

ATTORNEY GENERAL ASKED FOR OPINION ON SITE.

The question of the location of the new school building is still hanging fire and probably will remain in that condition for several days to come. The cause of the delay is the awaiting of an opinion from the Attorney-General as to whether the board will have to abide by the decision of the last election, relative to the placing of the building on block nine. When County School Superintendent Swan was in Salem he placed the matter before the Attorney-General, explaining to him the situation, and asked that he furnish the board with an interpretation of the law on the question.

The wish of the board to change the location of the site is not due to any desire on the part of the members to go contrary to the will of the people, but simply to save to the school district the money that would have to be paid for the site. When the voters selected block nine they did so without previous notice to the board. Two other sites had been submitted for their consideration, but inasmuch as neither suited the wishes of those attending the election, they voluntarily made a selection of their own. This put the board in a position of having to purchase the property for which no previous negotiations had been made, and left it in the power of the owners to charge any price they wished.

It has been ascertained that the lowest figure for which this property can be bought is \$6,000. This leaves two lots in the block for which no price has been set, and which, if bought, will increase the sum to \$7,000. This the board considers to be an exorbitant figure, and more than the district can afford to pay.

Another cause for the desire of the board to ascertain whether they can change the location is the fact that on the petition presented asking for the placing of the structure on the West Side, are the signatures of many of those who voted for block nine, thus indicating a disposition on the part of these people to leave it to the board.

A meeting of the board was held Tuesday, with P. L. Fountain, G. W. White, F. T. Sanderson and J. W. Siemens present. The matter was gone into thoroughly and the various sites offered were discussed by the members. The second free site is block four, offered by the Buena Vista company. This and the Moore site have plenty of advocates.

FOREST GUARDS APPOINTED FOR CRATER LAKE RESERVE.

Will Keep Tabs on Campers and an Eye Out for Forest Fires.

In order that the Crater Lake national forest be properly patrolled during the summer, thus reducing to a minimum the loss from forest fires, a number of new men have been put at work by M. L. Erickson, forest supervisor. These men are known as forest guards, and it is their duty to patrol the districts to which they are assigned and carefully watch fires, keeping a tab on campers and all causes of fires.

The new appointees and the districts to which they have been assigned are:

South Fork Rogue river, Edwin S. Kerby.

Applegate river and Steamboat creek, Frank Allen.

Upper Rogue river, Jasper Tunge.

Trail and Elk creek, Andrew Poole. Buck lake, Walter F. Wright. Ashland creek, F. M. Du Bois. Fort Klamath, Carl Ward.

Aside from these appointees the forestry service has ordered B. T. Harvey to this field to go over the forest and make maps and the like showing just what amount of timber there is in the various portions of the 1,000,000 acres in the local forest. There is more timber being sold at the present time in the Crater Lake forest than in any other in Oregon, and for this reason stock must be taken that too much timber is not sold off each year. Mr. Harvey will start his work over in the Applegate country.

WORDEN IS APPOINTED GENERAL MANAGER.

Will Have Charge of the Interests of the Hot Springs and Other Companies.

W. S. Worden has been appointed general manager of the Hot Springs and the Klamath Development companies, and in future will have charge of the interests of these concerns in this county. The announcement of his appointment was made Tuesday by S. O. Johnson, who is to succeed Mr. Nafziger as president of the companies to be represented by Mr. Worden. This appointment is made to fill the vacancy caused by the resignation of D. B. Campbell, which was handed in some time ago. Mr. Worden will be assisted by David Painter, who has been for years identified with the McCloud Lumber company.

CONFERENCE BETWEEN HOPSON AND COMMITTEE.

The committee appointed by the Water Users' association to confer with the officers of the Government Reclamation Service met at the chambers of Circuit Court, Judge Noland, in the courthouse Monday morning. On the part of the government there were present E. G. Hopson, supervising engineer, who made a special trip from Portland to attend the conference; Project Engineer Patch and Attorney Wylie. On the part of the committee appointed by the water users the following were present: Hon. Geo. Noland, Hon. J. G. Griffith, Hon. L. F. Willits and Abel Ady, Mr. Terwilliger of Merrill being the only member absent. He is attending the fair at Seattle.

Matters pertaining to the wishes of the government in relation to increasing the capital stock of the Water Users' association to \$6,000,000 and increasing the par value of the shares to \$30 each; also information desired on the part of the water users as to the policy of the government were fully discussed.

While there is much that cannot be made public at this time the negotiations are proceeding expeditiously. This much may be said: The government will, within the next two or three months, submit the estimated cost of the Upper (Clear Lake) Project on two bases—one on the basis of the present subscription of land, and one on the basis of the present subscription of lands, including also lands not subscribed. Consequently, the matter will be then left to the water users of the Upper Project as to whether the government shall proceed with the work or not, but it now seems the policy of the government to complete the Clear Lake dam this season.

