

SAYS DIAZ MAY GO TO THE FRONT

AN ARMY OFFICER MAKES THIS ASSERTION

JAUREZ IS EXPECTING AN ATTACK

Government Officials Are Sending Their Families Across to Texas For Safety

EL PASO, March 22.—Residents of Jaurez were confidently expecting the arrival of a peace message from President Diaz last night, but today their optimism is fast disappearing. They think that Diaz has refused to discuss peace until the rebellion is over, and this begins to look like a long fight to the finish.

Jaurez is expecting an attack in a very short time, and several officers today made arrangements for their families to stay across the border in this city. A high ranking Mexican army officer asserts that Diaz will personally take to the field if the cabinet insists on negotiating with the rebels.

PEOPLE ARE TO VOTE ON THEIR ACCEPTANCE

If People Reject Granting of Franchises, Company Will Not Accept Them

With an amendment attached to each that it will be placed on the ballot at the coming city election, the ordinances granting light, water and street lighting franchises to the Klamath Falls Light and Water company were adopted by the city council. The company, through Mr. Moore, agreed to leave the matter in the hands of the people for their decision, and he stated that if the people voted against granting the franchise his company would not accept the franchise.

There was some discussion raised on this point, and City Attorney Drake was called upon several times to explain points arising. Judge Drake stated that such an action could be taken merely as an advancement from the people, but he said the council was not bound to submit to the will of the people in the matter. Mr. Moore's statement, however, leaves the matter up to the people.

The granting of the franchises to the Klamath Falls Light and Water company has been one of the live topics of the past winter, on which there was a wide difference of opinion. Once before, when the ordinances were adopted by the council they were vetoed by Mayor Sanderson, and on reconsideration the council sustained the executive in the action.

Runaway This Morning

A runaway team tearing down Main street at a rate exceeding all city speed limits caused a scattering in the crowds along the town's principal street Tuesday afternoon, and caused many to hurriedly enter stores and offices. The driver of the team, Dick Brittenstein, stayed with his fractious steeds, and succeeded in stopping them at Second and Main.

MEXICAN SCENES DESCRIBED TO HIGH SCHOOL STUDENTS

An exercise of more than usual interest to the students of the high school was the talk by Rev. J. J. Cunningham on Wednesday on his experi-

ence during his two years' stay in the real highlands of Mexico. Among other things he described a bull fight he witnessed, in a most vivid manner, and showed the pupils the pair of banderillas used by the matadors in the fight. The talk was out of the ordinary line, and was intensely interesting to the students.

Ethelred Nelson, a recent arrival in Klamath Falls, delighted the assembly with a vocal selection and two readings.

Snyder, acting policeman, is the man making the discovery, but he does not tell the exact spot where the yellow came to light. Mr. Snyder's find was a pocket of free gold in white quartz.

BONANZA BREVITIES

The exhibition given by the Athletic club Saturday evening was a splendid success. The performance of the boys showed that they have trained faithfully. A large crowd was present, and cheered the boys to the echo. After the exercises the members of the club served ice cream and cake to all present. The boys acted their part as hosts in a most graceful manner.

This fine weather is welcome to us all, but in particular it is gratifying to our "loafers." All during the winter months they have had to endure the inconvenience of ill-ventilated stores and grog shops. Now they can once more sit on the curbing and whistle or lounge on our merchants' rustic settees. Without work or worry, they extract the honey from life. They have nothing, want nothing, do nothing, and are nothing. Sponging here and there, playing the jackal to this man and that, they manage to exist. They exemplify Goldsmith's saying:

"Man wants but little here below"
Nor wants that little long."

Several of our residents have begun making garden. Mr. Hamaker in particular is rushing the season in this regard.

Mr. Griffith and family from Missouri are new arrivals in our town. Our town, climate and resources appeal to them, and they have a host of friends who contemplate joining them here.

The Reverend J. Griffith of Klamath Falls delivered two able and eloquent sermons here last Sunday. A large congregation greeted him on both occasions.

RECALL IS URGED BY THE LEAGUE

PASSAGE OF FRANCHISES IS THE REASON ADVANCED

MANY SPOKE AT MEETING LAST NIGHT

Municipal Ownership and Civic Improvement Came Up for Much Discussion

"Resolved, That it be the sense of the Good Government League that the respective wards take immediate action to recall the councilmen for not heeding the protests of the citizens in their respective wards, and of the Good Government League, and the Mills Addition Improvement club, but instead, voted for the franchises."

This resolution was adopted by the Good Government league at a meeting in Redmen's hall Tuesday night, after a lengthy discussion of the matter of granting franchises to the Klamath Falls Light and Water company. In the opinion of the members of the League the matter of leaving the question up to the people for their vote is superfluous, as the council is the only body which has the power to pass ordinances, and they already did this.

Petitions were sent to the council by the Good Government League and the Mills Addition Improvement club, and as these were against the granting of the franchise, the recall talk came up as a result at last night's meeting.

There was a large number in attendance at Tuesday's meeting of the league, and many matters of civic importance were discussed. Speeches were made by C. M. O'Neill, John D. Carroll, J. W. Rose of the Mills Addition Progress club, E. L. Elliott, C. C. Brower and others on the line of civic improvement.

CITY SECURES GARRAGE DUMP ON WEST SIDE OF THE RIVER

All Property Owners Are Urged to Make a "Cleanup" as Soon as Possible

A site for the dumping of tin cans, rubbish and other garbage has been secured by the city on the West Side, near the slaughter house. This site is reached by the road leading toward the poor farm.

Mayor Sanderson and Acting Chief of Police C. C. Low unite in making an appeal to the property owners for a general cleanup around their premises. It will be but a short time now until the army of homeseekers reach Klamath Falls, and nothing is so attractive to a prospective buyer as well kept yards in a town.

EDWARDS HERE FROM OAKLAND TO GET IN SHAPE FOR MATCH

Both Men Are Now Training Daily at the Central—Much Interest in the Coming Bout

Accompanied by Tobey Miller and M. Ottesen, Frankie Edwards arrived in Klamath Falls Tuesday night from Oakland to get in shape for his 20-round bout with C. T. Tucker on the 30th. He is feeling in fine fettle, and says he is glad we are enjoying ideal weather this time. On the occasion of Frankie's last trip here, when he defeated Kid McLellan, the weather man handed him a bunch, and during his stay the mercury stuck pretty close to the zero mark, causing the Oakland boxer to hug the stove for further orders.

Articles of agreement will be signed this evening by the boxers, in which provision is made for forfeiture in case of not making weight. The fight will be under Marquis of Queensbury rules, which permits of hitting in the clinches.

This provides for a fine of \$100 for any bartender who accepts money from one and serves drinks to two. Mayor Fawcett says he will see that the ordinance is strictly enforced.

"The women did it," say the members of the Royal Arch. The women are most jubilant, and say it will not be hard at the approaching recall elections to make Tacoma the best governed city in America.

The anti-treating ordinance was passed by the municipal commission last December. It was referred to the voters in the first referendum under the new charter, 66 per cent of a total registration of 21,587 voted. Approximately 5,000 women, with four precincts missing, voted.
