

NEWELL ASKED ABOUT WATER

COUNTY JUDGE WRITES FOR INFORMATION ON BEHALF OF FARMERS UNDER PROPOSED PINE GROVE DISTRICT

The farmers in the vicinity of Pine Grove, representing approximately 8,000 acres, have petitioned for the establishment of an irrigation district and propose to furnish water for their lands by pumping. The only source of water supply is from the government irrigation canal, and so far they have been unable to secure any definite promise from the United States reclamation officials. Before determining on the petition, County Judge W. S. Worden, on behalf of the petitioners, has written the following letter to Director Newell to find out if the water can be secured in case the district is formed:

"Hon. F. H. Newell, Director U. S. R. S., Washington, D. C.:

"Dear Sir—Certain citizens of Klamath county have in contemplation the organization of an irrigation district to be organized under the state irrigation law of Oregon, having in view the irrigation of several thousand acres of land lying to the north and above the United States reclamation service main canal, between Olene Gap and Klamath Falls.

"The matter has been brought before the county court of Klamath county, and now stands on adjournment for three weeks, for the purpose of getting certain information which appears to be fundamental. It is the purpose of the projectors and proposed water users of this district to be organized to depend upon the United States reclamation service for its water supply, and the only place that such supply can be had, as far as I am informed, is by pumping from the United States reclamation service main canal.

"The county court of Klamath county has no interest other than an official one, but at the request of the petitioners in this instance, this letter is addressed to you for the purpose of finding out, if possible, whether the United States reclamation service would enter into contract with the petitioners when organized legally into an irrigation association under the state law of Oregon.

"I would be obliged, and it would be of the greatest service to the petitioners at this time if you would advise me whether such contract can be

made with the reclamation service. "For how long would the United States reclamation service enter into contract with the proposed irrigation district, how much water would it be willing to furnish under such contract, and what would be the charge of the United States reclamation service for water so furnished during the life of the contract?"

"Your early response to these inquiries would be of the greatest assistance, and would save the petitioners much time and considerable outlay and expense. Unless it is possible for them to get water at a reasonable price and under a specified contract for a certain period, it would be impracticable for them to proceed and incur the heavy expense for surveys and other preliminary charges, as well as getting bond for the expense to be incurred. Very truly yours,

(Signed) "WM. S. WORDEN,
"County Judge."

GARDEN PRODUCE ON LARGE SCALE

FIRST ENTRANCE OF JAPANESE GARDENERS IN COUNTY ON UPPER KLAMATH LAKE—WILL GROW CELERY

Fifteen Japanese arrived here last week in the charge of Mr. J. Douglas from California, and will be taken to Doak's ranch on the Upper Lake, where they will be put to work to raise garden produce. The Japanese are noted as expert gardeners, and it was thought that it would be a good idea to import a number from down below and see if they can make a success of it. Celery, among other things, will be tried, and if it proves successful, as it is hoped, provisions will be made to carry on the production on a large scale.

NEW BALLOT BOXES

The county Monday received 19 new metal ballot boxes for election use. The new boxes are made of heavy black enamel tin, and are round in shape, and of such size as to easily hold all the ballots cast in the largest precinct in the county.

Heretofore the county has been using wooden boxes of all sizes, shapes and conditions, without proper locks or fastenings. In some of the precincts where a large vote was polled it has often been necessary to use two or more of these boxes.

A THIRD OF TAXES BEEN COLLECTED NEAR PINE GROVE IRRIGATION PLEA

SHOWING MADE FOR THE FIRST MONTH IN COLLECTING TAXES NOT AS GOOD AS IN PREVIOUS YEARS

Approximately \$100,000 has been received by the sheriff and turned over to the county treasurer for taxes since the books were opened on February 19, a month ago Tuesday. The taxes assessed against the property of the county on the rolls amount to about \$300,000, so that only one-third of the amount has been paid to date. This is a much poorer showing than that made by the sheriff's office in previous years.

