

ADVERTISE FOR BIDS IN TEN DAYS

PLANS AND SPECIFICATIONS ARE ALMOST COMPLETED

Will Be Five Stories and Contain One Hundred Sleeping Rooms. Will Cost \$70,000

A meeting of the persons interested in the erection of the new hotel which is to be built on Main street at corner of Third, was held Thursday night, and it was decided to advertise for bids as soon as Architect McDonald can have the plans and specifications completed, which will be within the next ten days. The capital with which to erect the building is now assured, and it is expected that the work on the structure will begin within the next six weeks.

The building will be five stories and a basement, and will contain 100 sleeping rooms, besides the other rooms necessary to the accommodation of the public. It is to be a reinforced concrete, class "A" structure, and be absolutely fireproof. The building will be 106 feet on Third street and 80 feet on Main.

In the basement will be an abstract office, a barber shop and Turkish bath establishment, a billiard hall and a sample room. There are also to be a storage room for baggage, a cold storage and refrigerating plant and the engines which will run the elevators and the steam heating plant for the heating of the building. The basement will be very light, as it will be half above the level of the sidewalk, instead of all below.

There will also be a grill in the basement.

The first floor will be above the street level, and will contain a banking room and two sets of vaults, one for the bank itself and the other to be rented for safety deposit business. One large dining room for the general public and a smaller one for dinner parties will be located on this floor, and besides there are to be the kitchen and pastry rooms, a baggage and check room, as well as four sleeping rooms.

An exceptionally large lobby will occupy the corner of this floor, and from it one can see in all directions up and down both Main and Third streets. This lobby will have a tile floor and will be embellished with scagliola columns with gold caps, and the wainscoting will be of marble. The finish of the woodwork will be Flemish. A telegraph and telephone office will be in the building so that one can send any sort of a message without leaving the hotel. There will be telephones in each room instead of call bells, so that guests can reach their friends in the city or by long distance without leaving their rooms.

The second, third and fourth floors will be alike except that the second floor will have a large reception parlor, but there will be writing rooms and a parlor on each floor.

Each of the upper floors will have twenty-four sleeping rooms and twenty-four of the rooms in the building will have baths in connection.

There will be passenger and freight elevators, and every modern convenience necessary to an up-to-date hotel will be secured.

It is estimated that the furnishings will cost between \$25,000 and \$30,000, and this will make the completed building come to about \$100,000.

The dining room will seat between 200 and 250 persons, and it will require about thirty-five or forty persons to conduct the new hotel.

So far as possible home material and labor will be used in the building, and it is expected that the bids will be called for in about ten days, and that work will be begun within the next six weeks.

Klamath Falls needs a good hotel, and the promoters of this enterprise expect to receive a generous share of the patronage that will continue to come here, especially after the Southern Pacific completes its line from Portland to San Francisco through this city.

LAD IS SAVED FROM BULLETS OF MADRIZ

SEATTLE, Wash., July 22.—Clifford Sands, a former Seattle high school youth, and erstwhile brigadier general in Estrada's army, told some of his experiences in the Nicaraguan insurrection upon his arrival in Seattle on a visit with relatives last night. Young Sands escaped being shot by a firing squad of the Madriz army by the chance aid of Dr. Clarence Burghelm of Houston, Tex., who refused to give medical attention to the Madriz officers unless Sands was paroled.

"I was captured at Prinzapuca on the coast June 18th, two days after I had made an attempt to blow up the Nicaraguan gunboat Venus," said Sands. "I was charged with being a dynamiter and a spy. Of

course the trial was a farce, and I was sentenced to be shot, but Dr. Burghelm intervened and I was paroled."

Sands tried to dynamite the gunboat Venus by paddling out to her in a canoe, as she lay off Bluefields bluff.

"They saw me," he said, and sank the canoe with a machine gun. I escaped without a scratch and swam ashore."

FARMERS WILL FIGHT FLOUR MILL TRUST

Grip of Northwestern Millers to Be Broken by Wealthy Farmers the Interior

WALLA WALLA, Wash., July 25.—Wealthy farmers of the Walla Walla valley and the Umatilla country have subscribed over \$400,000 toward the erection of two large flour mills and a power plant, according to a statement made by President H. H. McLean of the local Farmers' union. Mr. McLean states that the movement of the farmers to break the grip which, he says, the so-called "milling trust" in the Northwest has on the farmer is progressing slowly but favorably. Two power sites are under consideration by the farmers of the two districts, who plan to co-operate to build the power plant to run the two mills, which will be located at Alams and Walla Walla and owned by the farmers of the respective districts.

As planned the two mills will have a daily capacity of 1,000 barrels each, but so constructed as to permit of enlargement at nominal cost. Umatilla farmers are figuring on constructing a railroad from Adams to Cold Springs on the Columbia river, a survey for this line having been run last spring.

