GAS COMPANY ASKS AMENDMENT BEFORE ACCEPTING

William Clark Crittenden, the attorney representing the W. F. Boardman Company in California, left this city this morning for Medford, after spending several days here looking over the franchise recently granted by the city council to the Boardman Company for the operation of a gas plant here. Mr. Crittenden, after a thorough investigation, finds that in several places the wording does not conform strictly with the city charter, and in order to have the franchise perfect in every detail, he has asked that an amendment be passed by the council before the franchise is accepted by his company.

This amendment, which will affect only a portion of the wording of the franchise, is being prepared by the local attorneys for the company, Noland & Crane, and will be presented to the council Monday night. The members of the council are all familiar with the amendment to be introduced, and at last night's meeting of the Good Government League, Mr. Crittenden and Herbert S. Crane explained the nature of the amendment to the members of the organization.

Mr. Crittenden also agrees, if the amendment is passed, that instead of placing a certified check in a local bank \$5,000 in cash will be deposited with the city, to be forfeited in case the company does not carry out its agreement. Mr. Crittenden has gone to Medford to look after matters of interest to his company there, but he will return Sunday so as to be personally in attendance at Monday night's meeting of the council.

BOXERS ARE HARD AT WORK FOR MIX

Work is the order of the day at the Central, the training quarters of Charlie F. Tucker, welterweight champion of the Northwest, and the clever boxer is determined to wear off all the rough edges before Saturday, when he meets Jack Linkenbach to defend his title. A great many of the fans drop in to watch Tucker's work, and they declare that he is showing up better than ever.

Out at the Altamont Tavern there is a kid who is working like blazes under one of the wisest old heads in the game. Linkenbach is the name of the youngster, and his trainer is none other than Spider Welch, who in his day made the best of them in his class sit up and take notice. Jack and Spider have it figured out that they have a look-in at the fight, and if condition is all that is necessary to make Mr. Linkenbach the welter-champion of the Northwest, he will certainly have the title, for he is in the best possible shape for a hard go.

Twenty rounds is the limit of the bout, and there are many who think the affair will go this limit, as it did when the two men met before. As a curtain raiser a ten round affair has been arranged between two remarkably fast little bantamweights, "Spider" Watson of Sacramento, and "Roughhouse" Burns of Fort Klamath. Another preliminary is to be arranged this week.

SUES SPECIALIST FOR DAMAGING EYESIGHT

EUGENE, May 20.—S. M. Douglas, a local capitalist, formerly a farmer living east of Springfield, has begun suit in the state circuit court here against Dr. C. W. Edmunds, a Eugene eye specialist, for \$10,000 damages for the loss of the sight of his left eye, which he alleges was caused by an operation performed by Dr. Edmunds.

He stated that he consulted the doctor, who pronounced his affliction a stoppage of the tear duct, and performed an operation. He alleges that immediately after that he became blind in that eye, and that the member is totally disabled.

The alleged operation was performed two or three months ago, and since then Mr. Douglas has consulted specialists in Portland, who have informed him that he will never regain his sight in that eye.

PUBLIC MAY INSPECT WESTMINSTER ABBEY

LONDON, May 20.—It is understood that after the coronation, Westminster Abbey is likely to be open for the inspection of the public for a longer period than on the occasion of the crowning of the late King Edward.

Everything will be left exactly as on the day of the great ceremonial.

In 1902, after King Edward was crowned, the Abbey was opened for seven days, and 97,000 persons made an inspection.

"After the coronation of King George," said Mr. C. H. Radcliffe, chapter clerk of Westminster, "we are hoping that the Abbey will be open for ten days and even longer, if possible."

Public charities benefited nearly \$25,000 on the occasion of the last coronation as a result of this public inspection, a charge for admission being made. It is probable that this year any surplus remaining after making good lost collections to the Hospital Sunday fund and other institutions through the suspension of services, will be devoted to removing the debt on the Abbey.

