## REPUBLICAN CONVENTION

OHIO POLITICIANS ADOPT STAND-PAT PLATFORM

HARDING IS CHOSEN FOR GOVERNOR

Policies and Administration of President Taft Are Endorsed—Tariff Revision Proper

COLUMBUS, Ohio, July 27.—Ohio republicans adopted a stand-pat platform at the convention here today. There were a few scattering noes when the resolutions committee reported, but not enough to have any appreciable effect.

Senator Burton was elected permanent chairman.

The platform, which was read by Dick, says:

"We commend in the highest terms the splendid administration of President Taft. We are proud of the results already accomplished during the seventeen months he has been in office. We pledge him our hearty support and endorse him for re-nomination in 1912. The record of the achievement of the administration and the sixty-first congress is not equalled in the history of the country, and guarantees an adherence to the pledges made in the last republican national platform. The election of a republican congress is imperatively necessary to accomplish the entire program of the administration. The tariff has been revised according to the republican doctrine for the protection of home industries, and American labor, and has not raised the duty on a single one of the common food products."

On the first ballot in the gubernatorial nomination Harding, former lieutenant governor, received 485 votes, Brown 413, Longworth 92, Garfield 73, Denman 2, Thompson 1. Longworth is regarded as a dark horse.

Only the names of Brown and Harding were formally placed in nomination.

On the second ballot the vote was Harding 497, Brown 363, Longworth 164, Garfield 38, Foraker 4.

In the third ballot Cox threw Hamilton county's 91 votes to Harding, thereby puncturing Longworth's little boom.

The third ballot resulted in Harding getting 746 votes, Brown 120, Longworth 195, Garfield 5. Harding's nomination was made unanimous.

Mr. Harding, in accepting, said:

"I stand for President Taft and his policies. The republicans represent the best conscience of the new world's civilization. If I am elected the first attribute I will demand of office seekers will be honesty."

Francis W. Treadway was re-nominated for lieutenant governor by acclamation.

LANGFORD-BURNS BOUT IN LONDON CALLED OFF

NEW YORK, July 26.—The fight between Tommy Burns and Sam Langford, which was scheduled to take place before the Olympic Athletic club of London during the first week of September, was called off today. Burns had agreed to box Langford, but after Hugh McIntosh had secured Sam's signature he received a message from Burns, who is in Seattle, stating that he would not fight unless he received \$5,000 more than he was offered the first time. The Australian sportsman could not see this demand and the fight is off for some time anyway.

NEW YORK CASHIER USES BANK'S MONEY

Loses Over Half a Million in Stock Market Speculations—Made His Escape

NEW YORK, July 26.—The arrest of Irwin Wider, cashier of the local branch of the Russo-Chinese bank, has been ordered. The police state that over \$500,000 in stocks and bonds are missing. Wider has vanished, and the bank's officials intend to sue the brokers with whom Wider hypotheated stocks to cover margins in transactions in the stock market.

MUSICAL MINSTREL SHOW

"A Night of Laughs" will be presented by between forty and fifty persons at Houston's opera house next week, Thursday and Friday, when Harry Ennis will stage a musical minstrel show for the benefit of the Ladies of the Episcopal Guild. It promises to be one of the most elaborate affairs ever seen in this city, and will no doubt be as successful as the plays that have been previously given by the talented people of Klamath Falls.

NOTED SINGER UNDER THE SURGEON'S KNIFE

PARIS, July 26.—Mme. Cavalleri, the noted opera singer and wife of Robert Chanler, who was operated on for appendicitis, is improving.

W. E. Slack, the sawmill man of North Yonna Valley, was excused from jury duty and returned to his home Tuesday.

## NEWSY NOTES FROM DAIRY

FRED BECK TO HAVE PRIVATE IRRIGATION SYSTEM

Road Across Pine Flat Being Rushed. Kill Cattle Belonging to Harrison Brown

Fred Beck, who lives in the north part of the valley, who was educated in Germany as a civil engineer, and practiced it for several years, and also took lessons in hydraulics, has been putting his knowledge into practical use lately by formulating plans for building a dam across the mouth of a ravine or gulch on his farm, intending to use it for creating a reservoir for water with which to irrigate his farm land. He proposes to build a dam 17 feet in height, which cannot be washed out—no matter how much of a flood comes. He has put his plans on paper, and has figured out a dot how many acre feet of water it will hold and how many yards of dirt he will have to move to build it. He proposes to do the work himself—with the help of his boys—and knows every detail of the work. The upper slope of the dam will have a slant of three feet out to one in height, and the lower slope will be two feet to one. His conduit or flume through the dam will be built either of concrete or sewer tiling, amply protected by concrete wings or collars. He wants water on his land and means to have it.

Harrison Brown, the Klamath Indian farmer, has been able to prove that the beef hide which some "rustler" tried to burn up, near the head of Williamson river, was taken from a yearling belonging to him, and has begun proceedings against some squaw men who are believed to have killed the animal. It is the only case of cattle stealing known in these parts for nearly two years—thanks to the "cleaning up" that was so well done a year ago last winter.

The Dairy P. M. "hollered before he was hurt," by his hasty denial of having failed to mail postal cards. The item in my last week's letter referred to another postoffice entirely. Possibly I should have been more specific. Sorry he took it as an attack on him, as no one can find fault with him in that regard.

The new house on the Dave Shook ranch is about completed, and the family can again be "at home" to friends. W. H. Bliss has been doing the carpenter work—which means that it has been well done.

Numbers of people complain that the grocery merchants of Klamath Falls all sell at a common price, and the surmise is that they are in a combination. If such is the case it will do the town no good.