Of the two power sites which the farmers are considering, one is a few miles east of Adams on the Umatilla river. This site is owned by a farmer who has made the farmers a proposition that will likely be accepted, it is said. Mr. McLean says enough power can be developed at this place to run several flour mills. He says that the plans of the farmers are not complete.

According to Mr. McLean, the farmers will not bleach their flour, as most millers do, and that only the highest grade of machinery will be used.

BOXING EXHIBITION AT THE OPERA HOUSE TONIGHT

There will be held at the opera house tonight a grand boxing exhibition. Time will be called at 9 o'clock, and the first mill to be pulled off will be between Kid Richards and the Bowery Kid. This match is scheduled to go ten rounds, and as the fighters are evenly matched it should go the limit.

The main event is to start immediately after the preliminary, and is between Young Sullivan of Sacramento and Kid McLellan of Dorris. These men have met three times before, each fight ending in a draw, two going ten rounds and one going twenty.

Both men are in the best of condition today, and each is confident of victory.

There will be no show before the fight.

Doors open at 8 o'clock. Tickets on sale at the Central.

EPWORTH LEAGUES ENJOY PLEASANT EVENING

Have Delightful Social at the Home of R. A. Alford, on Conger Avenue

The members of the Epworth League of the Methodist Episcopal church and their friends spent a delightful evening at the home of R. Alford on Conger avenue Thursday night. The grounds were decorated with red, white and blue electric lights, and presented a beautiful appearance.

Games were played and delicious refreshments were served.

These socials are held every month by the members of the league, and the next one will be a moonlight excursion on the Upper lake.

ANONYMOUS LETTER GIVES VALUABLE INFORMATION

CHICAGO, July 22.—Coroner Hoffman announced today that he had received a confidential letter containing the information that a negro had murdered President Rawn of the Monon railroad. The letter stated that the motive was not robbery. The author's name nor the name of the suspect was not divulged.

GRAND TRUNK STRIKE MAY BE SETTLED

MONTREAL, July 22.—Vice President Murdoch of the Railway trainmen has announced that the Grand Trunk strikers have accepted a suggestion that the strike be settled by a commission which the government may appoint. The railroad has also agreed to the proposition.

BIDS WILL THEN BE CALLED FOR

EXPECT TO HAVE THEM COMPLETED IN ABOUT TEN DAYS

Jail and Firemen's Quarters Are to Be on the Lower Floor—Council Room Above

Architect L. J. Reinhart is busy drawing the plans for the new city hall, and will have them ready in about ten days. When these and the specifications are completed bids for the construction of the edifice will be called for and work will begin as soon after the contract is let as possible.

The structure will be 46x52, and will stand nearly in the center of the ground which has been purchased as the site. It is to be built of brick, with the lower walls seventeen inches thick and the upper walls twelve inches. There is to be one main hose and bell tower, and on the top of this will be an electric signal ball which will give notice that the police or firemen are wanted.

The ground floor will consist of room for firemen's quarters, in which there will be place for four wagons and the horses, as well as a place for hay. This room will have a block floor. The office of the chief of police and the jail, which for the present will have two steel cells, will also be on this floor.

The second floor will contain the council room, which will seat 400 persons comfortably. An office for the city recorder and one for the mayor as well as another office room for the city attorney or any other official will be arranged for. There are to be also five bedrooms for the firemen and a bathroom and large assembly room for their use, as well as a chute, giving quick access to the lower floor in case of fire.

The building will also contain a large fireproof vault for the storing of records and valuables belonging to the city.

The cost of the building complete is to be less than \$15,000, and when it is finished Klamath Falls will have what it has long needed—a commodious and safe place in which to transact the city's business.

SMALL BOYS AND A BARREL CAUSE TROUBLE

Frighten the Team Belonging to Bamber & Pairs, and They Start for Home

A small boy and a barrel is a dangerous combination, especially when there are horses about. Thursday a combination of that sort was the cause of a runaway, which fortunately did not result disastrously.

The youngster was rolling the barrel down the hill near Mr. Bamber's house, and it rolled close to the horses' hoofs. They became frightened and started down Fourth street. At the corner of Main they turned and ran toward the paint store which their masters conduct, and were stopped in front of the Mammoth stables before any great damage was done.

RAYMOND ATHERTON AND EVELYN NORTH MARRIED

Rev. Feese Performs the Ceremony at the Home of the Bride's Parents

The home of W. H. North near the High School was the scene of a wedding at 7 o'clock Saturday night that united two of the most popular people in this city, when Rev. G. H. Feese performed the ceremony that made Raymond Atherton and Evelyn North man and wife. R. V. Kavanaugh acted as groomsmen and his wife, a sister of the bride, was matron of honor.

After the ceremony delicious refreshments were served.

The happy couple left Sunday morning for Portland, where they will remain a short time.