CROOK COUNTY LAD SOUGHT ON THE DESERT

PRINEVILLE, May 25.—Summer Houston, the 12-year-old son of J. C. Huston, a prominent stock man, who lives thirty miles south of this place, is lost on the high desert somewhere between the Huston home and the southern line of Crook county. The boy started from the camp of a number of men, who are rounding up horses, for the Huston home on last Thursday morning, and the following day his saddle horse came back to the camp with the saddle hanging to one side.

A party started at once to search for the lad, and practically all the residents of southeastern Crook county are searching for him.

Up to late Sunday night no word had been received, as the country in which he is lost is sparsely settled, with few watering places, and it is feared the little fellow has perished from thirst.

His two older brothers died just a year ago from diphtheria.

ALBANY CHAUTAUQUANS ORDER AN AUDITORIUM

ALBANY, Ore., May 30.—At a meeting of the Albany Chautauqua board the building committee was instructed to secure plans for the new Chautauqua auditorium in Bryant's park. The Chautauqua board is trying to have Governor West make an address on the opening day, July 7th. July 14th will be temperance day, and Mrs. Edith Smith Davis, a prominent eastern temperance lecturer, will speak. Dr. Calvin White of Cleveland will deliver an address during the meeting on "The Dangerous House Fly."

CHERWOOD AND CONNON NOW AT SWORD'S POINTS

WASHINGTON, May 27.—Pointing to Cannon, Congressman Sherwood of Ohio in the house yesterday declared that he could prove that Cannon as speaker smothered Sherwood's dollar-a-day pension bill.

Sherwood and Cannon sit close together, and Cannon leaped to his feet, shook his fist in Sherwood's face and shouted: "I now look you in the eye and say you tell an untruth in that statement."

A point of order prevented a further row.

EAGLE ATTACKS BIG MONOPLANE

SAN SEBASTIAN, Spain, May 25.—On the last leg of the Paris-Madrid race a giant eagle attacked Aviator Gilbert today. The bird landed on the front of the monoplane, and lunged at Gilbert's head, striking the aviator's metal headpiece.

The bird pursued the monoplane, and when it swooped again, Gilbert drew a revolver and fired. He struck the eagle, which dropped. Gilbert, using superhuman efforts, regained control of the machine, and alighted unharmed.

SPORTING WRITER GETS HIS FOOT IN IT

LONDON, May 20.—At the Epsom derby today Special Commissioner Allison, a well known sportsman and leading turf writer, was charged with being concerned in a plot to prevent the favorite, Joel's Sunstar, from winning. It is estimated that Sunstar was backed by a million pounds.

George W. Baldwin, who arrived here Thursday from Long Beach, Calif., left Friday morning for Lakeview, where he has property interests. Mr. Baldwin, who holds a responsible position with the First National bank of Long Beach, is much impressed with Klamath Falls.

TABACCO TRUST LOSES BIG SUIT

CASE HAS BEEN REFERRED TO THE LOWER COURT FOR SEVERAL MODIFICATIONS BEING NECESSARY BY TRIBUNAL

WASHINGTON, May 29.—The government wins the tobacco case.

This is the decision of the United States supreme court, although the case was reversed and remanded to the lower court to secure modifications in the decision.

When Chief Justice White read the decision Justice Harlan was the only one who dissented.

In summing up the case Chief Justice White said:

"Under the circumstances, and taking into mind the complexity of the situation in all its aspects, giving weight to the many sided considerations which must control our judgment, we think, so far as permanent relief is to be awarded, is concerned, we should decree as follows:

"First, that this combination in and of itself as well as each and all elements composing it, whether corporate or individual, whether considered collectively or separately, be decreed to be in restraint of trade.

"Second, that the court below, in order to give effective force to our decree in this regard, be directed to hear the parties, by evidence or otherwise, as may be deemed proper, for the purpose of ascertaining and determining upon some plan or method of dissolving these combinations and of recreating out of the elements now composing it, a new combination which shall be honestly in harmony without being repugnant to the law."