DEMONSTRATED D VALUE OF LAND

Henry Semon was in the city today from Paradise ranch, near Stukel bridge. Mr. Semon brought in a load of potatoes that he recently sold to the Wood-Curtis company. It is his intention to put in at least forty acres of potatoes this year. All of his land is now unirrigated, but a portion of it will come under the Griffith lateral. In case he gets water this year he will put in several acres of onions and cabbage. He also has 500 fruit trees that he will put out this year. Mr. Semon came to Klamath county last year, but he is already thoroughly convinced that the fruit industry can be made to pay in the sheltered portions of the valley.

RECOVERING FROM ACCIDENT

Marion Herring, who fell from a scaffolding on a new house which is in course of construction on Eighth street for Mrs. Dixon, is improving. The accident occurred last Thursday afternoon. He suffered severe bruises and contusions, and later developed transmittic nephritis.

BARNES AND CARROLL BACK

Sheriff Barnes returned Monday evening from San Francisco and with him he brought J. D. Carroll, who was arrested in the city on a charge of larceny by bailee. He was arrested on complaint of M. P. Mickler, who claims that he was sold mortgaged property by Mr. Carroll. The hearing of Mr. Carroll will probably be postponed until the return of his attorney, C. M. Onell, who is in Portland.

REMONSTRANCE HEARD TODAY AND COURT WILL RENDER ITS DECISION NEXT SATURDAY—MAJORITY NECESSARY

Two o'clock on Saturday was the time set for the hearing of the petitions for the creation of what is known as the "Pine Grove Irrigation District," by the county court. A large number of the land owners in the vicinity of Pine Grove were present, some as petitioners and others as remonstrants.

It is necessary to have a majority of the land owners under the proposed district as signers of the petition, and it was discovered that some eight of the signers were not land owners of record. Some of them were recent purchasers, and some were owners of the property, but the deeds were not on record in their name. For this reason the county court postponed its decision until next Saturday, to give an opportunity to the petitioners to secure the proper number of names of legal owners.

The court announced that it would hear remonstrances at this time, and requests were filed by the following owners for the exclusion of their lands: Enterprise Land and Investment company, by C. W. Eberlein, president, 140 acres; A. E. Elder, 25 acres; C. M. Adams, 160 acres; Chas. Gray, 87 acres; Eliza K. Smith and Crowson Smith estate, 640 acres.

The reasons given for the requests in most cases were that the lands were much higher than the other lands in the district, and that the cost would be exorbitant, and that the lands could best be served by a private pumping plant. In some cases the lands were already under contract with the United States reclamation service.

The proposed Pine Grove Irrigation district covers approximately 5,000 acres of land, most of which lies above the government ditch. The land would have to be served through pumping stations and the water secured from the government irrigation canal.

J. L. Cunningham's new residence on Bush street, near Tenth, is fast nearing completion.

R. B. Cameron, who has just recently arrived here from Roseburg, is expecting to occupy a position with the Great Northern box factory.

BUILDING NEW BUNGALOW HOME

H. Orem, the contractor, has commenced the construction for W. A. Calkins of a six-room bungalow on the corner of Tenth and High streets, opposite the Methodist church. The building is to be 28x38 feet, and will have a solid stone foundation.

W. W. Lewis was in town Tuesday on business. He is now living on the Malloy farm about ten miles south of the city. He reports that Mrs. Lewis, who has been quite seriously ill for several days, is slowly improving.

M. D. Mallory of Stockton, Calif., is in this city for the purpose of running an engine for the Utter and Burns mill at Fort Klamath, where he will go immediately.

PRIMKRY BILL IS INTRODUCED

SENATOR CUMMINS' MEASURE WOULD ELIMINATE LOCAL POLITICAL CONVENTIONS ALTOGETHER

WASHINGTON, D. C. March 20.—Senator Cummins' of Iowa has introduced in the senate a nation-wide presidential primary bill, the effect of which would be to do away with local, state and national conventions of the various political parties. The plan of Senator Cummins is to have a national primary July 8th next.

SAN FRANCISCO, March 16.—Judge Willis today sentenced John Rogers to hang for the murder of Benjamin Goodman. The date for the execution was set for May 21.

