

MICHIGAN GUARDSMEN WILL FIGHT THE FIRES

United Press Service

LANSING, July 12.—The entire National Guard of Michigan will be called out for service in the fire region. Major J. N. Cox of the military department is trying to get in touch with Governor Osborne, who is yachting on Lake Michigan.

MORE BUILDING PERMITS GRANTED

At late Tuesday night's meeting of the city council there were present Councilmen Wilkins, Crisler, Obenchain, White, McGowan, Grigsby and Stansbie.

The following building permits were granted:

Arthur Arletts, two-story hospital building on lot 1, block 25, Hot Springs addition.

Arthur Arletts, one-story business block and basement on lots 5 and 6, block 10, Railroad addition.

D. E. Reisdorf, one-story, four-room bungalow, shingled and painted, brick or cement floor, corner of First and Pine.

W. H. Mason, to improve the small building on Seventh street.

George O. Bell, four-room house made box fashion, with cement floor, on lot 5, block 215, Mills addition.

D. C. Shaffer, five-room dwelling, 24x36, on lot 1, block 29, Hillside addition, to cost about \$1,500.

John T. Schallock, store building 29x16 feet, 10 feet high, on lot 9, block 82, Klamath addition.

H. N. Woods, six-room bungalow on lot 8, block 26, Hot Springs addition, to cost \$2,000; also one five-room bungalow on lot 11, block 41, Hot Springs addition, to cost \$1,500.

The ordinance declaring liens against property owners on Klamath avenue, to pay for the improvement of that thoroughfare by the laying of bitulthic pavement, was adopted at this meeting. Councilman White suggested that the matter be left over till next year, but Mayor Sanderson explained to him that the contract with the Strange-Maguire Paving company was for the completion of the work this year.

The matter of granting a saloon license to Joseph M. McDonald and Bob Hunsaker, and the rejection of the second set of sewer bids for the construction of the third unit of the sewer system are treated in other columns.

TWO MEN GET THIRD IN TOILS

FOT KLAMATH, July 6.—Jack Hill and Clarence Thomas, the two men arrested yesterday on Seven Mile for robbing the camp of James Noriel were this morning given a hearing before Justice of the Peace Johnson, and were bound over to await the action of the grand jury. They left just before noon for Klamath Falls, where they will be placed in the county jail.

The two men yesterday informed the officers that John Bright, out on Seven Mile, stole a calf, and he was arrested on this charge. When taken into custody by the authorities Bright was indignant, and declared that his arrest was a result of some spitwork by the prisoners. He was given a hearing and also bound over. He has been trying to secure bail, but so far has not met with success.

ONE BALLOON RUNS INTO A THUNDER STORM

KANSAS CITY, July 11.—The balloon Nick Harmon, with Honeywell as pilot, one of the entrants in the National balloon race, was forced to descend on account of thunder storms. Its post anchor dragged along the ground for four miles before the gasbag was finally landed. The men were bruised, their eyes blackened, and their clothing torn.

The other contestants in the national race are still in the air. They are sailing northeast, and it is believed that they may go over the great lakes.

TWO ITALIANS GET FIVE YEARS

PORTLAND, July 11.—L. Rinaldi and A. Martinnelli, two Italians arrested in Oakland, were sentenced to five years in the federal prison today for passing spurious five dollar notes. The conviction was made largely on account of information furnished by the postmaster at Oakland.

The notes were made in Italy and sent to America by mail. A letter containing twenty-six bogus notes was found on Martinnelli. Similar notes mailed to Rinaldi at Fresno were also found.

STRIKE WATER AT A DEPTH OF FORTY FEET

Ward & Nelson have found water at a depth of forty feet in a well they have just sunk in the Ward-Nelson

addition. A six-inch sealed casing has been placed in the well, and now the campers and residents of the new addition are furnished with a plentiful supply of pure cold water.

ENGLAND MIXES SAM AND WILHELM

LONDON, July 11.—The afternoon papers declare that Washington has notified Germany that the establishment of a German naval base on the Moroccan coast is considered as a menace to American interests and the Panama canal.

