

Mid-summer Clearance Sale

AT THE LEADING CLOTHIERS - K. K. K. STORE

We do not have to advertise the fact that we have the largest and best selected stock of Men's and Boys' wear in this section—in fact one of the largest and finest Men's Exclusive Stores in the state, you know that also. When we advertise a sale on Kuppenheimer Suits, it is not our custom to have only two or three Kuppenheimer Suits to show, and try to sell you some unknown brand. We have dozens of Kuppenheimer and Stein Block summer suits—the seasons very smartest styles—at prices that will not be duplicated in Klamath Falls. Also, we don't hold a sale every week or two and advertise staple merchandise below cost—no reliable store can do it. But at the present time we must get rid of all summer suits, men's straw hats and oxfords, to make room for the finest lines of Men's Fall and Winter Wear we have ever shown.

Neat Window.—A window display that is attracting much attention is the "telephone exchange" in the window of Van Riper Brothers. A wax figure, harnessed up with all the paraphernalia of a regular "hello girl," has the appearance of being extremely busy connecting numerous phones with the Van Riper Brothers grocery store. The project originated in the fertile brain of L. R. Robertson, manager of the Pacific Telegraph and Telephone company.

Just a Dummy Elopement.—The name of a certain popular young man has long been associated with strict propriety and sobriety, but friends who saw him marching down Main street Monday, fondly holding in his arms a—well, a rather flashy-looking young woman, were so badly shocked that they could not help remarking that this Oregon University life must be something shameful, and making a mental note to support the Parkinson faction. It turned out to be a false alarm, though, for the lady was a waxen figure, to be used in a grocery store window display, and as the firm refused to send a taxicab in response to Fred's pleading, all he could do was to carry the girl.
