

## MEXICAN FEDERALS RESISTING ABLY

### CRISIS SEEMS OVER

#### MORAY APPLIGATE HAS FOUND NO GREAT ANTI-AMERICAN FEELING, BUT GRAVE CONCERN ABOUT ANNEXATION

Moray L. Applegate arrived on Tuesday evening from San Francisco, on a visit to his parents, Captain and Mrs. I. D. Applegate. Mr. Applegate returned just recently to the United States from Mexico, where he has been located for the past two years. He is the general superintendent of the Pacific Tropical Fruit company, and has the management of the plantations of the Pacific Coast Fruit company and the San Blas Fruit company, which are located near San Blas, Tepic territory, on the west coast of Mexico. The Pacific Tropical Fruit company represents the banana trade of the Pacific coast of Mexico.

Mr. Applegate states that things were beginning to look a little interesting in his section just before he left for the United States. It was not known whether or not the federalists or revolutionists would be victorious, and whether there would be intervention by the United States government.

"The Madero government," said Mr. Applegate last evening, "had reached a position where it seemed on the verge of collapse, and the only hope of the federalists was in succeeding in maintain itself a few weeks longer I believe that a reaction will set in against the revolution, and peace and order will ensue."

"Contrary to many reports the Mexicans have shown a reasonable consideration for the Americans in giving protection to both life and property. There have been a few isolated cases where Americans have been victims, but these have been more the accidents of general warfare such as might be expected in any country in a state of revolution. During my two years constant residence and close connection with the Mexicans I have found no general anti-American feeling in that country, but fully resisting the forces of Orozco at Torreon. The result seemed so doubtful that the gravest concern was felt concerning the outcome. It is the general opinion that the maintenance of the Madero government is the only hope of peace in Mexico, aside from American intervention.

"Since the federal troops have shown the ability to successfully meet the situation it looks as if the crisis is past. The stand of President Taft in taking the side of Madero has been of great benefit to the federalists, as has also his action in sending arms for the protection of American residents. All of the wealthier class and property owners and more enlightened of the Mexicans are supporting Madero, and if the government suc-

## TRAVEL IS HEAVY ON UPPER LAKE

#### TRANSFER PEOPLE AND TWO BOATS WHICH GLIDE OVER LAKE'S BOSOM HAVING PLEN- TITUDE OF BUSINESS

Travel on the Upper Lake is heavy now, and the Curlew and the Spray, incidentally, the O. K. Transfer company, are doing a big business. This morning two big omnibus loads of travelers were taken to Shippington, it taking four horses to pull a load.

There is a heavy movement of lumber workers, especially, going into the woods on the season's cut. The boats are running every day except Sunday, one boat handling the traffic from this end of the lake and the other plying between the Upper Lake points, making its headquarters at Eagle Ridge.

A. Kallna, the enterprising merchant of Malin, was a visitor to this city today.

eyond a deep concern on the part of the Mexicans relative to intervention or annexation. The reports in this respect have been greatly exaggerated."

Mr. Applegate will spend about a week in Klamath Falls, and will then return to the company's headquarters in San Francisco to go over plans for his third year's work, which will begin on May 1. He believes that it will be only a short time before Mexico is controlled by Americans, not by annexation, but through their ownership of land and control of business. American capital has already bought up nearly half of the best land in Mexico, and colonization work is just beginning. Land can be bought very cheaply in large tracts, and with proper development will become very valuable and bring in a heavy return on the investment.

## MOVING SCENES INVOLVE MURPHY

#### FRIENDS OF TRANSFER MAN DEEPLY TOUCHED BY WHAT THEY HAVE SEEN RECENTLY AT HIS QUARTERS

Hearts of friends of Fred Murphy of the "Everything Proper" transfer house, have been touched by recent scenes at the office of the company. In fact, the series of episodes have been very moving.

The reason is that the headquarters of the baggage jugglers are being changed. That is to say, the transfer company is itself being transferred. Henry Offenbacher is having the office shifted to the lot at the corner of Sixth and Main street. Incidentally a part of the edge of the sidewalk is being moved also, but there will be plenty left to walk on.

In digging the corner surface away to make a level which would admit the structure, the workmen opened a pipe of the Klamath Falls Light and Water company, and as the water gushed up while the pipe was yet buried beneath loose earth the story was circulated that there had been discovered a valuable cold water spring. This led to much interesting discussion among the bystanders as to what would be done with the spring, and how rich the owner of the lot would get off the profits of the find.

