

ARLET-M'DOUGAL BUILDING BOUGHT BY C. E. WORDEN

CONSIDERATION WAS CLOSE TO FORTY THOUSAND

In the Last Year, Old-Timer Has Purchased Nearly \$60,000 worth of Property in That Part of the City. Some Believe He Has Information Concerning Railroad Plans

By the terms of a deal completed Tuesday, Major Charles E. Worden becomes the owner of the Arlett-McDougal block, a fine one-story brick building across from the White Pelican. The consideration was in the neighborhood of \$40,000.

The Arlett-McDougal property was built by Arthur D. Arlett and Benjamin F. McDougall, two San Francisco men, who are well known to all builders all over the coast. The former was the contractor who built the White Pelican hotel, and the plans for the White Pelican and for the new court house were drawn by Mr. McDougall.

The building was constructed along the most practical lines, and the best of materials were used. Hot water from the White Pelican mineral springs is used to heat the building.

The purchase of this property by Major Worden is the second big buy he has made in that part of town recently. In less than a year he has bought property there worth approximately \$58,000.

Major Worden is an old resident of this section, and is thoroughly conversant with local conditions, and has at all times kept a close eye on the development of the country.

At the time Vice President Kruttschnitt visited Klamath Falls, he and his party closed with Major Worden for some time. The Major has insisted that this was merely a friendly visit, but many believe it had a deeper significance.

COMFORT STATION QUARTERS GIVEN

WOMEN'S CIVIC LEAGUE SECURING ESTIMATES ON FURNISHINGS, ETC.—TO BE AT CHAMBER OF COMMERCE

At Tuesday night's meeting of the Chamber of Commerce directors, the organization turned over to the Women's Civic League the middle room of the organization's quarters in the Loomis building to be used as a rest room. The room will be on Fourth street, between Pine and Main.

The offer of the Chamber of Commerce has been accepted by the Civic League. The League has been hard at work to secure a suitable comfort station for the benefit of farmers' wives and other women visiting the city.

The League is now securing estimates on the cost of furnishings, plumbing, etc., for the rest room. The expense is to be defrayed by a fund the women are raising through a chain of ten-cent teas. At each of these, each guest brings 10 cents, and gives a tea later, at which ten guests will be entertained.

Besides this, the Klamath Ministerial Association has voted to donate to the cause all the collection taken at the union Thanksgiving services.

To Check Use of Poison

As a result of many deaths from bichloride of mercury on the instance of Representative Mann of Illinois, two departments of the government are working on plans to prevent the careless sale of the poison.

Home on a Visit.

Miss Erma Hoagland arrived home Tuesday evening from Portland, to visit for a couple of weeks with her mother, Mrs. Nate Otterbein. Miss Erma was accompanied by her cousin, Miss Chlora Rippey.

C. C. Chitwood, supervising fire warden for this district, was in from his Swan Lake ranch Tuesday, attending to business matters.

BONANZA SCHOOL DISTRICT IS SUED

HOW THAT HAS BEEN IN THE AIR SINCE LAST SEPTEMBER GETS INTO COURT—DAMAGES ARE DEMANDED

A suit for damages and expenses aggregating \$1,485 was commenced against School District No. 2, Bonanza, by Thomas A. Barton, through Attorney H. M. Manning.

Barton alleges this is due through a breach of contract. According to the complaint, the school board of the Bonanza district last June entered into contract with him to teach at Bonanza this term, at a salary of \$100 monthly for the term of nine months. This contract, he says, was signed by both parties.

Late in August, the complaint alleges, Barton received notice that the contract had been annulled. With his family he moved to Bonanza from Eugene, and the first Monday in September he appeared at the school house to fulfill his contract, but was not allowed to teach.

Barton says that the annulling of the contract was illegal. He also states that the lateness of the date prevented him from securing employment as a teacher this year.

He asks \$900, the salary for the term from the directors. In addition he asks to be reimbursed \$85 for the expense of coming to Klamath county, and wants \$500 damages for the humiliation placed upon himself and family.

The school directors cancelled the contract with Barton upon the ground that his selection was not a legal procedure by the full board. In his place they selected Ray P. Burk, and since the beginning of the school term there has been much argument over the matter in the Clover Leaf City.

COMMITTEE WILL WORK FOR DRIVE

CHAMBER OF COMMERCE TAKES UP WILLIAMSON RIVER CASE FOR LUMBERMEN—WILL TALK TO CONGRESSMEN

The closing of Williamson River to log driving, as reported in Tuesday's Herald, will be taken up with the federal authorities. This was decided at last night's meeting of the Chamber of Commerce.

Robert A. Johnson, Charles Graves and H. J. Darling were named as a committee to attend to this. They will protest against the closing of the river to the Bureau of Indian Affairs and the Oregon and California senators and congressmen.

