

VOLCANO EMITS SAND AND WATER

TREMBLERS SHAKE THE ISLAND FOR FIVE DAYS

Fissure Appears in the Side of the Mountain and Shipping Is Destroyed in the Harbor

TOKIO, Japan, July 26.—A tremendous earthquake and volcanic eruption has taken place at Uzu bay in the southern part of the island of Hokkaido, near Yezo. Eight thousand refugees are fleeing inland. The tremors began July 22 and lasted until today, totaling in all 184 shocks. Hundreds of fissures have opened in Mount Uzu, which is emitting sand and boiling muddy water. The great Uzu bay is now only four fathoms deep, and the bottom has upheaved so much that the shipping in the harbor has been destroyed. No details can be obtained, and the fatalities, it is believed, will prove to be heavy.

No word has been received from Hakodate, the greatest city on Yezo. It is feared that it has suffered heavily by the Uzu earthquake. The government is preparing aid to be rushed northward. Warships have been dispatched, and prefectures and officials in Yezo are authorized by the commander to furnish supplies and feed and shelter the refugees. The military department at Yezo has been instructed to assume control of the stricken district.

FORMOSA NATIVES ARE HARD TO CONQUER

Japanese Forces Forced to Make Their Subjugation a Matter of Butchery

VICTORIA, B. C., July 21.—News of real war in the Japanese-Formosa trouble was brought by the steamer Ava Maru. The Japanese forces are now building entrenched lines with blockhouses flanking the Formosans, the total length to date being 307 miles. The fighting is now thickest in the dense Formosan forests, and in the mountains three to four thousand feet above the sea, where the Japanese artillery is proving almost useless. The Japanese are now mounting guns on high hills, from which the native strongholds can be bombarded. The Japanese in five detachments resumed fighting July 24, and drove the natives from their mountain stronghold with heavy loss. The Japanese losses are scant in attack compared with those during the bivouac, when the natives creep up and begin sniping.

GETTING INTERESTING FOR PROFESSOR VAN LIEW

CHICO, July 23.—Sentiment is divided in the trial of Prof. Van Liew, principal of the state normal school at this place, who is charged with lugging Miss Ada Clark, aged 17, who was a pupil of the school until recently. Prof. Van Liew today was paler than yesterday, and consulted his attorneys frequently. A number of witnesses testified as to the defendant's conduct at the school. The witnesses were strenuously cross-examined. The spectators were so noisy that Chairman Goggins was frequently forced to rap for order. Elmer Rankin testified to having seen Prof. Van Liew drink twelve beers in one hour. He admitted that Van Liew tried to force him to cease his attentions to a normal student when Rankin was attending school, but said that he was not prejudiced against the professor. There was a great deal of wrangling among the opposing attorneys.

ROOSEVELT WANTS PROGRESSIVE PLATFORM

NEW YORK, July 26.—Concerning the Ohio convention, ex-President Roosevelt at the Outlook office today said: "I should like to see a progressive platform adopted, that's all." It is reported here privately that he said he hoped that Garfield would be nominated.

TERRIBLE STORMS SWEEP HUNGARY

BZUDAPEST, July 26.—Terrific storms have been sweeping over this part of Europe. Thirty persons are reported dead and a number have been injured.

W. A. WRIGHT SELLS HIS HOLDING TO W. P. JOHNSON

Will Leave in September for His Home in Pasadena

The last of the holdings of W. A. Wright, former owner of the property now embraced in the Hot Springs addition, were sold Monday to W. P. Johnson. The property purchased by Mr. Johnson consists of twenty acres surrounding the old home and thirty acres south of the city bordering on the lake. The old home and the two

cottages are included in the deal. Immediate possession is given of everything except one of the cottages, which will be occupied by Mr. and Mrs. Wright until their departure for their home in Pasadena, Calif., which will occur about September 1st.

W. P. Johnson, the new owner, left for San Francisco this morning without making public what disposition he proposes to make of his new purchase. It is presumed that he will sub-divide into city lots.

With the exception of a few acres south of town Mr. Wright has, by this sale, sold everything he owns in Klamath county. He has been a resident here for nearly thirty years, during most of which time he owned the property he has just sold. He is well known all over the county, in fact, throughout much of Southern Oregon, where he has a host of friends, who will sincerely regret to learn that he has decided to leave here and make California his future home.

