

## DEVELOPMENTS AT DAIRY

### JIMMY VIERRA IS NOW OUT OF DANGER

#### Jesse Drew Is Building a Cottage on His Homestead—Road at Low Hill Nearly Completed

The sudden taking off of Al De Mose, it is said by the officers from Silver Lake, is not the result of his first experience in the horse-stealing line. He has for years been addicted to the habit—at least his neighbors have been missing stock from the range, and he has been strongly under suspicion of having run them off and sold them—just as Wallis and Liskey were suspected in this neighborhood. But he was finally run to earth—as all such characters are sooner or later; and his tragic end ought to prove a moral lesson to young men everywhere. Few indeed, are the men adopting a career of crime who have not sooner or later been brought to book for their offenses. An honest life is the only safe and worthy one for any man.

Wm. Uhrmann, the road overseer, has almost completed the grading of the new road near the Low hill, when it will be open for use. He says that two weeks ago the county authorities wanted him to leave that work in an unfinished state, employ a gang of road workers, and go over to the Sycan marsh, about fifty miles north, for the benefit, mutually, of the settlers of the Summer Lake region and the merchants of Klamath Falls, but Billy is too wise a guy to be caught with chaff. He would go, he said, if he got enough pay, but that work couldn't be done at the ordinary rate of compensation—which was not offered. So he has been content to continue piling rocks on the roadside to finish the work he undertook last June.

W. H. Blyas is erecting for Jesse Drew a neat and commodious cottage on his homestead, west of the Drew farm. Mr. Drew already has a comfortable house on his claim, and being a bachelor, one must very naturally draw the inference that he means to change his condition in life, in the doing of which he is to be commended. He evidently believes in preparing his cage before he catches his bird.

C. W. Sherman Sr., having lost his home and almost all of its contents by fire, wishes, through the Herald and Republican, to express his sense of thankfulness to his many friends and neighbors for their substantial evidences of sympathy in aid of his rebuilding. May none of them ever feel the need of a friend.

The precinct was a good deal wrought up over the killing of Du Mose Saturday morning, but the general verdict is that he got his deserts. One expressed the general idea when he said: "Every horse thief ought to be shot if caught in the act." A lady demurred to the method of his funeral, however.

You ought to see the fine job of carpenter work done by Henry Stoehler in building at his place a new platform and well curb! Still he doesn't pretend to have served an apprenticeship at the trade. It's a dandy job, all right.

Teddy Hamersley and family departed for the upper Deschutes in search of trout and huckleberries last Sunday. Teddy had been hurt while logging lately, and, as he couldn't work, concluded that an outing was the proper thing.

Little Jimmy Vierra, whose life was despaired of a few days ago, is reported to be improving, and he is now thought to be out of danger; whereat everybody rejoices, for Jimmy is an exceptionally good boy.

Ed Wiggins has gone to Susanville, Calif., and it is suspected that something is liable to happen in the matrimonial line thereabouts, if Ed has his own way about things.

The delegates to the county assembly next Saturday are as follows: H. S. Olden, Herbert Arrant, W. P. Sedge, A. L. Michael and H. J. O'Brien.

The oats and wheat are ripening rapidly. And a far better crop will be garnered than was even hoped for a month ago.

Emil Flaekus, who is putting up the hay on the Dave Shook ranch, expects to complete the job this week.

Miss Ella Anderson has returned to Berkeley, Calif., to continue studies in the high school.

Potatoes still rule high in the market—retailing at 2 1/2 c.

John S. Shook returned from Portland a week ago.

Jimmy Donnell has a lot of lumber to sell.

### INFANT PARALYSIS ON INCREASE IN SEATTLE

SEATTLE, August 13.—Moved by the increase in the number of fatal cases of infant paralysis in Seattle, Health Commissioner J. T. Crichton

has telegraphed the health authorities in St. Louis, Kansas City, Chicago and other cities where the malady has gained rapid headway, to ascertain what is being done towards stamping it out, the method of treatment and to learn all other facts that will help the campaign about to be launched in Seattle.

Reports yesterday of three deaths in a family of five children in Seattle within the past week have stirred the health department, helpless in the face of the new trouble, to arbitrary measures.

Commissioner Crichton contemplates sending five of his most capable men to St. Louis, which has an average of thirty cases per day during several weeks to study the disease.

### WORK STARTS WITHIN NINETY DAYS

#### ENGINEERS WILL ARRIVE NEXT WEEK

Estimates Are to Be Made and Material Will Be Ordered as Soon as Possible

The passing of the telephone ordinance by the city council Monday means the beginning of the end of the present antiquated telephone system which has been doing duty here. The Pacific Telephone and Telegraph company are to install one of the most up-to-date systems in any town of this size in the state, and work will begin before long.

