

COUNCIL ASKE LIGHT & WATER COMPANY TO RE-SUBMIT IT

And a Reduction of Insurance Rates.
More Hose Carts Should Be Provided

The city council's action Thursday evening in appointing Councilman Wilkins as a committee of one to request the Light and Water company to again submit its ordinance for the installation of hydrants is the first step taken in the matter of securing for the city the reduction in insurance rates that is so urgently desired by the business men of the city. The offer of the underwriters to reduce the cut of 23 per cent has stirred every business man to urge the immediate passage of the ordinance. The members of the council and Mayor Sanderson are equally as anxious to secure for the city the best possible rating, and since the ordinance has already been passed twice and signed, there seems to be nothing in the way of meeting the demands of the insurance people.

Under the provision of the ordinance heretofore passed, and which the Light and Water company failed to accept, seventy hydrants will be installed. This will place hydrants throughout the city so located that one and one-half blocks will be the farthest point from any one hydrant. The rapid growth in population of the city and consequent increase in the number of homes makes it necessary for the matter of additional hydrants to receive the early and careful consideration of the city officials. Under present conditions there are a number of sections of the city that are practically unprotected, and if a fire should start at night would result in a property loss of thousands of dollars. In the district where fire protection is inadequate the attention of property owners has for some time been directed towards securing some change in conditions, so as to afford them ample protection. They feel that their homes, in which many of them have every cent invested, should receive the same protection as do the blocks and business houses on Main street, and the demand for hydrants throughout the city is growing daily.

If the original ordinance is re-passed by the council it will settle the question of securing water for use in case of fire. The next matter that should receive the attention of the council is the locating of one or two hose houses on the hills and the organization of emergency fire companies in the neighborhood where the hose carts are located. With these precautions there would remain no reason why any conflagration should not be quickly subdued.

UPPER LAKE NOTES

"Knew Rology." I don't know if that is the way to spell the thing or not, but that is what is keeping us in out of the wet just now.

If there is bounty on jack rabbit scalps some of the boys will do well in the foot hills and sage brush up here.

Broken house looks in almost every vacant house looks bad for the rising generation, and some one in authority ought to look after the young culprits.

Capt. Wickstrom is having trouble in obtaining lumber for his new boat; otherwise he would have had the work well under way.

Klamath lake at present writing is hermetically sealed. Ice too thick for even Capt. Parker and the Mazuma. Navigation is practically held up.

On account of frozen and busted piping the Long Lake mill is not running. The box factory has also suspended operations for a week or so.

The busiest man on the water front today is the man with a gun, and many ducks are being put out of business.

Commendable progress is being made by the graders at the Southern Pacific railroad front. Weather conditions don't seem to affect a modern steam shovel.

Mr. Withrow has placed his launch Cruiser in winter quarters in the Buena Vista boat house.

Peter Hamilton of Buck Island is building a boat house for his launch Madame.

Several of the Upper lake launches

have been placed in winter quarters at Bear Island.

D. M. Griffith has five or six carpenters at work on his big hotel at Eagle Point. He wants to get the building in commission early in the spring.

We are in possession of the plans of a new yacht to be built here in the spring. She will be 50 feet over all, 15 feet beam, and supposed to carry 250 yards of canvas, with possibly an auxiliary gas engine. She will be fitted up in elaborate style and used for summer cruising.

Many at Shippington are indulging in skating, while the Shippington sled, hillside and small boy are one and indivisible. Lots of fun in Oregon.

SEVENTH GRADE ENTERTAINS

The Seventh grade of the public school entertained their parents and friends Saturday evening in assembly hall of the school. A literary program was followed by refreshments and various forms of amusement. A most delightful time was had, and the pleasure of the evening was added to the very materially by the splendid music furnished by the High School orchestra, for which the management of the school is very grateful.

J. D. Cochran, who represents the Mutual Life Insurance company in this section, returned Thursday evening from the Rogue River valley, where he reports that he did a record business.

WHAT THE KIDNEYS DO

Their Increasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Jesse Freeman, Sterling Mine, Jacksonville, Ore., says: "I actually believe that Doan's Kidney Pills saved my life. I suffered from kidney disease for a long time before I realized what was the matter with me. My worst troubles were pains in my back and limbs and an irregularity in the passage of kidney secretions. I was unable to rest well on account of the pains and felt so stiff and lame at times that I could hardly walk. I finally learned of Doan's Kidney Pills, and as they were so highly recommended I procured a box and began using them. They seemed to be just what I required, for in less than two weeks beneficial results were apparent. When I had used seven boxes I was in better health than I had been for years."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

The Farmers' Implement company have now almost completed the new addition to their store at Sixth and Klamath avenue. The new rooms will be used as a hardware room, and are 44x90, making the entire building occupied by this company 120x90.

At the trial Thursday last Harry Ward, the defendant, and former proprietor of the Davenport cafe, was bound over under \$500 bonds to await the action of the grand jury. The warrant for the arrest of Ward was sworn out by Heidrich & Dulaney of the Monarch Mercantile company, the charge being obtaining money under false pretenses. It seems that the defendant had mortgaged, in order to obtain more credit, certain property to the Monarch Mercantile company and that the property mortgaged had not as yet been fully paid for. Attorney Irwin made a strong plea in behalf of Ward.

Nyal's Vegetable Prescription is indicated in all ordinary diseases of women. This remedy never disappoints, its good effects being from the very first. It is composed of the purest and the most reliable drugs; mercurials, opiates and other harmful drugs being excluded. The many disconcerting influences to which woman is constantly subjected render her liable to many functional disorders that not only tend to destroy her comfort and happiness, but which gradually merge into chronic and serious diseases.

Nyal's Vegetable Prescription is without a peer for the successful treatment of female weakness, painful and disordered menstruation, hysteria, cramps, "bearing down pains," inflammation and falling of the womb. This is a remedy of sterling worth.
