### POLITICAL INFLUENCE OF WOMEN

A Timely Opinion by Miss Alice Hill Chittenden of New York  
One of the fundamental differences between the suffragists and anti-suffragists as I see it, is that the former clings to the belief that the ballot in itself is a panacea for all existing evils and all powerful as a remedial agent of government, while the latter recognizes in these opening years of the twentieth century the development of a power more potent than the ballot—a power which at present we call educated or enlightened public opinion. The ballot hasn't solved our child labor problem, and never will. The ballot hasn't solved the negro trouble, it has tended rather to complicate it, but an awakened public opinion has decreed that these problems and others akin to them shall be taken out of the realm of politics and be considered and dealt with from an economic and humanitarian point of view, and this is being done through the conferences and congresses on child labor, the care of dependent children, tuberculosis and other questions, which are being held throughout this country today. And in these conferences the woman's voice is heard equally with the man's. She isn't excluded from participation in such work because she hasn't a vote, neither is her influence lessened as a member of these committees for that reason. Here is a great field of activity and usefulness for woman, a real chance to serve the state.  
I do not hesitate to say that those of us who are opposing the extension of suffrage to our sex, entirely eliminate the personal element in our consideration of this subject. It is not a question of whether we want to vote or do not want to vote.  
Woman can have her share in politics if she will. The ballot isn't all. The mere will she is so eager to clutch doesn't in the battle of politics count for more than an ounce in

### SPUR TRACK BEING LAID TO MIDLAND WAREHOUSE

Merry Birthday Party at the Home of Mr. Ady—Baby Boy at Mr. Hooper's Home.

A large crew of men are busy laying a track to the warehouse. This will greatly lessen the labor of shipping grain from Midland. It is to be hoped that the Southern Pacific will continue the good work and build a substantial depot. Everybody boost for Midland.

Sheriff Barnes passed through Midland Monday, and tacked up some election notices.

The home of Mr. Ady was the scene of a merry party Saturday afternoon, when their daughter, Miss Doris, celebrated her 9th birthday. Games were played, and a dainty lunch served. This charming little hostess had as guests: Stella Hooper, Ida Hooper, Clyde Barks, Carl aBrks, Mildred Morgan, Dee Ady and Ard Ady.  
George Kelly, who formerly lived near Merrill, but who now lives in California, is visiting with Wm. Barks. He and Mr. Barks are old time friends.

Mrs. Bowen, who has been away from Midland for some time, has returned to her home here.

J. W. Deputy has finished threshing for Mr. Lingley, and came to Midland at noon Tuesday to thresh his own grain.

Harvey Deputy was in Midland Tuesday hunting men to work on the thresher.

William Barks and Mr. Kelly went to Klamath Falls Tuesday.

Mrs. Davison has been quite ill for several days, but is some better at present.

Mr. Gilroy has a number of men digging pitatoes for him.

A baby boy came to the home of Mr. and Mrs. Hooper Saturday morning. Dr. White was in attendance. Mother and babe are doing nicely.

While Dr. White was going home Saturday in his auto he had the misfortune to break down, and had to be hauled to Klamath Falls.

### MILLER HILL HAPPENINGS

Roy Kinsman came down from his homestead Saturday.  
E. E. Kirkendall and Scott Barnes and wife went up above Pine Grove after wood Saturday.

Mr. Ward and Ed Dunn rode up to the hills Sunday.

Burr Terry and Mr. Shoemeyer are doing some fall plowing.

J. W. Smith was a visitor at the county seat Saturday.

Mr. Terry had a colt badly cut by barb wire Monday.

A jolly crowd assembled at E. E. Kirkendall's Saturday evening, and music was enjoyed until a late hour.

### She Knew

At the tea table the other evening little Mary, aged 3, saw me about to help myself to a fresh spoon from the holder, and promptly offered me hers. "Here's a clean one, Auntie Belle, I licked it."—Delineator.

TO VOTERS  
Less than 300 voters in the district affected signed the Washington-Multnomah county annexation petition; 500 in the district have signed a remonstrance, practically all outside the district are against annexation, yet you are called upon to vote the addition of practically one-fourth of Washington, one of the smallest counties, to Multnomah, already the wealthiest, most influential and powerful. Voters of the state outside of the counties affected can know but little of these county division measures. We of Washington know nothing of the merits of those not affecting us, and believe such questions should be left to the counties affected. Washington county cannot afford to lose this territory, and Multnomah does not need it. We ask you to vote 339 X No.—W. D. Wood, Chairman Anti-Annexation Committee, Hillsboro, Oregon.—Adv.  
Fire Association Directors Meet  
The board of directors of the Klamath-Lake Counties Forest Fires association met Monday and audited the accounts of the season's expenses. The method of procedure was talked over, but the actual preparation for next year's work will not be decided until the annual meeting of the board next spring.
