

## TOBACCO JUICE IS WEAPON USED

### COMPLAINT IS MADE BY PROMINENT SUFFRAGE LEADER

Jones Senate Sub-Committee Will Receive Affidavit Made by Miss Patricia Street, Setting Forth Disgraceful Conduct of Men During the Famous Suffrage Parade of a Week Ago

WASHINGTON, D. C., March 10.—Alice Paul, the prominent suffrage leader, declares that she intends to present Miss Patricia Street's affidavit to the Jones senate sub-committee.

Miss Street has made oath that certain men deliberately spat tobacco juice in the faces of women who participated in the suffrage parade here on March 3.

### FREE TEXT BOOKS CAUSE GRAFT CRY

SACRAMENTO, March 10.—An alleged campaign by the book companies of California to swell the number of texts used in the schools, and hence the royalties that must be paid, is being assigned as the major reason for the 100 per cent increase in demands for school books under the free distribution system. Royalties average 15 per cent of the costs of the books. Letter's are on file in Superintendent of Public Instruction Hyatts office frankly stating that book agents are encouraging school authorities to make heavy demands for free texts.

### SEE RAILS IN LEGISLATURE

SACRAMENTO, March 11.—The decision to adjourn the legislature at the end of 47 days practically assures the passage of the mothers' pension bill.

It also indicates that the administration forces are determined to rail road all important legislation.

Governor Johnson also wants the "blue sky" law, and changes made in the direct primary law at this session. He also insists that the big industrial and humanitarian measures be not allowed to die under tons of freak legislation.

### What Brands, Michael?

The following advertisement which appeared recently in an Irish newspaper gives rise to many different brands of speculation:

### Important Notice MICHAEL DALY.

Wine and Spirit Merchant, Barrack Street, Tullamore, begs to announce that he has opened an undertaking establishment. Coffins supplied.

Hearses, Carriages, Brakes, Rubber-tired Cars at shortest notice. Telegrams promptly attended to.

### CALIFORNIA HAS IRON ORE FIELD

WASHINGTON, D. C., March 11.—Iron ore deposits at the summits of the Sierras, near Minaret, Madero county, California, are perhaps among the largest in the West, according to the United States geological survey bulletin. They are not yet valuable because they are too far from the fuel necessary for smelting.

Less extensive, but more valuable, are the iron ores in the Eagle Mountains in Riverside county, the southern desert. They have just been surveyed and mapped, and a chain of discontinuous deposits, six and a half miles long, is now known to extend across the summit of the range on the north limb of the dome. The government investigator estimates the ore to amount to about 60,000,000 tons, mostly high grade.

Development of these ores depends upon the opening of the Alaska coal fields and the cheap transportation of that fuel to California ports, where blast furnaces and steel plants will be established.

### WANAMAKER PAYS A GREAT FINE

WASHINGTON, D. C., March 11.—The treasury department announced the acceptance of \$100,000 from John Wannamaker of Philadelphia as a compromise of the civil liability for custom frauds.

The information charged that valuable merchandise in sample cases was marked "of no commercial value."

### KETTNER KNOWS ABOUT TARIFF

WASHINGTON, D. C., March 11.—Representative Kettner of San Diego is making no false pretenses on the tariff situation. Though he is just now becoming a real member of the house, he has been doing the routine work of the late Representative Smith's office for the past two months and is pretty well disillusioned.

"The plain fact is," he said today, "that every member here is favorable to placing on the free list everything but the products of his home

district. I am in the same boat, though I am more liberal. I ask merely that the citrus products of my district be given their share of the tariff which must be retained in order that sufficient revenue shall be raised to meet our national expenditure."

Kettner's constituents have been wondering what success he would have in convincing Oscar Underwood that lemons and oranges could not stand a tariff cut. He has learned that some cut will be surely made.

### BIRD TO FIX DATE OF MIX

SAN FRANCISCO, March 11.—The date of the Wolgast-Murphy fight here depends upon the time the stork arrives at the home of Mr. and Mrs. "Harlem Tommy" Murphy. Murphy is now on his way East.

"If the stork is prompt, the fight will be held April 12th," said Promoter Coffroth today. "If he is slow the mix will be a week later."