WOMAN SHOTS TO KILL RATHER THAN ELOPE

TACOMA, Wash., July 26.—Refusing repeated importunities to elope with him, Mrs. Fletcher Johnson, wife of a clerk in the general offices of the Northern Pacific road here, shot and killed Frank Hall of Spanaway this afternoon, when, she alleges, the man drew a revolver and sought to compel her to accede to his wishes. Following the shooting she called the sheriff over the telephone and asked to be placed under arrest.

Mrs. Johnson told Sheriff Morris that Hall had called at her home at Rigney Hill and tried to induce her to leave her husband and go away with him. When she declined to consider his proposal, Hall, she said, took a revolver from his pocket and threatened her life. Seizing a shotgun that stood in a closet, the woman sent a charge of buckshot into Hall's body and he dropped dead at her feet.

LOST RIVER DRAIN MAY BE DEEPENED

Bids for the Work Were Opened Monday, But Have Not Yet Been Acted Upon

Bids for the deepening of the drainage ditch for the first unit of the irrigable lands lying under the first unit of the Klamath project, were opened Monday, but they have not yet been acted upon.

The work calls for the deepening of the drainage ditch to an additional depth of about three feet for a length of six miles. The ditch is from six to eight feet wide and drains into Lost river. The proposals call for the completion of the work prior to April 1, 1911. It is not known just when action will be taken on the bids.

The ditch follows substantially the line of Lost river slough, which joins Lost river below Wilson's bridge.

FIVE MASKED MEN HOLD UP IGG TRAIN

WEEHAWKEN, N. J., July 26.—Five masked and armed men tonight held up a passenger train on the New York, Ontario & Western railroad just outside the limits of this city. Four of the robbers invaded the train and forced a number of passengers to give up their valuables at the point of a pistol. One man was left outside on guard to warn the robbers inside. The four left the train and made their escape, but the man outside was arrested. The train left here at 6:15 this evening, bound for the northern part of the state.

EXTENSION UP TO BALLINGER

HERMISTON, Or., July 26.—Chief Engineer Davis states that the west extension of the Umatilla project is now up to Secretary Ballinger. His own department, he says, has completed its work of investigation and has reported its findings to the secretary. Money for the extension is now available and all that remains to be done is for the secretary of the interior to order the work to commence and the extension will be undertaken.

TELLS OREGON HISTORY IN MAGAZINE ARTICLE

Mrs. Bessie Guinean Stone, a newspaper and magazine writer of considerable experience, has composed for publication in the Simmons Magazine of New York a historic article about the state of Oregon and intended as an advertisement for Oregon, and Portland in particular.

The article will appear in four or five of the monthly installments of

DIVORCE CASE

The divorce case of Caroline Rambo vs. Joel Rambo was heard last Thursday. The grounds for the divorce are given as cruelty and non-support. Mrs. Rambo lives at Fort Klamath and her husband resides at Dorris, Cal. H. M. Manning is the attorney for the plaintiff.

BRIEF NEWS OF THE DAY

E. R. C. Williams was in from his ranch Tuesday.

W. C. Dalton of Merrill was at the Lakeside Tuesday.

John Callahan of Merrill had business here Tuesday.

Sewer pipe is being laid on Seventh street between Main and Pine.

L. A. Newton returned Monday from a few days' stay at Eagle Ridge.

C. Swanson of Sacramento arrived here Monday to be a witness in the Timothy Kouts case.

W. E. Boynton of Fruitvale, Calif., arrived here Monday, and is calling on his old friend, Nate Otterbela.

F. H. Abbott of Washington, D. C., has been at the Agency on official business, left for the East Tuesday.

Clark Thomas is the proud father of a baby girl, who arrived at the Thomas home in the Mills addition Sunday.

Architect G. E. McDonald is very busy with the plans for the new five-story hotel on Third and Main streets and expects to have them ready in about ten days.

W. T. Shive says that he has seventy acres of land seven miles south of town that will produce 7,000 bushels of oats this year. That's going some for a dry year.

Mr. and Mrs. John Ratliff, proprietors of the Riverside hotel at Merrill, came up Tuesday to be witnesses in the Burns-Gessell assault case.

C. W. Sherman Sr. came in from Dairy Tuesday. He says the wheat is looking bright and green, in spite of the dry season, but that the hay crop will be short.

