STEEL IS NOW IN CHARGE OF PARK BAILE IS REFUSED A STAGE LICENSE

ARANT IS FORCIBLY EJECTED FROM OFFICE

Manager of Crater Lake Company and Deposed Superintendent of Park Meet at Fort Klamath This Morning—After Hot Words Pass Park-hurst Uses Monkey Wrench on Arant and "The Row Was On"

FORT KLAMATH, July 21.—Will G. Steel of Portland is in charge of the office of superintendent of Crater Lake National Park.

W. Frank Arant of Klamath Falls was ejected from office Sunday night by United States Marshal Leslie M. Scott. This followed Arant's refusal to quit the post in Steel's favor, following orders from Secretary Lane of the Department of the Interior.

This morning Arant and Manager Parkhurst of the Crater Lake company came to blows in this city, and before they were separated, both were badly bruised.

Both men were here to get gasoline for their automobiles, and an argument ensued. Arant started to get out of his car to get the gasoline, and Parkhurst, thinking the deposed superintendent sought to fight, struck him with a monkey wrench. They both started fighting.

Steel was named by the present administration to succeed Arant as superintendent of the park, and Arant was asked to resign. This he refused to do, upon the ground that he was subject to the civil service.

There have been constant wranglings to and from Washington as a result, and Arant has repeatedly been requested by Secretary Lane to resign.

He has steadfastly refused, and has continued to attend to the duties of collecting the automobile licenses and other work of the park superintendent.

Sunday evening United States Marshal Scott of Portland went to the park in answer to instructions, and ordered Arant to vacate the office. As he refused to do so, he was led out of the office by the officer. Arant made no resistance to the officer.

Steel assumed the superintendency immediately. He appointed Harry Momyer as park ranger, and took charge of the desk, papers, etc.

Arant will remain at headquarters a few days on account of the illness of his wife. Mrs. Arant is unable to leave Camp Arant right now, and Steel has consented that they should remain longer.

What step Arant will take in the case next is not known. A short time ago he received notification that the civil service commission held that he was subject to the civil service. Upon this, it is believed, he will fight Lane's order of removal in the federal courts.

COUNCILMEN PLEASED WITH PROPOSED WATER SUPPLY

That the Aspen Lake water supply is well worth saving for the city is the opinion expressed by the members of the city council, following their visit to the proposed municipal source Saturday. They all believe they should take steps at once to save the filing.

In the party were Mayor T. F. Nicholas, City Attorney J. C. Rutenic, City Engineer Jack Lane and Councilmen Owens, Savidge, Matthews, Townsend, Goeller and Hamilton.

"The water is ice cold, and as clear as crystal," said Councilman Townsend today. "Our visit was made largely to get acquainted with the conditions there, and every member of the council is of the opinion that steps must be taken at once to perpetuate the city's claim."

CAR IS THIRD TO REACH THE RIM OF THE CRATER

Local Automobillist, Asking Application Blank to Fill Out and Send to the Secretary of the Interior, Is Told That Only One General License Will Be Issued—\$20 Being Charged for the Trip

Although being informed by the secretary of the interior that a license to commercial automobile traffic in Crater Lake National Park is obtainable from the department of the interior, John W. Baile, a local automobillist, who is seeking a permit of this kind, was told Sunday by the manager of the Crater Lake company that he cannot procure a license of this kind. He was refused an application blank when he asked for one of this type.

Baile on Saturday, through Attorney Fred Mills, took up with Vice President Marshall and the department of the interior the matter of procuring a stage license. His request for a blank Sunday was in accordance with information received from Washington.

At present no automobile, except those owned by the Crater Lake company and those of Baldwin & Gordon, which are operating by permit from Parkhurst of the Crater Lake company, are allowed to carry in passengers that hire the car. Baile is seeking to break this monopoly, and has taken the matter up with the department.

The Crater Lake company contends that the exclusive franchise belongs to them, to protect their hotels and other interests in the park.

Yesterday Baile and his wife, accompanied by Fred Bremer, Mr. and Mrs. Bremer and Oscar Brennehan, drove to the lake in Baile's new Case, which, incidentally, was the third automobile to reach the lake this year. He made application for a license to carry passengers but this was refused. Instead he procured a season's license for operating a private automobile in the park. This license is signed by Will G. Steel as superintendent.

WILSON APPROVES BYRAN'S PLAN FOR PROTECTORATE

WASHINGTON, D. C., July 21.—President Wilson approves Secretary Bryan's proposed protectorate for Nicaragua. This he made clear to the newspaper men at today's conference.

"While the powers might view the plan with suspicion, America in the long run must demonstrate that there is no contemplated occupation of Central America by a desire to assist its progress."

Wilson stated that the first principle of the protectorate plan, pending action by the senate, contemplated obtaining an option to build a trans-oceanic canal through Nicaragua. The general scheme constitutes a broader policy to all the Central American states.

REPUBLICAN SENATOR SAYS TARIFF BILL WILL NOT AID

WASHINGTON, D. C., July 21.—In the first of a series of three speeches against the Underwood tariff revision measure, Senator Theodore E. Burton of Ohio predicted the failure of the measure. The speech was given in the senate this morning.

According to Burton, the vital point in connection with the success or failure of the measure is its tendency to reduce the cost of living. This, he contends, must be accomplished with no loss of time.

"Upon this one point, you must stand or fall," said Burton today.

"Unless immediately after the enactment of the bill there comes a very material reduction, the passage of the measure will record one of the most ill-boding policies that a responsible party ever adopted under a system of representative government."

GRAND JURY'S WORK THROUGH

After returning four true bills and one not true bill Saturday afternoon, the grand jury has completed its work and took adjournment until December.

The indictments: T. E. Butts breaking a fence; Richard Swansen, Angus Cameron and John Riley, robbery. J. J. Jargenson, a farmer charged with wrongfully selling a horse, was freed.

Butts resides on the Fort Klamath road, and his trouble arose as a result of a quarrel between he and a neighbor over the property line. The other three men are charged with picking the pockets of James De Dreuy Tuesday, and were arrested the same evening.

Special Session

AUSTIN, TEXAS, July 21.—To pass a law regulating the direct election of United States Senators as provided for in the last amendment to the Constitution, the Texas legislature convened in special session today. Other legislation which will be asked by Governor Colquitt will be a law governing the management and control of the state prison system; passage of an appropriation bill, and consideration of a score of minor matters.

W. S. Adams is here from Malin. He conducts a general store in that city.
