

TIMBER INTERESTS SEEK A PERMANENT INJUNCTION ORDER

HEARING ON PETITION SET FOR MONDAY

Practically All of the Warrants Attacked by R. N. Day Are Included in the Action Just Commenced in Portland—Plaintiffs Endeavoring to Enjoin the Court From Issuing Any More of Kind.

(Herald Special Service)

PORTLAND, March 3.—Suit to enjoin the payment of Klamath county warrants worth in excess of \$350,000, and to enjoin the county court there from issuing further warrants for alleged voluntary indebtedness, has been filed in the federal district court here. The application for an injunction has been set for hearing Monday morning.

The county judge, county commissioners and county treasurer are defendants in this action, which is filed by the Weyerhaeuser Land company, the Western Pacific Land and Timber company and the Oshkosh Land and Timber company. The petition was prepared by J. T. S. Lyle of this city and Kaykendall & Ferguson of Klamath Falls.

The suit purports to restrain the county treasurer from accepting in payment of taxes or paying county warrants alleged to be void and illegal because they are said to have been issued to pay voluntary indebtedness in excess of the legal limitations.

"The suit just filed in Portland covers all of the warrants that are attacked here," said D. V. Kaykendall today. In addition to seeking an injunction against the redemption of these warrants, the suit asks a permanent injunction, restraining the county court from incurring any further voluntary indebtedness until it is out of debt.

It is said that with but two exceptions, all the counties of the state have exceeded their limit of voluntary indebtedness, and this action is brought in the federal court to force them to hold down expenditures.

PETITIONERS WANT MURRAY FOR MAYOR

Although Edward J. Murray has refused to become a candidate for mayor, his friends are determined that his name shall be on the ticket at the May election. Toward this end they are circulating petitions, by which, they hope to force him to make the run.

The petitions being circulated are prefaced as follows:

"We, the undersigned residents and voters of the city of Klamath Falls, hereby petition you to permit the use of your name as a candidate for the office of mayor of this city. We base our request on our earnest desire to see a progressive administration for Klamath Falls, to the end that civic enterprises may be aided and business principles established in the administration of the affairs of the city.

"Believing you will meet the demands of a large majority of the people of Klamath Falls in these matters, we earnestly urge you to stand as a candidate for the office of mayor, at the election to be held on May 4, 1914."

The petitions are being circulated in all parts of the city, and are being freely signed. In Shippington, only five names are not on the petition. Murray as yet will make no statement regarding a change of heart, but in case he does not announce himself his friends contemplate having his name placed on the ticket.

STREET BRIDGE TO BE LOWERED

Much of the steep grade leading up to the bridge across the reclamation canal on Esplanade hill will be eliminated, as a result of the decision just reached by Project Manager Camp, in connection with the elevation of the bridge. Mr. Camp informed members of the council that the bridge can be lowered to a level a few inches above the water line.

This will entirely eliminate the grade on the upper approach, and will greatly cut down the steep climb to the bridge from the railroad track. The street committee will take action on this in a few days.

Western Night at Moose Hall

Tonight will be Western night at the Moose dance, and all patrons of these popular dances are supposed to wear the fancy garments of the frontier. Chaps, guns, quirts, rattas, etc., will be the proper equipment for the men.

Sues on Lien

Suit to foreclose on a logger's lien was filed in the circuit court today by Wm. McManus against the Mutual Milling company.

Baptist Union of England is seeking to raise a fund of \$1,250,000 to guarantee a minimum wage to every Baptist minister.

THIRD STREET DISTRICT MADE

As the improvement of Third street from Main street to California avenue will benefit quite a large strip of territory on the hill beyond High street, the cost of this will be shared by others as well as Third street owners. A plat of the district was accepted Monday night by the city council.

According to this plat, the cost of the improvement from Main to High street will be borne by the abutting lots. From High to California avenue the cost will be borne by all the property owners between First and Fifth streets.

