

FINE EXHIBITS FOR LAND SHOW

SECRETARY OLIVER MAKING BIG PREPARATIONS

WE'LL BE REPRESENTED AT LAND SHOW

At the Close of the Big Los Angeles Exhibition, Special Excursions Will Run to This City

Secretary C. T. Oliver of the Chamber of Commerce is busily engaged these days in arranging an exhibit at Los Angeles from March 18 to April 2, inclusive. Mr. Oliver is collecting a good exhibit, one of which Klamath county can well be proud, and he will take the exhibit South, place it in shape in the Klamath Falls booth and explain its merit to the people in attendance at the big show.

On April 4, two days after the closing of the big land show, excursions will be run to this city from Los Angeles for two weeks, and it is believed that the fine exhibit being prepared for the land show will bring many settlers to Klamath Falls, as a great percentage of those in attendance at the show will be people who, seeking a home in the West, will take in the land show, where the products of every section will be centralized, allowing an excellent opportunity for comparison.

MARRIED WOMEN TO DRESS MORE SEDATELY THIS YEAR

WASHINGTON, D. C., Feb. 18.—A fashion authority says there is an undercurrent in women's dress fashions this year tending toward a revival of a more sedate and dignified attire for married women. Rich silks, beautiful satins and splendid velvets have been decided against by fashion and by the debutantes. The debutantes really started the movement by protesting to the makers of fashions that their mothers were wearing such beautiful dresses it was becoming difficult to discriminate as to which was mother and which was daughter. Therefore, fashion has decreed that similarity in toilets of the two generations must go; and hereafter matrons must content themselves with the modest frill, the respectable ruche and the decorous fichu, while the young girls may riot to their heart's delight in anything glittering and gay.

Won the Bet

It was at a country tavern where a newly arrived commercial traveler was holding forth.

"I'll bet any one \$5," he said, "that I've got the hardest name of any one in this room."

An old farmer in the background shifted his feet to a warmer part of the fender.

"Ye will, will ye?" he drawled.

"Well, I'll take ye on. I'll bet \$10 against your \$5 that my name'll beat yours."

"Done!" cried the commercial.

"I've got the hardest name in the county. It is Stone."

The old man took a pull at his beer. "Mine," he said, "is Harder."

Stern Advice

William Dean Howells told a good story about a critic.

"To this critic," he said, "a popular novelist brought his first novel in manuscript—a manuscript of about 140,000 words. The critic duly read it, then he gave the author this advice:

"Cut out half."

"The young man accepted the advice. He cut out all the weak and dull portions, and it seemed to him that the story was improved wonderfully thereby. He sent it in its new form to the critic, who then gave him this second piece of advice:

"Cut out the other half."

Where Everything Goes

The crowded condition of the other cars had compelled the elderly, austere person to go into the smoker, and he was listening in horrified astonishment to the ribald, profane conversation around him.

"Is there nothing held sacred in a smoking car?" he asked, turning to the man next to him.

"Not a thing," said the man, striking a match on the window casing; "not even the woodwork."—Chicago Tribune.

SHEPHERD'S CONDITION VERY MUCH IMPROVED

Dr. White, who is attending Bayless Shepherd, who was found early Wednesday morning near the cemetery with both feet frozen, reports his patient's condition to be much improved, and he has every hope for

a successful recovery. For a time it was feared that one of Mr. Shepherd's feet would have to be amputated, but the doctor thinks this will be unnecessary.

CHIEF JUSTICE WHITE GETS INCREASE IN SALARY

WASHINGTON, D. C., Feb. 16.—The house today increased the salary of Chief Justice White of the supreme court to \$15,000 a year. The salaries of the associate judges were increased to \$14,500.

JOHNSON & COLLINS PURCHASE SHIVE PROPERTY

Though in Klamath Falls Less Than Three Weeks, They Are Much Impressed With Town

As an example of the confidence investors and business men all over the West feel in the future development of Klamath Falls, E. E. Johnson of Chicago and Arthur B. Collins of Long Beach, Calif., have just purchased the Shive corner on Fifth and Main streets from W. T. Shive, paying the highest price on record for Main street property in this city. The two gentlemen, who have been casting around in different parts of the West for a location, have been in this city for less than three weeks.

Fourteen thousand dollars was paid for the property, or an equivalent of \$350 per front foot. While the new owners contemplate demolishing the wooden structure at some future time and replacing it with a modern brick building, the grocery will continue to occupy the corner of the building, while in the east room of the building the new owners will open a real estate office under the firm name of the Johnson-Collins Realty company.

Both Mr. Collins and Mr. Johnson are men of wide experience in the real estate business, and they are delighted with the prospects they see for Klamath Falls. Ever since coming here, they have been favorably received by the townspeople, and the cordial treatment accorded them as strangers made a great impression on them. They speak in glowing terms of many institutions and conditions in the city. They have all kinds of good words to say for the way the town has decided to assist the band, and say it is bound to make the old town famous.

