## TARIFF LAW GIVES SURPLUS

GREAT GAIN IN RECEIPTS OVER ANY YEAR

Exceeded Record Year of 1907 by \$15,000,000—Panama Canal Cost \$33,000,000

WASHINGTON, D. C., August 9.—The figures for the first year under the operation of the Payne-Aldrich tariff law, which ended Saturday, have been announced. They show \$20,214,000 surplus receipts over the expenditures, or nearly \$15,000,000 over 1907, which was a record year. The total ordinary receipts for the year ending August 5th were \$678,650,816, and with the exception of 1907, the revenue was \$75,000,000 over any other year. The corporation tax receipts were \$207,000 under the amount assessed. In the total disbursements for the construction of the Panama canal during the past year were given at \$32,000,000, and if the treasury is reimbursed this item by sale of bonds which has been authorized the government's working balance will reach \$150,000,000.

## BUTTER HIGHEST PRICE IN YEARS; GOING HIGHER

President of the Elgin Board Blames Dry Pastures and Predicts an Advance

CHICAGO, August 4.—Consumers who are looking for a drop in the price of some of the necessities of life will not get any drop in butter, according to John Newman, president of the Elgin board of trade. After the board had increased the price a cent a pound Mr. Newman said it was his opinion that even higher prices were coming before winter. "Butter will be at prices to exceed anything in the last few years before the winter is well started," said Mr. Newman. "The present dry weather is the cause of this prospect. The talk of 50-cent butter is ridiculous, however."

The price was advanced from 27 to 28 cents by the Elgin board. Many of the members reported that pastures in their regions were dry and worthless, and that farmers had already begun to give their cows feed that should be saved for winter.

## SUMMER SCHOOL CLOSURE A VERY SUCCESSFUL TERM

First Effort of Its Kind, and It Will Be a Permanent Feature in School Work Here

The summer school which has been held in the Klamath County High School building for the past four weeks, ended Tuesday, and the instructors and students are more than satisfied with the result.

The school opened July 11, and closed on Tuesday. The courses embraced the studies required for passing teachers' examinations as well as several high school branches.

So satisfactory has the work been this year that the summer school will be a permanent feature of the school work in Klamath county hereafter.

The instructors this year were W. E. Fought, C. A. Howard and W. S. Slough.

## JOE SASSER BUYS OUT 'THE WELLS'

Took Possession This Morning—Sold Out His Interest in the Central Cafe

Joe Sasser, who has been conducting the Central cafe for some time, sold out his interest in that establishment and on Monday bought "The Wells" confectionary and took possession of that business on Tuesday.

The Wells sisters will remain for a few days, as Joe does not turn over the Central cafe until Friday.

## GUY WALTON GETS LICENSE TO GET MARRIED

Guy L. Walton was on Monday granted a license to marry Miss Lottie C. Allen, daughter of E. L. Allen, who is interested with Mr. DuFaul in the second-hand store on the corner of Seventh and Main streets. Both are well known young people here, and have a host of friends.

Mr. Walton is foreman for Will Mason's grading outfit, and for the past few weeks has been grading the streets in the Hot Springs addition.

## GROUND MIXTURE IN A COFFEE MILL

OTTIS GREER KILLED WHILE MAKING POWDER

Pieces of Iron Are Hurling Into His Stomach and Breast—Lay Bleeding for Six Hours

Ottis Greer was fatally injured Wednesday when powder which he was grinding in a coffee mill exploded and pieces of the iron were hurled into his stomach and breast and his hands and limbs were badly torn. Greer was somewhat of an inventor, and had been making experiments with a new kind of powder on which he hoped to get a patent in a short time. The mixture had evidently been made too coarse, and in order to reduce it he had been grinding it in a coffee mill. In some way the powder exploded, and pieces of the iron flew in all directions. One piece struck him in the stomach and others in the breast and limbs.

The powder exploded about 8 o'clock yesterday morning, and although help was summoned from this city it was not until 2 o'clock in the afternoon that Doctors F. M. White and E. E. Straw were able to give him succor. These two physicians were summoned, and went after the wounded man in Doctor White's automobile and brought him to this city. They started after him about 1 o'clock, but as the man lived two miles this side of Naylox they did not reach him until 2 o'clock.

He was brought here and given every attention possible, but died at 5:30 from the wounds.

The body was taken to Whitlock's undertaking parlors and word was sent to his parents, who live in Santa Ana, Calif., and a telegram was received from them this afternoon, saying that they were on their way here.

Greer lived on a homestead near the C. N. Myers place on the Fort Klamath road, and had been experimenting with powder for some time. Two other coffee mills which were in the building he occupied showed that he had evidently ground the powder in them before, but the last grinding proved fatal to him.

No arrangements will be made for his burial until his parents reach here.

## HAWAIIANS IN RUSH FOR BIG SUGAR LANDS

Governor Frear Throws Open More Than Thirty Thousand Acres to Homesteaders

HONOLULU, August 9.—There is a wild scramble for public lands in Hawaii, and the old contention of the sugar interests that the people would not live on the land even if they had a chance falls pretty flat when considered in connection with the great number of applications under which the land commissioner is now fairly swamped. It is evident that there will be a demand for practically every acre of government land that is capable of cultivation, and that the day of the sugar king is passing.

