THIRTEEN HORSES ARE BURNED

DAVE SHOOK MEETS WITH A HEAVY LOSS FROM FIRE

One Hundred Tons of Hay, All Farming Implements and Harness Consumed

BONANZA, April 7.—One of the most disastrous fires that ever visited this section of the county occurred at the Dave Shook ranch last night when the barn located on his property was destroyed by fire. The flames were discovered at about 10 o'clock and had gained such headway that it was impossible to save any of the contents of the structure. As a result, Mr. Shook will sustain a loss that will be close to \$10,000 and one that will fall heavily on him.

Thirteen head of horses were stabled in the barn and all of these were burned to death. Among them were some of the finest animals in the county. There were 100 tons of hay, a large quantity of grain, harness for eighteen head of horses, a complete equipment of farming implements, one wagon, a light roadster and other articles of value necessary in the conduct of a modern ranch.

The structure, which was 100x60 feet, was locally known as the old Callahan barn and was located about one-quarter of a mile from the residence occupied by Mr. Shook. The neighborhood was aroused, but no attempt was made to subdue the flames as they had wrought the greater part of their havoc when discovered. No cause can be given for the origin of the fire. The theory of spontaneous combustion is scouted. The loss is all the heavier since it comes at the beginning of the season, leaving Mr. Shook without the necessary equipment to farm his ranch.

SIX FIREMEN MISSING FOLLOWING NEW HAVEN FIRE

Believed They Met Death When Roof of Building Collapsed

NEW HAVEN, Conn., April 13.—This afternoon Chief Fancher reported six firemen missing, and it is feared that all were killed when the roof collapsed and fell on the third floor of the county jail, where the firemen were working. The missing men are Captain Chapman, Lieutenant Dougherty, and Firemen Buckley, Cullum, McGrath and Mortell.

The fire started in the chair factory of the county jail and destroyed the building, threatening the business section of the city by igniting a number of small residences. Four firemen were seriously injured, one fatally. The entire department is out fighting the flames.

When the fire started there were 315 prisoners in the building and these became panic stricken. Finally the police department, deputy sheriffs and militia moved them to the various police precincts, where they are closely guarded. It is believed the fire started from crossed wires.

Z. J. Powell is making all necessary arrangements for opening an up-to-date confectionery and cigar store about May 1 in the building now occupied by the Davenport cafe.

A STEADY DRAIN

Sick Kidneys Weaken the Whole Body—Make You Ill, Languid and Depressed

Sick kidneys weaken the body through the continual drainage of life giving albumen from the blood into the urine, and the substitution of poisonous uric acid that goes broadcast through the system, sowing the seeds of disease. Loss of albumen causes weakness, languor, depression. Uric poisoning causes rheumatic pain, nervousness, nausea, cricks in the back, gravel and kidney stones. The proper treatment is a kidney treatment, and the best remedy is Doan's Kidney Pills. Here is a good proof in the following testimonial:

S. P. Jones, Jacksonville, Ore., says: "I suffered for a long time from kidney trouble and although I used many remedies, I was unable to obtain relief. My rest was broken many times during the night on account of irregular passages of the kidney secretions and in the morning I felt miserable. My general health was also run down. One day I read of Doan's Kidney Pills and deciding to try them, I procured a box. In a very short time after using them I felt better and I was soon without a sign of kidney trouble. I always keep Doan's Kidney Pills in the house and believe there is no remedy equal to them for kidney complaint."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

KENO ITEMS

Mrs. J. L. Padgett, who has been sick for several weeks, is not improving very fast.

Tom McCormick and R. W. Tower went to the Falls Monday.

S. Padgett and Mrs. Pratt have improved their town lots by building a neat fence around the same.

N. P. Edwards passed through Keno Saturday. He reports that Mrs. Elgin at Topsy has sold her timber and a new sawmill is to be built near the Topsy grade and work on the mill will begin in a few days.

Judge Durham, of Grants Pass, and Mr. Harris and his engineers were in Keno last week looking at the property are buying.

Mrs. Snowgoose has sold her Keno ranch to Mr. Harris, the man who purchased the McCormick property.

Mr. Harris has purchased the sawmill and will move it to the Snowgoose property and erect it on the ground where the Long Lake mill was burned a few years ago. This is one of the best locations on the Klamath River. Timber can be moved directly from the saw to boats. There will be abundant room for booming logs, and as soon as the railroad is built from Worden to the power plant near Spencer Station, lumber can be shipped by rail, as the road will come within a few rods of the mill—and the report is that the railroad will be built in the near future.

DAIRY DEVELOPMENTS

Albert Bergdorf has completed the putting in of his crop.

Miss Zelma Sedge will visit the

Falls this week on business with a dentist.

R. M. Harlan is helping W. E. Lutz to farm the place he recently bought of John Laid.

V. P. Sedge is making a success of alfalfa on a dry piece of ground. His example is worth following.

Miss Nett Drew was at home from her Klamath Falls school work for a visit over Saturday and Sunday.

