MRS. JONAS NORIN	LAKEVIEW	30,245
MRS. BROWN MICHAEL	DAIRY	17,660

Get busy, candidates, with the accent on the word "busy."

You can't be a Rip Van Winkle in this race and have a showy vote total opposite your name.

Your dearest friend won't vote for you if you appear like a "Rip." You know "Rip" slept for twenty years, and this contest will be over in less than six weeks--so your friend would not find any satisfaction in voting for a "Rip Van Winkle."

Be loyal to those who have already voted for you and those who are your friends in this contest. Remember that for many of you they have put in their time and money in order to give you a start because they believed you would appreciate being picked as a winner.

Suppose that you voted for some candidate in this race, and then in a day or two after took up the Herald to see how many votes your favorite had gained since you voted for her, and found no improvement. You would not only be disappointed, but you would count her out of the "running." On the other hand, if your favorite had increased her totals you'd boost for her.

Be a "whirlwind" candidate--"anything that is worth doing at all is worth doing well."

You are all doing pretty well--but "pretty" well is not enough to gain the hearty support of those who would support you if you were doing REAL WELL.

Of course, there are always exceptions. The contest editor can say that Mrs. C. A. Rambo is doing REAL WELL. She was the last to enter the merry contest, and necessarily started at the bottom of the list of thirty-three candidates. In two days Mrs. Rambo has jumped from thirty-third to fifth position, and it won't be long before she takes her place in the Roll of Honor.

Mrs. Jonas Norin of Lakeview is another candidate who is getting along nicely. Mrs. Norin was the next to last person to enter the race, and holds sixth position in the contest.

Mrs. E. M. Lewis made up her mind to get after subscriptions yesterday afternoon, and before the votes were counted last night at 6 o'clock she had gained 12,400 votes. Your friends

will be glad to see that you have taken a start, Mrs. Lewis, so keep up the good work.

Mrs. Orpha Schallock has got 26,625 votes to her credit. Three yearly subscriptions will give 27,000 votes to you, Miss Schallock--just a little more than you need to put you over the 50,000 vote mark and into the Roll of Honor. Get there before tomorrow evening's count and you will find votes coming your way as fast as bullets pour from a Mauser rifle.

MISS ROBERTSON

The Third Candidate to Enter the "Roll of Honor"

19,390 votes is your total, Mrs. Clark. A little change in those figures will do much to inspire your friends and place your name in the Roll of Honor.

Miss Catherine Prehm is representing Merrill, and has a vote total of 39,850 votes, and should be in the Roll of Honor ranks before long. Mrs. Frank Klabzuba is another of Merrill's candidates.

Miss Gladys Horn and Miss Marie Hamaker are taking care of the district in Bonanza and vicinity, with

Miss Horn in the lead. Which of you will be the first to be Roll of Honor candidates from Bonanza?

Dairy is very much included in this battle for ballots, with Mrs. Brown Michael as her standby.

Bly is also represented by Miss May Casebeer, as is Dorris by Miss Rose Langor, Klamath Agency by Miss Rosa Snook, and Port Klamath by Mrs. Ed Koontz.

Mrs. French, Mrs. Harris, Miss Low and several others are candidates who could do big things in this contest if they would take advantage of the Big Triple Vote Offer that is now in effect.

Keep the subject of TRIPLE VOTES IN MIND. THERE WILL BE NO MORE TRIPLE VOTES. GIVEN ON SUBSCRIPTIONS AFTER NEXT THURSDAY NIGHT, AUGUST 24th, 8 P. M. AFTER THIS DATE THE SCHEDULE WILL BE REDUCED and you will have to put in more time to earn the same amount of votes on subscriptions.

5,000 for a year; 24,000 for two years and 75,000 for five years is the present schedule. Don't overlook any subscriptions now while this liberal offer is in effect. No future offer during this contest will be as good. MAKE GOOD WHILE THIS OFFER LASTS.

11,000 ACRES TO BE RESTORED

LAND INCLUDED IN LATEST ORDER IS ON WEST SIDE OF THE LOWER LAKE AND IN SAND HOLLOW COUNTRY

The latest stretches of land originally included in the Klamath project to be restored to the public domain after having been withdrawn for reclamation purposes, second form, under the act of congress of June 17, 1902, are to be thrown open to settlement August 25th. They will be open to entry, selection or filing on September 27th.

The land in question is released upon application of Secretary of the Interior Walter L. Fisher for restoration, made on June 29th, and referred to the general land board. The reason given for the opening of the major portion of the land, that in the Sand Hollow country, is that its elevation is too high to be reached by the government irrigation canals, being even above the Modoc Canal survey, which is the highest situated canal included in the project.

The total amount of land to be thrown open at this time aggregates a little over 11,000 acres. Of this amount 4,000 acres skirt the west side of Lower Klamath Lake, extending from Teeter's landing nearly to Cair, which is just this side of the state boundary line.

