

COURT DOES NOT ISSUE WARRANTS

IT IS BELIEVED THAT ACCUSED ARE OUT OF CITY

Body Adjourns to Meet Again Wednesday Morning—Investigations Will Proceed Then, and Will Continue Until Matters Now Pending Are Finally Disposed of—Speculation Rife

After weeks of deliberation, the Klamath grand jury on Saturday afternoon returned four true bills in the court of Circuit Judge Benson. The indictments were announced as against John Doe, and speculation was rife on the streets this afternoon as to the identity of the accused.

Contrary to the usual custom, no bench warrants were issued by Judge Benson, and this leads to the belief that the indictments are against men not now in this section.

Following the report of the grand jury to the court, at 3 o'clock, the jury returned to the grand jury rooms in the Odd Fellows' building, and after a few minutes consultation, adjourned until Wednesday morning at 10 o'clock. It is expected that soon after re-convening the grand jury will make a final report on all of the matters which have been pending.

LECTURE COURSE FOR THE DAIRYMEN DISCUSSED

A lecture course for the benefit of Klamath county dairymen; a number of competitions to stimulate interest in dairying; articles in the local papers each week concerning the movement; appointment of committees to act in behalf of the members of the association in settling differences—these and other progressive measures were outlined as a portion of the year's work of the Klamath County Dairymen's Association by James Ezell, the president.

The meeting held at the Chamber of Commerce last Saturday was attended by forty dairymen, and several new members joined. Work of getting all the farmers and dairymen in the county as members will be taken up by districts within a short time.

U. E. Reeder will take up this work in the Keno district, and special committees will be appointed for Merrill, Bonanza, Fort Klamath and Bonanza. Lyle O. Mills and Max A. McColl will act as a committee to work in different parts of the county.

The lecture plan discussed is to have dairy experts from the Oregon Agricultural College visit Klamath County and lecture on matters pertinent to the industry at the different dairying centers. These are always followed by helpful discussions.

FISHER WILL MAKE NO CHANGE IN CRATER LAKE

That there will be no change in the office of superintendent of Crater Lake National Park as long as Secretary Fisher remains at the head of the department of the interior is the announcement of friends of Superintendent W. Frank Arant of this city, whose position is sought by Will G. Steel, president of the Crater Lake company.

It is authoritatively stated by close friends of Mr. Arant that under date of January 25, Mr. Fisher stated positively that he intended to make no change in the superintendency at this time despite the efforts of those pulling against Arant.

In the letter written by Fisher, following the filing of a petition for Steel's appointment, the official takes a stand pointblank against the supplanting of Arant by the Portlander.

When it was announced that Steel sought to have Arant retire in his favor, local business men at a mass meeting announced their support of Arant, and received with much enthusiasm his announcement that he would not resign in Steel's favor. A few days later, a petition urging that the secretary of the interior make no change in the superintendency of the park was placed in circulation, and was freely signed.

JOHNSON WRITES ABOUT THE LAND GRABBING CASES

S. O. Johnson, president of the Klamath Development company, has become involved in the L. R. Glavis government land manipulations, according to the Sacramento Bee. The following is from that paper:

S. O. Johnson, vice president of the Weed Lumber company, and the man to whom Louis R. Glavis, ousted secretary of the conservation commission, admitted he owed his job as a land agent for several lumber concerns, is sending out letters urging persons who have filed on certain state lands, the title to which is clouded, to compromise with Fred W. Lake of Oakland, who has been accused by state officials of being one of the last of the public land schemers.

Lake's application for filings on 200,000 acres of land in national res-

ervations were turned down by Surveyor General W. S. Kingsbury, but Lake immediately began suit against the state, and hence his applications will stand as a cloud against those who wish to obtain title to land.

It seems that applicants who filed applications subsequent to those of Lake's, which were filed just before the Thompson act became a law in 1909, must wait until the Lake claim is disposed of before they can get their land.

Taking advantage of this situation, Johnson says in his letter he has arranged to compromise with Lake for all applicants who appoint him their agent. Lake, he says in the letter, will agree to relinquish all claims for \$2.50 per acre.

