H. L. BENSON FOR CIRCUIT JUDGE

One of the Ablest Attorneys of the Oregon Bar

In the republican candidate for the office of circuit judge the voters of this county have in Henry L. Benson one of the ablest exponents of the law in the state of Oregon. Judge Benson is not a candidate from choice. He was forced into the race over his steadfast protests, and only consented to be a candidate after he was told that he would be placed on the ticket whether he consented or not. Two years ago Judge Benson retired from the bench, for the reason that he was making too great a sacrifice to continue longer as judge of this district. His refusal to be a candidate this year was based on the same reason. Enjoying one of the largest practices at the local bar, he makes a great sacrifice to heed the call of the people, and it is this fact that will bring to him hundreds of votes on election day. It is a case of the office seeking the man—seeking him for the reason that the people of Lake and Klamath counties recognize that he possesses the ideal qualification for judge. His record on the bench was one of fairness and justice. No man was so high and none so humble that he needs fear having his case tried before him, and it was this well known qualification of his that made his administration of justice in the two counties comprising the district so satisfactory as to create the widespread demand for his return to the bench.

JUDGE BENSON WILL CARRY LAKE COUNTY BY BIG VOTE

C. M. O'Neill and J. D. Carroll Return From there With the News

That Judge Benson will carry Lake county by a majority ranging from 250 to 300 is the statement of J. D. Carroll, who returned from Lakeview Tuesday night in company with C. M. O'Neill, who went to Lake county to defend the Kuhl boy, who was accused of horse stealing.

"I was dumbfounded at the popularity of Judge Benson in Lake county. Irrespective of party lines he is receiving support from all over the county, and a careful canvass convinces me that he will carry that county by at least 250 majority, the probabilities being that it will exceed 300. Such a majority from there shows that he is receiving a large democratic vote in addition to the vote of his own party. There is some opposition within the ranks of the party, but this will not seriously affect his vote.

"Lake county is a wonderful section, and with railroads will develop into one of the wealthiest sections of the state. The people there are progressive, and everyone seems to have money. The banks have so much money that they do not know what to do with it, which is a fair indication of the stability of the county. I never met a finer lot of people than the residents of that county."

The news of Judge Benson's popularity will be pleasing to his many friends here. It was expected that he would receive a big vote in Lake county, but nothing as large as that stated by Mr. Carroll was looked for. Throughout this county he is receiving the solid support of the party, and the indications are that his majority in Klamath county will exceed 500.

PRESIDENT SHOULD BE CHOSEN AT PRIMARIES

Senator Bourne Pushing a Scheme Looking to That End—Leaves Candidates Free to Act

WASHINGTON, D. C., Nov. 1.—

Senator Jonathan Bourne Jr. is pushing a scheme providing for the expression by popular vote of the choice for president and vice president at the primary elections, and also for the selection of delegates to the national conventions. Speaking on the subject he said:

"It is the only right principle. By the present method aspirants for those offices are under obligation to individuals for the support of the state delegations. Under my statement candidates are under obligation to nobody but the people, and they are left free to serve their best interests."

MILLER HILL ITEMS

Mr. Hibbert's thrashing machine is in our neighborhood, and has thrashed for Mr. Castle, J. W. Smith, Burr G. Terry, Will Mason, E. E. Kir-

kendall, Chas. Poindexter and will do work for several others.

Tuesday evening the thrashing crew of Mr. Hibbert spent the evening at Everett Kirkendall's. There is considerable musical ability among the crew, and a pleasant time was had enjoying music until a late hour.

The mudhole in the county road west of Miller Hill is being filled in and graded, and will be a great improvement to this piece of road.

MIDLAND SCHOOL NEWS

The new library books for the school have been received, and the pupils are enjoying them very much.

District No. 37 received only seven books, but Superintendent J. G. Swan very kindly loaned a few books to the school.

Mrs. Kirkendall purchased a set of reference books for the use of the pupils, and subscribed for several magazines to be used in school.

The following pupils were neither absent nor tardy during October: Dorothy Morgan, Carl Barks, Esther Morgan, Ila Hooper, Mary Kelly, Mildred Morgan, Bertha Kelly, Jacob Myers. The following were present every day, but were tardy several times: Dee Ady, Dorio Ady, Aard Ady, Elmer Sutton, Rupert Sutton.

MIDLAND MUSINGS

J. P. Morgan has turned some of his horses in Mr. Castle's field.

A. Liskey expects to begin sowing rye this week.

Mr. E. G. Hoy has finished digging his potatoes. He had forty acres.