The remainder of the land, amounting to over 7,000 acres, is situated in the Sand Hollow district. It comprises portions of townships 40 and 41, ranges 11, 12 and 13 east.

VENIRE DRAWN FOR REMAINDER OF TERM

The following venire of jurors has been drawn by county Clerk DeLap to serve for the remainder of the June term of the circuit court: Frank E. Sargent, M. L. Allison, C. F. Goodrich, S. B. Low, John W. Stout, Arthur Langell, James Swanson, H. G. Bussey, Carl J. Robley, Al Melhase, S. P. White, E. S. Turner, John H. Barnes, Stephen Griffith, S. E. Martin, Dan Doten, J. O. Hamaker, W. W. Masten, Tom W. Stephenson, Oscar Bunch, A. F. Stankey, George B. Snyder, W. R. Campbell, W. L. Tingley, J. M. Ezell, J. P. Colahan, Walter Ritter, Albert Mark, Elmer I. Applegate, A. D. Addison, S. H. King.

THIRD NINE OUT FOR TOURNAMENT

RIDDLE PROMISES TO BE A CONTENDER FOR THE MONEY AT THE KLAMATH COUNTY FAIR NEXT MONTH

Baseball is to be a feature of the Klamath County Fair this year, and the men in charge are preparing to arrange a tournament, with a purse for the winning aggregation. Thus far there are two local teams who have signified their intention of entering for the tournament. The teams are the Klamath Falls nine and the team from the Big Basin Lumber company, who are old rivals for championship honors.

In addition to these teams, John Irwin, the star twirler for the Port Klamath aggregation, and the Willis brothers, who played this season with the same team, have announced their intention of returning to Riddle, to organize a fast team of players from that city, who play in different parts of Southern Oregon during the season. With this aggregation they expect to make a tour, disputing Prineville's claim to the Central Oregon championship, and playing Medford. They will also play at the Douglas county fair, and will be entered in the tournament in connection with the fair to be held in this city. It is possible that other teams will also enter for the purse that is to be posted.

UNDERWOOD BILL GOES TO TAFT

TAFT'S VETO IS EXPECTED FRIDAY--DEMOCRATIC SENATORS DISCUSS COTTON AND THE ADJOURNMENT OF CONGRESS

United Press Service.
WASHINGTON, D. C., Aug. 16.--The senate democrats are today caucusing to determine upon action regarding the cotton tariff bill and the adjournment date.

The Underwood compromise wool bill went to President Taft this morning. A veto is expected Friday.

It is believed that the house will accept the free list bill if the senate passes the measure. This means that venoms will continue to be datiable.

THE "INDUSTRIAL DEVELOPMENT" NUMBERS START

(By C. Peebles Blanton)
The Klamath Republican this week begins the work of mailing out several hundred copies containing the "Industrial Development Section." The Republican will be sent to people who have made inquiries regarding the county and show interest in buying farms in Klamath county.

The real estate owners and dealers and the business men are manifesting much interest in the work and soon we will be mailing several thousand papers each week.

Thousands of families are leaving the old states and seeking new homes in the West, and nowhere can they be satisfied more easily and more to their own interest than in Klamath county. It is only a question of their hearing about this section, if they do, many will come and buy homes and farms.

We believe there is no way by which people can be reached so successfully as telling them accurately and truthfully through the local paper. This is what we are endeavoring so much to do in our "Industrial Section," and the amount of good we are enabled to do depends entirely upon the assistance we receive from the people in the county, who help us circulate the Republican.

We have had some very flattering responses to our efforts for money to back up this work, and there, of course, are always some in every community who "let George do it," but we expect that, and will get the live, wide-awake, progressive citizens to spend their money where it will return a large profit in building up our towns and county. There are many thousand people who would be glad

to know what Klamath county offers them in investments, homes and farms, and the Republican Industrial Department can reach these people at a minimum expense. These people want to come somewhere West, and we are finding many good homes in Oregon where the community interests are alive and making a concerted effort to build towns and country. What will Klamath county do for a large share of this new population? Will our citizens get together and feel and assert more individual personal action?

The next three months is the opportune time, and the Republican's Industrial plan is far-reaching and effectual with your support.

SELECT SITE FOR FAIR GRAND STAND

BISHOP, BALDWIN AND REAMES DECIDED THIS MORNING--THE STRUCTURE IS TO BE ABLE TO ACCOMMODATE 3,000

B. St. Geo. Bishop, E. R. Reames and Geo. T. Baldwin of the Agricultural Association went to the grounds on Wednesday morning and selected the site for the location of the big grandstand which is to be erected for the fair and races September 27, 28, 29 and 30. The grandstand is to be about 300 feet long, and will be built to accommodate from 2,500 to 3,000 people. It is to be a permanent structure, and will be well built, so that it can be used for the annual event for a number of years.

