Bitter Fight Over Delegates of Fourth District of California, Which Are Given to Taft—Honey Denounces Penrose and Crane—Committee to Hold Night Sessions in Order to Finish Contests

United Press Service

CHICAGO, June 12.—The committee seated Taft delegates from the Fourth California district. They are E. H. Tyson and Morris Meyerfield Jr. of San Francisco. Honey said he was before the committee to tell President Taft through the national committee that if he accepted the two delegates from the Fourth district of California, should they be seated, he would be the receiver of stolen goods. The statement resulted in a bitter debate, during which the California attorney assailed the motives of Penrose and Crane.

Tyson and Meyerfield claimed they carried their districts at the primaries and asserted that Taft carried the district on the preferential vote. F. C. Bryan, Dicks' law partner, argued for the Taftites. Honey was attorney for the Roosevelt delegates. The Roosevelt delegates were Charles Wheeler and Philip Banero.

Honey denounced the claim of the Taftites as ridiculous, and a move to rob the people of representation. To argue the case Honey surrendered the committee men's proxy to Committeeman Thorsen of South Dakota. The debate was the hottest, with Honey denouncing Penrose and Crane, who attacked Johnson.

The vote of the committee of the Fourth California district stood 37 to 16.

Taft Gets Arizona Delegates

United Press Service

CHICAGO, June 12.—The committee seated the Taft delegates-at-large from Arizona. The Roosevelt delegates attempted to force a record vote. Contests of the Arizona delegates-at-large failed, mustering only eighteen votes. Honey shouted: "Why, Ruef would have been afraid of a record vote on a proposition like this."

The Fourth California district was then called.

The Taftites are pressing the plan to begin night sessions tomorrow, and are determined to sit all Thursday night, if necessary, in order to conclude the contest hearing by Saturday.

The work is being rushed, and it is expected to have the ditch ready for irrigation this season.

WASHINGTON, D. C., June 11.—Congressman Wycliffe of Louisiana was killed by a train today while crossing a bridge over the Potomac River.

BONDS APPROVED BY THE COUNCIL

The bonds of the city officials which had been filed with the mayor were Tuesday evening presented to council. The mayor stated that the charter seems to conflict as to who approved the bonds, as in one place it provided that all bonds of officials and on contracts should be approved by the mayor and in another section certain bonds were to be approved by the council. The opinion of the city attorney was asked on the matter.

"We have some great charter makers," said Judge Drake, as he proceeded to read from section 8 on page 59. "It is a conflict, no question about it; but I would advise that both the mayor and the council take action on the bonds."

Bonds in the sum of \$1,000 each for the following officers were approved:

A. L. Leavitt, police judge, sureties, National Surety company.

J. C. Smith, chief of police, sureties, W. O. Smith and Silas Obenchain.

Earl Sharp, patrolman, sureties, J. A. Arnold and J. S. Evans.

William Hall, patrolman, sureties, E. C. Greeley and J. L. Cunningham.

F. O. Greenwood, patrolman, sureties, O. M. Hector and Geo. B. Snyder.

Last night a new musical organization was formed, to be known as the Pavilion orchestra, under the leadership of H. Borel of Berkeley, Calif.

Mr. Borel, despite his youthful appearance, is a finished violinist, having been a pupil of one of the best teachers on the coast. He has been engaged in hotel work in and around San Francisco for some time, but was compelled to make a change on account of his health.

This orchestra will furnish the music for the open air dances at the Pavilion this summer, and will also be available for outside engagements.

The membership is composed of the following musicians: H. Borel, first violin; G. M. Klein, second violin; Mrs. Fitzpatrick, piano; Ord Arnold, clarinet; R. A. Rewey, cornet; Clair Arnold, drums; A. Y. Tindall, bass.

ABOUT ONE-HALF OF DELEGATES

CHICAGO, June 12.—It is estimated that half of the delegates have arrived. There are rumors that marching clubs are en route. Undoubtedly many of the delegates would welcome a compromise candidate after the first public denunciation of the Taft candidacy Friday night.

Followers of Roosevelt plan a mass meeting at the auditorium theater, at which Francis Honey, Judge Lindsay, Governor Stubbs and Governor Johnson will speak.

WOLGAST AND RIVERS PREPARING FOR GO

LOS ANGELES, June 12.—With Ad Wolgast already on the ground, Joe Rivers is losing no time in preparation for his tilt with the champion on July 4. Rivers traveled through his paces at the beaches Sunday, with thousands looking over the little Mexican's work. He appeared much heavier and sturdier than upon any of his ring appearances here.

At Doyle's, Wolgast was compelled to turn away visitors. His work was 100 per cent better than upon his last workout here. After several fast rounds he declared himself to be in excellent condition.

MAY ELECTRIFY S. P. RAILROAD

IT IS BELIEVED THAT THE CALIFORNIA-OREGON POWER COMPANY IS BEING BACKED BY THE RAILROAD COMPANY

The rumor has been afloat for some time that the Southern Pacific company is planning to electrify its railroad lines throughout Northern California and Oregon, and information has been received from apparently reliable sources that this is more than a rumor, and that upon the completion of the two big power plants on the Klamath River, all of the Southern Pacific lines in this section will be operated by electricity.

It is generally believed that the California-Oregon power company owner of the big power merger made throughout this country recently, when all the big plants of the country were placed under one head, is backed or connected financially with the Harriman interests. Recently the head offices of this company, which was formerly the Siskiyou Electric Power company, with offices at Yreka, have been transferred to San Francisco, and this lends color to the belief that the big power merger is backed by the Southern Pacific.

