

MRS. PANKEY DIES AT GRANTS PASS

SUCUMBING TO ILLNESS IN THE CITY WHERE SHE WENT TO SEEK MEDICAL TREATMENT—WELL KNOWN HERE

Word has been received by Silas Obenchain and M. M. Obenchain of this city of the death of their sister, Mrs. William H. Pankey of Langell Valley at Grants Pass, where she went a short time ago for medical treatment. The two brothers left Monday morning for the Pass.

JAUREZ ENCIRCLED BY INSURGENT BREASTWORKS

EL PASO, Texas, April 20.—With a dozen cannons, mortars and field guns, 750 federal troops and 300 volunteers are defending Jaurez. The insurgents number about 2,500, and have two cannons and three field guns. The battle, it is expected, will be one of the fiercest and most momentous of the insurrection. A chain of breastworks encircles Jaurez.

The insurgents have formally notified Colonels Sharp and Steever, Consul Edwards and Mayor Kelly of El Paso of the expected attack. They are waiting till 6 o'clock tonight, the time limit for Madero's ultimatum.

At daylight this morning the rebels watered their horses opposite the smelter. A party of 700 rebels are located to the east.

The rebels are cautioning Americans and non-combatants to leave Jaurez. Madero senior is hastening overland to talk peace, but it is believed the rebels will refuse to entertain any propositions of that nature. Gen. Madero intends to establish his men in permanent positions tonight.

It is reported that supplies and recruits reached Madero from Texas last night.

Bomb throwing is to be a part of the attack, and for this reason fears are felt for the safety of Converse, Blatt and other Americans imprisoned in the Jaurez jail.

An insurgent officer said that the rebels expected to give a grand ball in Jaurez in a few days.

Madero, accompanied by Garcia and 150 men appeared opposite the smelter at 10 o'clock this morning. More than 1,000 other rebels so far have appeared, coming from the arroyo to water their horses in the Rio Grande. The federals are not attempting to dislodge them. American insurgents report 2,500 rebels in this command.

Hundreds of sightseers are flocking to the river banks, and the American troops have a heavy patrol along the border.

FREIGHT AND PASSENGER AGENT VISITING HERE

L. L. Kelly, traveling freight and passenger agent for the Southern Pacific, is here from Sacramento in the interests of the freight department of the road. Mr. Kelly is calling on the local business houses, relative to the shipment of goods from Kansas City to Klamath Falls. There are many of the merchants who ship west on the Santa Fe and Union Pacific, and then have their goods brought here over the Southern Pacific. It is Mr. Kelly's intention to acquaint these men with the terminal rates granted Klamath Falls on certain commodities shipped here from Kansas City over the Espee.

FACTORY OWNERS HELD RESPONSIBLE

NEW YORK, April 20.—Isaac Harris and Max Blanc, proprietors of the Triangle Waist company, who already are under indictment charged with manslaughter in connection with the death of 145 employes by fire, were found by a coroner's jury to be responsible for the death of one of the operators. The verdict was returned in the case of Mary Herman, whose escape from the ninth floor was cut off, it is alleged, by a locked door.

Harris and Blanc are responsible for the death, the verdict reads, "because of culpable and criminal negligence in failing to observe the legal precaution of leaving the said door unlocked."

The state of Oregon, in many respects, is far ahead of other states in the character of its laws—and then again it isn't. For instance, in Iowa and Nebraska, when the public has any funds to deposit in banks, the banks which seek the privilege of carrying these funds in their vaults are compelled to submit bids pledging themselves to pay interest on

monthly balances, this interest going into the public treasury. They are also required to put up a bond guaranteeing the security of the funds. In Oregon the public receives no benefit from the deposits of its public funds. For instance, Klamath county now has on hand some \$44,000 of money collected for the purpose of building a court house (when it gets ready), and these funds are constantly growing. But they are deposited in one of the banks to the credit of the county treasurer, but with no profit whatever to the county. Ought not the law be changed in this particular?

"GIVE TAFT FULL POWER," SAYS STONE

WASHINGTON, D. C., April 20.—Senator Stone of Wisconsin, in discussing Mexico, declared that congress should authorize President Taft to employ whatever force is necessary to prevent a repetition of the Douglas outrage, which is threatened at El Paso. He said:

"The president should be authorized formally and positively to use whatever force is necessary to protect our people. This authority should be great enough to warrant the using of the military forces in whatever way he deems expedient and necessary, even though it should lead to intrusion on Mexican territory."

