**WILL INSTALL CLOCKS**

Twelve Contracts for Western Union Time Service Already Made and More Wanted

O. B. Gates, agent for the Western Union Telegraph Company, secured twelve contracts today for installing clocks with telegraph service in business houses in the city. The company only sent Mr. Gates twelve contracts and he had to wire for more in order to accommodate those desiring the correct time in their places of business. No attempt was made to place the clocks in residences although the price is the same as in the business district. The service costs from \$12 to \$30 a year.

This is a most creditable showing for a city the size of Klamath Falls. It was not expected that over three or four clocks could be installed, as that is usually the number used in towns even larger than this.

**KLAMATH BOYS PLAYING WELL**

The Klamath County High School basket ball team, which is touring the southern part of the State, has won one victory and met with two defeats. Last night it was defeated by the Roseburg team by a very close score. Tonight they will play at Cottage Grove.

The boys are playing a very fine game. It is claimed that at Ashland other than High School students were used in the team. At Medford, which has a strong team, they were successful, while at Roseburg there was only one tally difference. The game was a close one throughout.

**HIDE BUYER ARRESTED**

B. Mendenhall, a local hide buyer, was arrested Wednesday charged with violation of the game laws. Mendenhall was arrested at the Wells-Fargo express office as he was about to ship a package containing beaver hides. He will have a hearing before Justice A. D. Miller. It is a question just how the judge will interpret the law, as it is claimed that the law does not make it an offense to have beaver hides in one's possession, but reads to the effect "that anyone having in possession beaver, etc."

**TOTAL ENUMERATION OF SCHOOL CHILDREN**

Over Fifty Thousand Dollars to Be Divided Among School Districts of County

The total enumeration of school children of Klamath County has now been received by the County Superintendent and amounts to 1925 children between the ages of 4 and 20. Last year the total enumeration was 1828.

From estimates made by Superintendent Swan the school districts of the county will receive about the following amounts. The total amount of school money will exceed \$30,000. These estimates may vary some as the amount of State funds is based on the amount received last year

**UPPER LAKE NOTES**

There is a rumor to the effect that a good prospect of cinnebar has been struck on Modoc Point. As to the truth of the rumor we are not able to vouch at present.

The steamer Eagle was sunk a few days ago. It seems that the steamer lay moored to a lee shore in open water. The strong south wind having cleared the ice, also raised a heavy swell, which, beating through the low ports, filled the boat until she sank.

The box factory is now running light handed, just enough to furnish some of the boys with employment.

The new 100-horse power boiler is now in place in the mill, and will be a great help in furnishing steam, not only for the mill, but for the dry kilns.

There will be an entertainment at St. Cloud on Saturday night, when songs and dances and other vaudeville stunts will be had.

**MONEY FOR RABBITS**

Fifty Thousand Hides to Be Shipped to Factory to Be Made Into Furs

A commission has been sent to J. W. Frey, the taxidermist, by a large furrier establishment to secure 50,000 jack rabbit hides. Mr. Frey is paying 10 cents each for the hides and in addition the county pays a bounty of 5 cents for the scalps. At 15 cents each it is claimed that a man can make very good wages killing rabbits, besides obtaining considerable sport.

On account of the increasing scarcity of fur animals, jack rabbits are being used quite extensively. It is claimed that after being dyed and made up they present nearly as good an appearance as the more expensive furs.

**DECIDES AGAINST SHOOK**

Judge Noland Tuesday rendered a decision in the case of John S. Shook vs. Allen Taylor, in favor of the defendant, Taylor. The case was a suit in equity and grew out of a lease on land belonging to Shook.

**SCHOOL CONTEST**

The debate between the Klamath County High School and the High School of Grants Pass will be held at the High School auditorium on the evening of February 4. The Klamath team is fairly representative of the county, being composed of Roy Nelson, from Keno; Howard Boggs, of Langell Valley, and Vernon Motschenbacher, of Klamath Falls. These boys have been hard at work under the direction of Judge Elliott and are confident of winning the debate.

The two schools have selected Judge Benson and Judge Noland, of Klamath Falls, and Prof. U. G. Smith, of Medford, to judge the debate. The Postal Savings Bank question, which is to be the subject of the debate, is a live topic and one which has gained widespread attention since President Taft's discussion of it in his last message. The young disciples of Webster who are to hold forth in this contest certainly have a worthy subject on which to exercise their forensic ability.

**MAGAZINES AND PAPERS**

For the information of the public it is announced that the following magazines and newspapers will be on file at the Public Library this year: American Agriculturist, American Boy, Cosmopolitan, Current Literature, Delineator, Everybodys, Ladies' Home Journal, Literary Digest, McClures, Pacific Monthly, Physical Culture, Popular Mechanics, Review of Reviews, Recreation, St. Nicholas, Saturday Evening Post, Scientific American with Supplement, Scribners, Success, Sunset, World's Work, Youths' Companion, Portland Oregonian, San Francisco Chronicle, Evening Herald (donated by publisher), Morning Express (donated by publisher).

Mesdames George Noland, Richard Shore Smith and Don J. Zumwalt entertained ten tables at whist Saturday afternoon at the new White-Maddox hall, at which dainty refreshments were served.

Stealing electricity in Colorado is punishable by fine and imprisonment.
