

MANY INSURGENTS ARE IN ON IT

LA FOLLETTE IS SAID TO BE BEHIND THE MOVE

The Question of a Suitable Name for The Party is Puzzling the Prime Movers

WASHINGTON, D. C., Feb. 23.—Senator Robert M. La Follette and other republican progressive leaders are about to break away from the old time republican moorings and lead a movement for a third national party. Foreseeing that the 1912 convention will be dominated by Taft or the conservative wing of the organization, they believe, according to their friends, that only a few grudging concessions to the insurgents will be granted either in the convention or in legislative matters. The recent organization of the national republican progressive league is said to have been the first step toward the launching of the third party.

Half a dozen names for the new political party are under discussion. One of them is the "Independent Progressive Party." Those of the insurgent senators who are interested in the movement refuse to discuss it in any way, and it is probable that the announcement will be made with the suddenness with which the national republican progressive league broke into the national limelight. Senators Bristow of Kansas, Clapp of Minnesota and Beveridge of Indiana are said to be willing to go in with La Follette in the formation of the third party. Regarding Senator Cummings of Iowa there is some doubt.

Senator-elect Miles Polindexter of Washington, Senator Bourne of Oregon, Senator Brown of Nebraska and Senator Borah of Idaho probably will also follow La Follette. In the house twenty or more of the insurgents under the leadership of Representative Victor Murdock of Kansas will bolt the G. O. P. banner and ally themselves with the new party.

The insurgents are unconcerned as to what Colonel Roosevelt will think of their idea. They are confident that the announcement of a "people's party" would make a favorable impression on the country, and that Mr. Roosevelt and what following he could muster would join the movement.

BIG POWER LINE IS FINISHED TO ALBANY

SPRINGFIELD, Ore., March 1.—The Springfield-Albany electric transmission line, one of the heaviest and longest in the west, is practically complete. The use of this line means the electrification of the upper Willamette valley, and by it practically every town and village in this section will receive their electrical energy from the Springfield plant. The line cannot be used until some time in May, for it awaits the completion of the Springfield and Albany substations where the current is raised and lowered to and from 66,000 volts.

The line is 45 miles in length, and has been constructed at a cost of over \$2000 a mile. Over this transmission line, Coburg, Harrisburg and Junction City are already receiving light and power, and upon completion of the substations, Albany and its neighboring cities will be supplied.

REFERENDUM MAY BE INVOKED ON UNIVERSITY

COTTAGE GROVE, March 1.—The University of Oregon appropriations may have to run the gauntlet of the referendum again, if the plans of a mass meeting, held here are carried into effect. The meeting was held to protest against the big appropriations of the legislature and it was decided, by the several hundred present by unanimous vote, to invoke the referendum against the university appropriations. Money was subscribed and committees named to secure the necessary signatures to the referendum petitions to hold up the appropriation bill until the people at the polls, in 1914, can decide whether or not the sums voted by the legislature shall be approved.

SAID HE HAD "A LITTLE MONEY," \$36,000 IS FOUND

SPRINGFIELD, Mo., March 1.—James Burge, aged hermit, living in the southern part of Springfield, who is now on his death bed told relatives he had a little money hidden away in the house. Search revealed over \$36,000. He has made no will. The man is 82 years of age and had been a carpenter and contractor.

DENIES SHE IS NEGRO; EXPERTS CAN'T DECIDE

BALTIMORE, Md., March 1.—In an endeavor to determine scientifically the race of a child, staff physicians at Johns Hopkins hospital made an examination of Luella Lettride, 11 years old, who is trying to obtain her freedom from a negro institution

where she has remained for nearly seven years. The examination was made to determine for the satisfaction of the court, in which a writ of habeas corpus has been sworn out, whether the girl is a Caucasian or a negro.

The physical characteristics which it is claimed indicate the presence of negro blood played a part in the examination, but it was said all the accepted tests save one had failed. That one is the presence of a black line across one of the girl's fingernails just around what is known as the "half moon." The presence of the black line, according to the doctors, is not conclusive, but only raises a suspicion as to the ancestry of the child, who will be examined by other physicians.

