

## BARNES HOLDS CENTER OF STAGE

### TAKES A HAND IN CHICAGO CONVENTION

New York Man With Uninstructed Delegates Is Commissioned to Defeat Roosevelt, Even if It Is Necessary to Eliminate Taft—Root Is Mentioned as Compromise Candidate—Bolt Talk Ridiculed.

CHICAGO, June 11.—William Barnes Jr. of New York occupies the center of the stage. The Taftites have commissioned him to defeat Roosevelt, even if it is necessary to eliminate Taft. The Taftites are certain he will control the convention, nominate Taft and dictate the platform. If it develops that Taft's nomination is impossible, Root will probably be substituted.

Barnes asserts that Root's election as temporary chairman is certain. The Rooseveltites ridicule the Root talk, and insist that Hadley will be temporary chairman.

The situation today is as follows: Uncontested delegates instructed for Taft, 201; Taftites national committee has been seated; 84 contests remain undecided and 170 uninstructed. Both sides are claiming the 166 uncontested delegates. The Roosevelt crowd claims 411; La Follette 26, and Cummins 10.

Roosewater and other Taft committeemen are preparing to prevent Flynn's plan to storm the convention hall and the convention refuse to recognize the temporary roll. If they do it will result in wholesale ejections. Talk of compromise candidates has been renewed by the Cumminsites. They expect La Follette and Cummins delegates to deadlock the convention, and prevent the nomination of Taft or Roosevelt. Joseph Keating of Indiana, the may be the compromise candidate.

The Taftites assert that Taft controls the convention credentials committee 22 to 21. Borah insists that Rooseveltites control the convention. He said: "I think the bolt talk is premature, as most of our delegates have not arrived. Until we get together on the convention floor it is impossible to tell what will be the purpose of the delegates."

The committee today considered the Kentucky contests. The fight centered in the redistricting of the state by the legislature. Rooseveltites also allege fraud and intimidation.

The committee voted 38 to 11, to seat four Taft delegates-at-large from Kentucky.

The committee seated Taft delegates from the First and Second Kentucky districts.

Because of the slow progress in the contests, the committee has decided to start night sessions Thursday, desiring to complete temporary roll by Saturday noon.

### SUGGESTS PICNIC ON ANNUAL SCHOOL MEETING

Superintendent of Public Instruction L. R. Alderman has sent out the following letter for publication in the newspapers of the state, urging the patrons of the school to recognize the importance of the annual school meeting:

"We do not attach sufficient importance to our annual school meeting. This year our annual meeting occurs June 17th. On this day one director and the clerk are to be elected in every school district in Oregon, a matter of much importance to each community. I should be very glad, indeed, to find that many of the Oregon school districts were making the day of the annual school meeting an important occasion, and at the same time taking advantage of being together to talk over the problems of the schools.

"The voting for director and clerk will take place at the school house. It should be remembered that women already have the privilege of suffrage in school elections. If all the women of the community will pack their lunch baskets, and assemble at the school house on the morning of June 17th, I am confident that the men will be there also when the sun reaches the meridian. Of course, the members of the family under voting age will have to have their dinner. So all will spread out their lunches under some pleasant shade and enjoy dinner together.

"After a good dinner all will be in the right frame of mind for selecting the officers, and discussing school affairs. The patrons will have this opportunity to investigate the conditions of the school house and grounds and see what repairs are needed; whether the school house is properly heated, lighted and ventilated, and what books and pictures are most needed. Let us make June 17th a red letter day for our district."

### "OREGON MONTHLY" WILL ISSUE CAMPAIGN NUMBER

UNIVERSITY OF OREGON, Eugene, June 11.—Miss Lola Dunham, the editor of the Oregon Monthly, has plans under way for making the first

number of the magazine next October a campaign number, and to have it out before the fall elections.

The alumni and students are to back the proposition, and a copy of the issue is to be placed before every voter in the state.

The magazine will contain a series of articles, showing the work of the university, and the university's service to the state at large.

It is hoped that this may aid materially in influencing the voters of the state to support the recently drawn initiative measure for a 6-10th mill tax levy, to be divided between the Oregon Agricultural College and the university.

The position of editor of the monthly is the highest position a co-ed can obtain in college, and the work which Miss Dunham has instituted will no doubt mean a great deal to the University of Oregon.

### Mount Katmai Still Active

SPECIAL CABLE TO UNITED PRESS  
CORDOVA, June 11.—Mount Katmai is still erupting violently, and it is believed that Mount Redoubt and Mount Hlamna are also in action.

The steamer Sampson reports the city of Seldovia is safe. The revenue cutter Manning brings the news that the sailboat Dora Kodiak was not badly damaged and the crew safe.

The Manning is having difficulty with the wireless, and cannot get into direct communication with Kodiak.

