

TO LESSEN DANGER OF FOREST FIRES

STATE FORESTER ASKS CO-OPERATION OF ALL RESIDENTS OF OREGON—NO BURNING DURING THE SUMMER MONTHS

SALEM, April 12.—Forest fires, one of the greatest sources of destruction to the most valuable resources of the state, will soon be restricted and their terrors largely reduced if the people will co-operate with the state forester in the administration of the new forestry law enacted by the last legislature, which will be ready for distribution in pamphlet form in the near future.

One of the most important provisions of the law is that making a closed season for burning from June 1st to October 1st, during which period outdoor fires of all kinds are prohibited except under most stringent regulations and the probability of heavy penalties.

In this connection the state forester urges upon every one the necessity of doing all possible burning before the closed season begins, and thus save the trouble and risk of doing it by permission during that season of greatest danger when fire spreads so easily and rapidly.

The state forester desires the assistance and co-operation of every one in the protection of property from forest, grass or brush fires, and to this end invites suggestions and information calculated to assist in any manner in the performance of his most important duties. Copies of the law will be promptly furnished to all who desire them. Requests and communications addressed to F. A. Elliott, state forester, capitol building, Salem, will receive prompt and appreciative attention.

Exhibition Cars and Their Part in the Colonization of Unsettled Territory

First days of Colonist Rates to West bring large numbers of Homeseekers through St. Paul gateway

The Northwest is now welcoming every day new citizens—indirectly the result of the "high cost of living," but directly the cause can be laid at the door of the practical advertising of the Great Northern Railway through the means of its agricultural exhibits in the large Eastern cities, and above all, its traveling exhibition cars, now completing extensive tours throughout the Central and Eastern States.

TYPE OF EXHIBITION CAR SENT OUT BY GREAT NORTHERN RAILWAY. THREE OF WHICH ARE NOW ENVOYING EXPLOITING THE GREAT NORTHWEST.

No doubt if the comparative figures could be secured which would show the actual number of settlers secured as against the number of inquiries brought out by the Exhibition Cars this data would be interesting reading, and would show conclusively the great value of the idea of "Taking the Northwest to the People of the East" if our territory is to be colonized quickly.

An idea of the interest created by the arrival of the Great Northern Railway's Exhibition Cars in the different Eastern towns can only be gained by the reading of the reports from the attendants in charge. In the majority of places visited nearly the entire adult population has turned out, as well as farmers

from fifteen to twenty miles distant, to inspect the car and view the wonderful products of the West.

Report from Morning Sun, Iowa, sent us by E. C. Leedy, General Immigration Agent of the Great Northern at St. Paul, where the Oregon and Montana Car was on February 23rd, reads as follows: "We were met at the station by a large crowd accompanied by the Morning Sun land. Great interest was shown in the

exhibits and also at the lecture. As a proof of the results of our lecture, at least twenty people came to us the following morning regarding homesteads in the Northwest. The whole town turned out to visit the car, and the opera house was packed to overflowing at the lecture. I look for a big movement from this place."

Any number of reports similar to the above are on file, we understand, in Mr. Leedy's office in St. Paul, which show in a measure what we, the people of the great West, may expect in the way of new settlers during this spring. We should make ready to welcome these new comers and to extend to them every help in getting located.

CURED TO STAY CURED

How Klamath Falls Citizens Can Find Complete Relief From Kidney Troubles

If you suffer from backache—From urinary disorders—From any disease of the kidneys, Be cured to stay cured. Doan's Kidney Pills make lasting cures.

Grateful people testify. Here's one case of it: Mrs. Byron Cole, 125 Second street, Ashland, Oregon, says: "I suffered for years from kidney and bladder pain. When I stopped, sharp twinges darted through my back, and often I was hardly able to straighten. I had dizzy spells and my health became all run down. Doan's Kidney Pills proved to be just the remedy I required, and as I continued their use I steadily improved until I had no further cause for complaint. I am glad to say that Doan's Kidney Pills lived up to the claims made for them in my case." (Statement given in September, 1907.)

The Cure Lasted On April 14, 1910, Mrs. Cole added to the above: "My former endorsement of Doan's Kidney Pills still holds good, and you may continue its publication. This remedy effected a permanent cure in my case."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
