

SETTLEMENT OF STRIKE IN SIGHT

EMPLOYERS AND EMPLOYEES TO MAKE CONCESSIONS

Hope is Entertained That 37,000 of the 160,000 Strikers Will Be Back to Work Within 24 Hours—Demands of the Workers Seem Reasonable—Recognition of Union Is Insisted Upon.

NEW YORK, Jan. 16.—The hope is entertained that within 24 hours an agreement will be reached between the employers and union leaders so that 37,000 of the 160,000 men, women and children on strike in the garment workers allied trades will return to work.

Representatives of the dress and waist manufacturers association met with the union leaders today. They are evidently prepared to grant some concessions.

The demands of the workers include an increase in wages, a regulation of the hours of work, sanitary work shops and recognition of the union.

For the other workers there appears to be little hope for a settlement.

HIGH WATER CAUSES GREAT PROPERTY LOSS

EVANSVILLE, Ind., Jan. 16.—A relief boat arriving here today from Calhoun, Kentucky, reports 250 families starving there. They have been without food for three days.

The boat left here immediately on the return trip loaded with provisions.

The high water is over the railroad tracks.

The towns of Delaware and Stanley in Kentucky and Yankertown and Sufferdown in Indiana are reported to be in bad plight.

Rain is still falling and the Ohio River is rising rapidly. Reports of fatalities are expected. The property loss will be great.

DEMOCRATS POOL THEIR CHANCES TO SECURE JOB

WASHINGTON, D. C., Jan. 16.—"Pooling" their chances of securing the secretaryship of the interior for the Far West, the democratic senators of ten states beyond the Mississippi announced through Senator Newlands that they had caucused and would lay before Woodrow Wilson the list of names which they had jointly declared acceptable.

This action was taken when it was reported that Wilson had determined to choose a secretary of the interior from the Middle West, in order to get away from either the Eastern or the Western policy, which has been pursued in relation to public land and water powers.

Senator Newlands declined to give the list of names, but it is understood that the names of former Governors Shaw of Idaho, Norris of Montana, Osborne of Wyoming, King of Oregon and Governor Hunt of Arizona are included.

SIX POWERS WILL NOT HELP OUT THE TURKS

LONDON, Jan. 16.—An official note that the ambassadors of the six powers will present to the porte today or tomorrow will intimate in a diplomatic way that the powers cannot prevent the complete overthrow of Turkey if the proposals of the allies are not accepted.

It is learned that the note is practically ready for delivery, but that the ambassadors are holding off to await action by the grand council at Constantinople.

The envoys of the Balkan states will take no further action until the porte's reply to the note of the powers is received.

OLD AGE PENSION BILL SUBMITTED

SALEM, Jan. 16.—After a session lasting two hours, the house adjourned to consider bills in committee.

Twenty-six bills were introduced during the morning session. One provides for the regulation of the expense attendant to the initiative measure. Another provides for state insurance and old age annuities.

The senate is considering bills vetoed by the governor at the last session. The governor has served notice that he would make no effort to influence the legislators' action on the vetoed bills.

DECISION BAD FOR DAIRYMEN

PORTLAND, Jan. 16.—The supreme court's decision that it is unconstitutional to prosecute the creamery man who brings butter from Wisconsin in a tub here to be sold under a dainty wrapper as "made in Oregon," clears the way for sending \$7,000,000 of Oregon money annually

away, and continues the opportunity to deceive the people, according to the biennial report of the Oregon dairy and food commissioner, J. W. Bailey, now succeeded by J. D. Mickle. It is predicted that if the practice continues the dairy industry of Oregon will be destroyed, because Oregon dairymen cannot compete with the cheap tub butter, renovated after it reaches Portland, and sold at the high market rate.

This, in its turn, it is stated, will paralyze the development of Oregon, because men will not attempt to operate dairies and subdue land to make a loss at it because of unfair competition.

ELECTROCUTION MAY REPLACE ROPE

SALEM, Jan. 16.—To substitute electrocution for hanging is proposed in a bill introduced by Speaker McArthur of the house. Witnesses to an execution are to be limited.

In addition to the deputy there are to be three physicians and a jury of twelve reputable citizens, all to be summoned by the warden and such peace officers and electricians as may be needed to execute the judgment.

VESSEL GIVEN UP AS WRECKED

LONDON INSURANCE OFFICE NOTIFIED THAT HOPE FOR THE SAFETY OF MISSING STEAMER HAS BEEN ABANDONED

NEW ORLEANS, Jan. 17.—Officials of the company today notified Lloyds of London that all hope for the safety of the steamer Eldorado, missing several days, has been abandoned. It is believed that the boat went to the bottom and that the 41 persons aboard perished.

The Eldorado was on the run from Galveston to New York. She was making the southward trip when she disappeared completely.