The Dora was unable to reach Kodiak on account of ashes and smoke. Cordova was in a shower of ashes for hours. Much apprehension is felt for the safety of revenue cutters.

### SUPERVISORS OF STATE TO MEET

EVERY COUNTY IN CALIFORNIA TO BE REPRESENTED AT SAN FRANCISCO TO PLAN ENTERTAINMENT AT FAIR

SAN FRANCISCO, June 11.—President Charles C. Moore of the exposition has sent a personal letter to the county supervisors throughout the state, urging them to attend the meeting of the supervisors and committees of the California counties, which will be held at the St. Francis, San Francisco, on June 20th. In his letter President Moore says:

"The subject of the conference concerns the best way to secure for California the full benefit of this exposition. In order to do this it would seem proper that the state should have a building in which she can worthily play host to the other states which will be her guests.

"The proposal has been made to provide a great central state building which shall be used first, for the purpose of receiving and entertaining those who will be the guests of California, and, secondly, for the exhibition of those things which will not only interest the visitor to the exposition, but will enable him to gain quickly information regarding any section of the state, its products and resources.

"One feature of this building which has been considered is a great hall which can be used not only for receptions and meetings, but for banquets or as a lounging room when not otherwise in use—this hall to be the main feature, and to be of a character to attract the attention of every visitor. Adjoining this, it is proposed to erect around a great patio a structure whose architecture will be both superb and attractive, so that no one coming to the exposition can fail to have his interest excited. The space will be subdivided for the use of counties.

"What is the best way to secure this building? That is the question which the supervisors will have to take up and thresh out in a wise and liberal way."

Attention is also called to the meeting of the counties convention of the California Development Board on the following day, Friday, June 21st, at San Jose. On that day special trains and automobiles will center there from all parts of the state, and the meeting will be one of the most important which has ever had before it the subject of good roads for California.

## BALDWIN TO OPEN ANOTHER STORE MANY PEOPLE VISIT BIRD ISLAND

### HARDWARE COMPANY WILL ESTABLISH NEW RETAIL STORE FARTHER DOWNTOWN—PRESENT QUARTERS CROWDED

The Baldwin Hardware company is planning to open another retail store farther downtown, and it is probable that the new White building, which is to be erected between Fifth and Sixth, on Main street, will be secured. The hardware company now has two warehouses in addition to their large retail store in the Baldwin building. Most of their machinery and implements are stored in the Baldwin warehouse near the Southern Pacific depot, while another warehouse is used opposite the store. These three buildings are over-crowded by the large stock carried by the company.

When asked this morning in regard to the matter Judge Baldwin said:

"Yes, we are planning to open another store farther downtown if we can find a suitable location. Since we moved out of the hotel building we have been crowded for room. As we carry such an immense stock of every line of the hardware and implement business, we need an awful lot of room. There are so many goods that we carry that is handled by none of the other stores in town that this trade comes to us anyway, but there are a lot of smaller sales that we lose by not being nearer the center of town. A complete line of shelf hardware and all of the smaller goods connected with the hardware business will be carried in our new store, while the heavier goods and implements will be handled in the present store. Both stores will be kept open, as we will have to keep a man here to handle the farmers' trade, which has been the bulk of our business."

### KENO KEYNOTES

Last week Miss Anna O'Keefe closed a ten-months school term at Keno with a children's entertainment, which was a pronounced success in every respect. The children delivered their pieces to perfection, which showed the training they had received. At the close of the entertainment the teacher gave a diploma to all who were perfect in attendance during the ten months. There were eight of this number who were neither absent nor tardy, as follows: Arthur Padgett, Marion Padgett, Victor Padgett, Lina McCormick, Bruce McCormick, Lily Jones, Gretta Madison and Hazel McCormick. Victor Padgett, who is a very small boy, has attended school for nineteen months without being absent or tardy. The teacher has so charmed her pupils that they would rather miss their breakfast than miss school. Some of the pupils missed a very few days on account of unavoidable business. Miss O'Keefe is a successful teacher, and the Keno school directors have hired her for another year. Mr. Swan, the county superintendent, was present, and delivered a lecture, which was well received.

John Ackley has his railroad in running order, and is now hauling logs on the road to the river. The cars run by gravity, and the project is a success.

Ben Kerns has returned from Portland, where he bought the machinery for his electric plant. This will be on the ground before many days.

Thos. McCormick is about to sell his timber to a new company. If he does so a logging camp will be established and the work of getting out the logs will be started at once.

The Siskiyou Electric Light and Power company's poles are all on the bank of the river, ready to be shipped to their destination.

Captain Ball, while rafting logs the other day, slipped from a log and fell into the river. In the fall he struck a boom log with his side, and was knocked out of commission for a few days, but he expects to soon be back at work.