MANY SMASHUPS IN THE BIG RACE

INDIANAPOLIS, May 30.—Forty drivers in the 500-mile international sweepstakes started today before a crowd of 100,000 on the motor speedway. On the thirteenth lap the Ampex, driven by Archie Greiner, was thrown in the air and overturned by the explosion of both rear tires. S. P. Dixon, the mechanic, was killed and Greiner was fatally injured.

Tetzlaff hubbed Disbrow's car and was thrown out, but was unhurt. Mechanician Lewis, who was also thrown out, was internally injured and his leg and arm were broken.

At the end of 300 miles Mulford was leading; time, 4:32.4, thus setting a new record.

Evans, Tower's relief driver in the Jackson, was thrown from the car and his right ankle was broken. It happened while he was trying to stop his car short to prevent a collision.

Hundreds narrowly escaped death when Lyttle, Knight and Jagersberger collided directly before the grand stand. Lyttle, who broke his steering knuckle, zig-zagged wildly about on the course, and with the other cars rushing toward him, the crowd screamed with terror. Lyttle's engine was dead, and he was helpless. Knight hit Lyttle first, Jagersberger following. The three cars rolled over in a shapeless mass, and plunged into the crowds.

The drivers were not thrown from their cars. Knight's mechanic, Glover, was the only one hurt. His back was badly wrrenched.

DESPONDENT GIRL ATTEMPTS SUICIDE

Suffering from an attack of appendicitis, despondent because she had not the money to undergo an operation, and despairing when the friends who promised to assist her failed to do so, Ruth Allen, 23, Thursday night attempted to end her life by swallowing liniment containing a large proportion of chloroform. Though her life was saved, she is still far from well.

The attempted suicide occurred at the room she and her sister, Pearl, occupy over a restaurant, where she is employed. The two girls had retired shortly after 10 o'clock, and the older, saying she would end it all, reached for the bottle, and before her sister could prevent her, had drunk nearly all of the fluid and sank unconscious. Doctors Truax and Wright were summoned, and worked heroically for two hours, and finally brought her to consciousness.

Friday morning she was removed to a room at the Washington house, where she is under the care of a trained nurse. Miss Allen, or, as account of the action of the emetics, together with her condition as a result of appendicitis, is suffering considerably, but Friday afternoon Dr. Truax, who is attending her, said she was getting along as well as could be expected.

Miss Allen has been suffering from appendicitis, and her doctor advised that an operation was necessary. As she had not the funds some of her friends agreed to help her, and had promised to give her the money last night at the latest. As they did not do so, she decided upon the

rash act that came so near ending fatally.

SENDS HIS WIFE AWAY THEN GETS A DIVORCE

PORTLAND, May 25.—Mrs. Esther Rosenfeld appeared at the court house yesterday afternoon to inquire how Max Rosenfeld secured a divorce from her May 12th. She was very much excited upon learning he had taken a decree, as instructions had been given her attorney, she said, to oppose the divorce.

According to the woman, Rosenfeld sent her to the country while he took the necessary steps for the divorce. She said he sent her and her father several miles from Portland to live on a ranch for the summer. Soon after she had located on the place she was informed the husband was after the divorce. She instructed an attorney to handle the case, and a few days ago she received a copy of the decree. Rosenfeld secured the divorce on the ground of cruelty. The woman declared she would demand that the matter be reheard.

APPLES PLOWED UNDER LAST FALL TURNED UP FRESH NOW

HOOD RIVER, May 25.—That the soil of the Willow Flat section of the Hood River Valley is a good fruit preservative seems evident from the fact that apples that had fallen under the trees last year at picking time and been plowed under this spring turned up in the finest of shape, and were as hard and firm as the day they were gathered from the trees.

G. S. Ehle, of the Klamath Nurseries, is transferring his stock of trees from Alberta, Canada, to this place, and has already hauled in a few thousand trees on his plot adjoining the Enterprise tract.