On such basis, if all applicants accept the proposition of Johnson and Lake, Lake stands to make \$500,000 on his attempted filings.

In answer to the suits of Lake against the state to compel the filings of his applications it is contended by the state, through Deputy Attorney General Glenn, who is handling the cases, that Lake's applications were not made in good faith, and were merely for the purpose of casting a cloud on the land which would cost other applicants money to remove.

MAY CHARTER A SPECIAL TRAIN

KLAMATH FALLS ODD FELLOWS PLAN TO GO IN STYLE TO MEDFORD AND FIGHT FOR THE 1915 MEETING

At the regular meeting on Friday night of Klamath Lodge No. 137, I. O. O. F., the members present discussed the question of taking a special train to the Grand Lodge at Medford in May. This was decided on in view of the fact that quite a number of citizens have expressed a desire to make the trip with the Odd Fellows, and arrangements will be made to accommodate all who wish to do so.

An effort will be made to obtain the Grand Lodge for this city in 1915, and everything points to the success of this endeavor.

This will mean not only an honor to Klamath Lodge, but also a great boost for the city and county. The holding of great meetings in a city is one of the most effective methods of advertising it to the rest of the state, for the visitors are invariably men of prominence, and with keen powers of observation. When they tell the story of their visit it is to men of like calibre, and their word carries the weight of experience. It is for this reason that Klamath Lodge is making arrangements to carry as many citizens as wish to go with them when the trip is made to Medford, and every person going, whether a member of the lodge or not, will be a booster for the Grand Lodge in 1915.

Maddox Ships Hogs

J. A. Maddox today shipped 92 hogs to the California market. The porkers were loaded at the local yards.

R. D. Mann came in Friday from his ranch on Lost River to attend to business matters.

Mrs. W. G. Williams and Miss Nellie Frost of Lakeview were among the arrivals on the Lakeview stage last night.

Mrs. L. H. Kinger of Bonanza is here to spend a few days. While in the county seat Mrs. Kinger is stopping at the Hall.

DRY SPEAKER TO BE HERE SOON

The campaign for a dry Klamath Falls will be started in earnest March 3, when Mrs. Ada Wallace Unruh, president of the state W. C. T. U., will arrive in the city to hold a series of meetings in the interest of temperance.

Mrs. Unruh is a speaker of note. She has participated in a number of local option campaigns, and is rated high in her work. She is now in Salem working in the interest of the society of which she is the head.

W. D. Young of Sacramento is a guest at the White Pelican.

WINNES-CLARKE WIN LAWSUIT

Judgment for the defendant was rendered Saturday by Judge Benson in the case of Will Lambert vs. E. C. Brown and the Innes-Clarke Lumber company.

The case was brought to foreclosure on a loggers' lien. It appears that Brown took a contract to cut some logs for the lumber company and hired the plaintiff to work for him. He neglected to pay for the work, but the plaintiff did not file his lien within the time specified by law.

F. H. Mills was attorney for the defendant.

GIANT INSTITUTION IS ESTABLISHED

POSSESSION WILL BE TAKEN OVER IN FEW DAYS

Arrival Here of State Superintendent of Bank Is Waited to Clinch Deal—Definite Plans Will Not Be Announced for a Few Days—Temporary Quarters Are Selected for New Institution

A business deal of great magnitude which has been pending for several weeks was consummated Saturday, when the American Bank and Trust company was bought by the First Trust and Savings bank.

Details of the transaction are still withheld from the public, but it has become known that large financial interests have become interested in the project, and the result of the deal will be a giant financial institution for Klamath Falls.

The bank will be known as the First Trust and Savings bank, and it is certain that Captain J. W. Siemens, who has guided the destinies of the First Trust and Savings bank for so long, will be at the helm of the new institution.

The institution will occupy, for a time at least, the present quarters of the American Bank and Trust company.

Immediately upon the arrival here and approval by the state superintendent of banks, the deal will be closed. Will Wright, the state official, has indicated that he will be here in a few days.

LETTERS FROM THE PEOPLE

[Communications sent to the Herald for publication in this department should not exceed 300 words in length and must be accompanied by the name and address of the sender.]

