WORK ON ROAD WILL BE RUSHED ALONG

Materials and Supplies Are Now at the Terminus of the Line in Quantities Sufficient to Extend Railroad into Big Valley, Sixty Miles Away.

SUSANVILLE, Feb. 18.—Permission by the state railroad commission to the Southern Pacific company to borrow \$55,000,000 provides for over \$2,000,000 for the extension of the Fernley and Lassen line from its present terminus twenty-four miles north of Susanville.

Coupled with the statement of the railroad officials that the loan is floated, this makes a certainty the completion of the Southern Pacific to Lookout from Susanville, Modoc county, and possibly even as far as Klamath Falls by this time next year.

Materials and supplies are at the end of the line beyond Susanville to carry the line into Big Valley, sixty miles further, and work will be crowded the minute weather will permit.

JOE STARR IN JAIL, CHARGED WITH ROBBING THE BYERS HOUSE AND THEN SETTING IT AFIRE

BREWBAKER AND LLOYD LOW MAKE SOME CLEVER MOVES IN THE CASE

Investigating Conflicting Stories Told by Suspect, Deputy Sheriffs, Just Cut Off Salary Roll, Find Phonograph, Blankets and Other Goods Which are Identified by E. E. Byers As His Property.

That he looted the residence of E. E. Byers on Ninth street, and then set it on fire in order to hide all traces of his thefts and make it appear as though the articles were destroyed in the flames, are the charges against Joe Starr, arrested Wednesday a. m. by Deputy Sheriffs R. R. Brewbaker and Lloyd Low.

Starr has been a character around town for several months, and has been a hanger-on around saloons, pool rooms, etc. He usually had a mandolin, and played for whatever nickels came his way.

Starr has made his home at an Indian camp, toward Upper Klamath Lake.

The fire which completely destroyed the Byers home, broke out early on Tuesday morning, and shortly before the fire was discovered, Mike Lavenik, on his way home, accosted Starr near the scene of the blaze.

This information caused the authorities to make an investigation, and it was soon learned that a child had seen Starr around the Byers premises on several occasions.

Late Tuesday evening, after they were told that they had been stricken from the payroll of Klamath county, the deputies, after learning of the divergence in Starr's stories, began to suspect robbery.

The Byers family reside on a homestead near Olene, but had left practically all of their furniture in the house. Wednesday afternoon Byers came in from Olene and identified a phonograph, several records, quilts and blankets, jars of fruit, a clock, electric flashlight and other things found in the search of Starr's effects.

Screeching Sox Worn

Variegated Hosiery Drape High School Pedals

Wednesday was "Bright Sox" day at high school, an annual event, on which day all the upper class men wear multi-colored socks with bright red, blue and glaring green predominating.

And thereby hangs a speedy tale of an expulsion and a reinstatement. As seven or eight of the "bright tie" brigade entered class room, one of the

boys was singled out by the instructor for a severe criticism regarding taste in ties. After a short wordy conflict the boy was told to get his books and go home, which he did.

Later the student was reinstated by Principal Faught, who did not see the justice of inflicting punishment on one and not on the others similarly attired.

Young ladies of the high school are now planning to have a "Perfumery" day soon, each girl to splash herself with the rankest smelling musk that can possibly be obtained.

All of which is a diversion from the monotony of text books, and tends to add to the gaiety of school work.