Chris L. Crowley of Langell Valley was in the Valley Saturday buying mule carts. He is a wise guy.

Some parties from Riverside, Cal., was in Dairy Monday looking at some land with the expectation of making a purchase.

Will Shook was at the Falls last Wednesday night, with a team of horses, so that team was saved from burning in the barn.

With his house-building and his farm work on hand at the same time, Glas H. Plackus is about as busy as any man in the valley.

Mrs. A. L. Micheal, accompanied by Misses Kittie Wells and Emma Liskey, took a buggy ride up the valley Saturday last for a visit among friends.

Miss Jennie Wolf, a sister of Mrs. Joe Welch, is enroute from Bloomington, Ind., for Dairy, having been telegraphed for because of the illness of Mrs. Welch.

John Faught has taken so much land to farm this spring that he is certain to be late with some of it, although he has three big teams at work plowing.

G. G. Anderson of Dairy has traded off his stallion to an Indian, getting a pair of work horses and some cash to boot. He is breaking a lot of new ground to put in a crop on the spring.

Harry Mills, the backhoe home-steader in the northern part of the valley, was at Dairy Saturday bringing to market some 40 dozen of eggs. He sometimes since invested in some 50 hens—and is gathering their fruit daily.

It is surprising how many people are out surveying the heavens before sunup these mornings who are accustomed to sleeping an hour later. They are out looking for Halley's comet. But the chances of seeing it have been very slim, because of the cloudy weather.

The Dairy public school will close in three more weeks. The pupils seem to be assiduous in their studies and are making commendable progress, but it is noticeable that the teacher, Miss Kittie Wells, is not chargeable with the weakness of pushing them ahead of their grades.

Mr. Brown, who lately bought the Jasper Bennett place, expects to make an extensive experiment in chicken raising the coming summer. He anticipates raising some 2,000 hens before fall and to reach a rich harvest of cash from the eggs they lay next winter, when prices are at their best. It will be interesting to note the measure of success with which he meets. The rearing and keeping of so large a number of chickens in one place is generally thought to be a difficult matter.

The Shooks are convinced that the fire which consumed their big barn was of incendiary origin, but unfortunately are destitute of evidence showing just who was the perpetrator of the crime. Barns do not take fire spontaneously very often, and especially at this time of the year, long after the hay and grain has been stored, and the last man who was in the structure (at 9 o'clock that night) neither smokes nor drinks, and is above suspicion. And, what it comes to seeking for a motive for the dastardly act all fingers seem to point in one direction.

NOTICE.

Parties wishing sagebrush land cleared, call on or write,

W. W. MASTEN,
Klamath Falls, Ore.

SUGAR TRUST INVESTIGATION IS POSTPONED TEMPORARILY

Announced That It Would Be Inexpedient at This Time

United Press Service.

WASHINGTON, D. C., April 13.—After a conference lasting half an hour at the White House between President Taft and Representative Hill of Connecticut, the latter reported that the Congressional investigation of the sugar trust would be inexpedient at this time. Mr. Hill is chairman of the committee on expenditures of the Treasury Department, to which the Fitzgerald resolution providing for the investigation was referred. As a result of the conference, Hill will not report the resolution from the committee, on account of the possibility that the investigation, if undertaken, might result in the granting of immunity to the offenders in case they testified before the investigators.

H. T. Irland, wife and son arrived Tuesday from San Diego after a five years' absence from this city. Mr. Irland says that in his travels he saw no place that looked better than Klamath Falls.

NOTICE

To the Stockholders of the Klamath Water Users' Association.

You are hereby notified that a special meeting of the stockholders of the Klamath Water Users' Association will be held in the Houston Opera House, Klamath Falls, Oregon, Saturday, April 16th, 1910, at the hour of 2 o'clock p. m. for the purpose of increasing the par value of the shares of stock of the said association from the sum of \$20 per share to the sum of \$30 per share, and for the further purpose of authorizing the Board of Directors of the said association to levy assessments against the stock subscriptions of the said association sufficient in amount and against each and every share subscribed to reimburse and to pay back to the stock subscribers under what is known as the "Upper Project" such amount or amounts as such subscriber or subscribers have from time to time paid to said association upon the assessments made and levied by the Board of Directors of said association for the accomplishment of the purposes of this association; said stock subscribers being limited to those whose stock subscriptions are hereafter cancelled by the Secretary of the Interior.

ALBERT E. ELDER,
Secretary Klamath Water Users' Association. 3-10-4-14

Nyal's Vegetable Prescription is indicated in all ordinary diseases of women. This remedy never disappoints, its good effects being perceptible from the very first. It is composed of the purest and the most reliable drugs; mercurials, opiates and other harmful drugs being excluded. The many disconcerting influences to which woman is constantly subjected render her liable to many functional disorders that not only tend to destroy her comfort and happiness, but which gradually merge into chronic and serious diseases.

Nyal's Vegetable Prescription is without a peer for the successful treatment of female weakness, painful and disordered menstruation, hysteria, cramps, "bearing down pains," inflammation and falling of the womb. This is a remedy of sterling worth.