Guy Merrill took some horses to Miller Island this week.

Allison Davidson and Bert Mathews expect to leave for Bly next week to trap.

Mr. and Mrs. J. D. Morgan were in Klamath Falls Monday.

J. D. Morgan and George Williams are working for Mr. Patterson on the Short ranch.

Mrs. Berry Stiles, who has been visiting with her mother, Mrs. Hooper, returned to her home in Klamath Falls Saturday.

Ralph Vincent is grading his yard, and will soon have it in good condition.

Stiles Brothers are hauling grain to market.

Some very good work is being done on the roads in the vicinity of Midland.

Mr. Mitchell will ship six or eight carloads of cattle from Midland on Friday.

Henry Parrish brought in some cattle to put in Mr. Ady's pasture.

Mr. Collit and Mr. Myers and his son are visiting at the home of Abel Ady, and have been looking over the country, having gone to Merrill, Swan Lake and other points.

Chas. Parrish and Guy Merrill expect to ship several carloads of horses soon.

Walter Turner, Edna Depuy and Pearl Davidson attended the dance at Merrill Friday night.

Mrs. Ed Sutton returned home from Ashland Tuesday, where she was called by the illness of her father.

SENDS OFFICIAL TO JAIL FOR CONTEMPT

President of Wireless Company Refuses to Produce Books to the Federal Grand Jury

NEW YORK, Nov. 1.—Federal Judge Laconbe this morning sent to the Tombs C. C. Wilson, president of the United Wireless Telegraph company, on a charge of contempt. He is to remain there until he produces letters and books which the grand jury demands. The directors of the company have been ordered to produce the books under penalty of contempt. Wilson and others have been indicted for using the mails to defraud in the selling of stock in their company.

ON THE WAY TO TAKE NEW CENSUS OF TACOMA

Will Use 150 Local Enumerators and the Work Is Not Expected to Take Over a Week

WASHINGTON, D. C., Oct. 21.—Chief Census Statistician Hunt, accompanied by L. V. Boales, his confidential clerk, is on his way to Tacoma, and will arrive Wednesday. He said before leaving:

"Ten or twelve Pacific coast experts will assist in the recount. I expect to employ 150 local enumerators, and the work will not take us over a week."

SPANISH THRONE IN DANGER

ARMED REVOLT AGAINST THE KING IS IMMINENT

Wholesale Arrests Are Made and the Jails Are Filled With Plotters Against the Government

LONDON, Nov. 2.—A Lisbon dispatch says the Spanish government uncovered a revolutionary plot just before it was to be sprung, and wholesale arrests are simultaneously being made everywhere in Spain.

It is believed an armed revolt against King Alfonso is imminent. The Madrid jail is filled with plotters who were arrested for trying to instigate an uprising in the army this afternoon.

The absence of news from Spain suggests that something extraordinary is happening. The reservists object to service in Morocco. Spain is trying to collect \$31,000,000 indemnity from Morocco. If the punitive expedition sent to Morocco for the purpose of enforcing payment of the indemnity fails and the government is forced to summon the reservists again it is believed internal warfare is inevitable.

PLANS CALL FOR TWENTY STALLS

THE S. P. PREPARES FOR ERECTION OF BIG BUILDING

Work on the First Two Will Commence at Once, Remaining Eighteen to Follow Soon

The first step toward making Klamath Falls the center of its activities in this section of the state has been taken by the Southern Pacific Railroad company, and it is to be hoped that all of the role called for in the plans will be carried to completion at once. Work will commence at once on the erection of a roundhouse which when completed will have twenty stalls. The first two of these will be built at once, the other eighteen following as rapidly as the demands of the company require them.

The building of a twenty-stall roundhouse is not an indication that the Southern Pacific is going to abandon Klamath Falls, but leads one to believe that it proposes to make it the center of its extensive activities in this part of the state. With a roundhouse of sufficient capacity to accommodate twenty engines, it means the creation of a weekly payroll that is to play an important factor in the development of the business institutions of this city. It means that there must necessarily be employed here a large force of men whose duty it shall be to keep these engines in repair. Inasmuch as there are no heavy grades on this part of the system there follows the suggestion that the company eventually proposes to erect machine shops of no small capacity. It has been said that the general repair shops of the system would be located here, inasmuch as they would accommodate the rolling stock of the O. R. & N., the Southern Pacific, the Oregon Eastern and the Modoc Northern. It is understood that as soon as the road between this city and Natron is completed that part of the system will come under the supervision of the Portland end of the system, or the management that now operates the O. R. & N. Should this prove true shops located at this point would be admirably situated for the repair work of that part of the Southern Pacific system.