It is also announced that the South Branch will also be connected with the Adams ditch. Work will begin immediately, and it will require probably from ten days to three weeks for its completion.

Negotiations with the owners of swamp lands are progressing satisfactorily, and matters concerning the Keno canal and the East Branch were taken up and discussed; also matters pertaining to the lowering of Tule Lake and blasting some of the obstructions out of the Klamath river below Keno were taken up and considered.

The Water Users' committee submitted in writing to the government officials its requests for information and they will be answered by Supervising Engineer Hopson. The answers and all information obtained by the committee will be referred to the board of directors of the Water Users' association, and it is the expectation now to have this information in their hands some time next week.

Supervising Engineer Hopson left Tuesday for San Francisco and will return to Portland at the end of the week.

DISTINGUISHED VISITORS.

Mr. and Mrs. S. Glen Andrews, Mrs. Lina Brady and Fred A. Shoup arrived here Monday and registered at the Lakeside. Mr. Andrews is one of the most noted newspaper and magazine correspondents on the Continent. This is his second visit to this section, and the articles written by him on his first visit have done much to bring the great natural wonders of Klamath county to the attention of the discriminating tourist. Mr. Shoup is one of the traveling passenger agents of the Southern Pacific railroad, and comes to make his first visit to Crater Lake.

The party left this morning for Ft. Klamath and Crater Lake, and were accompanied by T. A. K. Fassett and Col. M. G. Wilkins.

A CARLOAD OF MELONS.

The Monarch Mercantile company has leased the frame building adjacent to their place, formerly occupied by Dan Cofer as a carpenter shop. It is to be used exclusively for the storage of fruits and vegetables. They have just placed an order with a Sacramento house for a carload of melons, which doubtless is the first carload order of this kind that ever was shipped into this country. It will be possible for the public to get melons without feeling as though one's pocketbook had moved.

REAL ESTATE CHANGES HANDS.

P. L. Fountain reports the following sales of real estate made yesterday:

E. E. Kirkendall to Emmitt Beeson, eighty acres; consideration, \$5,200.

S. H. Danner to Emmitt Beeson, house and lot at Ninth street and Oak avenue, this city; consideration, \$2,500.

F. W. Murphy of the Farmers' Implement and Supply House to Emmitt Beeson, lot on Oak street; consideration, \$600.

A NEW SUMMER RESORT.

Eagle Ridge is the latest addition to the summer resorts on the Upper Lake, and if the proposed plans are carried out it will be the best of any that the people of this city have had access to. This last member of a family that has been growing quite rapidly since E. H. Harriman entered the field is Eagle Ridge, and is owned by the Griffiths, former owners of Odessa.

July 20th is the date that has been set for the opening of the resort, although this event may be delayed a day or two. When the Odessa was disposed of it was with the stipulation that it should remain open and under the management of Mr. and Mrs. Griffith until July 25th, so it is possible that the new resort will not be formally opened to the public until the old one is closed.

This year no permanent buildings are to be erected, with the possible exception of a dining hall. It is more than likely, however, that tents will be the only structures used, boarding from the ground up two feet and matched flooring. The proprietors of the new resort realize that there will be no far distant when there will be a demand for a first-class tourist resort that it will take a good deal of pride in.

Included in the scheme of improvement will be the clearing away of all tules and the deepening of the water to a depth as will prevent their growth. Piles will be driven and a stone retaining wall constructed. The ground bordering the lake will be leveled and parked, and such other changes made as will add to the beauty of the surroundings.

SEEHORN A CUPID GUIDE.

The things a landlord bumps into these busy days are at least peculiar. Proprietor Seehorn of the American says that the other day a young man came in and asked to speak to him. Leading him up the street, they stopped in front of a talking machine shop on Main street, he whispered: "I want to get a marriage license," which brought forth the remark that that was not the place to get such an article, to which he replied: "Well, it has some connection, hasn't it?"

The bride-to-be and groom were finally shown to County Clerk DeLap, who, upon inquiring as to their ages, found that this important information was unfortunately left at home written upon a piece of paper, and the young couple could not recall it. Records were searched as to the date of marriage of the young man's father, but alas! when found the date was not given. Seeing their despondency, Clerk DeLap, in compassion, granted them the necessary license and the last seen of them they were making a bee line for Fort Klamath, where the title will be quieted.

Mrs. H. K. Hanna, wife of Circuit Judge H. K. Hanna, suffered a stroke of paralysis early Monday morning. Dr. C. R. Conroy of this city was called. Mrs. Hanna is in a most serious condition.—Medford Tribune.