LEGISLATORS TO HAVE MEETING

OLYMPIA, Wash., Jan. 16.—Forty-one bills were introduced in the senate today. Both houses passed a resolution providing for a committee of two senators and three representatives to confer with a like committee of the Oregon legislature to agree upon amounts to appropriate for an interstate bridge across the Columbia River at Vancouver.

HOME RULE BILL, VOTE TO OBE SOON

LONDON, Jan. 16.—With an entire legislative day to be filled with argument, the Irish Home Rule bill is expected to reach a vote in the house of commons at 10:30 tonight.

Taft Names Will

WASHINGTON, D. C., Jan. 16.—President Taft today nominated John B. Willis as collector of customs for Alaska.

Inauguration in Iowa

DES MOINES, Iowa, Jan. 16.—Geo. J. Clarke was today inaugurated governor of Iowa, succeeding Carroll. Clarke was elected on the republican ticket.

SMITH FRAMES A BILL FAVORING TAXPAYERS

SALEM, Jan. 17.—W. O. Smith of Klamath Falls will shortly introduce a bill requiring estimates of amounts to be raised by taxation to be made and published in advance of levy, and to provide for public meetings and discussions by the taxpayers of the proposed levies. The bill will prevent the levy of taxes in certain cases greater than the estimates or greater expenditure of public monies in excess of 10 per cent over the estimates.

This bill provides in reality for an annual budget of proposed expenditures to be made by the county courts in each county of the state. With the great increase in the cost of living it is found that the cost of public expenses have increased in proportion. With this great increase in the operation of public affairs, naturally the people desire to know what this extra money is being spent for. There is also a great tendency on the part of public officials to make unnecessary expenses, for the reason that nearly every person has something which probably may have merit, that he desires to sell to the county or city or other public institution.

After a careful consultation with representatives of other counties of the state, Mr. Smith finds that the sentiment is quite general in favor of some legislation compelling the county courts to determine and inform the public just how much money they propose to expend out of the public funds for improvements during the coming year.

This measure has met with the approval of Governor West and other state officials, and will be introduced within a very few days.

WASHINGTON 'U' GIRLS PERFECT

PHYSICAL DIRECTOR GIVES AVERAGE HEIGHT AS 5 FEET 2 INCHES AND THEIR WEIGHT AT 120 POUNDS

SEATTLE, Wash., Jan. 17.—Girls in the University of Washington are healthier and better proportioned than those of almost any other college in the country, according to data submitted by Miss Jessie Merrick, women's physical director.

"Men are most interested in the height and weight of girls. Women are concerned with girl's measurements. Neither have any bearing on the physical condition of the individual. That which counts is the lung capacity and size of the muscles."

The breathing space of the average University of the Washington girl is 168.23 cubic centimeters. This is 2-100 of a centimeter greater than the average at the University of Oregon. The average Washington girl weighs 120 pounds and is five feet two inches tall.

ROAD FORMEN MAY BE ELECTED

SALEM, Jan. 16.—Declaring that the appointment of road supervisors by county courts elicits litigation, Representative Llewelling of Linn has declared that he will introduce a bill to make them elective.

Under the present system the supervisors are appointed after a petition has been presented to the court. Often there is a wrangle, and the court's time is taken up with the matter, while other business waits.

POWERS ADVISE TURKEY TO ACCEPT PEACE TERMS

CONSTANTINOPLE, Jan. 17.—A joint note, framed by the European ambassadors and relating to the Balkan situation, was delivered to the porte today.

It was definitely learned that the note, while not drastic, strongly advises Turkey to accept the terms of peace as outlined by the allies. The note even includes the terms concerning the ceding of Adrianople and the Aegean Islands.

LONDON, Jan. 17.—The Balkan diplomats who are in attendance at the conference, which, it is hoped, will end the Balkan-Turkish war, are today awaiting the action of the Turkish government on the ultimatum of the allies that Adrianople and possibly the islands in the Aegean Sea must be ceded if peace is to be declared.

It is the general opinion of the allies that Turkey will accede to the demands of the allies, rather than again endure an attack of Chatalja and Adrianople.

COAST TO COAST ROAD IS SOUGHT BY CONGRESSMAN

WASHINGTON, D. C., Jan. 17.—A national "coast-to-coast" highway, commencing at the national capital and ending at Los Angeles or San Diego, Calif., is proposed in a bill introduced in the house by Congressman William P. Borland of Missouri. The cost of the highway is estimated at \$20,000,000 by Borland. The bill introduced by the Missouri congressman provides for a national highway commission of six members, who are to supervise the construction of the road.

It is Borland's plan to have the highway known as the "Old Trails Road," as its route will traverse several historical overland roads.

The route westward from Washington, as tentatively outlined, will be via Colorado, New Mexico and Arizona, following the old Santa Fe trail through those states.

