calif., at a place commonly known as "the hold in the ground." That said contestee submitted his final proof on said tract of land on or about the 22nd day of April, 1908, but that no patent has issued thereon. That the only pretense of cultivating said land by the said contestee, or anyone in his behalf, was the ploughing of about half an acre, which said ploughing was done just prior to the date of submitting final proof; that he never cultivated said land, or any portion of the same, to crop, or made any pretense of ever cultivating said land other than the ploughing herein mentioned; that for more

than a year prior to submitting his final proof on said entry, the said contestee had completely abandoned said land and made his home elsewhere, except for the visit made to said tract of land at the time of ploughing, as herein set forth; that his alleged absence from said land was not due to his employment in the Army, Navy or Marine Corps of the United States as a private soldier, officer, seaman or marine, during the war with Spain or during any other war in which the United States may be engaged, and that said parties are hereby notified to appear, respond and offer evidence touching said allegations at 10 o'clock a. m., on May 21, 1909, before R. M. Richardson, U. S. Commissioner, at Klamath Falls, Oregon, and that final hearing will be held at 10 o'clock a. m., on June 9, 1909, before the Register and Receiver at the United States Land Office at Lakeview, Oregon.

SUMMONS.

In the Circuit Court of the State of Oregon, For the County of Klamath.

B. A. Bradburn and Jane Bradburn, His wife, Plaintiffs, vs. John Cotes, Defendant.

To the above named defendant, John Cotes:
In the name of the State of Oregon you are hereby required to appear and answer the complaint filed against you in the above entitled suit on or before the 3rd day of June, 1909, that being the date of the last publication of Summons and the last day within which you are required to answer as fixed by order of publication of this Summons, and if you fail to appear and answer, the plaintiffs will apply to the Court for the relief demanded in said complaint.
Said suit is brought for the purpose of quieting plaintiffs' title to the SE¼ of the SE¼ of Section 36 in Township 39 S. R. 11 East of Willamette Meridian in Klamath County, Oregon, and releasing and satisfying a certain mortgage as the same applied to the above described real property; said mortgage being given by H. W. Keesee and Rose E. Keesee to you on December 7, 1897, and for the costs and disbursements of said suit, and unless you appear and answer said complaint on or before the said 3rd day of June, 1909, the plaintiffs will apply to the Court for the relief demanded in said complaint.

This summons is published in the Klamath Falls "Republican," a weekly newspaper printed and published at Klamath Falls, Oregon, by order of Honorable George Noland, Judge of said Court, dated the 21st day of April, 1909, the first publication to be made on the 25th day of April, 1909, and the last publication to be made on the 3rd day of June, 1909.

Benson & Stone and H. W. Keesee, Attorneys for Plaintiffs

\$100 Reward, \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is cancer. Hall's Cancer Cure is the only positive cure now known for the medical fraternity. Cancer being a constitutional disease, requires a constitutional treatment. Hall's Cancer Cure is taken internally, acting directly upon the blood and nervous system of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case it fails to cure, and will refund the money.
