

HUERTA STALLS IS CHARGE MADE BY WHITE HOUSE

SECOND INSTALLMENT OF MESSAGE HERE

Mexican Gunboats Are in the Harbor at Vera Cruz, Loading With Coal and Supplies, as Though in Preparation for an Emergency—American Sailors and Marines Are Refused Shore Leave by Commanders

United Press Service.

WASHINGTON, D. C., Aug. 20.—It is believed in official circles that Huerta is intentionally stalling. The second installment of his reply, containing 7,000 words, has been received, and it will take all day to translate it.

It is known that he has asked for time to consider all proposals carefully. He says he is deeply interested, and would be glad to receive further information.

United Press Service.

VERA CRUZ, Aug. 20.—The natives and foreigners are greatly excited on account of the conflicting reports concerning the American-Mexican relations.

The Mexican gunboats in the harbor are loading coal and supplies, evidently to be in readiness. The American sailors are not allowed shore leave.

MILLER TO MEET IRRIGATIONISTS

SESSION WILL BE HELD FRIDAY AFTERNOON IN THE COURT HOUSE YARD, AND ALL ARE INVITED TO ATTEND

An open air session of the Klamath Water Users Association and others interested will be held in the court house yard at 2 o'clock Friday afternoon, when Assistant Secretary Miller of the department of the interior will address the meeting. At this time the government official will ascertain for his office the personal views of the irrigationists.

THAW RELEASED

BUT REARRESTED IN QUEBEC TOWN

HIS LEGAL FIGHT COMES TOMORROW

Unless Man Escaping From Matteawan Asylum Can Show a Ticket to Detroit, Mich., He Is in Danger of Being Deported From Canadian Soil by the Same Route Over Which He Entered

By JOHN C. NEVIN (Staff Correspondent)

SHERBROOKE, Quebec, Aug. 20.—Owing to the fact that the immigration inspectors will deport Harry K. Thaw from Canada as soon as he is released, Thaw's attorneys prefer to have the notorious Matteawan prisoner remain in jail temporarily.

In the meantime, they are preparing an injunction to prevent his deportation.

Thaw is in the most comfortable cenn in the prison hospital. He is very cheerful, and says he will never return to Matteawan, and will demonstrate that he is not insane.

It is expected that the legal fight against deportation will last for weeks.

This afternoon Thaw had his ticket to Detroit photographed, fearing that it might be lost. Should he be unable to produce it, he would be deported by the same route over which he entered Canada.

United Press Service.

NEW YORK, Aug. 20.—Thaw's brother-in-law, George Carnegie, accompanied by his wife, lawyer and loads of money, left for Sherbrooke. "You bet we're going there. There'll be some fight, too," he shouted to the reporters.

INHERITS CHOICE EASTERN ACREAGE

SLIM CHAMBERS NOTIFIED THAT HIS SHARE OF UNCLE'S ESTATE WILL NET HIM ABOUT \$1,600 YEARLY

R. L. "Slim" Chambers, well known through the Wood River Valley, and through Southern Oregon as well, by his riding at the Rodeo, has just received a letter announcing that by the terms of the will of an uncle who died recently he is bequeathed a choice farm near East Galesburg, Illinois.

This tract is said to be one of the best in that section. Chambers was informed by his attorney there that the rental will make the local man an income of \$1,600 a year.

GOVERNOR WEST CANNOT BE HERE

A TELEGRAM RECEIVED THIS MORNING FROM EXECUTIVE MAKES ANOTHER CHANGE IN HIS PLANS

Governor West will not be able to attend the session of the Central Oregon Development League after all.

On Wednesday the following message was received from him by C. C. Chapman:

"Regret to say unexpected matters have arisen here which make it impossible for me to attend Klamath Falls meeting. I am greatly disappointed at not being able to be with you, as I have been looking forward with pleasure to this trip."

FINLEY MEETS THE SPORTSMEN

STATE GAME WARDEN AND LOCAL MEN GO OVER THE GAME SITUATION—MANY CHANGES ARE SUGGESTED

An enthusiastic gathering of the members of the Sportsman Association of Klamath Falls met Tuesday night in the offices of D. B. Campbell, Hunter Savidge, president of the association, was present and presided over the meeting.