AUTO HITS PLUG; TWO ARE KILLED

ST. LOUIS, Jan. 17.—Richard Davis, secretary for Mrs. Britton, owner of the St. Louis National League baseball club, and William Walters were killed when an automobile in which they were riding struck a water plug this morning. Firemen were called and removed the bodies from a small lake which was formed as a result of the broken plug.

ALLEN BOYS GET ANOTHER RESPIRE

RICHMOND, Va., Jan. 16.—Governor Mann today gave Floyd and Claude Allen, the Hillsville court house murderers, another respite.

They were to have been electrocuted tomorrow.

The governor announced that on February 1st he would hear arguments for the commutation of the death sentences.

DIVINE USES HIS FISTS IN CHURCH

INSTEAD OF "BREAKING UP THE SERVICES" AS THEY HAD PLANNED, GANG OF ROUGHNECKS IS REBID BY PASTOR

MELBOURNE, Jan. 18.—Rev. John Masking, pastor of the leading Congregational church here, has received a number of "calls" from other Australian cities as the result of the effective manner in which he dealt with a gang of disturbers at his service Sunday night.

A score of young toughs had come with the express purpose of breaking up the meeting, and when they interrupted his sermon by whistling and cat-calls, the minister calmly descended from his pulpit, and walking up to the ringleader, knocked him down and out. The others were so astonished that the vestrymen had no difficulty in ejecting them.

Mr. and Mrs. Ed Vannice leave today for New York city, where Mr. Vannice will purchase the spring and summer line for the Golden Rule department store. They will be away several weeks.

FEARED A LOSS; SHOOTS HIMSELF

DESPONDENT TACOMA CONTRACTOR SUICIDES IN WELL KNOWN HOTEL—LEAVES WIFE AND SON TO MOURN

TACOMA, Jan. 16.—Fenton H. Goss, president of the Goss Brick company, committed suicide in the Carlton hotel this morning. He blew out his brains with a revolver.

For some time Goss has been worrying over a threatened financial loss growing out of a contract for building a school. This despondency is believed to be the cause of the act.

Goss was 55 years old. He leaves a wife and son.

Mr. and Mrs. Frank Ankney of the Ankeny ranch have gone to San Francisco, where they will spend the remainder of the winter.

Frank Duncan, a local photographer, plans to leave Monday morning for Dunsmuir and other California cities.

Assurance of Accuracy

The first consideration in selecting a watch is to get a reliable time keeper. It makes no difference how little you spend for a watch if it is money wasted unless you can depend on it to keep somewhere near accurate time.

In the manufacture of a watch one of the chief expenses is the final adjusting and regulating. There are, however, inexpensive watches of real merit. These are constructed along simple lines, and are dependable time keepers. Other cheap watches gotten up in a showy way are not worth carrying.

We have learned by years of experience to distinguish between the good and poor makes, and we will not sell a watch at any price that we cannot guarantee to be an accurate timepiece. Yours for service,

FRANK M. UPP

PETITION FOR LIQUOR LICENSE

J. E. Vose, Ft. Klamath, Oregon

The public will please take notice that on the 27th day of January, 1913 at 10 o'clock a. m., the undersigned will apply to the County Court and County Commissioners of the State of Oregon, for Klamath County, in the court room of said court, in the county court house at Klamath Falls, Oregon, for a liquor license, licensing him to sell, exchange or otherwise dispose of spirituous, malt or vinous liquors, or fermented cider, commonly known as "hard cider," in quantities of less than one gallon, for a period of six months, from and after date said license may be granted, upon the following described premises, to-wit: In a frame building known as the "J. E. Vose's," situated on Section 16, township 33, range 7 1/2 east of Wilamette Meridian, in Fort Klamath, Oregon, Wood River Precinct, County of Klamath, and the State of Oregon, and that the following attached petition has been duly circulated as required by law.

Dated December 23, 1912.
Petition for liquor license, to sell, exchange, or otherwise dispose of spirituous, malt or vinous liquors, or fermented cider, commonly known as "hard cider," at Fort Klamath, in Wood River Precinct, Klamath County, and State of Oregon.

To the Honorable W. S. Worden, Judge of the County Court of the State of Oregon, for Klamath County, and to John Hagelstein and C. G. Merrill, Commissioners for the county and state aforesaid:

We, the undersigned, legal voters and residents of Wood River Precinct, Klamath County and State of Oregon, would respectfully petition that a liquor license be granted to J. E. Vose to sell, exchange or otherwise dispose of spirituous, malt or vinous liquors or fermented cider, commonly known as "hard cider," in quantities less than one gallon, at Fort Klamath, in Wood River Precinct, County of Klamath and State of Oregon. That said license be granted to the party aforesaid for a period of six months from and after the late of granting said license, and each for himself says: That I have personally signed this petition and that my residence, postoffice address and voting precinct is correctly written after my name, and that I am and have been an actual resident of Wood River Precinct in Klamath County and State of Oregon for a period of more than thirty days last past.