RAIN QUENCHING FOREST FIRES IN WASHINGTON

SEATTLE, July 22.—The rain of last night and today is quenching the forest fires in this state. Fires are still burning fiercely in British Columbia near Nelson. The worst Idaho fire now is near S. Joe, in the Pine Creek region. Fires are still burning at Heron and Thompson, Mont., in the government forest reserves.

GEORGE T. BALDWIN GRAND MASTER WORKMAN

Alex Martin Jr. on the Committee of Grievances and Appeals

At the session of the Grand Lodge of Oregon of the Ancient Order of United Workmen, held in Portland this week, George T. Baldwin of this city was elected Grand Master Workman and Alex Martin Jr. was selected as a member of the committee on grievances and appeals.

MASSIVE WHEELS MANGLE THE MAN

FRANK SMITH RUN OVER BY A TRACTION ENGINE

Trying to Set the Brakes When He Slipped and a Ten-Inch Wheel Crashes Him

Frank Smith, a brakeman on the Meadow Lake traction engine that hauls lumber between the mill and town, came near losing his life Thursday afternoon, and it was only by his nerve and presence of mind that his injuries are not more severe than they are.

The engine was going down one of the hills about two miles from this city, and he ran between the truck and the engine to set the brake. The brake jerked him in some way, and he fell to the ground. Before he could get out of the way the massive ten-inch wheel of the truck had passed diagonally across his left shoulder and leg, mashing them and his hand severely. Before the hind wheel had reached him he had presence of mind enough to roll out of the way, and in this manner saved himself from being crushed to death.

Dr. R. R. Hamilton was summoned and brought the injured man to his office, where the physicians are now operating on him. It is not known whether Smith will lose his leg or not.

The accident occurred about 1 o'clock this afternoon.

Smith is about 25 years old, and came here from San Francisco about three months ago. He has been working for the Meadow Lake people for about two months. He worked for the Long Lake people for a short time after his arrival.

The truck which ran over him carried between \$6,000 and \$8,000 feet of lumber, and it will be a miracle if he does not lose his leg and arm.

MADRIZ ORDERS THAT ALL PRISONERS BE SHOT

Intercepted Message Shows Nicaraguan President to Be a Bloody Monster

NEW ORLEANS, La., July 22.—President Madriz of Nicaragua has ordered all revolutionary prisoners shot immediately, if an intercepted message purporting to have been sent by him to General Roberto is authentic.

Gonzales is in command of the Madriz forces at San Ubaldo. Many insurgent prisoners are known to be under his care.

The intercepted message read: "I trust into your hands the salvation of the fatherland and the giving of a severe lesson to the revolutionaries who are in your neighborhood. Shoot, without fear or consideration, the revolutionaries whom you may capture by attack and the prisoners whom you may have."

"Give orders to leaders of your patrols to watch. There is danger in the road from San Ubaldo to Acayapa."

"MADRIZ, Commanding General."

The message fell into the hands of the rebel general, Mena, who declared that on the same day two insurgents were executed at Charco Muerto. A copy was sent to the provisional government's local representative to be forwarded to the American state department.

GIVE AID TO COMRADES WHILE SUFFERING

NORFOLK, July 22.—Commandant Townsley of Port Royal notified the families of the eleven artillerymen who were killed by yesterday's explosion while on government duty. Commandant Townsley officially telegraphed the war department, notifying that department of the occurrence. The accident was due to the premature discharge of gun No. 1. The breechblock was blown rearward, the discharge occurring before rotation began. The discipline after the accident was excellent. Sergeant Brinkley and Corporal Humphreys, each slightly injured, immediately aided their injured comrades. Private Vanduss, with a broken leg and badly burned, supported himself by the platform railing and directed the assistance offered to him to the other injured men.

SUPERINTENDENT CHARGED WITH IMMORALITY

CHICO, Calif., July 22.—The trial of C. C. Van Liew, principal of the state normal school, for alleged immorality in hugging Miss Ada Clark, began before the trustees this morning. Attorney Yoeli, representing Professor Van Liew, charged State Superintendent Hyatt, sitting on the board of trustees, with being unable to give Van Liew a fair trial, as it was alleged that he had said that he believed Miss Clark's story that the

defendant had hugged her to be true.

Miss Clark took the stand, and told how Prof. Van Liew had sat beside her in his office, and hugged her, and told her to be good. She went out and told a friend what had happened.

DR. CRIPPEN IS SAFE FROM JUSTICE

Believed to Be Hiding in Andorra, From Which Place He Cannot Be Extradited

LONDON, July 22.—Advices received here indicate that Dr. Crippen is in hiding in the Andorra republic, where he is practically immune from extradition. It is believed that he went there from the Hotel Vernet in Les Baines.