Editor Herald:

Having made investigations since hearing the thoughts of other scientists concerning Klamath Falls being the place where Cain came after God had placed a mark upon him and sent him away from his people, I find that some people in this valley and the neighboring valleys have raised Cain, and there is one man in the valley whose name is Adam, and from what we hear, some people in Klamath Falls have recently been raising Cain in general.

Another feature that goes to show that this is the Land of Nod is that a great many people are wont to nod at everything. They will sit and listen to a smooth speaker, and nod and nod, never thinking that what he is saying may be a lie, and what the future may bring if they do as he says.

I think that as further investigations are made a great many more things of interest will be unearthed. The most important fact I have learned through investigations is that Cain still lives. Nothing has ever been heard to the contrary.

DIVORCEES IN CIRCUIT COURT

Arguments in the suit of William A. Cree against Agnes B. Cree et al to quiet title to a tract of land in Klamath county will be made in the circuit court tomorrow. Attorney Sox of the firm of Hewitt & Sox, is here from Albany to represent the plaintiff, and J. H. Carnahan will appear for Weatherford & Weatherford, attorneys for the defense.

The Crees reside at Albany, and they were divorced some time ago. Cree's suit to quiet title is opposed by his former wife, and testimony was taken at Albany by a referee.

Richard Melhase has returned to Fort Klamath after a short business sojourn here.

R. Byerley of Worden is a guest at the American hotel.

Assurance of Accuracy

The first consideration in selecting a watch is to get a reliable time keeper. It makes no difference how little you spend for a watch it is money wasted unless you can depend on it to keep somewhere near accurate time.

In the manufacture of a watch one of the chief expenses is the final adjusting and regulating. There are, however, inexpensive watches of real merit. These are constructed along simple lines, and are dependable time keepers. Other cheap watches gotten up in a showy way are not worth carrying.

We have learned by years of experience to distinguish between the good and poor makes, and we will not sell a watch at any price that we cannot guarantee to be an accurate timepiece. Yours for service,

MEXICAN CENSORSHIP IS EFFECTIVE

NO CHANCES WILL BE TAKEN FOR NEWS LEAKING

Fighting Is Still in Progress, According to News Received by Diverse Routes From Mexico City—American Warships Arrive at Vera Cruz. Intervention Still Seems to Be Far Distant

EL PASO, Tex., Feb. 17.—A dispatch from Chihuahua says that communication has been established with Mexico City, and that fighting is again in progress.

The Madero forces are moving against the arsenal.

Official dispatches from Madero to Governor Maytorena of Sonora say that he has failed to get Diaz to agree to a two days' armistice in order to remove the dead and wounded.

Governor Maytorena telegraphed to friends here saying that Madero had admitted that the situation is grave.

Interior dispatches say that the anti-American sentiment is intensified. Americans are flocking to the border.

The cavalry of Jaurez garrison was sent to the hills this morning to oppose the progress of Salazar.

The members of the Madero family in Chihuahua, headed by Alberto Madero, the president's brother, are all ready to flee to the American side.

VERA CRUZ, Feb. 17.—Fighting was resumed at noon in Mexico City. Preparations are under way here to care for hundreds of Americans who are fleeing.

As a result of the censorship no details of the fighting at the capital are obtainable.

Private advices indicate that Diaz has resumed bombardment of the capital.

WASHINGTON, D. C., Feb. 17.—President Taft's formal reply to Madero's protest has been published. It does not mention a word about intervention, and does not state that the United States is not considering such a move.

This is regarded as practically an ultimatum.

WASHINGTON, D. C., Feb. 17.—

There will be no intervention in Mexico unless communication with Mexico City and Washington is cut off. Americans and foreigners are slain through a deliberate attack, or there occurs an outbreak as a result of anti-foreign attack.

Otherwise the United States will follow the policy of "hands off."

The Vermont and Nebraska are due at Vera Cruz.

As a result of the strict censorship of press dispatches Secretary Knox today instructed Ambassador Wilson to report in greater detail the true condition of affairs in Mexico.

The government feels that public opinion would support intervention if Ambassador Wilson's report would be along that line.

MEXICO, CITY, Feb. 17.—At 1 o'clock there had been no firing for half an hour. The reason is unknown.