In discussing what his company proposes to do, L. A. Newton said: "Representatives of both the engineering and commercial departments of the Pacific Telephone and Telegraph company will arrive in Klamath Falls next week for the purpose of gathering all data and information necessary in connection with the rebuilding of the old Midway Telephone system. They hope to be able to make all appointments, assume control and perfect the organization in Klamath Falls by September 1st."

"It is the company's intention to make such temporary repairs as will be required to place the present system in condition to give the very best service possible. Work will start on the new central energy system within ninety days. It will be thirty days before the franchise becomes operative. During this time our engineers can make a complete study of the town, and prepare estimates, with instructions to order and assemble material. The material that will be required, such as aerial cable and switch board paraphenalia will have to be ordered from the East, which will consume considerable time.

"The switchboard will be of the very latest common battery type, built to order, and capable of taking care of the future growth of Klamath Falls for a number of years.

"The system that we propose to install will be modern in every respect and second to none on the Pacific coast, and when completed will be a credit to the community. We are not promoters in the business, but are investors, and are permanent fixtures here, and you will find our company always ready and willing to boost for Klamath Falls wherever possible.

"We feel that the franchise as granted by the city council is a fair one, both to the city and ourselves. In fact, along the same lines as various other franchises that we are operating under in the many cities and towns along the Pacific coast."

### STRIKERS GO TO JAIL TO HELP UNION CAUSE

#### One Hundred or More in Los Angeles and Long Beach Are in Prison

LOS ANGELES, August 13.—The city jails of Los Angeles and Long Beach are filled to capacity with striking laborers arrested during the past week on charges of violating the ordinance against "picketing" recently enacted by the two cities.

In this city upward of a hundred arrests have been made, some of whom have been released on their own recognizance. The men are striking brewery and iron workers, who walked out some weeks ago. They have purposely caused their own arrests in order to test the "picketing" law, which is claimed by attorneys for the laboring men to be unconstitutional.

Fifty-three of the strikers are confined in one of the tanks of the city jail, where there are accommodations for but twenty, and the authorities have been petitioned by the strikers to remove them to some other prison. The men have all demanded jury trials. E. P. Kramer, the first man to be tried under the charge of picketing, was convicted and sentenced to pay a fine of \$50 or serve fifty days in jail. His case will be appealed to the supreme court.

In Long Beach the jail is filled with the striking workmen of the Craig shipbuilding plant, charged with "picketing."

## ITEMS FROM MILLER HILL

### HONEY IS STOLEN FROM ED REAMS' HIVES

#### Mrs. E. R. Reams Is Ill With Rheumatism—Mrs. Kirkendall Attends Dinner in City

Emmett Beeson returned from Tal-Mrs. E. E. Kirkendall and Vernon Keese drove to Klamath Falls Tuesday to attend a dinner at the home of H. W. Keese, in honor of Hon. J. S. Orr of Reno, Nev. Mr. Orr is an old friend of the family, and was formerly a law partner of Mr. Keese. Mr. Orr is accompanied by his son, Marshall Orr.

A young man visited one of the young ladies living near Miller Hill Sunday. While out horseback riding the young man had the misfortune to get thrown in the dust, but aside from a good dusting, no injuries were received.

Honey-hungry parties visited the bee hives of Ed Reams recently and stole a lot of his honey. Mr. Reams says he doesn't mind losing the honey so much as he does having his supers destroyed.

ent Monday evening, and Tuesday morning drove out to his farm. Seems rather slow to see Mr. Beeson driving horses when we have seen him spinning around in his auto.

Mr. Will Barks, the enterprising livey man of Midland, brought a load of grain to Klamath Falls Tuesday.

Mrs. E. R. Reams has been confined to her bed by rheumatism, but is slightly improved at this writing.

W. W. Masten is having some trouble binding his wheat, on account of short patches.

J. R. Dixon was in Klamath Falls Monday to meet Secretary Ballinger.

Fred Smith has begun binding grain on the Melhase place.

Homer Roberts was a business visitor in town Monday.

### TELLS OF BATTLE WITH THE MERRIMAC

#### Original Log of the Monitor Is Presented to the Navy Department

The original log book of the famous Monitor covering the period of her engagement with the Confederate ironclad Merrimac, in Hampton Roads on March 9, 1862, has been given to the navy department to be preserved among its historic records.

The restoration of the log to the department was due to Captain Louis Stodder of the United States revenue cutter service, now living in Brooklyn and an officer on the Monitor during her entire service. For years he has treasured the log among his most valuable possessions, but as old age has crept over him he desired to see it placed where its preservation might be assured.

