FORTY THOUSAND ACRES SAID HOLIDAY HAPPENINGS TO HAVE BEEN SOLD AT MIDLAND

Tract Is Situated on Jenny Creek and Lies in Klamath and Jackson Counties

The report comes from Pennsylvania that the famous Hopkins tract of timber has been sold to an Eastern syndicate. This tract lies along Jenny Creek in Klamath and Jackson counties, and comprises 40,000 acres, and contains what is said to be the finest body of standing sugar pine on the coast. The price paid for the entire tract was \$3,500,000. The deal is supposed to have been made by J. S. Silsby of Ashland, who has been in the East for some time making the negotiations.

The principal owner of this tract was former Congressman Hopkins of Pennsylvania, and associated with him was his nephew, J. G. Pierce of this city. Mr. Pierce is said to have owned a quarter interest in the timber, and he will thus realize from the sale something better than three-quarters of a million dollars.

The new syndicate, it is reported, plans to begin manufacturing within the next few years. Sawmills are to be erected and logging roads and camps built.

AN EXCOMMUNICATED MEMBER MAKES STATEMENT

Two Factions Are Forming in Christian Science Church — Mrs. Stetson's Ideas Derided

NEW YORK, Dec. 30.—Members of the "regular" Christian Science church are stirred up over the statements attributed to Mrs. Augusta Stetson, who was excommunicated from the church last summer. Mrs. Stetson says that Mrs. Eddy will rise up and demonstrate an "everlasting life."

Eugene Cox, the head of the publicity committee, made a statement in which he says: There is nothing in the teachings of Christian Science or the writings of Mrs. Eddy to justify the statements of Mrs. Stetson. Mrs. Eddy has repeatedly said that she is not a second Christ, and that there was, is, and never can be but one God.

It is believed a big schism will grow out of the statements of Mrs. Stetson, who has already a big following.

NO MORE FIGHTS ARE TO TAKE PLACE

If One Tong Member Kills a Member of Another Society an Indemnity Will Be Paid

NEW YORK, Dec. 30.—Peace between the Chinese tongs has been declared all over the country. The four brothers of the On Long tongs last night declared an everlasting peace. The sages drank cups of rye wine, commemorating the agreement and two officials from the Chinese legation at Washington witnessed the signing of the peace pact. Under the terms the peace extends over the entire country. Each tong agrees to turn murderers over to the Chinese Merchants' association, who will deliver them to the police, insuring a swift trial. Each tong pays the debts the members owe to other tongs. Gambling debts will be liquidated promptly. Whenever a tong member kills the member of another tong indemnity will be paid and the wronged tong will not be permitted to seek retribution.

Suffering With a Bad Knee

Louis S. Splawn is at the Oregon house suffering with a bad knee, caused by being thrown from a horse about three weeks ago, while he was working at the reservation. County Judge-elect Worden and County Commissioner Sam Summers are investigating the case. His knee is badly swollen, and it is believed that he is suffering from tuberculosis of the bone. He is in bad condition.

First View

"So this is a court room," whispered one of the fair women interested in the tuberculosis fight. "Yes," replied her escort. "Well, where are the wheels of justice I hear so much about? I'd like to see them."—Detroit Free Press.

Mrs. Gilroy scrubbed the school house floor, and then applied a coat of oil, which greatly improved the appearance of the room.

The people of Midland were grieved to hear of the death of Mr. Hickman, who lived near Spring Lake school house.

TWO KILLED AND FOURTEEN INJURED

MACHINE GUN IS USED TO DISPERSE ANARCHISTS

Building in Which the "Reds" Took Refuge Is Burned During the Conflict

LONDON, Jan. 3.—Seven anarchists were incinerated, two firemen were killed and seven firemen, two policemen, a sergeant and one sergeant of the Scots Guards, one patrolman and two spectators were fatally shot in a desperate seven-hour battle between the police and anarchists in the heart of the slum district today. The anarchists barricaded themselves in a house and defied arrest. A thousand shots were fired from machine guns that had been summoned at the direction of Home Secretary Churchill, who personally directed the attack.

The house was shelled, and the anarchists were driven to the roof, still fighting. The trouble started this morning, when 300 policemen searched the slums for "Peter the Painter," and "Fritz," who are wanted in connection with the murder of three policemen in the Houndstock fight on December 26th.

They found the pair in the house on Sidney street, and when they rapped on the door they were answered by a fusillade from within.

The police had not carried weapons, and retreated, three of them being shot. The guards were summoned and surrounded the house, which was riddled with bullets.

It is believed that five other anarchists joined their comrades. An attempt was made to smoke out the anarchists, but it failed.

Business in that section of the city was entirely suspended. A million people flocked to the scene, and were checked with difficulty by the police. The machine guns set the house on fire, and the flames spread to other buildings. Two firemen were slain as they were entering the building with the hose. The anarchists are members of a burglar gang which is said to have international scope.