### TEN YEARS TO GET CORRECTION

### NEW RECORD FOR LAND OFFICE DELAYS IS SET IN CONNECTION WITH TWO TOWNSHIPS IN WALLOWA COUNTY

WASHINGTON, D. C., March 11.—Land office delays have set a new record in the case of two townships near Enterprise, Wallowa county, in North-eastern Oregon, where settlers have for more than ten years been kept waiting for a correction of the original survey that may deprive them from a considerable part of their lands. Congressman Hawley has just secured from the commissioner of the general land office a special deputy who will adjust the trouble this spring.

Discovery that the two townships overlapped upon an adjoining grant was made in 1902, and the land with its settlers established was withdrawn from entry. The settlers stayed, acquiring squatters' rights, but many buildings they have constructed and improvements of land made thus far may finally be found to belong across the line. The land office had simply failed, during ten years, to finish the work it began when it withdrew the lands.

### POLICE SEEKING WOMAN PARTNER

SAN FRANCISCO, March 11.—A police dragnet is asked in the East for the woman partner of Otto Owen, alias Conn, the Chicago burglar, who was shot here Saturday.

The police are positive that the woman was with the injured man until February 28th, when she deserted him and fled East, taking \$50,000 worth of loot. Owen refuses to discuss the woman.

### INFANT DIES IN BURNING HOUSE

VALLEJO, March 11.—Fire destroyed the home of Lloyd Michaels, a ship fitter, today, and the infant daughter, Margaret, was burned to death.

The mother sustained serious burns in a desperate attempt to rescue the perishing infant.

### Belt Line Extension

SACRAMENTO, March 11.—The assembly today passed a bill which empowers the state harbor commission to extend the state belt line in San Francisco to the exposition site to handle the traffic from the ferry there.

### DARING AVIATOR GETS NEW RECORD

PARIS, March 11.—Aviator Perreyon in a monoplane ascended 19,800 feet at the Buc aerodrome today. This is the record of the world for altitude.

### FILIPINO WILL NOT BE UP YET

WASHINGTON, D. C., March 11.—Philippine freedom will not be considered at the extra session of congress, according to announcement made by President Wilson today.

This statement follows a lengthy consultation with Secretary of War Garrison.

## What's the Matter

### With the Old Watch?

It's not getting any younger, you know, and once in a while it needs a rest and overhauling. Railroad watches are cleaned and overhauled once a year to insure accurate time-keeping. Why not bring yours in and let us give it the attention that is necessary for good time keeping.

## SYSTEMATIZE COLNTRY BUSINESS

### THREE BILLS PASSED AT RECENT SESSION OF LEGISLATURE WILL OVERCOME MANY OF THE OBJECTIONS

Three important bills were passed at the recent session of the legislature which is believed will overcome many of the complaints and objections against the present method of conducting the business of the county.

One of the bills provides that all road work in any district amounting to \$1,000 or over shall be let by contract. The other two bills were introduced by W. O. Smith.

H. B. 206 provides for an annual budget to be made by the county court setting forth an itemized statement of the proposed expenditures for the coming year. After this budget is published a meeting is held at which any objections on the part of the taxpayers can be heard. This procedure is in accordance with the custom in all of the modern cities, and gives the taxpayer information in advance as to what use is to be made of the money raised from the tax levy.

H. B. 419 provides for a uniform system of bookkeeping and accounting for all of the county officers of the state and all state institutions, and also for an annual expending of the books of all such officers. After a system of accounting is installed on January 1st, a state official may drop in at any time and check up the books of any county official, the same as the state bank examiner does with the banks.

At the present time it can hardly be said that any system is followed by the county clerks or other county officers of the state, and whenever a new official goes into office he is liable to adopt some system of his own. Thus the methods of keeping the accounts of the business of the counties is continually changing, and it is impossible for the taxpayers to get any intelligent idea of how their money is being spent.

When these new measures go into effect all this will be changed. A uniform system for all of the officers in the state will be installed, and instead of taking two or three months to expert the books of a county these books can be checked in a few days and at a very much less cost than at present. The taxpayers will be enabled to know what things are costing them and just how their money is being spent.

### Low Goes to Salem

Sheriff Low left Wednesday with Shelly Naive, whose parole was revoked by Judge Benson Tuesday, and who will serve from two to five years in the state penitentiary.