The joke was promoted in good shape long enough to afford considerable amusement to those "in the know."

#### ODD FELLOWS ON PAYING BASIS

The annual meeting of the stockholders of the I. O. F. Hall Association was held Saturday evening, at which the following directors were elected: George L. Humphrey, H. E. Momyer, W. H. North, R. W. Tower and W. O. Smith. Following the meeting of the stockholders the directors met and elected officers as follows for the coming year: W. O. Smith president, George L. Humphrey vice president and W. H. North secretary-treasurer.

An examination of the books showed the association to be in a very good financial condition and on a paying basis. Arrangements are to be made for the creation of a sinking fund, which is to be used in taking up the outstanding bonds from time to time. Although all of the bonds are issued for a term of twenty years, it is believed it will be possible, as soon as there is sufficient money in the sinking fund, for the association to invest this money in outstanding bonds, rather than invest it in other securities. With the present revenue of the association it is believed it will be possible to pay off all the bonds before the twenty years have expired.

Wednesday night the council acted favorably on a petition to give the city a patrolman for the territory east of Ninth street, and J. H. Hilton was appointed by Mayor Fred T. Sanderson.

## SLOUGH LAWYERS FAVOR HIS NAME

#### BEING PRINTED ON BALLOT, SAY- ING LAW REQUIRING CERTIFI- CATE APPLIES TO NOMINEES, NOT PRIMARIES

W. S. Slough, who has been a candidate for the republican nomination of schools, but whose name is not on the ballot because of the opinion of Attorney General A. M. Crawford that his teacher's certificate should be on file, holds County Clerk Charles R. De Lap blameless in the matter.

Mr. Slough may later make a statement to the office to a state diploma or certificate, and to have taught in the state for nine school months. The law firm states that section 2960 of Lord's Oregon Laws, providing that no county clerk shall put the name of a candidate for the office on the ballot without the above requirement was enacted in 1899, while the primary nominating law was made in 1905. The attorneys say that the latter act contains no provision making 2960 applicable to the primary law, and that it does not appear to have been the intention of the legislature to give the old section any greater scope than it had at the time of its passage. The primary election law was then unknown in the state, and the primary election ballot was not taken into consideration.

The opinion states that it is not the intention of the primary election law to elect officers, but to select candidates to be voted on at election, and that therefore the qualification of candidates for nomination can have no application.

## THORNETT WANTED BACK EAST ALSO

#### ASSISTANT OF DR. LYMAN'S HOS- PITAL ELOPEMENT SKIPPED FROM BOSTON AFTER RUNNING HIS AUTO INTO SOMEONE

It appears that L. B. Thornet, nurse of Dr. John Grant Lyman, was in trouble before he "got in bad" by helping the suave, erstwhile physician to escape from Providence hospital Oakland, and by himself escaping from the Klamath county jail. He fled from Boston about a year ago to avoid arrest for having run down a pedestrian with his automobile, picking out Southern California as his abiding place. It is said that he entered the employ of the genial and polished medical wearer of pink pajamas and cerise socks at Los Angeles, and when the doctor was apprehended by the authorities and broke an ankle while attempting to elude them, the confinement of the doctor in the hospital gave Thornet a chance to seek employment as a private nurse for "Doc." It was his assistance of Lyman to slide from the sanitarium into Northern Oregon that made him his first notoriety in the West, which was quickly followed by his forsaking the Klamath county jail in the dark of a September night without even wishing Sheriff William B. Barnes a farewell.

Thornet was arrested on a ranch in Mora county, New Mexico. At a preliminary hearing before a United States marshal he waived all technicalities, and was started, in the custody of an officer, for San Francisco to stand trial. He was located, according to the San Francisco Examiner, through the efforts of Postal Inspector W. I. Madella and United States Marshal Elliott of San Francisco. Relatives of Thornet were first found in San Francisco and later at Williamset, near Boston. Those near Boston told United States Marshal Guy Murhie of Boston where Thornet was. Lyman is serving eighteen months for conspiring to escape, while his guard, C. D. Courtwright, who helped him get out, got six months.