O. B. Gates and wife and Miss Wilma Waggener of Portland, a sister of Mrs. Gates, returned from Eagle Ridge on Monday, where they had been for several days.

G. H. Hayden and William Collins went to Diamond lake Sunday morning. They will be gone two weeks, and expect to enjoy some fine fishing and hunting while away.

E. B. Prideaux and wife, who have been taking in the various resorts in this part of the state, including the famous Crater lake resort, left for their home Tuesday morning.

The grading of Tenth street will necessitate a 5 1/2-foot cut at the corner of Pine street and a cut of six feet between Pine and High. A similar cut will have to be made on Pine street.

Leonard Kittinger and Mr. White, who have been here procuring supplies for the new town of Crater, returned to that place Tuesday morning. They had stuff enough to supply a regiment.

Miss Holt of Baltimore, Md., who has been here for several days, investigating the resources of this country, with a view to investing, left for Sacramento Tuesday, but will return in a few days.

Mayor Sanderson is excavating for the basement to his new eight-room house which he is having built on the corner of Pine and Tenth streets. The building will be 30x40 feet, and will have a full basement.

W. R. David, the Wells Fargo express messenger between Klamath Falls and Weed, left for a month's vacation in Ukiah and Los Angeles on Tuesday. W. W. Rodehader of Redding will take his place while he is away.

Arthur P. Davis of Washington, D. C., chief engineer of the reclamation service, E. G. Hopson of Portland, supervising engineer, and W. W. Patch, project engineer, have been on a tour of inspection of the Klamath project for the past three days.

Sidney V. Burroughs and wife formerly Geneva Wilkerson of Langell Valley, left Tuesday morning for San Pedro (Los Angeles harbor), where they will make their home. Mr. Burroughs is an engineer on the suburban trains of the Southern Pacific out of Los Angeles.

Frank Smith, who was run over by a traction engine a few days ago, and had his left arm and leg crushed severely, may not lose either his arm or his leg. Dr. Hamilton states that although the bone of the arm is badly fractured and the leg broken, he may be able to save both members. Smith is getting along nicely at present.

C. S. Stone and wife and nephew, Joe Skelton, left this morning for the headwaters of Cherry creek, where they will camp for a month. They took the boat to Rocky Point, and from there will go by wagon to Brown's place. From that point they will take pack animals and hit the trail for the wilds of the Cherry creek country.

MEN AND HOUNDS SEEK LONE BANDIT

KITTANING Pa., July 26.—Four hundred men with bloodhounds are searching Armstrong county for the masked bandit who today held up S. M. Brown, paymaster of the Widnoon Coal Mining company, and shot and killed Horton Craig, a guard, but failed to secure \$3,800 which Brown had. Although the search was started shortly after the shooting no clue has been found to indicate the bandit's identity.

REGISTERED HOLSTEINS FOR SALE

I have some fine young registered Holstein bulls for sale; A-1 stock and acclimated. M. F. LOOSELEY, Ft. Klamath, Oregon.

Nyal's Vegetable Prescription is indicated in all ordinary diseases of women. This remedy never disappoints, its good effects being perceptible from the very first. It is composed of the purest and the most reliable drugs; mercurials, opiates and other harmful drugs being excluded. The many disconcerting influences to which woman is constantly subjected render her liable to many functional disorders that not only tend to destroy her comfort and happiness, but which gradually merge into chronic and serious diseases.

Nyal's Vegetable Prescription is without a peer for the successful treatment of female weakness, painful and disordered menstruation, hysteria, cramps, "bearing down pains," inflammation and falling of the womb. This is a remedy of sterling worth.

Something New In Kitchen Ware

The "1892" Pure Spun Aluminum Ware is rapidly coming into use for cooking purposes. It is taking the place of agate and enamel ware because while its first cost is a trifle more than ordinary ware, it is really much cheaper in the long run, as it is guaranteed for twenty-five years and will last practically a life time.

The genuine "1892" Ware, made only from pure SPUN (not cast) Aluminum, will not crack, scale, peel, break, scorch or burn.

It looks like silver but weighs only about one-quarter as much, is easily cleaned and handled, and will not rust, corrode or tarnish. Absolutely pure, non-poisonous and wholesome; saves money, time and doctor's bills.

Be sure you get the original and genuine ware stamped with the Maltese Cross. At your dealers.

S. PADGETT, Keno, Ore.