Governor Frear and Land Commissioner Marston Campbell are at work on a proclamation to be made next month, throwing open for homesteading about 30,000 acres of the public domain. This will afford an opportunity for nearly a thousand homesteaders to acquire land.

And this is but the beginning, for under the new land law every acre of government land under lease to a sugar plantation or any one else may, on application of twenty-five prospective homesteaders, be withdrawn, subdivided and homesteaded. Land Commissioner Campbell states that he has already had applications enough for land to keep his corps of surveyors busy for five years, and still the requests for land pour in.

## COUNTY COURT ACCEPTS PLAT OF NEW ADDITION

The county court Friday accepted the plat of a new addition to the city of Klamath Falls, which is to be known as Irvington Heights. The plat is filed by A. J. Peak and wife and Frederick W. Hogg and wife.

The latest annexation to this city lies northeast of the city and east of Shippington, and contains thirty blocks.

## SEEK TRACE OF MURDERER

THREE PERSONS SUPPOSED TO HAVE BEEN KILLED

Officers Believe the Bodies Were Fed to the Hogs by Those Who Slew Them

SANTA ROSA, Calif., August 5.—Officers are searching Starbuck ranch and the canyons in that vicinity for traces of the bodies of T. A. Kendall and his father and mother, who are believed to have been murdered.

"It was the most dastardly crime ever committed in Sonoma county," said Assistant District Attorney G. W. Hoylye.

"We have every reason to believe that T. A. Kendall and his father, Enoch, and mother, Ura, have been murdered, their flesh fed to the hogs and the bones burned in the kitchen stove. We are not willing to discuss who we think the perpetrators are at present, but we have good clues as to their identity."

It is not believed that one of the Kendalls killed the others, as all three of them are missing. Surgeons declare that portions of the charred bones indicate that they are from the bodies of three persons.

Additional bones have been found in a pile of ashes near the kitchen. A Japanese had recently quarreled with Kendall, and it is believed that he was beaten up by him and then shot.

A general roundup of Japanese suspects in the bay counties is being made.

District Attorney Lea and Coroner Blackburn visited Starbuck ranch today, and made a search of the canyons there for further traces of the bodies of Mr. Kendall and his father and mother.

The Sheriff's deputies were digging in the garden today, and found a blunt axe which had blood on the head, and are attempting to establish its ownership. They are also seeking the missing \$300 which the Kendalls are known to have possessed. They have discovered that Kendall had quarreled with a neighbor, Henry Yamaguchi, and it is suspected that the Japanese is the guilty person. He is said to have borrowed money to go to the ranch with, and afterward gave the lender a five dollar gold piece.

## OFFICERS SEEK TRACE OF T. A. KENDALL

Bodies of Two Victims Have Been Found—Claim That Japanese Can Be Located

SANTA ROSA, Calif., August 6.—The Sonoma county officials are seeking to find T. A. Kendall, dead or alive. Although they believe the three Kendalls were murdered, only the remains of two have been found. They must find the other Kendall before they can proceed any further. The date on which the elder Kendalls were killed was July 23.

No trace can be found of the \$300 which Mr. Kendall is known to have had in his possession.

## Oakland Officer Can Find Jap.

OAKLAND, August 6.—Captain of Detectives Peterson said: "I will have my hands on Henry Yamaguchi, who is suspected of Kendall's murder, before nightfall. We received a registered letter receipt signed by young Kendall on July 18th showing that he was alive then. We have received word that he was seen at Cazadero as late as August 1st. It is up to the Sonoma county officers to prove that Kendall is dead or find him before any further proceeding will be had in the case."

## DEATH OF KENDALL HAS NOT YET BEEN PROVEN

Oakland Officer Says It Is Not Even Shown That a Murder Has Been Committed

OAKLAND, August 9.—Captain of Detectives Peterson continues firm in his belief that it has not been proved that Tom Kendall is dead, and he says it is not even proved that a murder has been committed. A recent conversation with Mrs. Starbuck, owner of the ranch, reveals that she is willing to testify before the Sonoma county grand jury, according to Mr. Peterson.

## JAPANESE MURDERER STILL AT LARGE

SANTA ROSA, August 9.—District Attorney Lea for the first time revealed the theory on which he is seeking Yamaguchi, the Japanese suspected of the murder of the Kendall family. Repeated misrepresentations of the statements and denials by Mrs. Margaret Starbuck concerning the alleged confession of Yamaguchi that he killed all of the Kendalls has

## OLD RESIDENT LAID TO REST

C. E. GALARNEUX BURIED IN THE CEMETERY HERE

Died in Portland Friday Evening of Cerebro Spinal Meningitis. Was Well Known

Charles Ferdinand Galarneux, one of the oldest residents of this county, died at Portland last Friday evening of cerebro-spinal meningitis and was laid to rest in the local cemetery Tuesday afternoon.