ILLINOIS HONORS LINCOLN'S SPEECH

GETTYSBURG ADDRESS WILL BE READ IN EVERY HOME AND SCHOOL—EXERCISES AT TOMB OF THE MARTYR

SPRINGFIELD, Ill., Nov. 19.—The whole of Illinois paid homage to the memory of Abraham Lincoln today, following the request of Governor Edward F. Dunne that the fiftieth anniversary of Gettysburg day be celebrated by every citizen with the reading of the Gettysburg speech.

The exercises were held this afternoon at the tomb of Lincoln. Colonel Clark E. Carr of Galesburg, who heard Lincoln deliver the memorial address, and Mayor Brand Whitlock delivered addresses.

Wants Alimony Till She Is 103

In 1867 Mrs. Deborah Van Ness of Mineola, L. I., now 92 years old, obtained a divorce from Cornelius H. Van Ness, who later married, and who died in 1911. She now files suit for alimony for 41 years at \$600 a year. Administrators of the estate claim she received \$10,000 in full settlement at the time of the divorce, which she denies. The supreme court has taken the case under advisement to look up the law points.

Carranza Breaks With United States

Rebel Troops Capture Many Cities and Towns

LEADER OF REVOLUTION ATTEMPTED TO MAKE CREDENTIALS OF WILLIAM BAYARD HALE APPEAR TO BE RECOGNITION OF HIS REBELLION BY THE UNITED STATES — BIG LOSS OF GROUND BY THE FEDERALS

Nogales, Nov. 19.—Considering negotiations with the United States to be broken, General Carranza, head of the Mexican constitutionalista party, left with his cabinet for Hermosillo.

It is his intention to set up his government there, and make that city the capital during the revolution.

WASHINGTON, D. C., Nov. 19.—Officials today made it plain to Carranza that negotiations would end if their continuation depended upon Carranza receiving a card of credentials from William Bayard Hale.

The United States does not intend to accredit Hale to Carranza, as such a procedure would involve recognition of the revolution.

MEXICO City, Nov. 19.—Advises received here are to the effect that the constitutionalistas are routing the federal army in Northern Mexico, with fearful loss of life.

Many are preparing to leave the city, fearing an immediate attack on

VENESTIANA CARRANZA

the capital.

In case of an invasion it is believed that at least half of the federal soldiers would desert to the ranks of the rebels. Loyalty to the Huerta cause is by no means strong, but the majority of the troops are remaining

in the hopes of getting their back pay.

LONDON, Nov. 19.—The admiralty at midnight ordered four cruisers stationed in the British West Indies to proceed to Vera Cruz. The squadron has sailed.

REBELS CONTROL THREE STATES IN NORTH OF MEXICO

CAPTURE OF GARRISON AT VICTORIA IS LATEST

Dispatches Indicate Hundreds Were Slain in This Engagement—Defeat of Federals at This Point Placed in the Hands of Revolutionists Additional Artillery, Small Arms and Ammunition.

BROWNSVILLE, Texas, Nov. 19.—Five thousand rebels, under General Gonzales today crushed the 3,000 federal troops garrisoning at Victoria, inflicting fearful loss.

Gonzales telegraphed rebel headquarters at Matamoros that the rebels lost four officers and forty men in the fight. The federals lost about 300 men.

By taking the garrison the rebels captured four cannon, many rifles, a big supply of ammunition and 300 cavalry horses.

The federals were pursued thirty miles from Victoria, becoming badly routed and disorganized.

EL PASO, Texas, Nov. 19.—Rebels confirm the reported capture of Victoria.

The states of Sonora, Sinaloa, Chihuahua and Coahuila are controlled by the rebels, except the cities of Chihuahua, Tampico and Guaymas.

The city of Chihuahua is surrounded by the rebels, and the capture of Tampico is predicted a certainty.

There is some uneasiness here because of the lack of troops along the border, while General Villa is concentrating his 7,000 men at Jaurez.

In case of intervention, it is certain that all the Mexican factions would combine in defense. Some say the United States is unprepared here and at other border points in New Mexico, Arizona and California.

Would Pardon Lavey

Under a Washington date the Portland Journal prints a dispatch stating that Senators Chamberlain and Lane have urged the president to consider favorably application for a pardon for Pat C. Lavey, who is in jail in Portland for using the mails to defraud.

Lavey operated extensively in Klamath county a few years ago.

CONCESSIONS ARE WANTED BY THEM

MORE THAN SIX THOUSAND HAVE APPLIED SO FAR FOR AMUSEMENT STANDS AT THE 1915 WORLD'S FAIR

SAN FRANCISCO, Nov. 19.—More than 6,000 applications have been received for amusement and other concessions at the Panama-Pacific Exposition in 1915. One hundred accepted to date involve a total expenditure of about \$7,000,000.