FALLIERES REORGANIZING THE FRENCH CABINET

Members Resigned Because of Their Objection to the Handling of the Railroad Strike

PARIS, Nov. 2.—The French cabinet has resigned and President Fallieres in an effort to reorganize the cabinet, is choosing ministers whose views accord with those of Premier Briand. It is believed the new cabinet, with Briand as premier, will be presented to the chamber of deputies tomorrow for confirmation. The resignations which have been accepted resulted from differences of opinions respecting the handling of the railway strike, which Premier Briand ended by calling out the reservists.

Premier Briand tonight agreed to head the new cabinet after a long conference with President Fallieres.

BATTLESHIP MAINE BLOWN UP BY A CUBAN

Member of Investigating Board Says President Knew Man's Name Before War Was Declared

KANSAS CITY, Nov. 2.—That a submarine mine caused the blowing up of the battleship Maine in Havana harbor, and that the name of the person was known to President McKin-

ley and the secretaries of war and the navy before the war with Spain was declared, is a statement made by Captain Jasper Brady, one of the four American officers on the investigating board appointed to learn the cause of the disaster, who is now lecturing. He said:

"Jose Zalvaldo, a Cuban, turned the switch at Moro castle which fired the submarine mine. A piece of cable connecting the mine and the castle is now in the custody of the navy department at Washington. I do not know why it was never made public."

Story Not Confirmed

WASHINGTON, D. C., Nov. 2.—The officials here refuse to confirm the statements made by Captain Brady.

TROUBLE WITH STRIKERS

SOCIETY WOMEN ROUGHLY HANDLED BY POLICE

Riots Occur in the Garment Workers' Strike in Chicago, and the Patrolmen Use Clubs

CHICAGO, Nov. 2.—A dozen riots occurred here today between the striking garment workers and the police, society women who are interested in the struggle sharing in the rough handling by the police, and clubs were freely used. This afternoon the strikers refused to disperse when ordered to do so by the patrolmen, who then fired into the mob, which scattered.

FURNISHES CRUSHED ROCK FREE

HELPS MIDLAND FARMERS MAKE BETTER HIGHWAYS

Owners of Land Along the Thoroughfares Haul the Stone to Place Where It Is to Be Used

The question of the building and maintenance of good roads in a community is one of the most important that confronts the officials conducting its affairs. A good road, while it pays to have them, is the source of considerable expenditure of the public funds. Klamath county has tried for several years to build good highways through the various districts, and has expended much money in the improvement of the thoroughfares. But the county commissioners have at last found a way by which better highways may be provided and at the same time the county be saved fully half what would otherwise have to be paid out, and which might not have been done at all had the county been compelled to bear the entire burden.

The county owns a rock crusher with which the rock for the road is prepared, and the commissioners now are agreeing with the farmers in various parts of the county that if they (the farmers) will haul the crushed rock to the places where it is needed the county would furnish the rock free.

The people living in the vicinity of Midland have signified their willingness to avail themselves of the opportunity of getting the rock with which to improve their highways, and they are now putting down about 100 yards a day. Most of the farmers can spare their teams for a day or two at a time in this way, and they get the good roads and at the same time the county is saved about half the expense of improving the highways. The work is done under the direction of a road supervisor and by the efforts of the farmers, with the assistance of the county in furnishing the crushed rock, many of the county highways will be made passable this winter where there would have been difficult hauling had the county not furnished the rock free.

In conversation with a Republican reporter Wednesday, County Judge Griffith said:

"I don't know what other persons may think of such a scheme, but I believe that it is the only one by which this county can get the roads when they are needed, and that is right now. It saves the county half of the expense, and if the farmers in any locality care enough for their roads to haul the rock I believe that the county should furnish it free to them. As long as I am in this office that shall be my policy, and I shall do all in my power to aid in securing better highways for Klamath county."

Alex Martin Sr. Is a Well Man

The many friends of Alex Martin Sr. will be pleased to learn that he is now as well as ever, weighs 198 pounds and is feeling fine. A picture taken of Mr. Martin recently, and which Dr. Martin is showing to his friends here, shows him exercising with Indian clubs, and from his appearance one would think that he had never been ill in his life.