Mr. Galarneux was a contractor and builder and had been in business on the coast for many years. A few weeks ago he went to Ohio, Indiana and Illinois on a visit to his brothers and sisters, whom he had not seen for over thirty years. After a very pleasant visit with them he started on his way back home, leaving Chicago on July 29th in seemingly good health. He was taken sick on the train and arrived in Portland on August 5th and was at once taken to a hospital. The services of the most skilled physicians, however, could not save him and he passed over the river at 7 o'clock Friday evening.

The trouble which caused his death was the result of a fall which he sustained several years ago and which caused an abnormal condition of the brain tissues.

His remains were brought to this city Monday by his son, H. P. Galarneux, and were taken to Whitlock's undertaking parlors, where they lay until 2 o'clock next afternoon, when they were taken to the Catholic church, where the beautiful services of that faith were performed by Rev. J. J. Cunningham, S. J. From the church the remains were borne to the city cemetery, where they were laid to rest.

Charles Ferdinand Galarneux was born in Ottawa, Canada, August 13, 1834. He married Eliza Ryan at Wakefield, Canada, in 1861, and came to the United States in 1862, settling in Indiana. In 1875 the couple came West, and after living in various cities on this coast settled in Klamath county in 1884, where he has been engaged as a contractor and builder until a short time before his death.

Besides his widow, he leaves five daughters and two sons to mourn his departure. They are Mrs. Stephen Hurley of Naylox; Mrs. Mary Matt, Mrs. John Mattney and Mrs. W. E. Folsom of this city and Mrs. Ray Richardson of Merrill, and M. P. Galarneux of Merrill and H. P. Galarneux of this city, besides a number of grandchildren.

## CONDUCTOR DISOBEYED HIS ORDERS

ELEVEN ARE DEAD AND ELEVEN SEVERELY INJURED

Passenger Cars Collides With Work Train and Occupants Are Terribly Mangled

United Press Service. SAN RAFAEL, Cal., August 9.—Eleven bodies are in the San Rafael morgue and eleven persons who were injured, one probably fatally, are at the Northwestern hospital in San Francisco, as a result of last night's wreck on the Northwestern Pacific railway at San Ignacio. The dead are:

H. W. EMERSON, express messenger of the Sonoma Express company at Petaluma.

P. LEVIN of St. Louis, vice-president of the Levin Tanning company at Santa Rosa.

W. H. POCHLMAN, of the Sonoma Express company, Petaluma.

GEO. RILEY, of the Pacific Rural Press, Petaluma.

JOHN WILKINSON, a guard at the San Quentin penitentiary.

HERMAN RAYER, a saloonkeeper at Santa Rosa.

M. A. BANKS, a real estate man of Rockford, Ill.

A. W. BANKS, another real estate man of Rockford, Ill.

N. NIELSON, a gardener of San Rafael.

G. CRIVELLONE, a peddler of San Francisco.

T. W. RICHARDSON, a messenger of Petaluma.

The report that three bodies were under the wreckage was proved to be untrue when the track was cleared this morning. The track was repaired before noon.

John Wilkinson was on his way to see his wife, to whom he had been married only a month.

General Manager Hunter today blamed Conductor Flaherty of the work train for the wreck, as it is said he ignored orders to stay at San Ignacio and let the passenger train pass.

The dead and injured were in the smoker, which was buried by the freight engine tender. The baggage car was demolished by a steam roller which was on the first flatcar of the freight. The accident occurred at 6:30 in the evening. Most of the dead are horribly mangled, and nearly all of the bodies were severed, some twice.

## GREAT UPEHAVAL IS EXPECTED IN CHINA

Outbreak Similar to the Boxer Movement Is Planned in Southwest of Empire

VICTORIA, B. C., August 9.—That a great upheaval in Southwest China similar to the boxer movement in the North ten years ago, is imminent is the news brought by the steamer Ningchow from China. A traveler who has been journeying for a year in Yunnan states that revolutionary leaders have plans laid for an uprising which is anticipated on the beginning of the expected anti-Manchu demonstration in Peking. The threatened uprisings are aimed at the Manchus, but there is an underlying feeling against foreigners, and the Yunnan correspondent of the China Post says the rebels would take advantage of the opportunity to exterminate foreigners in Yunnan. He considers that the interference of a foreign power against a revolution would be the signal for attacks on foreigners throughout Southwest China.

## COUNTY PHYSICIAN WAS APPOINTED THIS MORNING

Dr. R. R. Hamilton Is Selected by the County Court to Act in That Capacity

The county court Friday appointed Dr. R. R. Hamilton to act as county physician for the coming year. The term of office expired the first of this month, and nearly all the physicians in the county applied for the position.

The office carries with it a salary of \$600 a year.

## LAND BUYERS COMING

Will have several parties here soon LOOKING FOR LAND

If you want to sell yours, come in and list it as soon as possible. Also have buyer for timber land. See Geo. H. Rice, with Chilcote, office adjoining American hotel.

## TO FORT KLAMATH PEOPLE:

We carry a complete line of doors, windows and mouldings, and as agents for the Big Basin Lumber Company are in a position to fill your orders promptly. Call and see samples and get prices.

UTTER & BROWN, M16-3m Fort Klamath, Ore.
