### DANIELS SCOUTS MANY WAR TALES

#### BLAMES YELLOW PRESS WITH THE AGITATION

Secretary of the Navy States That Writers Sending Out These Untrue Articles Should Be Prosecuted by the Government--Pacific Fleet to Remain at Its Present Anchorage, Lest Gossip Starts Afresh

Washington, May 17.--"These current war scare stories, and rumors that the government is facing a crisis over the Japanese situation, and is preparing for an international struggle, are justified only as far as the public will permit itself to be misled by a certain unscrupulous portion of the press," said Secretary of the Navy Josephus Daniels today.

"If the slightest justification exists for the publication of these stories existed, I would be the first to want the people to know," he continued. "There is absolutely none."

"I strongly protest against the misinformation that some publications are feeding the people, who, of course, believe them. The men who are writing these stories ought to be rigorously prosecuted."

"Nor is the danger of these publications confined to the United States alone," he continued. "It spreads all over the civilized world. People of every nation are given erroneous impressions by these false and malicious reports."

Daniels stated that he has ordered every warship of the Pacific fleet to hold its present anchorage, lest the least change cause the jingo to break out in a new quarter.

#### Alphonso 27 Years Old

MADRID, Spain, May 17.--Congratulatory messages from every court in Europe, from the United States and from other countries of the western hemisphere were received by King Alphonso today in honor of his 27th birthday. Artillery salutes were fired this morning in the capital, and at all military and naval stations. The premier with members of the

cabinet and the diplomatic corps called at the palace to tender their congratulations, and the king afterwards received several political, scholastic and civic deputations. King Alphonso was born in 1886, six months after the death of his father. Assassins have tried half a dozen times to kill him. He married Princess Victoria Eugenie of Battenburg, grand-daughter of Queen Victoria, and has four children.

#### Afraid of Bombs

ST. PETERSBURG, May 17.--Fearing a nihilistic plot, the war department today began preparations to guard every inch of the railroad route the czar will take if he decides to attend the wedding of Princess Victoria and Prince Ernst of Cumberland at Berlin, on May 24. Three army corps--approximately 100,000 men--will be scattered along the route from the Russian capital to the German frontier. Besides the vast army guard, 5,000 police and secret service agents will patrol the tracks. As an extra precaution, it has been suggested that a score of imprisoned revolutionary leaders be chained in cars in front of and behind the car the czar will use, it being argued the revolutionists or anarchists would not want to risk the lives of their comrades even to slay the czar.

### DIVES TO DEATH FROM BUILDING

#### HUNDRED GIRLS SEE CLERK'S LEAP

Employee of Oakland City Government, Sleepless for Three Weeks, Ends Life by Terrible Method--Body Strikes the Street a Frightfully Mangled Mass of Broken Bones, Covered With Blood

OAKLAND, May 17.--Deliberately diving to death from the fourteenth story of the new city hall, H. E. McGill, recently appointed city clerk, ended his life by the suicide route just before 11 o'clock this forenoon.

A hundred shopgirls, employed in Capewell's department store, saw McGill as he climbed the coping of the fourteenth floor of the city hall. They stood almost frozen with fear as he stood looking out over the bay.

A moment later, McGill suddenly threw up his hands, and dived head foremost from the street. His body hit a projection at the twelfth story, and it ricocheted a little from its downward course, striking in the middle of the street.

Every bone in the lifeless body was broken when the corpse was picked up. The features were mangled beyond recognition, and the body was a most sickening sight.

McGill has been ill for some time. For the last three weeks he has been unable to sleep, and this is believed to have preyed upon his mind.

### SPRING WAR TALK AT JAP MEETING

TOKIO, May 17.--Denunciation of the war talk in general was the trend of a big mass meeting today.

"God made the white and colored peoples equal. Unless we claim equality we fall to carry out God's wishes."

The madman then turned the gun on himself, sending a bullet through his temple. He will die. The girls are not seriously injured.

### COURT HOUSE TITLE IS PERMANENT

#### DEED IS PLACED IN ESCROW BY THE DEVELOPMENT CO.

Ugly Rumor That County Has No Full Title to the Hot Springs Site Is Put to Rest by the Drawing Up of a Deed, to Be Given the County When Work on the Court-house Is Finished--Site Is County's

Upon the completion of the new Klamath county courthouse, block 10 of Hot Springs addition is the property of Klamath county, with no further conditions.

A quit claim deed for this transfer has been placed in escrow by the Klamath Development company, and will be given to the county court upon the completion and occupancy of the courthouse.

The deed has been placed in the First Trust & Savings bank. The conditions regarding its delivery are contained in the following from S. O. Johnson, president of the Klamath Development company:

"We hand you herewith a deed, executed by the Klamath Development company on the 13th day of May, 1913, conveying to Klamath county the title to block 10 in Hot Springs addition to the city of Klamath Falls.

"This is the land on which Klamath county is now erecting a courthouse. It is our purpose that this deed shall become effective when the following three conditions have been fully complied with:

"1. When the courthouse, now under construction, has been completed and accepted by Klamath county.

"2. When the courthouse grounds, including all of block 10, have been improved by the grading of the grounds and the construction of sidewalks, street parking and curbs.

"3. When the seat of government of Klamath county is moved to and permanently located in the new courthouse on said block 10.

"You are hereby directed to keep this deed in your custody until such time as the above conditions have been fully complied with. At that time you will deliver it to the county commissioners of Klamath county, through the county judge."

"The former deed conveyed title to the county upon condition that a courthouse should be constructed and maintained upon block 10," said Judge Worden today. "This new deed removes that condition and the county can sell the new site at its pleasure."

"The county court does not believe the new courthouse will ever be moved, since it is being built to last 100 years."

"All the Klamath Development company wants to know is that the new building will be constructed upon the magnificent site they have presented to the county free of cost."

"I am glad the deed is now escrow, since it removes any possible criticism of motive on the part of the givers."

### JOHNSON WILL HOLD SIGNATURE