These include practically all of the big power and producing plants between Sacramento and Eugene. The corporation also owns sites in this territory, where hundreds of thousands of horse power can be produced by the plants in operation. This fact and the activity in hooking up these plants so all power producing stations in this part of the country can immediately be placed in service for operating any move desired lends color to the belief that the Southern Pacific is with the California-Oregon Power company and secret plans are being laid to electrify all railroad trains through this division.

Parthenon of Athens Will be Reproduced

SAN FRANCISCO, June 12.—It is the intention of the Greeks of this country to reproduce in white marble on Telegraph Hill, which overlooks San Francisco Bay and is adjacent to the exposition site, the famous Parthenon of Athens. Steps with this in view have already been taken by Consul General Richard de Fontana of Greece, and he is receiving the co-operation of the exploitation department of the exposition. Consul General Fontana has cabled King George of Greece for permission to carry out the plan, and is confident that the Greeks of this country and Europe will donate sums of money to bring about the building of this magnificent structure.

CITY TO PAY BILLS FIRST OF EACH MONTH

By a resolution of the city council it was decided that hereafter no bills against the city would be considered, except those for day labor, only at the first regular meeting in each month, which occurs on the first Monday. This was done both for the convenience of the police judge and the council. Heretofore when bills have been presented at every regular or special meeting of the council and allowed, it was a very difficult matter for the council to determine what bills had been paid without going back over the files, and there was the chance of the same bill being allowed more than once. The laboring men working on the streets will be paid twice a month at the regular meetings on the first and third Mondays. Contract bills will be paid when they become due.

T. T. Godfrey, a friend of W. A. Delzell, arrived in town Tuesday evening from Holdenville, Oklahoma, for a short visit. Mr. Godfrey is a prominent banker and capitalist of Oklahoma, and it is quite probable, if Klamath Looks good to him, that he will make several large investments here. He made a trip to the upper lake Wednesday with Mr. Delzell.

MILITARY DISPLAY WILL BE INTERESTING FEATURE

SAN FRANCISCO, June 12.—That the military display of the 1915 exposition at San Francisco will be one of its great features is evidenced by the interest the United States government and the various states are taking in arranging for the encampment of their soldiery on the exposition grounds.

Word has been received that the Second Pennsylvania regiment, one of the famous organizations of the East, will be sent here to participate in the exposition. Massachusetts will send its crack regiment, as will also the state of New York. PAISLEY MAN IS SHOT AND KILLED

WAS EDITOR OF THE CHEWCAUCAN PRESS

Prosecuting Attorney D. V. Kuykendall Received Notice of Killing of L. R. Jones by Frank Cannon, a Rancher at Paisley, in Lake County—Domestic Troubles Is Said to Have Been the Cause

Word was received on Tuesday by Prosecuting Attorney D. V. Kuykendall from Lakeview that L. R. Jones, editor of the Chewaucan Press of Paisley, was shot and instantly killed yesterday morning by Frank Cannon, a rancher.

Deputy District Attorney Vennator and Sheriff Warren Snyder, both of Lakeview, left for Paisley as soon as the news of the tragedy reached them, and they will, on their return, communicate the facts to District Attorney Kuykendall.

Cannon will be placed under arrest pending the coroner's inquest, and with the possibility of a preliminary hearing, should the latter course be advised by the district attorney.

The trouble between the two men had nothing to do with any articles in Jones' paper, but was woven about some domestic affairs. Cannon is a married man, and the report says that when he came home yesterday morning he met Jones on the porch of his home, and thereupon instantly killed him.

Both men are well known to many people in Klamath Falls.

First Excursion of the Season

The first excursion of the season on Upper Klamath Lake will be run next Sunday under the auspices of the Women's Relief Corps. It is believed that many will avail themselves of this opportunity to see the beauties of Upper Klamath at this early season. It is to be a basket picnic, and the stop for lunch will be made at the celebrated Harriman Lodge on Pelican Bay. There will be music on board the boat, and the ladies are planning for the sale of hot coffee, sandwiches and ice cream as a supplement to the lunch baskets. The tickets for the round trip are \$1, and the corps is making an effort to dispose of many this week. Tickets are also on sale at several of the business places.

How Do You Spell It?

The Herald was called up today and asked regarding the proper spelling of that pesky little insect known scientifically as the Saracopsylla, or Pulex penetrans, but more familiarly referred to as the "chigger." Our friend, Noah Webster, gives great latitude in this word, which is a vulgarism, and any of the following are allowed, so take your choice: Chigoe, chigre, chegre, chegoe, chique, chigger, or jigger, and there you are.

LARGE NUMBER OF EQUITY CASES

JUDGE BENSON GOES OVER EQUITY DOCKET WITH ATTORNEYS. FIFTY CASES FILED IN ADDITION TO LAW AND CRIMINAL

Judge H. L. Benson had the attorneys in court Wednesday morning to go over with him the equity docket in order to find out what cases would be ready for trial at the June term of court. No cases were set for trial, as the first week will be taken up with law cases, and it is the intention to then take up the criminal cases. It was found that there were fifty equity cases on the docket, which is believed to be the largest of any term of the Klamath county court.

It will not be known how many criminal cases will come up this term until after the grand jury meets next week, but there are a large number of law cases to be tried, and it is very evident that the June term will be a busy one.