GIRL OUTDOES POLICEMAN; FINDS HER MISSING CHUM

BERLIN, Feb. 16.—The detective ability of a girl is responsible for the discovery of Miss Margaret Damm, an Omaha, Neb., girl, who has been strangely missing from her apartments here since January 24. Miss Damm has been found ill at Eisenach, Saxo-Weimer. Despite the fact that the entire Berlin police force was working on the case in the aid of the American ambassador, the girl's whereabouts were a mystery until a chum, who had been searching for her for ten days, located her.

WHITE MEN TELL NEGROES TO DEPART OR BE KILLED

BAXTERVILLE, Miss., Feb. 16.—The negroes of this section are in a panic and are leaving the country by scores as a result of the posting of placards upon their doors by gangs of masked whites ordering them to "get out or be killed." White men say so many negroes have been involved in crimes lately that they will rid the country of them. Federal authorities at Memphis have sent secret service men here to ascertain the names of the leaders of the gangs.

Gerber Ships Stock

Louis Gerber, one of the best known stockmen of this section, has been active in shipping during the past few days, and shipped three carloads of sheep and two carloads of cattle from Midland to San Francisco. Mr. Gerber also shipped a carload of stock to Robert Bourland, who recently purchased them from Mr. Gerber.

Here From Yoncalla

William Beckley, a prominent resident of Yoncalla, Wash., is visiting his brother, Jesse Beckley, who recently purchased the Brown ranch on the Merrill road. Mr. Beckley, who is one of the most influential citizens of Yoncalla, is much impressed with Klamath Falls, and predicts a great future for the city and county.

FAIRVIEW GROCERY SOLD TO W. H. WYANT

By a transaction taking place last Friday the Fairview grocery changed hands, H. T. Sowle selling out to W. H. Wyant. Mr. Wyant has been a resident of this city for several months past. He is a brother-in-law of H. W. Manning.

STANFORD SAYS "NOT GUILTY"

NORRIS GIVEN UNTIL MONDAY MORNING TO PLEAD

Grand Jury Adjourns Till the Call of the Authorities After Busy Session

J. W. Norris and Fred E. Stanford, who were indicted by the grand jury, were arraigned before Circuit Judge Benson Saturday afternoon. Stanford, who recently tried to escape jail, entered a plea of not guilty to the charge of forgery he faces, and will stand trial.

Norris, who was indicted for burglary, obtaining money under false pretenses and larceny by bailer, was given until 10 o'clock Monday morning to decide upon his plea. C. M. O'Neill was appointed as his attorney.

After considering the case of William Sparks, who on Friday pleaded guilty to a forgery charge, Judge Benson found that it was impossible under the state laws to parole the young man, so he was sentenced to two years in the penitentiary. Sparks passed a worthless check on the proprietor of the Comstock boarding house, and he declares that he was under the impression that he had enough money coming to meet the amount of the paper. For this reason the court was inclined to be lenient with Sparks.

In the custody of County Clerk De Lap and W. F. and J. A. Arant, Sparks and Joseph McMillan, who was given an indeterminate sentence for forgery, left Saturday morning for Salem to begin their terms.

Following their consideration of three forgery cases and two burglary charges, the grand jury adjourned Friday afternoon until summoned by the authorities. At that time there will be a number of cases to be deliberated upon by the body.

ENDURE HARDSHIP UNCOMPLAININGLY

"MEXICO COMES AFTER FRESNO" SOME OF THEM SAY

All Declare That Nothing But News of Workers' Releases in Fresno Will Stop Them

MEDFORD, Feb. 18.—"We'll settle Fresno first, and then on to Mexico," said one of the Industrial Workers, who are camped near Steinman, Ore. The statement was made by a man belonging to the organization, but it was flatly denied by the Committee of Six, who are heading the raid.

"Part of our campaign, said they, "is unofficial yet."

At dawn today preparations for the march through Siskiyou pass into California were commenced. The men have not tasted food for twenty-four hours except a few crackers given them by a section foreman near Steinman. They were exposed to the cold, and during the night had only one campfire. Despite this, the 151 men in the party did not complain today. When ordered by the Committee of Six, they took their places and started through the high snow banks toward Siskiyou tunnel.

Freight trains going up the slope toward the Siskiyou tunnel today have three engines to enable them to make sufficient speed to prevent the Industrial Workers from boarding them. The Workers deny the report that they are armed, and invited a United Press representative to search them and their effects for arms.

The men answer to numbers, not names, and are all under strict discipline. They say only news from Fresno that the imprisoned Industrials have been released from jail will have the power to turn them back.

They say 400 more have started for Fresno, and if they do not win with this number recruits will continue to arrive until they have 3,000 there in the "free speech" fight.

Militia Ready at Chico

CHICO, Calif., Feb. 18.—There is much excitement here on account of the prospective advent of the Workers. They are expected at Dunsmulr this morning, and they will immediately continue toward Chico. Company A of the National Guard is held under secret orders in readiness to answer a call.

Will Return to Bonanza

Roy Kilgore, who went to the Rogue River Valley last fall for the benefit of his health, returned to this city about a week ago. The trip was not as beneficial as had been hoped, and Roy is still suffering, but his friends all most earnestly hope that more favorable reports will come from him. On Sunday he left here for Bonanza, and when once more established in his home surroundings rapid improvement is looked for.