State Game Warden W. L. Finley, who had made the trip from Salem to attend the meeting, warmly praised the work being accomplished by the local organization.

One of the objects for which the association is striving, and all indications favor its accomplishment, is the listing of Oregon in Zone No. 2 of the national game law. This will give Oregon a more suitable season than is now enjoyed under the laws of Zone No. 1.

Another matter of much importance to local hunters, has to do with the rigid enforcement of the Roosevelt act in the matter of the boundary line of the reservation on the Lower Lake.

Since its enactment the law has never seriously affected the duck shooting in this section, for the reason that the line has been more or less an imaginary one, with a generous elasticity to fit the requirements of the hunters. Now, however, there is a movement on foot to have the letter of the law conformed with in every detail.

The Sportsman Association will make every effort to have conditions in this respect unchanged from what they have been in past years. To accomplish these desired results they enlisted the hearty co-operation of State Game Warden Finley, who has promised to render all assistance possible.

Catchy Window.—The Baldwin hardware store window contains an attractive display in the way of gasoline and electrical engines. An electric motor turns a washing machine, runs a cream separator and operates several other machines used on a farm.

PRES. HANLEY APPOINTS HIS COMMITTEEMEN

BREWER IS CHOSEN AS TEMPORARY SECRETARY

Today's Business Session Is Devoted to the Choosing of Members of the Various Committees That Will Have Charge of the Work Being Outlined for the Coming Convention—Election Tomorrow

Wednesday's business session of the Central Oregon Development League was devoted to the commencement of work for the ensuing year, and committees to take charge of the different features were appointed by President Hanley.

J. W. Brewer of Redmond was appointed by Hanley as temporary secretary of the Development League, taking the place of Jas. Sawhill, who left some time ago for the East.

The committees named follow: Credentials—C. H. Leonard of Burns, Chairman; A. R. Bowman of Prineville, J. J. Johnson of Redmond.

Resolutions—E. R. Hill of LaPine, chairman; G. P. Putnam of Bend, S. Evans of Klamath Falls; William Miller of Burns, G. W. Wells of Redmond; T. M. Baldwin of Prineville; E. E. Rinehart of Lakeview; W. D. Barnes of Laidlaw; F. M. Chrisman of Silver Lake, L. F. Wakefield of Crescent; Guy B. Taylor of Viewpoint.

Legislative—V. A. Forbes of Bend, chairman; W. O. Smith of Klamath Falls, J. J. Donagan of Burns, Oscar Hyde of Prineville, F. P. Cronmiller of Lakeview, J. N. B. Gerking of Laidlaw, F. W. McCaffery of Redmond.

Good Roads—M. A. Lynch of Redmond, chairman; W. R. King of Prineville, Fred LaFollette of La Pine, James Pelton of Fort Klamath, Mrs. E. E. Rinehart of Lakeview, Ike Schwartz of Burns, C. S. Hudson of Bend, R. H. Bayley of Laidlaw.

Program—Phil Bates of Portland, chairman; Lewis Wyide of Klamath Falls, Mrs. J. E. Norin of Lakeview.

LANGELL FARMERS BUILDING A ROAD

NEW HIGHWAY RUNS TO THE BRYANT MOUNTAIN—ROUNDING UP HORSES FOR U.S.—OTHER NEWS NOTES

LORELLA, Aug. 20.—Quite a number of ranchers in Langell Valley have organized themselves into a road crew and have been building a road to the sawmill on Bryant Mountain. The sawmill, which is only about four miles distant, has hitherto been almost impossible to reach on account of the rough road and round about trail. A new grade has now been laid out, however, and it is hoped that a trip for a load of lumber will not be the bugbear that it has in the past.

Mr. and Mrs. Cyrus Brown are the happy parents of a new boy, born last Wednesday.

The representatives of Uncle Sam who are out buying cavalry horses are expected to be at Lorella on August 20th, and the ranchers having horses for sale are busy with their ropes and saddles, getting them ready for inspection.

Mrs. M. L. Anderson left last Friday for a visit with her parents, Mr. and Mrs. Baldwin of Boise, Idaho.

Mr. Emil Keller of Portland is visiting his brothers, Gus and Alfred, at their ranch on Lost River.