George Kerns returned to his ranch last week, after an extended California trip.

San Francisco, June 11.—It is estimated that the fence that is to enclose the exposition will be two miles and a half in length.

At a meeting of the building and grounds committee held a few days ago it was decided to have it nine feet high, and not to permit advertising on it. The board of supervisors of the city and county of San Francisco have also been petitioned to close all the streets within the exposition site.

SAN FRANCISCO, June 11.—The Roosevelt delegation leaves for Chicago this evening, via Los Angeles, Fresno and Stockton. The Johnson reservation will be used by Hiram Johnson Jr. and wife.

### NOTED ROOKERIES OF LOWER LAKE ARE INVADDED BY MANY WHO ENJOY A MOST NOVEL EXPERIENCE

Sunday was a most delightful day, and advantage was taken of this fact by many of Klamath Falls lovers of Nature to visit the rookeries in Lower Klamath Lake. Every available launch was pressed into service, and every one was loaded to capacity.

The day was bright and fair, but at the same time the temperature was such that there was no discomfort, and, in fact, a light wrap was a convenience, rather than a burden.

The islands were at the best, as the birds are hatching, now and are too young to scatter at the approach of visitors, although it would be hard to understand how they could "scatter" to any great extent, unless they scattered straight up.

For the next three or four weeks a visit to these noted islands will be one of great interest, and should be taken advantage of. It cannot be described, and the best plan is to take your camera along, and let the results show for themselves. Ye scribe has but one bit of advice to give to the "first-timers" on this trip: Take a along a good lunch, for the ride on the water certainly gives one a good appetite, but, as Little Jeff says, "for the love of Mike," eat it before you visit the islands, as your appetite will not be as strong after the visit as it was before.

Among those who made the trip Sunday were:

On the Klatava, Ray Telford pilot—Mr. and Mrs. C. E. Riley, Mr. and Mrs. A. J. Forter, Mr. and Mrs. Arthur Lewis, Messrs. Welsh and Klepper.

On the Wocus, Gilbert Arnold pilot—Mr. and Mrs. Frank Vannice, Mr. and Mrs. Chas. Mashburn, Miss Anna Metcalf, Miss Ida Ross and Mr. C. E. Reinhart.

On the Speed—Mr. and Mrs. Nate Otterbein and Messrs. Templer and Dunton.

Besides these boats the Tarn carried a big crowd, and several other launches added their quota of the curious to the interesting scene.

### LAW CASES ARE SET FOR TRIAL

Eighteen of the attorneys of the city were present in court at 10 o'clock Monday morning when Circuit Judge Henry L. Benson went over the docket. SAYS JUDGE HANFORD IS TOOL OF CORRUPTION

WASHINGTON, D. C., June 11.—Declaring Judge Hanford a judicial pervert, a moral bankrupt and a tool of corruption, as a special privilege Attorney John Perry of Seattle asked permission to file with Congressman Norris an affidavit supplementing Congressman Victor Berger's impeachment charges. Today Perry presents the affidavits to the judiciary committee, which then fixes the date of the hearings.

### ASKS RELIEF FOR VOLCANO SUFFERERS

WASHINGTON, D. C., June 11.—Delegate Wickersham of Alaska introduced in the house today a joint resolution appropriating \$50,000 for immediate dispatch to the revenue cutters at Kodiak for the relief of the volcano sufferers.

## WOULD ASSIST THE UNEMPLOYED

### CREATE FUND TO BEGIN WORK BY CITY

Commercial Club Starts to Raise Sum to Buy Warrants at Par to Create Fund to Start Street Improvement Work to Give Employment to the Unemployed Workmen Now in the City

One of the purposes of the meeting Monday of the Klamath Commercial Club is said, by the members who were present, to have been a movement to raise a fund of \$5,000 or \$10,000 for the purpose of buying city warrants at par, and have the money turned over to the city to be used in starting improvements in the city, so as to give work to the unemployed. The matter was placed in the hands of a committee, and it is said that the list was started with a subscription of \$300 by J. F. Muddock.

The business men are anxious to see improvement work started by the city, as there are quite a number of unemployed men here, and it is realized that the city will be unable to sell improvement bonds until the charter question is settled so that bond buyers will be satisfied to purchase the bonds of the city.

It is stated that a movement is on foot to have two new charters drawn up, a commission form and an aldermanic measure, to be submitted to the voters at an early date, so that a charter can be adopted whose validity will not be questioned. This matter is also being considered by members of the council, and it is probable that some plan will be suggested at the meeting to be held this evening. If a new charter is not presented the only other course seems to be that of getting a decision of the supreme court on the legality of the recent measure. Whichever is found to be the quickest method will probably be followed.