They declare further that America has promised to support England's protest against the German warship Agadir.

"Not So," Says Knox

WASHINGTON, D. C., July 11.—The state department has positively denied the London reports that America has protested against Germany's Agadir action. It is said that the department is not communicating whatever with Germany regarding Morocco.

WILL START ON SIXTH STREET SOON

The Strange-Maguire Paving Company is making great progress in their work of laying bitulthic pavement on the streets of Klamath Falls, and they expect to have the paving of Spring street completed to the Southern Pacific passenger depot within a week's time.

Following the paving of Spring, which will give a hard surfaced pavement from the railroad depot to the Link River bridge, the company will commence operations on Sixth street, which is to be paved from Main street to Kinlock and Commercial. A force of men are now employed in grading the portion of Sixth street to be paved and the laying of the "hot stuff," it is expected, will commence on the 17th.

"CAN'T BE DONE," SAYS E. L. ELLIOTT

According to City Attorney E. L. Elliott there is no provision in the city charter whereby the city can construct a sewer system itself. This comes as a result of the opening of the second set of bids for the construction of the third unit of the sewer system, when the lowest bid was over \$1,400 in excess of the lowest bid tendered in the first call for bids.

Following this Mayor Sanderson conceived the idea of the city constructing the unit itself, and asked advice on the matter from the city attorney.

AT LAWST, AT YAWST. THE SWEEPER ARRIVES

Mayor Sanderson and Street Superintendent Stanley were Friday afternoon engaged in assembling the street sweeper the city purchased a short time ago from Beall & Co. of Portland. They are anxious to get it set up as soon as possible, in order to take a cruise down Main street and sweep the bacteria and other germs of contamination, and, incidentally, the trash off the bitulthic.

The sweeper was shipped from Portland on June 26th, and the mayor was anxious to have it here in time to clean the streets for the Fourth.

WORK ON HOSPITAL WILL SOON COMMENCE

Permission was granted by the council Monday night for the erection of the Blackburn Sanitarium, the new hospital to be erected in Hot Springs addition. Construction work will soon be commenced by Arthur Arletts, who will do the brick work.

This hospital is to be constructed of brick, and when completed will have cost \$16,000. Dr. R. R. Hamilton of this city will be house surgeon, and it will be used by the local physicians.

SAYS HE WOULD HAVE LANDED THE PASSENGERS

SAN FRANCISCO, July 11.—Captain Gunderson of the steamer Helen P. Drew, who testified this morning before the federal investigation regarding the wreck of the Santa Rosa, said that if he had been in Captain Farla's position he would have landed his passengers during the morning, while the sea was smooth. He said he had no wireless apparatus aboard, but remained in the vicinity to give aid if needed.

LEAVES FOR JOURNEY TO WILLAMETTE VALLEY

Councilman Allen Stansbie and family will leave Sunday morning for an extended trip through the Willamette Valley. The journey will be made with three horses and a wagon.

From here the party will go to Eugene, and from there will go down the McKenzie River. They expect to return to Klamath Falls by the middle of September.

PORTLAND GETS GRAND LODGE, '12

MEMBERS OF THE ANTLERED HERD FROM ENTIRE WEST ASSISTED ROSE CITY ELKS IN THEIR FIGHT

ATLANTIC CITY, N. J., July 11.—The nineteenth Grand Lodge of the Benevolent and Protective Order of Elks will be held in Portland, Oregon. This was decided at this afternoon's meeting of the Grand Lodge of the order, which is now in session here, with Elks from all over the nation in attendance.

Some time ago the Portland Elks decided that their city was the logical meeting place for 1912, and thereupon they commenced a campaign that wiped all opposition off the slate. In a remarkably short time they raised over \$150,000 for a campaign, and soon had the entire West lined up with them, in addition to being assured the support of many Eastern and Southern states.