Seventy percent of the cost will be assessed to property in the blocks between Second and Fourth streets, and 30 percent against the two blocks beyond these. This will make the cost to the abutting property owners approximately 60 percent.

The property owners will this week confer with City Engineer McLean regarding the method of improvement.

SUFFS AND ANTIS BEFORE CONGRESS

WASHINGTON, March 3.—Prominent suffragettes from the congress union today again besought the house judiciary committee to act favorably on the pending resolution for a suffrage constitutional amendment.

Despite the disinclination on the part of the members of the committee to regard the action favorably the suffragettes were determined to employ their heaviest guns in the interest of the cause.

The suffrage for women amendment advocates did not have things all their own way, a number of women prominent in the fight against women votes being on hand to voice the same old argument, "We don't want to vote, so don't give it to those who do."

LOCAL WARDENS OFF THE ROSTER

Deputy District Game Warden Carey Ramsay and Deputy Wardens Stout and Furber are off the payroll of the state, according to a notice received from William L. Finley.

All the other wardens in the state, eight alone excepted, are also out, and this is done to give the new warden, C. H. Evans, a chance to name his assistants. It is believed he will make many reappointments.

MILLS ADDITION MAY GET SEWERS

A fifth sewer unit may soon be formed to furnish sewage disposal for Mills Addition, Railroad Addition and the portions of Main street beyond the Klamath Development company's building that is without sewers. The matter was brought up at Monday's meeting of the council by H. J. Savidge.

City Engineer J. A. McLean was instructed to prepare data regarding this proposed district. It is planned to put this through as early as possible, in order to improve the sanitary conditions of that part of Klamath Falls.

Third Street Meeting

A meeting of the property owners interested in the improvement of Third street will be held tomorrow night at the office of E. L. Elliott, commencing at 7 o'clock. Methods of improvement and other details will be discussed.

Mrs. Fred Mullen was operated on for appendicitis at the Blackburn hospital Monday night for appendicitis by Dr. Hamilton. The patient is reported to be doing well today.

Baby Boy for Frank

Friends of Mr. and Mrs. Frank Wilson have received cards announcing the arrival of a 9½-pound son and heir. The Wilsons formerly lived in this city.

Texas Centenarian Dies

William Mobley, who cast his first vote for Henry Clay for president in 1824, died at Harty, Montague county, Texas, at the age of 108.

England has many women employed in unique trades. For instance, there are 86 women plumbers there, 231 blacksmiths, 56 carpenters and 14 stone masons.

Sparrows Are Wise

Sparrows, says Matt Booth, a Nickle Plate yard engineer at Conneaut, Ohio, frequently place grains of corn that fall from cars on the rail before the engine, so the grains may be crushed and reduced to meal.

The highest point in Nevada is Wheeler peak, which is 13,058 feet above sea level. The average elevation of Nevada is 5,500 feet. Only four states, Utah, Colorado, Wyoming and New Mexico are higher.

BOTH COMPANIES MAY BE ASKED TO MAKE CITY OFFER

REGULATION RATHER THAN COMPETITION SOUGHT

Question Regarding Public Utilities Discussed by Members of the City Council, Preliminary to the Introduction of an Application for a Franchise by Keno Power Company—Matthews Wants One Plant.

In the event that the Keno Power company comes into Klamath Falls under a franchise, setting their rates below those charged by the California-Oregon Power company, will the Klamath Falls consumers of current be any better off than they are at present.

This was the big question at Monday's meeting of the council. Councilman Matthews, who propounded the query, held that the city would be no better off, and instead, would have to pay 6 per cent interest on two investments instead of one, should the Railway Commission order the company now in operation to raise or reduce its rates until its net income is 6 per cent of the amount invested. In case of two companies operating, one with a less expensive equipment, the commission has the right to raise its rates equal with those of the other company, so that although Kerns Brothers sought to furnish power at a lower figure, they would not be allowed to do so.

