He stated that the Warren Construction company would give the city the rock on Main street where it is now spread, provided the city would agree to put the street in the same condition in the spring that it is now. This the city agreed to do, and the crushed rock now between Third and Sixth streets will be respread and utilized this winter.

Figures on the three-inch lumber necesary to make the sixteen-foot roadway contemplated to be put down given at \$15.50 per thousand delivered where needed.

The cost of the proposed plank roadway was estimated to be \$3,600. The laying of the plank or some other suitable material for a roadway will be taken up by the council in a short time. It is proposed that the plank be laid near the bridge for a