Miss Ella Anderson of Dairy, accompanied her father, G. G. Anderson, to the Yamsee mountain country Monday morning, where he is working as a forest ranger, for a week's outing.

Foreman Phillips is pushing the work of building the crushed rock road across the Pine Flat grade in a most vigorous manner, and will be through in about ten more days.

Dan Driscoll of Bonanza was a Dairy visitor Friday, calling on his friends, A. L. Michael and wife. He expects to go to Salem to visit with his children shortly.

Portions of Yonna Valley were blessed with a fine shower last Wednesday, but, unfortunately, the rain didn't extend over much of the valley.

The ground is awful dry, but still the wheat seems to look well and continues to grow. We surely have a remarkably fine soil in this country.

Road Supervisor Uhrmann is very short of help in his road-making work owing to the fact that nearly everybody is busy haying.

Too bad about that Seaton girl getting away, wasn't it? Didn't imagine she had enough wit to turn such a trick.

Mr. Sedge, the Dairy merchant, is doing his best to keep a supply of fruit on hand these times.

It will be a close shave for some farmers to have enough hay for their stock the coming winter.

Stock raisers in the north part of the valley were warned last Tuesday that the Klamath Indians would make a raid on the stock running on Squaw Flat the latter part of the week, and riders were sent up there post haste to drive the stock off that part of the reservation, so that none would be captured by the Indian raiders. Wed-

nesday and Thursday were busy days for the buckaroos.

The potato crop will not be very abundant this year—judging by present appearances.

Joe Kessel and Peter Steiner returned from the Falls on Saturday night's stage.

W. P. Sedge was doing some of his own freighting from the Falls last week.

Hay harvest is on in full blast in the valley, and everybody is very busy.

Mike Reuck is again able to work, and he is busy in the hay field.

Jas. Wight has been putting up the hay on the Fitch place.

EIGHT HOUR LAW NOW IN SHIPYARDS

WASHINGTON, July 26.—Attorney General Wickersham has ruled that the eight-hour limit will apply only to work done on and for a battleship in the government shipyards. This decision allows the manufacturers of armor which is intended for a warship to be built in a government yard to work their employes on such armor as many hours as the employes will stand.

The attorney general holds that the recent act making appropriations for vessels is capable of no other construction.

INVESTIGATION BOARD FINDS CAUSE OF EXPLOSION

Reach Conclusion That Failure of Safety Device to Work Was Reason for Accident

WASHINGTON, D. C., July 26.—The board of investigation of the Fort Monro explosion reports that it believes "the explosion was caused by the failure of the safety device on the firing mechanism to perform its functions. We are forced to this conclusion notwithstanding that previous testimony and long experience gave assurance that the mechanism afforded the protection for which it was intended."

ASSASSIN HURLES A DYNAMITE BOMB

Kills Mayor of Ridgeway, Va., With Terrible Instrument—Body Mutilated

RIDGEGWAY, Va., July 26.—Mayor A. H. Douseman, who was lying in a hammock at his home here, was assassinated by some unknown person, who hurled a dynamite bomb into the hammock. Mayor Douseman's body was terribly mutilated. No reason can be assigned for the act.

MOB TAKES NEGRO WOMAN FROM JAIL

Believed They Drowned Her in the Onachita River—Kept Disrespectable Resort

MONROE, La., July 26.—A mob invaded the jail here yesterday and seized Laura Porter, a negro, who is the keeper of a resort where a number of whites were robbed, and started with her toward the river, where it is believed she was drowned.

ASSAULT WITH A DEADLY WEAPON

John Schallock went to Sprague river Tuesday after Jas. Bell, who was arrested on the charge of assault with a deadly weapon. Bell and Luke Walker, son of former County Commissioner Walker, had some trouble over water which they both got from the same ditch, and Bell struck Luke with a shovel and then proceeded to "beat him up." The warrant followed.

MANY DIE FROM HEAT IN NEW YORK

NEW YORK, July 26.—Twelve persons are dead from heat during the past twenty-four hours. In addition nine drowning accidents have been reported. No relief is in sight. The temperature was 94 degrees yesterday. The parks have all been opened and emergency hospitals have been outfitted.

BROKE HER WRIST

The little daughter of Prof. W. A. Wirtz fell Monday afternoon and broke her right wrist. Dr. R. R. Hamilton was called and he set the injured member. The little girl was walking around the yard on a pair of stilts when she tripped and fell.

MANY BOATS ARE WRECKED ON FAMOUS LAKE COMO

MILAN, July 26.—A severe storm has been raging over Lake Como. A large number of pleasure boats have been wrecked, and it is feared that the fatalities will be heavy.

## SUMMER NORMAL NOTES

The third week of summer school has started off with an enrollment of about twenty. Most of the students are from Klamath county, but one or two have come from a considerable distance. Miss McKay came from Oakland, Ore., and enrolled the first day.

Among the gentlemen in attendance, Mr. Burnhom of Langell Valley is the only one planning to teach. He is preparing to take the August examination for a first grade certificate.

Chas. Hughes of Sacramento, Calif., who was a student in K. C. H. S. a part of last year, visited some of the classes this morning.

Most of the students returned to the high school building in the afternoon to study. The rooms are always cool, and there is nothing to disturb.

The west basement room is being fitted up for the manual training department. The work is being done by Mr. Ketsdever, who is proving to be an excellent carpenter, as well as an efficient janitor.

The Great Quarrel

A dear old lady having read of an intended fight between Jeffries and Johnson is said to have cabled to America begging them rather to lay the matter in dispute before the Hague tribunal.