It was suggested by some that the two companies be asked to submit offers for a franchise, in which they would outline what the city could expect from them in the way of lighting rates, and in a percentage of their profits. R. J. Sheets, who was present, spoke in favor of an indeterminate franchise, with provisions for regulation of rates every five years, and he stated that the income would nearly pay the cost of an efficient system of street illumination here.

KENO POWER CO. INCORPORATES

Articles of incorporation for the Keno Power company were filed Monday at the court house by J. W. Kerns, B. E. Kerns and G. G. Kerns, who have been operating a small plant on Klamath River near Keno, and anticipate extending their lines here.

The company's business is to produce, accumulate and distribute electricity and electromotive force. The principal place of business is given as Klamath Falls, and the concern is capitalized at \$250,000 divided into \$100 shares.

KING AND QUEEN AT BALL GROUNDS

LONDON, Feb. 26.—There were no more interested people at today's game between the Chicago White Sox and the New York Giants than the king and queen. The game was won by the Comiskey outfit, 5 to 4, after eleven innings.

Throughout the game the king showed deep interest. Ambassador Page and his secretary sat on either side of his majesty, and these two ardent fans were kept busy explaining the game to the king. At the close of the game, the players were presented to the king.

The game was one of the best attended played by the barnstormers. The entire American colony was present, in addition to crowds of Britons, and the rooting cries brought to all memories of the Polo grounds and other ball parks.

CHARGES MADE AGAINST JUDGE

WASHINGTON, D. C., Feb. 26.—Sensational charges of professional, and private misconduct have been filed against Judge Daniel Wright of the District of Columbia supreme court by Wade Cooper, a local financier.

Judge Wright is the judge who sentenced Gompers, Mitchell and Morrison, the Federation of Labor officers, which case is now before the United States supreme court.

In the complaint, which was filed in the executive offices, Cooper alleges that Wright is a disgrace to the judiciary of the nation. The charges include allegations of financial and moral wrongdoing.

Students Teach Tango

Among the students at the New York University working their way through school are three who teach tango and other modern dances. Edmund Joseph Fixman, who is seeking an A. B. degree, says he is able to support himself and save some besides by teaching modern dances.

Great Britain leads all other nations in the matter of exports, but since 1900 the United States has gained more than any of the others and Great Britain least, the percentage of increase being: United States, 110; Germany, 87; France, 71, and Great Britain, 69.

REPUBLICANS ARE STILL IN THE LEAD

The close of registration Saturday night showed a total registration up to that time of 1042. This is a trifle over a fifth of the county's estimated voting strength.

Quite a number of women registered during the week, two women going on record as refusing to state their politics, so they will be eliminated from voting at the party primaries in May.

By parties the registration follows:

Republican—	
Men	509
Women	113

SARGENT AVENUE MAY BE EXTENDED

Instead of improving Ninth street as far as at first proposed, W. Frank Arant suggested that the thoroughfare be improved to Upham street, and that a district be formed of property owners on Ninth, Tenth and Eleventh streets to pay the cost of an improved street connecting all three of these streets with Oregon avenue, which leads to Shippington.

"All three of these streets will be improved this summer," said Mr. Arant, "and this would make the cost materially less for all concerned, with better security for the bonds." Separate, but tallying with this plan was the petition for the improvement of Eleventh streets from Main to Upham streets, Worden avenue to Donald street, and Donald street to Sargent avenue. This was accompanied by cash to cover the cost of preliminary work.

Instead of Oregon avenue, Shippington and the Upper Lake can be reached by an easier grade along Sargent avenue. The streets will hold a meeting to discuss this route to Shippington.

Walks for Linkville.

Property owners on Main street between Second and the bridge must at once repair the wooden walks in front of their property or construct new ones, in case they are in bad condition. At present the condition of these walks is such that people prefer to walk along the paved street.

The New York Housewives' League has chosen several women to act as inspectors in their campaign in their crusade against cold storage food.