THIS FAMILY EATS NOTHING IN THE COOKED FOOD LINE

PITTSFIELD, Mass., Feb. 28.—A family of vegetarians live on a farm in the north woods, three miles from here. Mr. and Mrs. Alfred Taylor and three children eat no meat and drink nothing but milk or water. All the food for the table, including cereals, potatoes, turnips, parsnips, onions, and cabbage, is prepared for the table without cooking. Apples form a large part of their diet.

Tyler, who is a Second Adventist, believes all meat unclean, and that cooking makes vegetables unhealthy. Their son, O. B. Joyful Tyler, a boy of 6, is a pupil at the Russell School of this city, and eats six raw potatoes for his luncheon. None of the children has ever tasted meat.

MEDFORD HOTELS ARE FULL OF STRANGERS

MEDFORD, March 1.—Each day brings in more prospective orchardists to Medford and vicinity. The hotels are kept filled to the limit and every household in the city who has rooms to spare has been requested by the city authorities to throw them open for rent. A tent city with accommodations for 60 persons is under construction and a large modern lodging house which will take care of 30 roomers is nearly completed.

Between March 10 and April 10, when the colonist rates are in force, an enormous influx of settlers in the Rogue River Valley is predicted by the Eastern railroad authorities.

MILITIA NOT FREE FROM FEDERAL JURY DUTY

WASHINGTON, March 1.—Replying to a request for information as to whether members of organized militia are exempt from United States jury duty, the War Department has ruled that the section regarding Federal jurors is governed by the laws of the state in which the particular Federal Court sits and it is within the discretion of the Federal courts to excuse jurors for the same reasons that would result in their excuse from serving in a state court. Congressional legislation would be necessary to secure a broader exemption from jury service of members of the militia.

THIS MAN LIVES WITH A BULLET IN HIS BRAIN

SACRAMENTO, March 1.—What is declared to be one of the most wonderful vitality records known is the case of John Miller, who is out of bed with a bullet in the frontal lobe of his brain and the scar of the furrow plowed by a second bullet in the same region. He is rational. Miller shot and killed his wife about two weeks ago and fired two bullets through his own brain. After a successful operation he recovered consciousness and in three days was reading newspapers.

\$2,500,000 FOR NEW DEPOT AT SPOKANE

SPOKANE, March 1.—Two and one half million dollars will be expended by the Northern Pacific railroad in the erection of a fine new depot and establishing grade separation in Spokane. This statement was made here by Chief Engineer W. L. Darling. The road will pass through the city on top of a big fill between concrete walls. The work will start in the near future.

Two million dollars are to be expended by the Milwaukee in running a tunnel under a portion of the business district and in building tracks here.

NEVADA STATE IS NOW CLAMPING ON THE LID

CARSON, Nev., Feb. 23.—Nevada's days as the surviving remnant of the "wild and woolly West" are numbered, if, in addition to closing the gambling halls, the legislature passes bills now in committee doing away with wide open liquor laws, prohibiting the sale of cigarettes, prohibiting gambling in any form and requiring one year's residence as a qualification for divorce.

BONANZA BREVITIES

The Odd Fellows of Bonanza are planning the erection of a modern hall. Since the time of the fire the lodge has had no permanent quarters for its meetings. Now that prospects are somewhat bright for the Upper project the Odd Fellows feel that they must keep pace with the progress of the county. They contemplate a hall of two stories, ninety feet long and thirty feet wide. The lower story will be fitted up for store purposes, while the upper one will contain offices and lodge room.

The Bachelor's Club is surely the liveliest organization in town. Thirteen gentlemen from Poe Valley joined in a body. Dr. Hitchcock has been appointed assistant to the secretary. The Athletic Club is creating considerable interest among the young men. All the regular meetings are well attended. During the past week a wrestling mat, rings trapeze, a horizontal bar, punching bag and boxing gloves have been added to the equipment.

Next Friday evening the Literary Society will debate the Parcel Post question. These public discussions of live questions are conducive to an intelligent understanding of governmental policy.

Levi McDonald of Klamath Falls was a visitor in town during the first of the week. Dan Driacoll is paying his Bonanza friends an extended visit. Dan roves about so extensively that we can't say as to where he hails from. He is lately from Salem, but he wishes to impress upon his friends that he was not a member of the late lamented legislature.
