BELIEVE TAFT INTENDS TO ELIMINATE BALLINGER

Similar Actions Regarding Aldrich and Cannon-President Afraid of Insurgent Control

BEVERLY Mass., August 13.—It is believed that President Taft's program is the elimination of Secretary of the Interior R. A. Ballinger and Senator Nelson W. Aldrich and Congressman Cannon, and to elevate Crane to be official adviser in the place of Hitchcock. It is also be-Heved that the intention is to coax Theodore Roosevelt to endorse such an action in order to appease the insurgents and insure a republican victory. President Taft is reported to be afraid that the democrats and insurgents will control the house, and thereby deprive him of any chance of enacting his legislative program.

It is thought that Senator Aldrich visited President Taft yesterday in order to create the impression that Taft endorsed the denial of the Bristow charges.