Mrs. Fred Fleet has been on the sick list for the past week, but is now improving.

Back to the Woods.—J. L. Alexander and family left on Saturday for a wagon trip through the mountains. They expect to hunt and fish for a couple of weeks.

BOOSTERS ARE TOURING LAKE ON STEAMBOAT

WILL MAKE A TRIP TO MERRILL TOMORROW

Arrangements Are Made There for the Entertainment of 250 Guests, and Townspeople Are Urged to Turn Out With Their Cars—Today's Sessions at the High School Were Full of Interest for All

Following the business session of the league Wednesday, M. J. Duryea, manager of the Eugene Commercial Club, spoke on the subject of the organization and co-operation, and C. S. Hudson, cashier of the First National bank of Bend, spoke on the relation between the banker and the farmer.

After the close of the league meeting the Farmers' Institute session was called to order, Dr. James Withycombe of the Oregon Agricultural College presided. This session was very instructive and entertaining.

The following representatives of the Agricultural College spoke on subjects of vital interest to the farmer: Dr. James Withycombe, Professor H. B. Scudder, Professor A. G. Lunn, Professor W. S. Brown and Professor M. S. Schrock.

At 1:30 that afternoon the visitors were taken to the Upper Klamath Lake, where they boarded a steamer for a cruise around the big body of water.

Today the delegates will leave at 11 o'clock for Merrill, and as the people of that thriving community have never been known to do things by halves, royal entertainment awaits the assemblage. Plates will be laid for 250, and local residents are urged to turn out and join in the visit to the neighboring city.

The Merrill Valley will be shown the visitors, in order to give them an idea of the agricultural country behind this city. The trip may also go as far as the prosperous Bohemian colony at Malin. Upon the return to Merrill the Oregon Agricultural College professors will conduct an institute there.

The return to Klamath Falls will be followed by the final business session of the league, at which officers for the ensuing year will be elected. The good roads rally will be held that evening.

"SCRATCH 'EM" IT AT CHEYENNE

VACQUEROS, ROPERS AND BULL-DOGERS CROWDING WYOMING CAPITAL FOR THE SPORTS OF FRONTIER DAY

CHEYENNE, Wyo., Aug. 20.—Cheyenne today forgot this is the year 1913, and harked back to the days when it was the extreme frontier post of the then great unexplored West.

The occasion was the sixteenth annual Frontier Day celebration, which began today and will continue through Saturday evening.

During the four days Indians from the agencies of Nebraska and Wyoming, cowboys and cowgirls, all accoutred in the garb worn in the old days, will hold full sway. To see them in the riding, roping, shooting and the other contests, fully 30,000 visitors are here.

Buy Fancy Hogs.—P. E. Thompson, for thirty-four years with the Maple Lawn Stock Farm of Turner, Oregon, is making his last trip through this section. He intends to go in business for himself, devoting his time to the breeding of fancy stocks. Monday he sold a pair of blooded pigs to R. E. Bradbury, who has a stock farm near Klamath Falls.

Business Trip.—Chas. Chitwood, supervising fire warden for Klamath and Lake counties, went to Crescent Saturday on business connected with the warden's office.

WOMEN'S DEPT. DRAWS INTEREST

EXPERTS GIVING DAILY LESSONS IN HOME ECONOMY THAT WILL BE OF BENEFIT TO EVERY HOUSEWIFE

One of the most popular as well as most practical departments at the Central of Oregon League convention is the Home Science department, being conducted by Professor Ava B. Milam, assistant professor of domestic science at O. A. C., and Mrs. Orla Buxton, in charge of the rural home work at the same institution.

These sessions are held forenoons at the high school, and practical home questions are taken up in a practical manner by these instructors. Much that will save expense as well as time and labor has been taught to experienced housekeepers of the city, and all the women who have attended have returned home full of enthusiasm, and have urged their neighbors also to hear the lectures.

The meeting of this department tomorrow afternoon will be one of the most instructive of the series. There will be practical demonstrations of domestic science.

EMBARGO WILL REMAIN AWHILE

PRESIDENT WILSON DECIDES THAT THIS IS FOR THE BEST INTERESTS OF AMERICANS IN MEXICO

WASHINGTON, D. C., Aug. 20.—Owing to the latest communication from President Huerta of Mexico, the administration has emphasized its decision not to remove the embargo against the shipment of arms into Mexico.