## SCHOOL GROUND IS OFFERED FREE

#### KLAMATH DEVELOPMENT COM- PANY TENDERS ALL BUT TWO LOTS, WHICH WILL COST THE CITY \$400.

It has been decided by the city school board to take a vote on the subject of acquiring a site for a school which it is proposed to build between the Central school and Shippington. The proposed site, most of which will be donated by the Klamath Development company, is between Academy, Lytton street, and on these the school all of block 67, Lakeview addition, and lots 2, 3, 4, 5 and 6, block 73, Buena Vista addition. It will be necessary to buy blocks 1 and 2 in Lakeview addition, which are at the southwest corner of Academy and Lytton streets, and on these the school board has an option at \$400 for the two. These had been sold before the site had been considered.

The meeting to consider the purchase will be held on April 22d at the Central school building.

It will be necessary to determine later what size, style and price of school building it will be necessary to issue bonds, and for these an election must be held. The school board will, after determining the amount of bonds needed, issue notices for a bond election.

FOR SALE—All my household furniture; cheap for cash. Alex. Martin Jr., Main and Third. 10-4t

Mr. and Mrs. Alexander Martin Jr. expect to leave about the 1st of May for Eugene, Oregon, where they will make their future home. Mr. Martin states that he has not decided just what business he will engage in, but he has several propositions under consideration.

## MORE FIRE BONDS ASKED BY CHIEF

#### RESOLUTION, INTRODUCED BY FIRE COMMITTEE, ALSO SUG- GESTING ORDERING OF FIRE ESCAPES, BREAKS ON REEF

Fire Chief E. W. Wakefield was before the council last night to ask that the city council take measures to vote new bonds for an auto truck. The proposition was embraced in a resolution offered by the fire committee through Councilman Allen Stansbie, which also asked that the council take measures to have all public buildings, hotels and rooming houses equipped with fire escapes, as well as to have all outside doors and other exits open outwards.

Mayor Fred T. Sanderson at first thought the resolution was aimed to guide the expenditure of a part of the already voted \$8,000 fire apparatus bonds for an auto truck instead, and asked City Attorney Horace Manning whether the city could legally do this. The city attorney replied that he did not care to make an absolute statement on the matter offhand, but he believed that if the bonds were not specifically voted for a certain kind of fire wagon drawn by a particular motive power, he was inclined to believe the council could buy one of whichever pattern it deemed fit.

He asked to look at the resolution, and on inspecting it found that it suggested bonds for the proposed equipment.

The mayor asked the fire chief as to this feature of the resolution, and Wakefield explained that the bonds already voted are for a combination hose wagon and an alarm system.

Councilman M. G. Wilkins moved to have the recommendations adopted but the motion failed to navigate successfully.

The high school will not send a ball team to Merrill to play, as predicted. This conclusion was reached by the athletic coach, E. V. Hawley, when he found that the local high school had not as yet chosen a team.

## ROOSEVELT TAKES ILLINOIS EASILY

#### SLOUGH FORCED OUT OF CONTEST

The name of W. S. Slough will not appear on the official ballot as a candidate for the republican nomination for county school superintendent. An opinion received by wire Saturday from the attorney general is to the effect that in the case of a school superintendent it was necessary to have the teacher's certificate of the candidate filed before the county clerk could place the name on the ballot. Mr. Slough expected to have his certificate before the date of the primary election, but as the ballot has already gone to the printer, he was unable to get it in time for printing. This leaves Fred Peterson as the only republican candidate for the office to appear on the primary ballot.

## BUCKET FACTORY WILL BE BUILT

#### CONTRACTOR WOODS PLANS NEW INDUSTRY TO BE LOCATED ON MARKET STREET NEAR—WILL BE CONSTRUCTED SOON

H. N. Woods, a well known contractor, who has been building houses in the Hot Springs district, has announced his intention of building a bucket factory in the Railroad addition, and work on the structure is expected to commence in a short time. The location of the plant will be on Market street, near Sixth, where the promoter of the project has obtained three lots. This will be very convenient to the Southern Pacific railroad. It is probable that when in full running order the plant will employ 25 or 30 men.

#### TAFT TAKES KENTUCKY, ADVANCE INDICATIONS

LOUISVILLE, April 8.—Tabulated returns from Kentucky republican county conventions Saturday indicate that Taft has 1,600 votes in the state convention Wednesday and Roosevelt 700.