More than 7,000 people will be employed in the concessions district. The total amount to be invested in amusements in 1915 will probably aggregate \$12,000,000.

Among the most important concessions will be "The Grand Canyon of the Colorado," a working model of the Panama canal; naval sub-marines in operation; "Creation," based on the first chapter of Genesis; "Toyland"; a reproduction of the famous city of Nuremberg, Germany; "Fire and Sword," or the fall of Adrianople; an ice palace; "Forty-Niners' Camp," "Mohammed's Mountain," a Chinese city, and others.

that in the very near future the government will be able to provide for an old age pension for government employees out of the profits of the government's new monopoly of life insurance.

This monopoly went into effect January 1st. Since then the government has issued 22,119 policies for a total insurance of nearly \$4,000,000.

The law provides for the creation of an old age pension fund out of the profits.

Praises the Crater Roads

Returned Official Reviews First Season's Work

Judging from the work already done, Crater Lake Park will have one of the finest systems of boulevards and driveways in the country," said H. E. Momyer, who has just returned from the park.

The building of the roads is being done by the war department, and all of the work is of the most permanent character. The road camp was closed for the year about the middle of October, and it is planned to start work next year as early as possible.

The grade is now all completed up the mountain, and for a distance of 2 1/2 miles from the lake on the Klamath county side. This roadway is all ready for top surfacing, which will be put on in the spring. Demonstration work has been done on several strips of road with different surfacing materials, and it will depend on which makes the best showing

after the heavy snows of the winter as to the class of surfacing that is to be used. The finished road will be either of macadam, asphalt or other hard surface material.

Next spring work will be commenced at the south line of the park at Wildcat, and it is expected to complete the road clear through to the lake from the Klamath side. Then work will be started on the road on the Medford side.

In addition to the work done this year by the engineers of the war department, the park superintendent has had a crew of twenty-three men working the greater part of the season beautifying the grounds along the permanent highways. All of the underbrush and dead timber for a considerable distance on each side of the roads have been removed, and now presents a very neat and attractive appearance.

YOUNG MOTHER DIES SUDDENLY

MRS. JESSE DREW OF YONNA FALLS IN A FAINT AND ALLEFFORTS FAIL TO RESTORE THE VITAL SPARK

Mrs. Drew, wife of Jesse Drew a young farmer of Yonna Valley, died suddenly Tuesday afternoon.

Mrs. Drew was talking and laughing with the people around her when she suddenly fainted, and from the faint she passed into the great beyond without recovering consciousness.

Mrs. Drew became a mother about a week ago, and was apparently getting along nicely, her natural high spirits causing all to believe that she

was rapidly coming into her usual robust health. She was but 24 years old, and had been married but a couple of years to Jesse Drew, a brother of the wife of County Superintendent Peterson. She was the daughter of Emil Eggert, a Yonna Valley rancher.

Monkeys as a Dinner Feature

As a feature of a dinner at the Bellevue-Stratford hotel, Philadelphia, given by the Edward T. Stokesburys, chattering monkeys entertained the guests by tearing to pieces priceless orchids with which the rooms had been decorated. The rooms had been decorated with a profusion of orchids and orange trees, from which the guests plucked oranges at will.

In general it may be stated that the most dangerous forest fire periods in the West are in middle and late summer; in the East they are in the spring and late fall.

MOMYER LEAVES NATIONAL PARK

EVERYTHING CLOSED FOR THE WINTER—TOURIST TRAVEL TO CRATER LAKE THIS SUMMER THE GREATEST EVER

H. E. Momyer, chief ranger and acting assistant superintendent of Crater Lake National Park, returned late Tuesday from the park headquarters. The park has been closed for the winter, and all supplies moved out and buildings locked up. The hotel has been closed since October.

The season just closed has been the largest in the number of tourists in the history of the park. The regular tourist season only lasts from about the middle of July to September 30th, and this year there were registered 6,253 tourists, compared to 5,233 for the year of 1912. Permits for 773 single trip autos were granted this year, and in 1912 there were 483. This does not include the hotel autos or machines having season licenses. The hotel at the lake had 2,250 guests registered during the season.

August was the big month of the season, when 3,002 tourists visited the park. Mr. Momyer looks for a much heavier travel next season.

The heavy snows have set in at the park and Mr. Momyer states that there is probably three feet of snow at the lake at the present time. A heavy snow was falling when he left Tuesday morning.

OLD AGE PENSION STARTS IN ITALY

PREMIER ANNOUNCES THAT THE GOVERNMENT'S LIFE INSURANCE MONOPOLY WILL BENEFIT AGED EMPLOYEES

ROME, Nov. 19.—Announcement was today made by Premier Giolitti
