HARBIN, Manchuria.—Prince Ito, former Japanese resident general of Corea and Japan's foremost statesman, was assassinated here Tuesday afternoon as he stepped off the train by a Corean who had followed him for that purpose, hoping thereby to avenge Corea. The assassin was arrested, but not before several other members of the party were injured, including Consul General Kuwakan. General Manager Tamaka of the South Manchuria railroad, and Prince Ito's private secretary.

ST. LOUIS, Mo.—President Taft and Speaker Cannon apparently hold the same beliefs regarding waterway improvement as a part of a national policy of conserving the streams. The speaker recently endorsed the president's attitude on the bond issue to pay for the improvements. Mr. Taft's utterances are not so far-reaching regarding the creation of a 14-foot channel as those of ex-President Roosevelt, yet it is encouraging to know that Cannon indorses what the president has said. The general good is the test Mr. Taft prescribes for all ambitions works.

Nashville, Tenn.—Dr. L. C. White, for twenty years supreme keeper of records and seals of the Supreme Lodge, Knights of Pythias, died here October 20th, aged 65.

Murphy on or before December 1st. The fighters agreed to fight forty-five rounds or more on or before July 5th, 1910, the purse to be divided 75 per cent to the winner and 25 per cent to the loser.

Rare Cut Glass

But if you would like to look at the really high-grade article in all its scintillating beauty, come here.

Cutglass is a subject that we are cranks on, which is a very good thing for our customers, because it assures them cutglass safety when they deal here.

And— It is an article that it is awfully easy to go astray on.

WHAT THE KIDNEYS DO

Their Unceasing Work Keeps Us Strong and Healthy. All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when un-healthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Jesse Freeman, Sterling Mine, Jacksonville, Ore., says: "I actually believe that Doan's Kidney Pills saved my life. I suffered from kidney disease for a long time before I realized what was the matter with me. My worst troubles were pains in my back and limbs and an irregularity in the passage of kidney secretions. I was unable to rest well on account of the pains and felt so stiff and lame at times that I could hardly walk. I finally learned of Doan's Kidney Pills, and as they were so highly recommended I procured a box and began using them. They seemed to be just what I required, for in less than two weeks beneficial results were apparent. When I had used seven boxes I was in better health than I had been for years."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Dr. Swendenburg and wife of Ashland and Miss Arno, who has been in charge of the hospital there, arrived on Monday evening. The Doctor is here for the duck hunting, his wife is visiting friends, and Miss Arno is nursing a case for Dr. Swendenburg at Klamath hospital.