Mexican Conference

WASHINGTON, D. C., April 20.—A Mexican conference was called at the White House at 1 o'clock this afternoon with President Taft, Congressmen Sulzer, Gardner, Sharp and Foster, members of the foreign committee of the house, in attendance.

Sulzer said that the committee was unanimously opposed to intervention.

PEACE CONFERENCE IS ON AT MADERO'S HEADQUARTERS

EL PASO, Texas, April 20.—Two automobiles bearing flags of truce went to Madero's camp this afternoon on a peace mission. Included in the party were the officials of the federal and revolutionary governments with concessions.

Goes to Portland

Mrs. Coman left Thursday morning for Portland, where she is joining her son, Warren E. Coman, formerly city editor of the Herald, who went to the Rose City a short time ago to prepare for admission to the bar of Oregon. Mr. Coman has purchased property in Portland, erected a cottage, and has everything in readiness for the arrival of his mother.

Goes to Redding

Mrs. A. B. Livermore, the congenial lady who with her sons conducts the well known hotel bearing her name, left on Friday's train for Redding, where she will spend two weeks visiting her brothers, one of whom is mayor of Redding. Her brothers conduct the Golden Eagle Hotel in that city.

SALOON FOR MIDLAND

A county liquor license has been granted to Neil Campbell by the County Court for a saloon to be conducted at Midland. This will be the first saloon in that community.

P. L. Fountain, the real estate man, has returned from a visit to Ashland, Medford and other Rogue River points. He states that this was not the only section that was touched with a cold snap recently, as a good deal of damage was done by frost among the orchards in Rogue River Valley.

On the theory that gray hair is caused by microbes, a Russian scientist claims to preserve its original color by curling or waving it with hot irons, which kill the microbes.

Resembling a carpenter's bit, but provided with adjustable cutting points, is a new washer cutter that a Connecticut man has patented.

Harry Childers, accompanied by Mrs. Childers, has gone to Medford, where he will be in charge of some cement work this summer.

GENERALLY HAD A GOOD LOCATION

CHAMP CLARK WAS FORTUNATE AS A GENERAL THING IN THE DRAWING FOR SEATS IN THE HOUSE OF REPRESENTATIVES

WASHINGTON, D. C., April 21.—Mention of the biennial seat lottery in the house by one of several visitors in Champ Clark's office today led the speaker to relate his experience; a tale that undoubtedly gives him the record for favorable location on the house floor.

At the opening of a new congress seats, with a few favored exceptions, are awarded by lot. The exceptions are one-legged members, floor leaders of each party, former speakers and a couple of old-time members who are given first choice. Then small, numbered balls, each number representing a congressman, are placed in a box and withdrawn one at a time. The name of a congressman is called as each number is drawn, and he is entitled to take any unoccupied seat. Members massed in the lobby waiting for their names to be called are mostly in a state of great excitement.

"In the first congress of which I was a member," said Clark, who is serving his ninth term, "I was the first one named to take a seat on the democratic side. I took the end seat in the fifth row, in the aisle next to the main aisle, and it was a good one."

"In the next two congresses I drew early enough to locate within ten feet of that seat. In the Fourth congress I was again the first democrat called, and in the next congress I had a fairly good seat."

"While on a street car on the way to the opening of the Sixth congress in which I served I said to a companion, 'according to the doctrine of chance and probability, I ought to be the last democrat to draw a seat today.' I was next to the last, and got a seat in the outside rim near the door, Hammond of Minnesota, who came in as a new member that year, had drawn the seat next to the one I formerly occupied, and he kindly volunteered to trade with me. The occupant of my former seat 'swapped' with me, and I was back in the favored place."

"Thereafter, as party leader on the floor I was given choice of seats, and I took the end seat in the third row in the aisle next to the main aisle."

Now he occupies the choicest seat of all, the speaker's chair, an honor regarded by many as the highest in the government except the presidency.

In a further observation to chance Mr. Clark said: "Proctor, one of the greatest astronomers, calculated that the chance of holding a straight, royal flush was one in a million."

PIERCE TENDERS HIS RESIGNATION

WASHINGTON, D. C., April 22.—First Assistant Secretary of the Interior Frank Pierce today tendered his resignation. In his resignation he requested that he be relieved of his duties within thirty days. Pierce has held this office ever since Richard A. Ballinger was appointed secretary of the interior. It is generally supposed that his resignation follows the resignation of his chief under stress a short time ago.