\$3.25 BUYS A GALLON OF \$3.25
Old Ross Whiskey

We are offering a number of liquor specials for the remainder of March, among the Old Ross Whiskey at \$3.25 a gallon. This is a fine flavored old bourbon, aged in wood and bottled in our own bottling works. We recommend this whiskey especially for family and medical use. At this price it should be in every home in Klamath Co.

MAIL ORDERS ARE OUR SPECIALTY

LIVERMORE LIQUOR STORE
KLAMATH FALLS, OREGON

ONLY SIXTEEN DAYS UNTIL EASTER SUNDAY

Which isn't any too much time in which to get ready. Not many people but what will want something new, of some sort to wear on Easter. By coming here first you will save time, money and worry.

THE NEW MILLINERY

Will be found more attractive from every point of view than it has ever been our pleasure to show. A greater selection, the prices even more reasonable, and the styles so varied that it isn't going to be any trouble to find the hat you want.

YESTERDAY, TODAY, TOMORROW, you will find this store supplying its hundreds of customers with good, honest merchandise at a lower cost than others are buying the selfsame goods at other stores—lower than these goods can be bought at Eastern mail order houses, plus transportation charges, say nothing of the advantage of buying where the articles can be seen, fitted as they should be fitted, etc., before they are paid for. If you are not already, we want you for a permanent customer of this big, progressive store, and we're going to do everything in our power to get you.

By All Means

See the millinery here first. IT IS DIFFERENT. Every hat we show is exclusive with us. New Millinery is something that is often sold at unreasonable prices to begin with. Our prices will be more moderate than ever, and the stock one-third larger.

THE NEW La Vogue Suits and Coats

Which we are showing now represent the very latest word of fashion

As reflected by the chief style centers of the world, according to the recommendations of the leading style writers. The wearer of a La Vogue garment need not be told of the genuine quality and all-round wearing satisfaction to be had when buying your suit or coat at this store. The matter of high-class man-tailoring for which some women feel bound to pay unreasonable prices, can be had in the La Vogue garments at whatever prices you're in the habit of paying. We offer a liberal showing of garments for women, misses and children, a wide range of accepted styles, fabrics and colorings, and we want you to come in now while the showing is complete. Make your selection early and avoid disappointment which might follow later.

1913 Calender Coupon No. 2

We are going to give a handsome calendar away next Christmas, but we're going to do it in a different way to what most stores do. It's going to cost us something to get these calendars and we're anxious to know who reads our ads. These calendars will be given to readers of our ads only, and we want a calendar in every home. Write your name and address in full; cut this coupon out and bring it to the store in person or send by mail, not later than April 19th, and you will receive a postal during the Fall which will entitle you to one of these calendars FREE.

Write name and address plainly.

ADLER'S "COLLEGIAN" CLOTHES

For Men and Best-Ever suits for boys are clothes it will pay you to buy

You can't buy a "Collegian" suit for yourself at \$3.98, neither will you be asked \$15.00 for your boy's Best-Ever Suit. The two extremes are not included in these two well-known lines, but you only have to buy just one of these honestly-built suits for yourself or your son to know that you got the best suit for the money you ever bought. The price is an object. You may not care so much about the price, but why make donations? When you pay more than what you can buy these suits for you make a donation, that's all. Best-Ever Suits... \$ 3.50 and up "Collegian" Suit... 15.00 and up

THIS IS THE HANSON GLOVE STORE In Klamath Falls

And it is a statement of unusual interest to every man that labors. Most men use gloves a part of the time at least, and all stores have gloves for sale. You can find most any kind, but "any kind" isn't good enough if Hansen's are better, and Hansen's are better. Let us show you why they are better—the prices are no higher. Hansen's gloves, the pair \$1.50, down to 50c.

YOU WILL FIND More Men's Shirts at this Store

Than you will find in other stores, and we can and will sell you a better shirt for less money than any other store will sell you. They can't and don't attempt to compete in value or variety, for who is it that buys in quantities like Golden Rule Stores buy? No one concern nearer than San Francisco, and then you'll pay more. In justice to yourself and your pocketbook, the next time you buy a shirt come here first.