President Bishop has got into the game with his old vim and energy, and promises the people one of the greatest fair ever pulled off in this county. Letters of inquiry are already being received from race horse men all over the coast, and there seems to be no fear but that there will be a large string of fast outside horses here for the races. In addition every owner of a fast horse in the country is putting them in shape to enter. Klamath county has bred its share of racing horses, some of which have a national reputation, and it is predicted that the coming speed program will discover some more fast ones belonging to local horsemen.

As the time for making all the preparations for the fair will be short President Bishop will have his hands full every minute of the time from now until the big event is over, and he expects every business man in Klamath Falls and the county to assist him in making this the greatest success ever held here. Mr. Bishop states that he does not anticipate any difficulty in raising the necessary amount of money for the purses. No solicitation has been made yet for funds, but E. R. Reames, L. Gerber, L. N. McLenore and A. Castel have each voluntarily contributed \$100 toward the fund, and a great deal of time can be saved if others of the interested business men will make their contributions without waiting to be called upon.

FINANCIERS NOW TURN TO FIGHT MRS. HARRIMAN

United Press Service.
NEW YORK, Aug. 16.--The financiers who fought Harriman during the magnate's life, are endeavoring to wrest the control of the Harriman lines from Mrs. Harriman. Wall street believes that the widow will not fight, but will dispose of her holdings in the open market. The recent decline, it is believed, is due to her sales.

INVESTIGATING BODY NAMED BY DILLINGHAM

United Press Service.
WASHINGTON, D. C., Aug. 16.--William P. Dillingham of Vermont, chairman of the senate committee on elections, announced today that his committee has selected Senator Heyburn of Idaho, Senator Southerland of Utah, Senators Bradley and Paynter of Kentucky and Senator Pomeroy of Maine to act as a sub committee in the investigation of the election of Senator Isaac Stephenson of Wisconsin. Heyburn was named as chairman.

FINISH SURVEY AT CRATER LAKE

PARTY COMPLETES PRELIMINARY ROAD WORK AROUND RIM AND TO THE BORDER OF THE NATIONAL PARK

Preliminary survey work in Crater Lake National Park has been completed, and Engineer William G. Carroll, Surveyor and A. L. Menle, K. S. Hall Andrew Koerner, G. H. Oberthurfer, Theodore Edwards, J. C. Kimsley, G. Hinsell and O. Darnell, composing the party that has been active, were in this city on their way to Portland. When the party entered the park, about a month ago, it was estimated at least six months' time would be required, but the crew made remarkably fast progress.

The work undertaken by this party, which was under orders from Major Jay J. Morrow, United States Engineer Corps, stationed at Portland, was the completion of the preliminary road surveys. The survey of the roadway around the rim of the crater was finished this year, and a road connecting Mount Scott and Sand Creek was surveyed. After completing the work in the vicinity of Anderson's springs, the party moved to Cascade Springs, and from there surveying a road toward Prineville, making the famous lake accessible from that point.

THANKSGIVING OPENING DAY

WHITE PELICAN WILL BE COMPLETED THEN--SAN FRANCISCO MAN WILL MANAGE THE NEW HOTEL

Announcement has just been made that J. E. Brower of San Francisco will have charge of the White Pelican, the palatial hotel being built in Hot Springs addition, near the Southern Pacific depot by the Klamath Development company. Mr. Brower is one of the best known and most experienced hotel men in the West. He was for four years connected with the Palace Hotel in San Francisco.

From the amount of work done now it is thought that the new hostelry will open its doors to the public on Thanksgiving Day. Great preparations are to be made for this event by the Klamath Development people.

The White Pelican, when finished, will be easily the finest hotel between Portland and Sacramento. It will contain 120 rooms, complete with steam heat from natural hot water, and telephones, while a spacious dining room, sample rooms, vacuum cleaning plant, steam laundry and refrigeration system will be included in the hotel's equipment. A special feature in regard to the hotel will be the hot mineral springs and Hammam baths, which can be taken in the hotel itself by the guests.

FAVORITE COMPANY TO PLAY HERE EIGHT NIGHTS

Bills are today being posted around the signboards, announcing to the public that Margaret Iles and her company of clever players will be with us for eight nights, beginning August 26th. The opening bill will be the great John Drew success, "Our Irish-American Cousin," and a new play will be given every night.

Local people feel quite an interest in this theatrical organization, for in addition to its well known merit, it also originated in Klamath Falls, the actors banding themselves together at Houston's opera house five years ago. In addition to Miss Iles, Leota Howard, Ed Meade, Jo Thompson and a number of other well known players are included in the troupe.

Dick Murdock, who has been ill for some days, though attending to his shop, is now fully convalescent and able to attend to business.
