J. A. Reynolds was in the city Thursday from his ranch on the Merrill road. He is making preparations to begin cutting his first crop of alfalfa, which he says will cut approximately two tons to the acre. He expects to start the first mowing tomorrow morning. Mr. Reynolds recently refused to contract the major portion of his hay crop at \$10 a ton. This may be taken as an indication that alfalfa hay of a good quality is sure to command a high price this year.

M. W. Coseboom, who is farming the Ellis & Albright place, was in the city Thursday. He has been putting up his first crop of alfalfa during the past week. He reports the yield exceptionally good, the average being about two tons to the acre. Speaking of crop conditions, Mr. Coseboom said: "Dry land crops, generally speaking, are not good. The spring has been a little too dry. Some of the grain fields look pretty well. Under the ditch all crops look well. In my opinion the farmers under the ditch are going to make more money this year than last. The price of both hay and grain will be higher. The indications are that the second cutting of alfalfa will be heavier than the first."

DAIRY DEVELOPMENTS

Chas. McCumber has invested in a new harvester.

Report has it that Miss Theresa Sterzl, who is now living in Portland, is soon to be married.

Mrs. W. P. Sedge, her daughter Zelma and Miss Ella Anderson accompanied A. L. Michael and wife to the Falls to celebrate.

Wm. Uhrmann has bought a new spring wagon and took his family to the Falls for the celebration. Mrs. Beck accompanied them.

Chas. H. Flackus and his nephew, Eddie Flackus, celebrated the national anniversary fishing for trout in Sprague river, near Peter McCarty's.

A short downpour of rain succeeding a violent windstorm Sunday afternoon gave the growing crops a refreshing appearance and revived the farmers' spirits.

The Slack sawmill has contracted to deliver 200,000 feet of lumber to the Big Basin Lumber company this summer, and several men are engaged in hauling the lumber.

Among those who went to the Falls from Yonna Valley to celebrate were the families of Hans Stoehler, C. C. Pearson, Wm. L. Welch and Mike Rueck. While Henry Stoehler and Adam Wiedeman represented the bachelors.

If I correctly gauge republican sentiment in this precinct by what men tell me, the "assembly" idea does not meet with favor generally. Men want to vote to nominate their candidates in their individual capacity, instead of delegating the right to a few party bosses and their creatures.

Several families in the valley, including those of Chas. McCumber and R. M. Harlan, and W. E. Hinz, Will Shook and children of several other families, formed a picnic party which sojourned to the Rattlesnake Spring for an outing on the Fourth. Of course they had a glorious time.

Well, here it is, the Fourth of July, and still little talk is heard about politics. While in other states the public mind is "all torn up" over state and local politics. Surely Oregon is a favored community, and its condition of quietude is all attributable to her splendid primary law, which gives the people the say-so about who is to be nominated and elected to fill the offices. And yet there are a few ambitious souls who ache to get back to the old convention system.

WOMEN OF WOODCRAFT

HAVE ENJOYABLE MEETING

One of the most interesting meetings in the history of the Women of Woodcraft took place in the Red Men's hall last Friday evening.

The wood was then thrown open for an hour of pleasure and pastime. The parody on the Fourth of July was a side-bursting affair, and one long to be remembered. We must say this troupe is "dead next to their job."

The parts were well cast and did credit to themselves and their camp. Especially was this true in the Goddess of Liberty. Her manner and dress caused each one to be proud they lived, moved and had their being under the stars and stripes (?). The regret that it was not possible for some of our neighbors to be present. We alone can realize what they missed.

On July 15 will be installation of new officers. Aside from this the entertainment committee is to make you glad you are a neighbor and present and able to laugh and eat.

After welcoming a neighbor from another wood into the protecting care of our camp, business of the camp fire was extinguished in ritualistic form.

The camp fires were brightly burning, and within their genial glow many a light-hearted neighbor was heard to sing the praises of her camp and the peal of laughter was sounded throughout the wood.

At the stated hour our guardian neighbor, with the gavel sound, called all to unite with her in making the meeting a profitable and harmonious one.

A. NEIGHBOR.