Iris Theater Under New Management

The Iris theater is under new management and promises its patrons an excellent program of pictures each evening in the future.

Carl F. Schenker, who for the past year has been operating the picture machines in the opera house and the Temple theaters, has been engaged to operate the machine in the Iris, and will no doubt make a decided improvement in the pictures.

Embassy to Investigate

ST. PETERSBURG, April 22.—The American embassy has taken up the case of John Carmichael, a negro of Indiana, who was arrested at Viberg on April 8th, while taking photographs. He is now in custody at St. Petersburg, being held as a political subject. Carmichael has lived in Russia eight years.

Leave With Indian Patient

Mrs. Isabella Smith, matron, and Miss Julia Johnson, attendant, from the United States Asylum for Insane Indians at Canton, S. D., left Saturday morning for South Dakota, taking with them B. Harrise, an Indian woman residing on the Klamath Reservation, who lost her reason.

EXPLOSION KILLS FOUR

ST. LOUIS, April 22.—Four persons were killed and one injured today in an explosion at the Bell Oil company's works.

Because the residents of Berlin eat 12,500 horses a year the city will establish a \$90,000 horse abattoir.

FIRE PROTECTION PLANS COMPLETED

OFFICIALS OF STATE FOREST FIRE ASSOCIATION WORKING IN CONJUNCTION WITH STATE FORESTER ELIOT

PORTLAND, April 22.—The summer's campaign against forest fires is being planned by the Oregon Forest Fire Association, of which A. P. Sprague is president and C. S. Chapman is secretary, with headquarters in Portland. Its objects are the protection and preservation of the state's greatest resource, its timber.

It is far more important to prevent fires, believes the association, than to fight them after they become started, and with this object in view, attention is being called to the best ways to avoid disastrous conflagrations that sweep the timbered districts, wasting the forests and bringing death and destruction to the settler.

During the coming summer more attention is to be paid to having privately owned timber patrolled. The government may be expected to look after the forests included in the reservations and the owners of timber will be encouraged by the association to watch their holdings during the dry season, and will co-operate in every way to make this work effective.

The protection of the forests is a work in which the entire population has a direct interest, it is pointed out by the association. Eighty per cent of the ultimate value of the timber crop goes for labor and supplies, and the destruction through fires of each 1,000 feet of timber means a loss of at least \$8 in wages to the community. Burned timber pays no taxes and lends no aid to the support of the institutions of the state.

To exploit Oregon's 545,000,000-000 feet of timber means that some \$5,000,000,000 must be paid out in wages alone. The industry in this state now circulates approximately \$25,000,000 yearly, more wealth than apples, fish, wool and wheat combined.

Every citizen has a part in forest protection and efficient enforcement of the law is an object of the association. It is hoped during the coming summer to enlist the co-operation of everyone to keep the fire loss at a minimum.

SANDERSON POLLS THE MOST VOTES

MUCH INTEREST WAS SHOWN IN THE PRIMARIES BY VOTERS THURSDAY, AND A BIG VOTE WAS CAST.

Mayor	
F. T. Sanderson	413
Charles F. Stone	132
Police Judge	
A. L. Leavitt	224
T. F. Nicholas	202
F. W. Ritchie	120
Treasurer	
J. W. Siemens	306
Claude Chastain	241

Five hundred and fifty-three voters turned out to the polls Thursday to cast their ballots for their choice for candidates at the general nomination convention yesterday, and from the time the polls opened at 2 o'clock in the afternoon till the last note was tabulated and the result made known, there was a general buzz of speculation in the atmosphere, while groups could be seen on every corner, discussing the prospects of this or that candidate.

As there were two candidates to be named for mayor, and only two, Sanderson and Stone, were out before the people, the interest in this race was to ascertain which of the two men would poll the greater vote. This was also true of the contest between Captain Siemens and Claude Chastain for the city treasurer nomination.

One of the contests that attracted considerable attention was that for the police judge nominations, in which friends of Ritchie, Leavitt and Nicholas each claimed the nomination for their man. The closeness of the race between Leavitt and Nicholas indicates that there will be a hot contest between the two when their names go before the people on the first of May.

In addition to the candidates named yesterday, the Socialist party will go on the ballot with a man for every office except City Treasurer, and Captain Siemens will be supported for this place. J. W. Tyrell will be their candidate for mayor, and A. W. Pell for Police Judge.

EUGENE TIRES OF BEING EASY MARK FOR HOBOS

EUGENE, April 20.—Hobos will perhaps steer clear of Eugene hereafter, for arrangements have been made to work in the city park every one of them found on the streets.