A special train of Elks arrived here Sunday from Portland, and since their arrival they have made it evident to all that there is a place on the Pacific Coast called Portland, that that town intended to entertain the National convention in 1912, or know why.

SOME OF THE HAPPENINGS AROUND MILLS ADDITION

(Staff Correspondent)

The new commercial building is rapidly nearing completion. It will be turned over to the school board by August 15th, according to Frank Applegate, who has charge of the carpentry work. The building includes three or more rooms for school purposes.

Ben Owens is expected back Thursday, and then there will be things doing, they say, for Owens is the councilman who looks after things in this part of the city.

Cutting hay, and a bumper crop at that, is the chief agricultural interest all over Mills addition at present. The gardens are all doing fine. Frank Applegate has a great yield of onions and the Nitschlein and other gardens show fine crops of vegetables.

There are now 122 children of school age in Mills addition, and it is believed that this number will be greatly added to by the time school begins in the fall, so that the additional rooms up stairs in the new building may have to be used, as the school board has a prior right to their use for school purposes.

A BIG MONEY TRUST IS ORGANIZED

GOTHAM'S FINANCIAL INSTITUTIONS ARE ORGANIZING THE NEAREST APPROACH TO "MONEY TRUST" YET CONCEIVED

NEW YORK, July 11.—Handicapped by the laws limiting the activities of national banks, especially in prohibiting to them certain classes of investments, the directors of the National City bank of New York are going into business for themselves, and have formed a combination which will more closely approach a money trust than any previously conceived.

This, to its amazement, Wall street today discovered is the solution of the mystery surrounding the recent organization of the \$10,000,000 National City company here. Financiers say their actions are practically the money trust arrived at last.

The new company will be absolutely and perpetually controlled by three trustees, who must be officers of the National City bank. The present trustees will be James Stillman, the president; Frank Vanderlip, the vice president, and Stephen Palmer, a director of the bank.

As the laws prohibit banks operating in miscellaneous stock or their holding stock in another national bank, the chief field of the new concern will be the financing of new enterprises and the aiding of those already organized. Fearing no government interference, it will furnish the needed funds for railroads and industrial enterprises, thus practically dominating the whole business field.

Under the plans of its projectors it is believed the company will be able to prevent the building of new railroads or the establishment of competing concerns in other industrial lines which "might reduce the dividends of existing corporations." By the weight of its capital and connections it is expected the concern will be able to prevent other capitalists extending the aid it refuses.

BIG FALL COLONIST RUSH IS EXPECTED

PORTLAND, July 12.—Fall colonist rates have been arranged by the transcontinental roads upon the same basis as the rates of last spring. They are to be in effect from September 15 to October 15, and the rates will be \$25 from St. Paul and Missouri River points and \$33 from Chicago to Oregon and Washington.

According to a telegram received from A. M. Cleland of St. Paul, general passenger agent of the Northern Pacific, inquiry has been very heavy concerning the rates and other details of the fall colonist rates, and he believes there will be a greater rush to Oregon this fall than ever before.

THEY ALL DEMAND IT

Klamath Falls, Like Every City and Town in the Union, Receives It

People with kidney ills want to be cured. When one suffers the tortures of an aching back, relief is eagerly sought for. There are many remedies today that relieve but do not cure. Here is evidence to prove that Doan's Kidney Pills cure, and the cure is lasting.

Mrs. C. H. Hoxie, Fir street, Medford, Ore., says: "I publicly recommended Doan's Kidney Pills in 1907, after they had benefited me, and now I am pleased to speak in their favor again. I had kidney trouble for several years, and the backache grew worse as time passed. If I attempted to stoop or move quickly, sharp twinges darted through my loins and hips, and sometimes I was lame for days. The kidney secretions passed far too frequently, and I also noticed sediment in them when they were allowed to stand. My health ran down, and I was feeling miserable at the time I commenced taking Doan's Kidney Pills. They helped me from the first, although other remedies had proven useless, and as I continued taking them I steadily grew better, until not one symptom of my old trouble remained."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.
