

SIGHT OF SISTER REFUSED

BROTHER DENIED ADMISSION TO POINT LOMA INSTITUTION

George Patterson Says His Mother Was Induced to Leave Money to Katherine Tingley

SAN DIEGO, Sept. 22.—George L. Patterson, a son of Mrs. Clark Thurston, in a statement says that Katherine Tingley took his mother to the Theosophical institute from her Massachusetts home, and that she afterward drew a will leaving the bulk of her estate to Katherine Tingley.

Patterson has appealed to the courts to get possession of his sister, who is now in the Tingley home here. He said:

"My sister, Mrs. Quinn, has been declared incompetent after going to Point Loma. She has a home and money sufficient to provide for herself and children in New Castle, Pa. Why, then, does she want to stay here? I have made repeated attempts to see her, but have been refused. I want to take her to her children at New Castle."

Mr. Patterson said that he thought the \$6,000 yearly which his sister was paying for her support at Point Loma was the reason for his not being allowed to see her.

Tor three years the police have been in a turmoil over mysterious explosions which have caused serious injury to a number of persons and thousands of dollars damage to property. The police believe that the bombs have all been thrown by the same man, but so far they have not been able to apprehend him. Detectives who have been working on the case believe that both bombs were thrown from the elevated railroad platforms, as both buildings are near the elevated structure.

GROWS FINE VEGETABLES

F. C. MARKWARDT BRINGS SPECIMENS TO BOOTH

Burbank Wonder Berry Grows Four Feet in One Season—Potatoes Yield Well

As fine vegetables as can be grown anywhere are raised in Klamath Falls, the only trouble being that there are not enough grown to supply all the demands of the local market.

Thursday morning F. C. Markwardt brought in some splendid specimens of vegetables from his garden east of town, which have been placed in the exhibit booth of the Chamber of Commerce on the courthouse square.

One of the specimens is a Burbank Wonder berry, which was grown from a seed sent here this spring, and which is now a plant over four feet high and loaded with berries. Besides the Wonder berry Mr. Markwardt brought a Hubbard squash that weighs twenty-three pounds, a golden squash, a yellow squash and a gray squash, as well as a yellow pie pumpkin and a Japanese pie pumpkin.

He also had some specimens of potatoes which produced twenty-two pounds from two hills.

These specimens were not raised for exhibition purposes, but were taken from the garden with the other vegetables which he grows for the market.

There are no better vegetables raised anywhere than are grown here, and if more men were engaged in the business it would not be necessary to ship anything of that nature into this city.

GIRL WHOM DR. BURKE TRIED TO DYNAMITE RETURNS

Will Testify Against the Man Who Attempted to Take the Life of Herself and Her Child

SAN FRANCISCO, Sept. 23.—Miss Louetta Smith, the chief witness against Dr. Willard Burke, who is under indictment for dynamiting his sanitarium near Santa Rosa, returned today on the Chyo Maru from Japan, where she had been for the past seven months. It is alleged that she left so as to avoid testifying against Dr. Burke. She declares that she returned voluntarily, and is willing to testify.

Miss Smith was the principal victim in the dynamite plot, and declares that letters submitted by Dr. Burke said to be signed by her, exonerating him, are false.

Miss Smith said that she stayed at the home of Miss Dorris before she sailed for Japan, and denied that she was ever approached by Burke's attorneys. She brought her child with her and has named the boy Willard.

Attorney Lea was waiting at the pier, and was the first to board the vessel. He had a private conference with her before he allowed the girl to be seen by newspaper men. She refused to answer the questions about the money on which she had fled.

Miss Smith was an inmate of Dr. Burke's sanitarium and last spring dynamite was exploded near her tent in an effort to kill her and her child. She claims that Dr. Burke is the father of her child, and that it was he who sought her life, as she had threatened to compel him to marry her.