The park tender is now making extensive improvements on the tract, and the "Weary Willies" will have to handle a pick and shovel or go to jail and subsist on bread and water. Hobos have for years considered Eugene as the "easiest" town on the coast, because they were not molested unless they became too numerous, and their camps are seen constantly on the outskirts of the city.

UNIVERSITY MAY LOSE LARGE SUM

SAN FRANCISCO, April 20.—By the will of the late J. D. Cowell filed in the probate court here the University of California is given three bequests of a total value of \$750,000. The bequests are for a hospital, a student gymnasium and an athletic stadium, each to cost \$250,000.

Cowell, who died here on March 15, left an estate of about \$1,000,000. Doubt is expressed in legal circles as to whether the bequests to the state university will stand. The state laws provide that more than one-third of an estate may be diverted from the regular channels of inheritance. It is said to depend on the good will of the heirs whether the whole of the \$750,000 will go to the university.

Miss Kathryn Wells has accepted the position of teacher at the Parker Station school. The school will open on Monday, April 30th, for a five-months term.

NOTICE OF PROPOSED AMENDMENT OF BYLAWS OF KLAMATH WATER USERS ASSOCIATION.

To the Stockholders of the Klamath Water Users' Association—You are hereby notified that the following amendment to the by-laws of the Klamath Water Users' Association will be presented at the regular meeting of the stockholders of said corporation to be held on Friday, June 2d, 1911, at 2 o'clock p. m., to-wit:

Amend Section One of Article IV of the By-Laws of said corporation to read as follows:

ARTICLE IV.
Sec. 1. Revenues necessary for the accomplishment of the purposes of this association shall be raised by an assessment from time to time against the shares of stock thereof appurtenant to land for which water is available from the canals of the Klamath project. No assessment shall be declared by the board of directors to be delinquent within less than thirty days after the time of levying the assessment."

SUMMONS

In the Circuit Court of the State of Oregon, for Klamath County.

Benjamin Southwell, plaintiff, vs. Maxey Jackson and Hattie E. Jackson, defendants.

In the name of the State of Oregon: You and each of you are hereby required to appear and answer the complaint filed against you in the above entitled suit, on or before Thursday, April 27th, 1911, that being last day of the publication of summons herein, and the last day of the time within which defendants or either of them is allowed to answer herein, as fixed by the order of the court for publication of summons herein; and if you fail so to appear and answer, the plaintiff will apply to the court for the relief prayed for in the complaint aforesaid filed herein, to-wit:

First. For judgement against defendants for the sum of one hundred dollars together with interest thereon at the rate of ten per cent per annum from the 24th day of August 1909, and the costs and disbursements of this suit.

Second. For the sum of one hundred dollars attorney's fees herein.

Third. For a decree of said court for the foreclosure of that certain mortgage described in the complaint herein executed by the defendants on the 7th day of October 1909, in favor of the plaintiff, upon lot 9 of block 2 in Fairview addition to Klamath Falls, Oregon, which mortgage was recorded on November 30th, 1909, at page 363 in volume 9 records of mortgages of the county of Klamath, state of Oregon, and for sale of said real property, and that the proceeds of said sale be applied to the payment of the debt secured by said mortgage, to-wit: The sum of one hundred dollars together with interest thereon from the 24th day of August, 1909, and for costs and disbursements herein, and for the further sum of one hundred dollars as attorney's fees (as in "First" and "Second" herein above set forth); and that said defendants and all persons claiming under them or either of them subsequent to the execution of said mortgage upon said premises, either as purchasers, incumbancers, or otherwise, may be barred and foreclosed of all rights, claims, or equity of redemption on the said premises, and every part thereof, and that said plaintiff have judgement and execution against said defendants and each of them for any deficiency which may remain after applying all the proceeds of the sale of said premises properly applicable to the satisfaction of said judgement.

Fourth. That the plaintiff or any party to the suit may become purchaser at said sale and be let into possession as by law provided; and that plaintiff have such other or further relief in the premises as to the court may seem meet and equitable.

This summons is published in the Klamath Republican a weekly newspaper published at Klamath Falls, Oregon, designated as the paper most likely to give notice to said defendants, by order of the Honorable Henry L. Benson, judge of said circuit court, dated March 13, 1911, directing that such summons be so published once a week for six successive weeks, the first publication to be made (and being so made) on Thursday, March 16th, 1911.

C. C. BROWER, Attorney for the plaintiff.
