A motion was introduced to cover Main street with crushed rock outside of the space which the street car company will have to take care of. It was twigged instantly that this was a step to head off any paving idea that might be had by the council. The motion was voted down. ## Will Spread?

There is no other paint, either prepared or hand made from lead and oil, that will spread as well under the brush and cover as much surface to the gallon as

THE SHERWIN-WILLIAMS PAINT.

Figure 300 square feet, two coats, to the gallon and you'll probably have some paint left over.

There are many other good points in its favor. Ask us about them.