WASHINGTON, D. C., Feb. 17.—

Ambassador Wilson has confirmed the reports that the Diaz forces have captured Monterey and Nuevo-Laredo.

The rebels control the Larado line of the National railways.

Consul Edwards at Jaurez reports that border newspapers are exciting the Mexicans by claiming that intervention is certain.

The Nebraska and Vermont sent wireless messages today, reporting their arrival at Vera Cruz.

The force of marines there is augmented by 3,000 men.

Mills Addition people enjoyed a dancing party at the Mills Addition hall last night, which, it is declared, is the best ever held there. The floor was crowded with dancers, and the terpsichorean pastime was kept up until nearly daylight. A sumptuous supper was served at midnight.

NEW YORK, Feb. 17.—H. P. Davidson, J. Pierpont Morgan's partner, issued the following statement this afternoon regarding the report that Mr. Morgan was seriously ill.

"We cabled to Cairo as soon as we heard the report that Mr. Morgan was ill. We have just received Mr. Morgan's answer. It says that he has entirely recovered from his attack of indigestion. He will remain in Cairo. This should set at rest the report of his illness."

ROME, Feb. 17.—J. Pierpont Morgan is reported to be stricken with serious illness. He left here today, accompanied by two physicians and two trained nurses in a specially chartered Cunard liner, the Calronia. The nature of the financier's ailment is not known. He goes to Naples.

EXCLUSION BILL COMES UP AGAIN

RIGID MEASURE TO KEEP OUT ORIENTALS WILL COME UP WITHIN THE CURRENT YEAR, IS BELIEF OF SOLO

WASHINGTON, D. C., Feb. 17.—Chairman W. B. Wilson of the house committee on labor, who will probably be succeeded in that position next session by Representative Frank Buchanan of Chicago, says that a thorough-going Asiatic exclusion bill will be passed by both houses of congress before the end of the year, at the instance of the labor caucus. It is this group of seventeen union men in the new house to which John I. Nolan, secretary of the San Francisco Labor Council, and now to represent the Fifth California district, will belong. In the present session there are but fourteen members carrying union cards.

"Aside from the immigration problem affecting the Pacific coast," said Wilson today, "bills for which we expect to secure favorable action next session, if they are not passed by the senate before March 4, are the anti-injunction, the contempt, the seamen, and the officering and Manning bills, the Booher bill, regulating interstate shipment of convict-made goods, the dredgmen's eight-hour bill, the department of labor bill, and measures dealing with the stop-watch system in so-called scientific management on government work, and with the employment of enlisted men in competition with civilians on work for which men were not enlisted in the military and naval service.

"The anti-injunction bill will be defended in the senate by Senators A. Follette, Poindexter and Bacon. Senator Bacon introduced a bill on this subject much more sweeping than the one passed by the house and now pending. The seamen's and officering and manning bill have good prospects of becoming law at this session."

CINCINNATI, Feb. 17.—John H. Patterson, president of the National Cash Register company, recently convicted of participation in a conspiracy in restraint of trade, was today sentenced to serve one year in the penitentiary and pay a fine of \$5,000. The Troy (Ohio) jail was selected as the place where he will receive his mail for the next twelve months.

Corresponding heavy sentences were meted out to the other twenty-seven defendants.

Patterson's sentence was the limit of the law.

Among the defendants were Pliny Ekes, district manager in San Francisco; Earl Wilson, formerly district manager in Los Angeles; W. C. Howe, sales agent in San Francisco. They were each sentenced to a year in jail and costs.

The defendants filed notice of appeal. They were given four months to prepare the record.

Mrs. S. Edward Martin and children have returned to Merrill after a visit with the former's parents, Mr. and Mrs. E. B. Ramby.

P. L. Fountain, a well known local real estate man, has returned from Portland, where he has been visiting for the past month.

P. E. Wicks of San Francisco is among today's visitors in Klamath Falls.

A. L. Leland of Chiloquin is here to attend to business matters. He arrived Saturday, and will return home tomorrow.

Mr. and Mrs. W. S. Slough returned to Klamath Falls Friday night from a visit in Middle Western States. They have been away for several months.