Cattleman Back.

Jess Beckley, who has been in California for the past week looking after the feeding of cattle, has returned home. He will leave in a short time for other places where he is feeding cattle, to see how they are coming on.

In Nuremberg 800 workmen are employed in making lead soldiers and lead toys. They turn out about 100,000 lead soldiers a day.

ENGLAND WILL LEAVE IT UP TO U. S.

GREY MAKES ANNOUNCEMENT IN PARLIAMENT; BRYAN IS GREATLY PLEASED

Step Taken by Great Britain Believed to Be a Sure Sign That This Country Can Head Off Carranza's Movement to Force Recognition by Having Dealings With Him Like Those With a Government.

LONDON, March 3.—England is content for the present to leave the Benton affair in the hands of the American government, reserving the right to itself to obtain full reparation for this death.

This was announced in the house of commons today by Sir Edward Grey, the British foreign minister.

WASHINGTON, D. C., March 3.—Officials expressed great satisfaction at the statement by Sir Grey today. It was announced that the reading of the report of Ambassador Page before the cabinet shows England is supporting the American policy even more than was expected.

Secretary Bryan frequently consults the foreign diplomats regarding Mexico. Spain, as well as England, has approved of America's policy.

The attitude of Carranza is the crux. If the United States can gain the support of the world powers to the Monroe Doctrine policy before Carranza can arrange his coup to force recognition of the rebels, it is admitted that the situation will be greatly improved.

The state department calls good developments the fact that Carranza's responsibility has been definitely placed. Hereafter, all Americans will deal with him direct.

CATTLEMEN SEEKING GOVERNMENT LAND

WASHINGTON, March 3.—Stockraisers and ranchmen from many Western states assembled here today for the opening hearings before the house public lands committee on various bills proposing a system of leasing government lands to livestock owners. The hearings will continue several days.

Representative Ferguson of New Mexico was one of the initial witnesses today, urging adoption of his bill to dispose of public grazing lands under homestead laws.

Ferguson would establish "grazing homestead" entries of not more than 640 acres each of unappropriated public land which was not deemed by the secretary of the interior to be susceptible to irrigation at reasonable cost.

Grazing homesteaders would not be required to live upon the grazing ranges, under Ferguson's bill, but would be required to fence and improve the land to the extent of \$1.25 an acre.

School teachers in Italy receive less than \$600 a year.

Notice of Sheriff's Sale

By virtue of an execution on foreclosure duly issued by the clerk of the circuit court of the county of Klamath, state of Oregon, dated the 21st day of February, 1914, in a certain suit in the circuit court for said county and state, wherein Frederick Winstanley as plaintiff recovered judgment against F. E. Robinson, Minnie A. Robinson and E. L. Carver for the sum of one thousand dollars, with interest thereon from the 27th day of March, 1911, computed and added as provided by the terms of said note, together with the sum of two hundred dollars attorney's fees and costs and disbursements for the sum of forty-three and 05-100 dollars, which judgment was enrolled and docketed in the clerk's office of said court in said county on the 18th day of November, 1913.

Notice is hereby given that I will on the 4th day of April, 1914, at the front door of the court house in Klamath Falls, in said county, at 2 o'clock in the afternoon of said day, sell at public auction, to the highest bidder for cash, the following described real property, to wit:

All of section sixteen, in township twenty-seven south, range nine; all of section thirty-six, in township twenty-eight south, range eight, and the east half of section sixteen, in township twenty-eight south, range eleven, all east of the Willamette meridian, containing in the aggregate 1,600 acres; taken and levied upon as the property of the said F. E. Robinson, Minnie A. Robinson and E. L. Carver, or as much thereof as may be necessary to satisfy the said judgment in favor of the said Frederick Winstanley against the said F. E. Robinson and Minnie A. Robinson, with interest thereon, together with all costs and disbursements that have or may accrue.

Dated at Klamath Falls, Oregon, February 21, 1914.
