Elks to Learn to Dance the "Tango"

The Elks who have not thus far galloped, hopped, jumped and skitted through the maze of steps comprising one or more of the variegated brands of the tango will be given a chance to this evening, for the entertainment committee has arranged for instruction in these new dances. Incidentally, tonight is ladies' night at the club rooms. In addition to the dancing, cards and other diversions will be indulged in, and a luncheon will be served.

Chiloquin Trouble Gets Into Court of Justice

Upon a charge that he assaulted Cyrus Kreigh with a dangerous weapon, Oscar North was arrested at Chiloquin and brought here for a preliminary examination. This was held before Justice of the Peace Gowen this morning. The evidence showed that North struck Kreigh with a board. Testimony, however, developed that Kreigh started the trouble, so North was liberated by the magistrate.

GOOD ROADS DAY IS APRIL 25th

PORTLAND, April 8.—Asking the county court of each county to assume direction and leadership in organization for All-Oregon Good Roads Day, April 25, Rufus C. Holman, president of the association of County Judges and Commissioners, has addressed to each county court the following letter:

"Saturday, April 25, is to be All-Oregon Good Roads Day, by the Governor's proclamation. All Oregon, all citizens and all organizations are requested to cooperate in this movement. If every county does its share, it will be of inestimable benefit to the roads and state, to say nothing of the excellent advertising the state will receive from the publicity that will result.

The promoters of this scheme expect that at least 10,000 men will each give a day's labor to the roads, and that in addition thereto that the day will be observed in all the public schools of the state.

I have been requested to address you in the hope that you will take

the management and direction of this movement in your county, and that you will do whatever you can to get the men to cooperate and make the day a success.

In every county a banner will be given by the Portland Ad Club to the organization doing the most work. If you will call upon your road supervisors and appoint voluntary assistant supervisors for every section of road in your county and see that the preliminary organizations are perfect, the publicity which will be given this matter throughout the press of the state, will undoubtedly do the rest.

the Coast, and publisher of the Christian Advocate and other journals of the church in the early days.

After graduating the University of the Pacific in 1873, and practicing law in San Jose for a few years, Benson came to Oregon in 1880, becoming principal of Umpqua Academy. Six years later, he moved to Grants Pass and "hung out his shingle, and in 1892 was elected as district attorney.

In those days the Southern Oregon district comprised Josephine, Jackson, Klamath and Lake counties, and there were not the comfortable means of travel now afforded, practically all of the trips being made in stages or horseback. The hard trip by the court and attorneys to the different county seats was called "riding the circuit," and those early-day barristers can all attest to why the court is known as the "circuit court." Those were the untamed days of the West, when law and order were not held in the highest regard by the sparse population, and the prosecuting attorney many times took his life in his hands in trying to bring about the conviction of offenders.

During this time, though, Benson carried on the fight for the prosecution in a manner that won him the respect of all, and as a result he was elected circuit judge in 1898. Since that time, with the exception of one term, when he practiced law here, he has been continuously on the circuit bench, and his decisions are very rarely questioned in any way by the supreme court.

TRUE PUBLICITY CAMPAIGN STARTS

CLEVELAND, April 8.—Promotion of Truthful Advertising is the purpose of a distinctly new type of organization now being formed here by members of the Retail Merchant's Board of the Cleveland Chamber of Commerce. W. J. Noble, of the Board explains the evils the organization is designed to abolish in the following interview.

"One of the evils to be eliminated is the inflation of values, telling the people that an article is a \$100 value and advertising it for sale at \$37.50.

This word 'value' is used in this connection is one of the most deceiving words in advertising. You might as well advertise a loaf of bread as a \$100 value, with the excuse that a starving castaway on a desert island would value a loaf of bread at that sum.

"The time has come to call a halt on the scramble for preferment by means of one merchant trying to outdo the other in extravagant claims." A majority of the merchants are said to favor the movement.

KLAMATH ASKED TO SEND DELEGATES TO MEDFORD

The following from the Medford Commercial Club has just been received by Secretary Wyde of the Klamath Chamber of Commerce:

The Medford Commercial Club wishes to arrange for a big booster rally here at Medford sometime the last of this month, the sole purpose of which shall be an effort to get the commercial clubs and citizens of Jackson, Josephine and Klamath counties united in a strong campaign for the development, improvement and advertising of Southern Oregon's natural attractions. We have particularly in mind Crater Lake, Klamath Lake, Oregon Caves, Ashland Butte, the upper Rogue River and such other natural beauty spots as we can profitably spend some time and effort on.

It is thought best to extend an invitation to the civic bodies of Ashland, Grants Pass, Klamath Falls, Talent, Central Point, Gold Hill, Eagle Point and Rogue River to join us in such a meeting, and to appoint committees to meet with a committee of this club to further the purposes herein referred to.

We would find it advisable, probably, to limit the discussion and action at this meeting to the subject stated, so that we may get something definite in the way of action. It would probably be best to have a good big joint committee appointed to discuss ways and means to further this end, and let a big meeting start off the work.

We should be glad to hear from you in this regard. Can we depend upon a delegation from your club to such a meeting; and what date would you suggest? We would be glad to have any suggestion you may offer in the matter.

We have in mind now, having Will Steele's lecture with lantern slides on Crater Lake, and also any other slides of Southern Oregon's beauties that we can get hold of. Can you bring any such?

Celebrate Ending of the Civil War Today
