MEAT WAR CUTS LIVING COST
BUTCHERS IN SEATTLE ARE ENGAGED IN A BATTLE WHICH RESULTS IN A SAVING TO THE CONSUMERS
Cattlemen throughout Oregon are vitally interested in a big meat war which is now in progress in Seattle. One of the big packing houses of the city introduced retail markets and began cutting the prices of meat, believing that by so doing they could not only reduce the cost of living, but at the same time materialize increase the consumption.

Independent butchers tried to make the packing houses cut out its retail markets. The packing house refused, with the result that the meat war began. On account of the high price of beef in the Eastern market last summer and fall there has been created in the Northwest a scarcity of cattle; cattle which would ordinarily have come to the Western market went East.

There is not enough cattle to go around. The prediction is made that within a few months local retailers will be compelled to pay a far bigger price for their cattle than were paid by the Eastern dealers a few months ago. Certainly the meat war which is now on in Seattle has reduced the cost of living. Meat which a few weeks ago was selling for 20 and 25 cents a pound can now be had for 19, 15 and 20 cents. Never in the history of the city has so much meat been sold as during the past two weeks. There is no indication that the war will soon end. On the contrary, there is every indication that it will continue for six months.

DOUGLAS FIR TO BE PLANTED SOON
REFORESTATION PLAN IS UNDER WAY UNDER THE DIRECTION OF EMPLOYEES OF THE NATIONAL FOREST
Six hundred thousand Douglas fir trees, six to eight inches high and over a year old, are being sent to the slopes of the Coast range in the Sitka national forest from the government nursery near Carson for reforestation purposes. The trees, which are being sent out in ten lots of 60,000 each, are being planted 1,000 to the acre, six feet apart each way, on burned over tracts.

The planting will last most of the winter. Planted 1,000 to the acre may seem to be very close, but in the struggle for existence, the government knows that only a hundred of the trees will reach maturity.

One has bet \$10 that work will commence by February 1st. The man who bet against him thinks it won't begin before May 1st. Both are considered to be near railroad men of influence.

KERN WILL STAY IN LONG TRIAL
SENATOR WILL NOT ATTEND THE OPENING OF CONGRESS IN DECEMBER—McMANIGAL STICKS TO HIS CONFESSION
INDIANAPOLIS, Nov. 27.—It is rumored that Judge Anderson in the federal court has decided to quash the indictments against Meadows, Benson and M. H. Davis on grounds of insufficient evidence incriminating them in the illegal transportation of dynamite.

Senator Kern announced today that he would probably continue as counsel for the defense until the case is finished. This is taken to indicate that he will not attend the opening of congress in December.

The cross examination of Ortle McManigal was resumed. He said that he "didn't care" when he was arrested, as he had been expecting to be placed in custody at any time. He denied that any detective agency or the erectors' association had employed him. He seemed prepared for Senator's questions, and answered readily and clearly. He stuck closely to the details of his confession.

LOGGING CAMPS ARE NOW ACTIVE
KENO IS A BUSY PLACE, WITH BIG BASIN, ACKLEY BROS. AND BREITENSTEIN CAMPS IN FULL BLAST
KENO, Nov. 27.—The Big Basin company has begun cutting timber and docking its logs on the river bank. They are preparing to work thirty head of horses and a crew of fifty men in the woods this winter. The Padgett hall has been secured and fitted up as sleeping quarters for the men.

The addition of the Big Basin camp to those already operated by Ackley Bros. and Dick Breitenstein, makes Keno a pretty lively logging camp.

The Kerns boys are at work on their electric light plant, and expect to have Keno lighted with electricity within a few days.

TOBACCO WILL PAY WAR COST
BULGARIANS HAVE A PLAN FOR PAYING ALL OF THEIR DEBTS INCURRED BY THE FIGHTING, NOW OVER
SOFIA, Nov. 27.—Bulgaria expects to pay the cost of war with tobacco. Much of the best Turkish tobacco is grown in districts captured by the Bulgarian forces. At present the country raises a fairly good grade of tobacco, but it commands a price a little less than half that of Turkish. It is confidently hoped that after the war, by means of a practical monopoly of Turkish tobacco, in co-operation with the Greeks, and by raising the price of Bulgarian tobacco to what is believed to be its real worth, the government will wipe out the war debt.

MORE HEALTH FOR THE GIRLS
SPORTS OUTDOORS AND AESTHETIC DANCING TO KEEP O. A. C. MAIDENS STRONG AND WELL IS PLAN FOLLOWED
CORVALLIS, Nov. 27.—New work to keep the young women students at the Oregon Agricultural college in the pink of physical condition has been inaugurated by Miss Miriam Theyer, the new director of physical culture for women.

Outdoor sports, aesthetic dancing and the folk dances of all nations are now engaging the attention of the girls. In warm, sensible woolen gymnasium suits they are taken out on the campus for a short time to exercise with the soccer football (in a game where there is none of the rough and tumble of the Rugby or American game). Then they form in classes on the gymnasium floor for the Greek movement dances and the peasant dances of Europe. Sometimes, too, when the weather permits, they take cross-country runs. It is expected with such vigorous work in the open to counteract the unwholesome effect of long hours bent over books or shut in classrooms with a large number of other students.

A NEW BOARD IS BEING PLANNED
CROOK COUNTY PEOPLE GET BUSY WITH A SCHEME TO EXTEND HIGHWAY FROM NORTH LINE OF KLAMATH COUNTY
A new road into Crook county from the northern boundary of Klamath county near La Pine is being surveyed by Fred A. Rice, county surveyor of that county. The La Pine intermountain has the following to say regarding the road:

Conforming with orders from the county court, County Surveyor Fred A. Rice and a crew of men, who arrived last night at the Caldwell ranch, 6 1/2 miles north of La Pine, began work this morning surveying out a line for part of the proposed new county road. Mr. Rice began at a point on the section line some rods west of the Caldwell residence, and will follow the section line south to the Klamath county line, a distance of about ten miles. It will require three days to finish the survey. The section line runs direct through Rosland and La Pine, on southwest of the Stearns ranch and ranger station, and so on to the county line. The court will act on the new survey at the January meeting.

A petition circulated by D. L. Peterson and signed by most of the landholders along the proposed new road, was mailed to the county court several weeks ago. It is a step forward, and will be welcomed by the progressive people of the La Pine country. The movement was suggested by Road Supervisor M. F. Hawthorn a year ago, and received the intermountain's hearty indorsement at the time. He advanced the theory that all roads in the future should be built on section lines, and just sufficient amount appropriated from the road fund each year to keep the old county highway in shape for travel, the bulk of the fund, of course, being devoted to the new road until it is completed.

Should the proposed new county road receive favorable consideration by the court at the January meeting, active work will begin on it early next spring. It is understood that it will be sixty feet wide, cleared of all trees, stumps and roots, graded to center the entire distance—will, in fact, be a road in every sense of the word.