STONE SAYS HE WILL ACCEPT

NOTHING HEARD ON THE MATTER FROM SALEM YET

It Is More Than Probable That the County Court Will Commend His Appointment

While no action has been taken by Governor West yet in regard to the appointment of C. F. Stone of this city on the new Fish and Game commission, residents of this city are positive that with the strong recommendations given Mr. Stone, his appointment is certain.

Mr. Stone says that he is not entirely familiar with the duties required of the commissioners, but he states that he will serve, if appointed. No action has been taken toward recommending the appointment of Mr. Stone by the county court as yet, but practically all members of this body favor his selection for this position.

STUDENTS ABSENT FROM STATE

VARSITY MAY MAKE UP WORK

EUGENE, Feb. 20.—The faculty of the University of Oregon has made arrangements whereby all students who were unable to return after the holiday, on account of illness or because of their parents' fear of typhoid fever, will be allowed to make up their hours in the work they were taking.

Conditions, or incompletes, were given in most cases, and these may be made up either by taking examinations upon the work at the regular time for such examinations in May, or by special provisions made by the different instructors.

In no case will the regular college credit be lost if the make-up work is accomplished.

ROD AND GUN CLUB IS OVERJOYED

MEASURE MEANS MUCH FOR THE FUTURE OF THE COUNTY

Members Say It Means the Perpetuation of the Fame of County as Anglers' Delight

Sportsmen and residents of the entire county are jubilant as a result of the following message, which was received by this paper:

"Salem, Oregon, Feb. 17, 1911.

Editor Evening Herald: "The Spring Creek trout hatchery bill was passed by the legislature tonight, carrying an appropriation of \$5,000. The fisheries department will have charge, instead of the game department.

"GEO. H. MERRYMAN."

This is one of the best things that could happen for Klamath county, as it means the perpetuation of the county's reputation as "The Sportsman's Paradise," and the replenishing of its lakes and streams with game fish. Heretofore it has been necessary for Klamath county to look to other hatcheries in the state for restocking her streams, and on account of the usual delays and red tape it would only be a matter of a few years before the streams would be pretty well fished out. The passage of the appropriation for the hatchery, however, guarantees a replenishment of the supply for years to come.

The members of the Klamath Rod and Gun club feel highly elated as a result of the passage of the appropriation by the legislature, as it is almost entirely through the efforts of this body of true sportsmen that the hatchery idea was developed and carried to its successful termination. Senator George H. Merryman, who secured the passage of the appropriation, is a member of the Rod and Gun club, and his prolonged battle for the appropriation, despite obstacles, won the money.

Although they asked for \$10,000, the members feel very grateful to Dr. Merryman that his efforts secured almost the entire amount, and many declare that the appropriation is sufficient to maintain and operate a hatchery on Spring Creek of sufficient size to stock the waters of the county with game fish.

PUBLIC LIBRARY RECEIVES MANY GIFTS OF LATE

The Public Library has been receiving some valuable and much appreciated gifts of late. Five hundred dollars from Mrs. E. H. Harriman, a very fine library table for the club room from the Carpenter's Union and the following list of books:

"How to Argue and Win," Greenville Kleiser, donated by J. J. Barrett. "Dr. Luke of the Labrador," Norman Duncan, donated by Mrs. Helen Wann.

"Among Friends," Samuel Mc

Chord Corthers, donated by Mrs. Helen Wann.

"The Golden Horseshoe," Robert Aitkens, donated by W. E. Fox.

"Beverly of Graustark," George Barr McCutcheon, donated by Nat Oterbela.

"The Spoilers," Rex Beach, donated by W. O. Hoskins.

"Flower, Fruit and Thorn Pieces," Ilan Paul Frederick Richter, donated by Ralph Gilman.

The Woman's Library club is taking on new life, much added enthusiasm and many new members, and it is planned to become a stronger force for good in this community. Klamath Falls citizens have always been interested in the progress of the Public Library, and will rejoice with the club over our gifts and prospects.

Anyone of a generous turn of mind who desires to add to this fund can do so very acceptably at this time—while donations are in vogue.

Recent soundings on the lake show twenty-six feet of water just above the rifle at the upper end of Link River. The deepest water yet found, however, is between Boll's Point and Odessa, namely, thirty feet, or five fathoms, for a distance of two miles.

BENNETT SAYS ANNEX CANADA

INTRODUCES RESOLUTION TO THAT EFFECT IN HOUSE

Says Annexation Is Bound to Come in Time, and Suggests Doing It Immediately

WASHINGTON, D. C., Feb. 16.—Congressman William S. Bennett of New York today introduced a resolution in the house providing that the president be requested to continue negotiations with the British government to procure the annexation of Canada to the United States.

Bennett introduced the measure, he declared, purely on his own initiative, and added, "Annexation of Canada must come some time, and it might as well be now."

The steamer Mazama which was damaged by a collision with a barge on Wood River last fall, is thoroughly repaired and ready for business when the lake opens.