THEY'RE GOING FISHING.

Each packing a surplus amount of fishing tackle, E. W. Gowen armed with an air gun and G. P. Van Ripper with a pea shooter, started for the North fork of Sprague river Thursday morning. The former will, for a period of ten days, forsake his usual occupation of superintendent of the Van Ripper grocery and the Roberts & Hanks hardware store and the latter his customary place behind the counter. Mr. Gowen will be missed at both places, as he can always be depended upon to make the dull times lively. The stock of provisions which they have packed to take with them consists of about one-half of the Van Ripper grocery stock. (This does not indicate that the store does not carry a large stock.)

The appearance of Mr. Gowen indicates that he will not be a heavy eater while on the trip, so it will be up to the corpulent groceryman to keep the victuals from spoiling. Both of the parties state positively that it is their intention to go fishing, but whenever they make this assertion it causes a ripple of laughter. Marion Hanks is the only one who really believes that they will catch a fish, and he has staked them with fishing tackle galore.

For several years past the sheepmen of the Southwest have suffered serious losses from a disease known among the Mexican herders as "pingue." "Pingue" is popularly supposed to be caused by eating either the leaves or roots of a plant which has in the last few years been quite prominent in the public eye as the rubber plant or rubber weed. Hot water and salt is an efficacious remedy.

E. H. Loftus of Plush, Ore., who owns extensive mining interests near Plush, left for home Wednesday by Cross's auto. Mr. Loftus reports the sale of \$1,000 worth of stock in his Goldfield Butte and Jumbo properties.

SHERIFF'S SALE.

Whereas, judgment was rendered and entered on the 26th day of April, 1909, in an action in the Justice Court for the Precinct of Linkville, Klamath County, State of Oregon, before A. D. Miller, Justice of the Peace for said precinct, between H. W. Keesee, plaintiff, and J. E. Sullivan, defendant, in favor of plaintiff and against defendant for the sum of seventy-five dollars with interest thereon at the rate of six per cent per annum from the 26th day of April, 1909, and the further sum of thirteen and twenty-five one hundredths dollars costs and disbursements; and whereas a transcript of said judgment and proceedings had before said justice of the peace, in said case, has been filed in the office of the County Clerk of Klamath County, Oregon, and which said judgment was duly docketed in the judgment docket of the Circuit Court of the State of Oregon for the County of Klamath, on the 13th day of May, 1909, and the sum of seventy-five dollars with interest thereon at the rate of six per cent per annum from the 26th day of April, 1909, and thirteen and twenty-five one hundredths dollars costs and disbursements of said action is now due thereon; and by virtue of an execution issued by the Clerk of the Circuit Court of the State of Oregon

for the County of Klamath, on said judgment, commanding me to satisfy said judgment, interest and costs out of the personal property of said J. E. Sullivan and for want thereof, then out of the real property belonging to said J. E. Sullivan, in said County of Klamath and State of Oregon, and not being able after diligent search and inquiry, to find any personal property belonging to J. E. Sullivan, in said county, out of which to satisfy said judgment or any part thereof I have levied upon the following described real property of the defendant J. E. Sullivan, to wit: SE 1/4 of SE 1/4 of Section 21, NW 1/4 of NW 1/4 of Section 27, E 1/2 of NE 1/4 of Section 28, Township 27, South Range 13 East of Willamette meridian, in Oregon.

Notice is therefore hereby given that by virtue of said execution I will, on Saturday, the 17th day of July, 1909, at the hour of 2 o'clock in the afternoon of said day, at the front of the courthouse door in Klamath Falls, Oregon, sell at public auction to the highest bidder for cash in hand, the above described real property, or so much thereof as may be necessary to satisfy said judgment in favor of H. W. Keesee and against J. E. Sullivan, together with all costs and disbursements that have or may accrue.

Dated at Klamath Falls, Oregon, this 10th day of June, 1909.

W. B. BARNES,
Sheriff of Klamath County,
6-10, 7-15

NOTICE FOR PUBLICATION.

U. S. Land Office at Lakeview, Oregon, June 4, 1909.

(Not Coal Land.)

NOTICE is hereby given that MYRA VAN BRIMMER (nee Applegate) of Klamath Falls, Oregon, who, on August 12, 1903, made Homestead Application No. 3448, Serial SE 1/4 No. 01170, for SW 1/4 NE 1/4, E 1/2 SW 1/4, SE 1/4 NW 1/4, Section 12, Township 28 South, Range 9 East, Willamette meridian, has filed notice of intention to make Final Five-Year Proof to establish claim to the land above described, before the County Clerk of Klamath County, at Klamath Falls, Oregon, on the 16th day of July, 1909.