TAFT MAY NOT RUN AGAIN

SAYS HE WILL NOT BE IN WHITE HOUSE IN 1914

Not Known Whether Statement Is Made in Jest or in Earnest, But Is Deemed Significant

WASHINGTON, D. C., Nov. 2.—President Taft told the women representing the Sisterhood of Rodeph Shalom of the Jewish congregation at Pittsburg that he did not expect to be in the White House in 1914. When the women invited President Taft he smiled and said that he expected to be living in Cincinnati then, and would be glad to run over. The committee was nonplussed, and left without inquiring whether the statement was made in jest or in earnest. The statement is believed to be significant of President Taft's not being a candidate for re-election in 1912.

Stole His Dog

Four traps stole the golden cocker spaniel owned by Percival Sholl from his home on the West Side last Saturday. They are supposed to have taken the animal to Ashland.

KICKED IN THE HEAD BY THE ANIMAL

WIRE SWEEPS HIM FROM SADDLE OF BUCKING BRONCHO

Nails in Soles of His Shoes Prevent Him From Freeing His Feet From the Stirrup

A bucking horse, a wheelbarrow, the guy wire to a telegraph pole and hob nails in the soles of his shoes formed a combination that nearly put Charles Harris out of commission last Monday evening.

Harris lives two miles out on the Fort Klamath road, and was riding a horse belonging to himself and Chester Hillyer. As he turned the corner of the city hall the horse became frightened at a wheelbarrow containing a lot of hose. The horse began to buck, and while doing so sprang under the guy wire to the telegraph pole at the corner and the wire caught Harris across the chest and swept him from the saddle. The hob nails in the soles of his shoes prevented him from freeing his foot from the saddle, and as he fell the horse kicked him with his iron-shod foot, and cut two deep gashes in the top of his head and fracturing his skull slightly.

A lad named Snider was standing near, and he caught the plunging horse by the bridle and held on to him, although the frightened animal dragged him a considerable distance before he finally got him stopped. Harris was taken to Dr. F. M. White's office, where his wounds were dressed.

Had it not been for Snider's grit in hanging to the bridle of the broncho the frightened animal would have killed Harris. As it was it was a narrow escape.

POLICE SEEK THREE MEN ON CHARGE OF MURDER

Slay Man Because He Had Refused His Consent to His Daughter's Marriage

SAN FRANCISCO, Nov. 2.—The police of the bay cities are seeking Antone Braganza and his two brothers, who are alleged to be implicated in the killing of Antonio Valentino this morning. Valentino was shot while in bed by one of the three men who entered his window. They had a quarrel yesterday over Valentino's daughter, 14 years of age, whom Braganza wanted to marry, but who was refused. Valentino's wife witnessed the killing. The murderers pointed a weapon at her head and backed out of the house and escaped.

PRESIDENT ROOSEVELT TO MAKE SPEECHES

Delivers an Address at Baltimore Tonight and Speaks in Iowa Towns on Friday

NEW YORK, Nov. 2.—Ex-President Roosevelt arrived from Buffalo shortly after 10 o'clock this morning and left at 11 o'clock for Baltimore, where he will address the Methodists tonight. He speaks Friday at Davenport, Des Moines and other Iowa towns, and will speak in Cleveland, Ohio, on Saturday.

TEAMSTERS ANGRY BECAUSE POLICE GUARD WAGONS

Promise of Advance in Wages Refused Because the Union Is Not Recognized

NEW YORK, Nov. 1.—The most serious tieup in New York's history is threatened. The teamsters' union officials are enraged because policemen

are guarding the express wagons and threaten to call out every union teamster in the city unless the police are withdrawn. All compromises have failed because the companies will not recognize the union. The union refuses to accept the increase without recognition.

Val Hoffman, vice president of the International Brotherhood of Teamsters, declares that the department store drivers and coal wagon drivers are ready to strike at a moment's notice. One thousand strikebreakers arrived yesterday.

A Virginian has patented a saw which may be used by persons of unequal weight, the length of the arms being adjustable.

HORSES WANTED

I want two or four horses for farm work in exchange for their winter's keep.

H. G. FAIRCLO,
Merrill Route.

WANTED—Ten tons of scrap cast iron, in large or small quantities. Bring what you have. Price 1 cent per pound. Klamath Falls Iron Works.

WANTED—Good 16-inch stove wood, Juniper preferred. Call on W. E. Coman, Republican office, Fourth street, opposite courthouse.