### Berlin, March 12—The Associated German Tobacco Retailers organized a meeting at Dresden, declared a boycott upon all products of the American tobacco trust. No trust goods are to be sold by the retailers. An effort will also be made to get the reichstag to take some action shutting the trust out of Germany.

### Rob Holtz is here from Dorris, giving attention to business matters. While here, he is at the American hotel.

Mr. and Mrs. Joseph Divisek, well known residents of the Malin colony, returned home Tuesday after a short sojourn here.

H. D. Mortenson, head of the Pelican Bay Lumber company, returned Tuesday night from a visit of several weeks in California points.

S. C. Hamaker, who has been visiting this city for several days, left on the stage this morning for his home in Bly.

Fred Liskey of Merrill, is a Klamath Falls visitor.

Mrs. M. E. Childs, who has been connected with the Indian service at the Klamath Agency, left Tuesday for San Francisco.

J. W. Smith is among the Merrittites who visited the county seat this week.

W. J. Evans left Tuesday for Dunsmuir, where he will visit friends for several weeks.

Attorney C. C. Brower returned on Monday from a business trip to Portland and Salem.

Mrs. Louis H. Bath left last evening for San Francisco, where she will spend several weeks visiting relatives.

Homer Smith, who resides on the Merrill road, was a county seat visitor Monday.

J. R. Dixon returned to his ranch Monday, after a short business sojourn in the county seat.

Lee Court, a prominent Klamath county dairyman, was in Tuesday from his ranch on the Midland road.

## INCORPORATION TALKED AT FORT

### WOOD RIVER VALLEY METROPOLIS RESIDENTS WILL CONSIDER MATTER FURTHER AT A MEETING TUESDAY

FORT KLAMATH, March 12.—A meeting of this place was held on Monday at Loosley hall to talk over the question of incorporating the town. O. B. Bunch was made chairman pro tem., and he called for talks from the various ones present. Ben Loosley first responded, followed by Tom Jackson, Mr. Gardner, Jim Gordon, Rev. Worrel, Mr. Page, Mr. Dixon, E. Smith, Mr. Vose, Brophy, and others.

The speakers took up the various questions, difficulties and advantages relative to incorporated towns. There were talks both pro and con, but the prevailing sentiment seems to be one of cautiousness. The majority of the people present have the progressive spirit, but a decision seemed to be reached that no movement whatever would be taken until all details and facts relative to incorporation was secured, and then at a later mass meeting of the town, a vote would be taken or a canvass be made of the voters of the town to see if a majority were in favor or not.

The meeting adjourned to meet at Loosley hall March 18th, at 7:30 p. m., at which time Attorney Manning of Klamath Falls will be present.

Fort Klamath, the heart of Wood River Valley, is destined to progress or to fossilize. Which will it do? It is a business proposition to spend a dollar if it will make two.

### PELT DISPOSITION STILL UNDECIDED

When Justice of the Peace Gowen wrote to the attorney general for advice as to the disposition of some beaver skins left in his possession after the arrest and trial of John Alexander, a Dorris hide buyer, he expected a speedy decision. This is not forthcoming, but the following from Salem indicates that the matter is coming in for its share of attention:

E. W. Gowen, Justice of the peace at Klamath Falls, is in a quandary, and has written to Attorney General Crawford for advice.

He says in January a game warden arrested a man who had beaver skins in his possession. The man was fined and the skins were confiscated.

The Justice of the peace has the skins, he doesn't want them, and he doesn't know how to get rid of them without himself becoming a law breaker.

The assistant attorney general is looking into the matter.

### ARSON RING'S AGENT TELLS

CHICAGO, March 12.—John Danies today confessed to Assistant District Attorney Johnson that he had burned twenty stores in Chicago as an agent of the arson ring. The losses amounted to half a million.

Danies implicated business men and adjusters here, as well as elsewhere. The indictment of forty prominent men is predicted.

### EASTERN STARS ENJOY BANQUET

At close of Tuesday night's session of Aloha Chapter, Order of the Eastern Star, a social hour was enjoyed by the lodgefolk. Cards were a feature of the entertainment, and a delicious banquet was also served.

L. S. Denton of Fort Klamath is a county seat visitor.
