

# HIGH LICENSE FOR SALOONS

\$2,500 A YEAR SEEMS TO BE THE FIGURE DESIRED

## MAY CLOSE RED SLEEVE DAIRY

Street Paving Bonds Are to Be Advertised—Arrange for Third Unit of the Sewer System

The meeting of the council Monday night was an interesting one in many respects. A number of matters of importance to the city were taken up, among them being the draft of the saloon ordinance which is to be acted on at a future meeting, and the report of the health committee on the dairies in the city.

### The Saloon Ordinance

Judge Drake presented a draft of the proposed license governing the sale of liquor in the city. It is a stringent measure, and covers all phases of the traffic. It embraces twenty-one sections covering in substance the following:

- 1.—Defines what is liquor and what constitutes the traffic.
- 2.—That it shall be unlawful to sell liquor without a license.
- 3.—Sale by less than a gallon is retail; more than that is wholesale.
- 4.—Licenses cannot be transferred nor the location of the business changed. No license to be issued for less than six months nor more than one year. Petition for license must give name of applicant, the name of the owner and location of the premises to be occupied, and a bond of \$1,000.
- 5.—No license is to be issued until the fee is paid.
- 6.—Wholesale liquor men cannot sell less than one gallon.
- 7.—Retail liquor dealers cannot sell more than one gallon.
- 8.—The license must be displayed.
- 9.—No minor, woman, Indian, habitual drunkard or criminal can be permitted to loiter in the saloon.
- 10.—Cannot sell to minors, Indians and others specified.
- 11.—Not to be sold on election day while the polls are open nor on Sunday.
- 12.—No lewd pictures or statues can be hung or placed in rooms where liquor is sold.
- 13.—No faro, roulette, poker, twenty-one, or other games of chance can be conducted in any room in the building where liquor is sold; this includes hotels.
- 14.—No woman or minor can be employed in a place where liquor is sold.
- 15.—No entrance is to be permitted except such as opens directly into the barroom.
- 16.—No boxes or booths may be maintained, nor "family" entrances.
- 17.—No screens are to be permitted before entrances, and the doors and windows must be so arranged that an unobstructed view of the interior of the room may be obtained from five feet from the ground.
- 18.—A minor who buys is equally as guilty as the one who sells.
- 19.—The penalty for violation shall be a fine not to exceed \$100, or imprisonment not to exceed fifty days.
- 20.—The council can revoke the license for any violation of the ordinance, the person accused to have five days' notice before the revocation, and no license is to be again issued to the person whose license is revoked.
- 21.—Qualifications for a license: The applicant must be an American citizen, who has never been convicted of a felony, who has not had a license revoked on a previous occasion, and who has never sold liquor to minors.

The foregoing is the substance of the ordinance, the draft of which was read to the council.

The latter section was somewhat criticized, as it is not supposed that a "Sunday school man is going to engage in the saloon business."

### License High

A canvass of the members on the question of the retail license was taken, and resulted as follows:

Wilkins	\$2,500
Castel	1,200
Willits	2,500
Stone	2,500
Summers	1,200
Waldron	3,800
Hanks	2,500

The wholesale license was set at \$500.

### Fire Equipment

The ordinance governing the issue of \$5,000 bonds for the purchase of fire fighting equipment, was not taken up, as there is an emergency clause to it, and the requisite eight members were not present.

### Petitions

A petition requesting that a sidewalk be constructed on the west side of Pine street across from the Klamath Development company's office,

was referred to the mayor, who will investigate the matter.

The council decided that hereafter when a petition is presented which relates to any property the petitioners must describe the property in the petition or their request will not be given any attention. When this is not done it involves too much labor on the part of the council.

### Unclean Dairy

The health committee has been investigating the possibilities of disease germinating localities and the causes of sickness, giving special attention to dairies. The recent prevalence of typhoid in the city was the chief cause of the investigation, and the following report was received from Dr. R. R. Hamilton, secretary of the health committee:

"Klamath Falls, Ore., Dec. 16, '10. To the Honorable Mayor and City Council:

"Gentlemen—I recommend the immediate closing of the dairy known as the Red Sleeve dairy, and owned by Mr. John Robins. I have warned Mr. Robins twice in regard to the unsanitary condition of his place, but it appears he does not intend to remedy matters.

"The place is filthy, and it is utterly impossible for clean milk to be delivered from such a barn. Very respectfully,

"R. R. HAMILTON,  
"Sec'y Health Committee."

