

**UPPER LAKE NOTES**

Some broken surface on the big lake at present. The California box factory is running. Skating is getting to be the main occupation on the water—or, rather, the ice—front. Cutting ice and hauling to town is keeping several men and teams busy. The new dry house is assuming proportions and machinery for the same is arriving daily. The dance at St. Cloud hall on Saturday night was well attended, and a good time was had. A club is to be formed some time this coming week, of which we will report later. Much freight is accumulating at the landing. Tons and tons are piled high in the Mazuma and other warehouses, and when the ice breaks up the boats will surely have a busy time. While the ice is on three of the lake boomers are at this end of the lake and two at the other end. The Wine and Eagle are at Totten's landing. The Hornet at Shipington, while the Hooligan is up at Crystal and the Mazuma on Wood river. There is one part of Klamath lake which is not frozen, that around Eagle Ridge, partly on account of hot springs, but mainly because Dan Griffith is making it too hot to freeze. For over a month no big wild or dangerous things have been reported from the environments of Howard bay, and it is just possible the circus has moved on. Either that or the reporter has been swallowed up by a big wollippus. Preparations are being made for the Christmas tree, which will be an event in the life of Shipington.

J. A. McReynolds of Lyle, Wash., who has been in Klamath Falls for several days, left Sunday morning for his home. He has decided to locate in this country, and will return with his family soon.

**WHAT THE KIDNEYS DO**

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, debility, disorders of the eyesight and hearing, dizziness, irregular heart, debility, dropiness, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Jesse Freeman, Sterling Mine, Jacksonville, Ore., says: "I actually believe that Doan's Kidney Pills saved my life. I suffered from kidney disease for a long time before I realized what was the matter with me. My worst troubles were pains in my back and limbs and an irregularity in the passage of kidney secretions. I was unable to rest well on account of the pains and felt so stiff and lame at times that I could hardly walk. I finally learned of Doan's Kidney Pills, and as they were so highly recommended I procured a box and began using them. They seemed to be just what I required, for in less than two weeks beneficial results were apparent. When I had used seven boxes I was in better health than I had been for years."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

The county clerk and his deputies recently have been paying out a good deal of money in bounties on coyote and bobcat. The Farmers' Implement company have now almost completed the new addition to their store at Sixth and Klamath avenue. The new rooms will be used as a hardware room, and are 44x90, making the entire building occupied by this company 120x90.

At the trial Thursday last Harry Ward, the defendant, and former proprietor of the Davenport cafe, was bound over under \$500 bonds to await the action of the grand jury. The warrant for the arrest of Ward was sworn out by Heidrich & Dulaney of the Monarch Mercantile company, the charge being obtaining money under false pretenses. It seems that the defendant had mortgaged, in order to obtain more credit, certain property to the Monarch Mercantile company and that the property mortgaged had not as yet been fully paid for. Attorney Irwin made a strong plea in behalf of Ward.

It is composed of the purest and the most reliable drug; mercurials, opiates and other harmful drugs being excluded. The many disconcerting influences to which woman is constantly subjected render her liable to many functional disorders that not only tend to destroy her comfort and happiness, but which gradually merge into chronic and serious diseases.
