material.

Now Out of Danger, and Discusses Official Business With His Secretary

HOBOKEN, N. J., August 13 .--Mayor Gaynor's condition is much improved. He joked with Doctors Arlitz and Stewart while they were dressing his wound. There is no infection, and it is believed that the bullet was clean and carried no germs. Secretary Adamson discussed official business with him today. Mr. Gaynor's family retired at the regular hour last night, and were told they were not needed, as there was no danger.

Several large fires are burning in the forests in the vicinity of Fish lake to handle the crop, and he can have and Four-Bit creek, but they are do- time to provide means to take care ing but little damage to the large timber.

About eighty men are fighting the fires and the flames are being confined more to the underbrush. Most of the district on fire is covered with vellow pine and the flames have so far been kept away from the fir trees. There is not much danger of the

fire getting beyond control, although the fire fighters do not expect to extinguish it altogether until there is a heavy rain.