The most interesting entries concern the fight with the Merrimac. Among the entries on Sunday, March 9, 1862, are the following:

"4 to 8 p. m.—Fine weather, and calm. At sunrise saw three steamers lying under Sewell's Point. Made one out to be the rebel steamer Merrimac. At 7:20 got under weigh and stood toward her and piped all hails to quarters. J. WEBBER."

From 8 to meridian—Fine, clear weather. The rebel steamers advancing and opened fire on the Minnesota. 8:20 opened fire on the Merrimac; from that time until 12 constantly engaged with Merrimac.

LOUIS STODDER. From meridian to 4 p. m.—Clear weather. At 12:30 rifle shell struck the pilot house, severely injuring the commander, Worden. 1 p. m.—The Merrimac is hauled off in a disabled condition. Stood toward Minnesota and received on board Assistant Secretary Fox of the navy. 2 p. m.—Captain Worden left Fort Monroe in charge of Sur genr Logue.

"GEORGE FREDERICKSON." Those who inspected the log today drew attention to the first entry, which should have been for the forenoon instead of the afternoon.

### HITCHCOCK ON A TOUR OF THE WEST

#### Starts Tonight for a Tour of New Mexico, Arizona and California

WASHINGTON, August 16.—Postmaster General Hitchcock started tonight on a tour of the West, and will go to the Pacific coast. He expects to return September 10th, to report on the political situation. He will visit New Mexico, Arizona and California. It is not known whether he will meet with Secretary Ballinger.

## WHAT THE KIDNEYS DO

### Their Unceasing Work Keeps Us Strong and Healthy

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Jesse Freeman, Sterling mine, Jacksonville, Ore., says: "I actually believe that Doan's Kidney Pills saved my life. I suffered from kidney disease for a long time before I realized what was the matter with me. My worst troubles were pains in my back and limbs and an irregularity in the passages of the kidney secretions. I was unable to rest well on account of the pains and felt so stiff and lame at times that I could hardly walk. I finally learned of Doan's Kidney Pills and as they were so highly recommended I procured a box and began using them. They seemed to be just what I required, for in less than two weeks beneficial results were apparent. When I had used seven boxes I was in better health than I had been for years."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

### Precautions

Ryan—For whol' 're ye puttin' up a fence Doyle, aither al' th' years ye've lived her widout?

Doyle—Well, th' fact is, Barney, th' docthor's bin at us t' take precautions agin thim microbes ye've heard of.

### ESTRAY NOTICE

One bay mare, about six years old, weight about 900; branded half circle on top of X on left shoulder; was shod all around when she came to my place.

One bay gelding, about three years old, weight about 800; cannot tell what he is branded.

Anyone claiming the above horses can get them at my ranch, eleven miles north of Bly, by paying charges and cost of advertising. These horses came to my place about May 10, 1910. L. A. RICHARDSON, 8-11-9-15 Bly, Oregon.

### RESTORATION TO ENTRY OF LANDS IN NATIONAL FOREST

Notice is hereby given that the lands described below, embracing 160 acres, within the Fremont National Forest, Oregon, will be subject to settlement and entry under the provisions of the homestead laws of the United States and the act of June 11, 1906 (34 Stat., 233), at the United States land office at Lakeview, Oregon, on October 10, 1910. Any settler who was actually and in good faith claiming any of said lands for agricultural purposes prior to January 1, 1906, and has not abandoned same, has a preference right to make a homestead entry for the lands actually occupied. Said lands were listed upon the applications of the persons mentioned below, who have a preference right subject to the prior right of any such settler, provided such settler or applicant is qualified to make homestead entry and the preference right is exercised prior to October 10, 1910, on which date the lands will be subject to settlement and entry by any qualified person. The lands are as follows: The NE 1/4 of SE 1/4, Sec. 8, the W 1/2 of SW 1/4, and the SE 1/4 of SW 1/4, Sec. 9, T. 28 S., R. 10 E., W. Nyal's Vegetable Prescription is indicated in all ordinary diseases of women. This remedy never disappoints, its good effects being perceptible from the very first. It is composed of the purest and the most reliable drugs; mercurials, opiates and other harmful drugs being excluded.

The many disconcerting influences to which woman is constantly subjected render her liable to many functional disorders that not only tend to destroy her comfort and happiness, but which gradually merge into chronic and serious diseases.

Nyal's Vegetable Prescription is without a peer for the successful treatment of female weakness, painful and disordered menstruation, hysteria, cramps, "bearing down pains," inflammation and falling of the womb. This is a remedy of sterling worth.