Andorra is in the Pyrenees, and has an area of 175 miles. The country has been independent since the time of Charlemagne, and communication with the outside world is limited. The natives are not willing to surrender foreigners to the authorities of their country.

AGED WOMAN IS BURNED TO DEATH IN WASHINGTON

HOQUIAM, Wash., July 22.—In a fierce fire which destroyed the Hoquiam hotel and several other buildings, Mrs. Olsen, 70 years of age, was burned to death. Two firemen are missing, and it is feared that they, too, perished in the flames.

JACK JOHNSON AN UNDESIRABLE

MELBOURNE, Australia, July 22.—It developed at the parliamentary inquiry last that Jack Johnson was treated as an undesirable immigrant on both of his visits to Australia. He was forced to give bond to leave the country within a certain time.

LAWLESS ELEMENT SETS FIRE TO CARS

TROUBLE ARISES OVER KILLING OF MAN BY PINKERTONS

Believed That Government Will Be Asked to Intervene if the Mail Trains Are Stopped

SOUTH BEND, Ind., July 25.—Rioting in the Grand Trunk yards followed the shooting of Louis Freil, a car repairer, Sunday, by Pinkerton strikebreakers. The lawless element of this city have set fire to a number of box cars. It is believed that the Grand Trunk intends to ask for federal intervention if the tracks near here are blocked and freight and mail trains are stopped. Governor Marshall has sent Adjutant General McKee to report if troops are necessary.

ARBITRATING IN THEIR OWN WAY: A GOOD JOB, TOO

TORONTO, July 22.—The offer of the minister of labor to furnish a board of arbitration for the Grand Trunk strike will probably be rejected.

The vice president of the order of conductors said today that the men were arbitrating the matter in their own way now, and were doing a good job, too.

FIRE THREATENS TO DESTROY CALIFORNIA TOWN

CORDELLA, Calif., July 21.—Five hundred acres of land are burning near here, threatening Cordella with destruction. All the residents are fighting the flames. The fire started in the power house of an electric line.

SPECIAL RESORT FOR TOURISTS

WANTED--A RIDER AGENT

sample Latest Model "Hedgehorn" bicycle furnished by us. We will make money for you. Write for full particulars and special offer of money. NO MONEY REQUIRED until you receive and approve of your bicycle. We ship to anyone, anywhere in the U. S. without a cent deposit in advance. Free freight, and allow TEN DAYS' TRIAL during which time you may return the bicycle and get it to your test run. If you are then, not perfectly satisfied, we will not ask you to keep the bicycle but it back to us at our expense and you will not be out one cent.

FACTORY PRICES

at one small price above actual factory cost. You save \$10 to \$25 in the profits by buying direct of us and have the manufacturer's guarantee behind your bicycle. DO NOT BUY a bicycle or a pair of tires from a dealer at any price until you receive our catalogue and learn our substandard factory prices and remarkable special offers to rider agents.

YOU WILL BE ASTONISHED

when you receive our beautiful catalogue and study our superb models at the wonderfully low prices we can make you this year. We sell the highest grade bicycles for as little as \$5.00. BICYCLE DEALERS, you can sell our regular handle second hand bicycles, but usually have a number on hand taken in trade by our Chicago retail stores. These we clear out promptly at prices ranging from \$3 to \$8 or \$10. Descriptive bargains listed free. Single wheels, imported roller chains and levers, our substandard factory prices and remarkable special offers to rider agents.

\$5.00 HEDGETHORN PUNCTURE-PROOF \$4.80

SELF-HEALING TIRES A SAMPLE PAIR TO INTRODUCE, ONLY \$4.80

The regular retail price of these tires is \$5.50 per pair, but to introduce we will sell you a sample pair for \$4.80 each with order \$5.50.

NO MORE TROUBLE FROM PUNCTURES

NAILS, Tacks or Glass will not let the air out. Sixty thousand pairs sold last year. Over two hundred thousand pairs now in use.

DESCRIPTION:

Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without affecting the air-tightness. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. The regular price of these tires is \$5.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same-day letter is received. We ship C. O. D. on the rider of only \$4.80 per pair. (Send \$1.00 and then pay the balance.) We will allow a cash discount of 3 per cent (thereby making the price \$4.55 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. You run no risk in sending us an order as the tires may be returned at full expense if for any reason they are not satisfactory on examination. We are perfectly reliable and money sent to us is as safe as in a bank. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a trial order at once, hence this remarkable offer.

IF YOU NEED TIRES

Don't buy any kind of a tire until you send for a pair of the special introductory price quoted above or write for our big Tire and Pumping Catalogue which describes and quotes all makes and kinds of tires at half the usual prices. DO NOT WAIT or pair of tires from anyone until you know the new and useful offers we are making. It only costs a postal to learn everything. Write NOW.

J. L. MEAD CYCLE COMPANY, CHICAGO, ILL.