In view of the report, the council declared the place to be a nuisance, and Mr. Robins was ordered to abate the same at once by cleaning his stable and premises, or the chief of police will enforce the orders of the council and see that the dairy is closed.

### Bonds

It was decided to advertise for bids for the bonds for the construction of the paving in the first unit, and Mr. Olson, representing the Warren Construction company, stated that his company would take the bonds to the extent of the warrants that had been issued to the company, which is about \$25,000. The bids will not be called for until the ordinance governing the question has been passed.

### City Hall Site

F. H. Mills, owner of the property which the city has selected as a site for the city hall, notified the city that his option would not be withdrawn if the city would pay the interest on the purchase price, but that the city could have the privilege of the option until it chose to take it up.

Councilmen Wilkins, Castel, Hanks, Summers, Waldron, Stone and Willits were present when the meeting was called to order.

### PROSPECTS ARE GOOD FOR AN OPEN WINTER

W. C. Neff Came Down From Odessa by Boat Sunday, Where He Had to Skate Last Year

If the signs are to be believed there is to be an open winter this year. W. C. Neff, chief ranger of the Crater Forest, came down from Odessa Sunday by boat, and he said that last year at this date he came down on skates.

While there is eight inches of snow at Odessa, the pelicans, geese and ducks are plentiful, and it looks as though there was to be an open winter. He picked a large pelican up from the water as his launch was on the lake a few days ago, and took it home with him. He caught fish for it to feed on, but it refused to eat, and he put the bird back in the water again. It is still near the place, however, and refuses to leave.

Mr. Neff is on his way to Portland on official business, and will be gone a week or ten days.

### STEALS JEWELRY BELONGING TO MRS. McMILLAN

Walks Boldly Into a Room and Ransacks the Drawers in the Dresser—No Claw

A bold burglar entered the room of Mrs. McMillan, proprietor of the Lakeside Inn, between 7 and 8 o'clock Monday night, and after ransacking the dresser and tearing open several packages that had been prepared for Christmas gifts, made his escape, and up to this time no trace of him has been found.

Mrs. McMillan leaves the key of her room in the lock so that her daughter could enter any time she cares to do so. She had a number of Christmas presents wrapped up ready for mailing, and these included a silver Elk's card case. The room is at the end of the hall on the office floor, and overlooks the stairway leading to the back yard.

The robbery was evidently committed by some one who was well acquainted with Mrs. McMillan and the house, for the deed was committed during Mrs. McMillan's temporary absence. She had thrown on her cloak and gone to Chitwood's drug store for some Christmas cards to be sent with the presents. She was only absent a few moments when her daughter, Marie, came into the store and told her that the room had been robbed.

Her 8-year-old grandson, Hugh Anderson, had purchased a present which he wanted to show his grandmother, and came running down the hall toward her room. As he turned the corner a man came hurriedly out of the room, and in his haste caught his toe on the chiffonier standing near the door and stumbled. The little fellow thought it was the porter, and called out to him, but the man hastily picked himself up and ran down the back stairs.

An examination of the room showed that a glass jar containing some valuable jewelry belonging to Mrs. McMillan had been emptied of its contents, and that the bureau drawers had been turned topsy turvy.

Fortunately he overlooked a number of pins that had been left in the collars which were in the drawers, and these were saved. But he carried off several Christmas presents which had been gotten ready to be sent away.

No claw other than that he had on a light hat and an overcoat has been found.

### APPOINTMENT OF TAX COLLECTOR IS URGED

Argument is Made That the Sheriff Has Enough to Do Enforcing the Criminal Law

A petition is being circulated and extensively signed, asking that a law be enacted creating the office of tax collector in cities and counties, thereby relieving the sheriff's office of that work. The argument is advanced that the sheriff has enough to do enforcing the criminal laws without acting as tax collector. The following is the form of the petition:

"We, as citizens and taxpayers of the county of Klamath, state of Oregon, do hereby request that a law be enacted by the legislature appointing a tax collector for the collecting of our city and county taxes. With the increasing population of our cities and counties the sheriff has not sufficient time for the executing of his duties in maintaining law and order, and should be relieved of tax collecting. Therefore, we, as voters and responsible property holders, would suggest that the collecting of town and county taxes be included in the duties of the county treasurer, or a special officer be elected for that purpose, so that our sheriff's time may be entirely devoted to the enforcement of the criminal and statute laws of our cities and county."