Wilson believes such a move would inflame the anti-American feeling, and perhaps provoke reprisals from the Huerta faction.

DEAF AND DUMB HOLD CONVENTION

NEARLY EVERY STATE IN THE UNION IS REPRESENTED AT A GATHERING OF AFFLICTED FOR MUTUAL AID

CLEVELAND, Ohio, Aug. 20.—With hundreds of delegates representing nearly every state in the Union in attendance, the convention of the National Association of the Deaf opened here today. The session will continue for one week.

The first session included addresses and a business meeting. All business was transacted in the sign language.

Papers read today showed the stages in the development of a universal sign language which makes it possible for a native of any nationality to converse easily with natives of another nationality.

NEW WALKS IN SCHOOL YARD

CONCRETE WILL REPLACE WOOD AND GRAVEL COMBINATION IN CENTRAL SCHOOL GROUNDS IN NEAR FUTURE

M. R. Lee, the contractor building the walks and curbs at the Central public school, is confident the work will be finished in time for the beginning of the fall term.

The walks are to be eight feet in width, with an eight-inch curbing next to the lawn, both walks and curbing to be of cement.

The Main street approach will have steps over the steepest parts, both at the north and south entrance.

To Spring Creek.—County Surveyor E. B. Henry, wife and family and B. F. Shepherd left Saturday for Spring Creek, where they will spend ten days rustication.

KADEE COMPANY ASKS CITIZENS FOR SUGGESTIONS

BEST QUALIFIED MANAGER IS THEIR QUEST

In Statement Issued by the New President of the Company, the Residents of the Klamath Country Are Invited to Make Any Suggestions They Have to Offer Relative to Selecting Successor to R. A. Johnson

It is seldom that the larger corporations take into consideration any opinions or wishes that might be formulated by those not in any way connected with the concern, but the Klamath Development company, in addition to wishing suggestions on an important part of their business, are inviting them from the residents of this section.

The following statement issued by the president of the company fully outlines their attitude in this respect:

(By G. X. WENDLING)

I am pleased to say to our many friends in Southeastern Oregon that at a recent meeting of the directors of The Klamath Development company I was elected president. This new work will afford me much pleasure, in that my interests in the Klamath country since I undertook the building of the California Northeastern railway, on behalf of our people, from Weed to Klamath Falls in 1905 have continued to grow and, therefore, become of greater financial interest with the passing years.

I feel that our policy should be so shaped with the progress of events, that the most perfect harmony should obtain in all matters affecting the interests and development of Klamath county, as the interests of our company are inseparably linked with every other interest in the county, and to the end that these results may reach their fullest fruition, we ask the co-operation of the entire social and commercial fabric of Southeastern Oregon, to whom we pledge our best and most consistent efforts.

I regret that Mr. Robert A. Johnson seems it appropriate to his best interests to resign from the local management of our company, as his work and worth are more than fully appreciated, and comes as a distinct regret to our directorate and officers; the choice of a competent successor will be given careful consideration, with a view or having such selection one that, when announced, will be a valuable acquisition to Klamath county. Ample time will be taken to make this important choice. As General Grant said: "If it takes all summer," and, I may add, "if it takes all winter included," to the end that we will not make a mistake in this important matter.

As the public are much interested as to the choice we make for this important position, I shall be glad to receive any suggestions our friends in Klamath county may have to offer, and they will be given mature consideration.

PENN'S TOWN IN FIRST PRIMARY

PETITIONS SUBMITTED IN A MANNER THAT CAUSES THE SEDATE COUNTY TO GASP FOR BREATH

PHILADELPHIA, Aug. 19.—The Philadelphia county election commissioners today were swamped with the first petitions to have candidates names printed on the ballots for the fall primaries.

All candidates not having their names presented to the commissioners by this evening will be ineligible to run in the primaries for the several county and city offices.

This fall's primary election will be the first to be held here, the act providing for them having been passed at the last legislature on July 12. Among the offices to be filled are district attorney, register of wills, city treasurer, receiver of taxes and seven police magistrates.

To keep dust out of the eyes and nose a silk gauze face shield for motorists has been invented.