#### INJUNCTION NOT OBTAINED SO FOR

Attorney C. C. Brower has returned from Ashland, where he went to see Judge Calkins in an effort to get that jurist to sign the injunction asked by Hiram Murdoch, aimed to prevent the Klamath county court from making any move toward locating a new court house on the Hot Springs site. Judge Calkins refrained from signing the injunction on the ground that he had ahead of him about one month of jury work, another of equity cases, and a call to Portland following this labor, which would prevent him giving any time to the local issue for at least a number of weeks. He stated that he believed if he signed a temporary injunction order he would later be asked to try the case on its merits, which his other work would not permit him an opportunity to do.

Mr. Brower said on Monday that efforts to get another judge to sign the order would be continued, although he was not ready to make any further announcement.

#### BATEMAN FAMILY LOSES DAUGHTER

Mildred Maitland Bateman died at 4 o'clock a. m. Monday at the family residence on Main street, near Tenth, of a combination of pneumonia and brain fever. She was the daughter of Mr. and Mrs. James S. Bateman, the family having come to this city from Washington last July, and was 8 years and 19 days old. The remains were taken to the Whitlock undertaking parlors. The funeral services were held at 2:30 Tuesday afternoon at the Grace Methodist church.

Mrs. Evan R. Reames returned Saturday evening from San Francisco, where she has been visiting since her return with Mr. Reames from spending the winter at Honolulu.

### CLARK SUCCESSFUL

#### DENEEN AND DUNNE PARTIES' NOMINEES FOR GOVERNOR, CULLUM AND WOMAN SUFF- FRAGE UNDER AVALANCHE

United Press Service  
CHICAGO, April 10.—Latest returns on Colonel Roosevelt's Illinois plurality make it 130,000. His followers claim 54 delegates, conceding Taft one, with one district incomplete. Champ Clark gets a solid democratic delegation, winning 3 to 1 over Woodrow Wilson, with a majority of nearly 150,000.

Deneen is the republican and Dunne the democratic candidate for governor.

La Follette polled 40,000 votes. Sherman defeated Cullum for senator.

Woman suffrage was defeated in Cook county 2 to 1.

#### Colonel Is Jubilant

United Press Service  
PITTSBURG, April 10.—Roosevelt is jubilant over the result in Illinois. He said: "I should not be surprised if the tide goes our way." He started to tour Pennsylvania, and arrives at Philadelphia tonight.

"Slugged Them Over the Ropes"  
GREENSBURG, Pa., April 10.—Roosevelt, referring to the result in Illinois, said: "We slugged them over the ropes." He told the crowd at Jeannette, "I want to see Pennsylvania do what Illinois did, declare for the people against the politicians."

#### UNLUCKY DATE FOR BATTLE BOB'S COMING

Wisconsin Senator Who Aspires to  
Presidential Toga Invades Oregon  
April 13 to Make Whirlwind Cam-  
paign of State

#### United Press Service

PORTLAND, April 10.—Official announcement was made here today that Senator Robert La Follette of Wisconsin will arrive in Oregon on April 13, coming here from Nebraska to make a whirlwind campaign of the state in the interest of his candidacy for the republican nomination. He will be accompanied by Mrs. La Follette, who will speak throughout Oregon on behalf of woman suffrage.

"Cut out the banquets," Senator La Follette wired to Thomas B. McCusker, his campaign manager here. "I am coming to Oregon to work, and I want an itinerary that will allow me to put in all my time, except when sleeping, in speaking." Senator La Follette is expected to arrive in Portland April 15th.

## DEFAULT ORDER SIGNED BY JUDGE

#### MORTGAGE PROCEEDINGS IN THE CASE OF HOPKINS AGAINST ADY ET AL COME UP IN CIR- CUIT COURT

Judge Henry L. Benson in circuit court on Monday signed an order of default in the mortgage foreclosure case of Eugene L. Hopkins vs. Abel Ady and Leona Ady, his wife, Mark F. Burns, J. F. Mowlin and Leonore F. Mowlin, his wife, Pierce Evans and Mrs. Joanna Evans, his wife, H. Pinkert Jr., George Osburn, B. St. George Bishop, Big Basin Lumber Co., Henry Edwin Anderson, Klamath Water Users' Association and R. O. Vincent. There is an appeal to the supreme court pending in the case, in which the plaintiff is represented by E. L. Elliott and the defendant by John Irwin and C. M. Oneill. The land involved is in the town of Midland, and the amounts for which the foreclosure is sought total \$4,913.83.

Judge C. B. Watson arrived last evening from Ashland on legal business. Mr. Watson is the father of Mrs. J. F. Kimball of this city.
