

Semi-Weekly Herald

A Continuation of the
Klamath Republican

W. O. SMITH Editor

Entered at the postoffice at Klamath Falls, Ore., as second class matter.

Published by the Herald Publishing Company, of Klamath Falls, on Monday and Thursday of each week

Two dollars per year in advance

SOUTHERN PACIFIC WORKS
FOR OPENING OF RIVERS

The Southern Pacific is using every effort to bring about the reopening of Sprague and Williamson rivers to logging operations, as is shown by the following letter, received from Division Superintendent J. W. Metcalf by the Klamath Chamber of Commerce:

"Our assistant general manager advises the writer that you have recently written Mr. Chas. S. Fee concerning the 'Order from Government forbidding rafting logs down Williamson and Sprague rivers,' and in view of my having the file most fully covering our efforts to secure a modification of abrogation of such order, I was instructed to write you in connection therewith.

"The question was first opened up by Mr. Milburn Knapp, addressing our then general superintendent, Mr. D. W. Campbell, December 10, 1913, to which Mr. Campbell replied under date of December 16th, copy to the writer, with request that I look into and advise concerning what information I could secure as to who first formulated the complaint, which I did under date of December 20th. Since that time the matter has been a subject of continued consideration and action culminating in our Mr. Luce, freight traffic manager, having the subject taken up at Washington direct with Honorable Cato Sells, commissioner of Indian affairs, by our attorney, Mr. C. H. Bates; his report being anything but encouraging for the lumber industry in the vicinity of Klamath Falls.

"You will readily understand the appreciating of our interests in connection with yours, the following being an extract from my letter of January 1, 1914, addressed to Mr. Campbell:

"We are vitally interested in having such order rescinded, permitting of the floating of logs down the Williamson River; as it means to us the offering of a great deal of business which we could not otherwise secure, and I am convinced we would not be running counter to the feelings of any other parties, as from what I can learn, all are combining with a view to having such order rescinded."

Friday morning Mr. Metcalf passed through Klamath Falls on his way to Chiloquin to make an inspection, and a delegation from the Chamber of Commerce, consisting of President George J. Walton, Secretary Lewis Wyld, W. T. Lee, Kip Van Riper, J. W. Siemens and S. B. Evans, called at his private car to discuss the river matter with him.

Mr. Metcalf gave the committee his complete files on the matter, which proved that the railroad is working ardently for the lumber interests of Klamath county.

SEND CHICKENS

BY PARCEL POST

ASHLAND, April 10.—Postmaster Casey is not going into the poultry business extensively, although the postoffice resembled a poultry yard a few days ago. The postmaster's office was turned into a temporary chicken yard and small "peeps" ran at liberty over the floor.

The mail brought 150 chicks from California. They arrived on the morning train after traveling for twenty-four hours, only one being dead from the long trip. The fuzzy little fellows attracted great attention.

GOVERNOR SLAPS HER

WRIST; DAMAGES ASKED

TOPEKA, Kans., April 10.—Mrs. Luella West today brought suit against Governor Hodges for \$2,316 damages. This is in compensation for injuries alleged to have been inflicted by the governor in his office Wednesday.

According to the complaint a scuffle occurred between Mrs. West and the governor for the possession of some papers.

The woman alleges that during this struggle the governor struck her on the arm and wrist, and wrenched her shoulder.

POE VALLEY MAN IS
OUT AS COMMISSIONER

The latest candidate for nomination in Klamath county is Edward Freuer, a pioneer resident of Poe Valley. Today he filed his announcement of candidacy for the democratic nomination as county commissioner.

Freuer is well acquainted with conditions in Klamath county, after a residence here since 1886. His property, "Seven Springs Ranch," is well known to many Klamath county residents, as it used to be a popular road house.

Heretofore the only office held by Mr. Freuer was that of postmaster at Bedford, as the first postoffice in Poe Valley was called. It is stated by his friends that it was only after much urging on the part of the members of his party that Freuer decided to make the race.

Thus far, Freuer is the first to file as a candidate for this office. It is expected that Commissioner Guy Merrill, also a democrat, will come out in a few days.

STOLEN HORSE COMES

BACK TO MIDWAY STABLES

While telegrams and the telephone are being used to notify the authorities in neighboring towns of the theft of a horse from the Midway stables here, the stolen animal has put in an appearance. Early Friday morning a familiar neigh in the rear yard of the Midway stable disclosed the fact that the missing animal was located again.

Early Thursday morning, according to an employee of the Midway, he awoke to see Ned Connolly, who resides near Spencer Creek, leave the stable mounted on one of the Midway horses, and chapped and spurred. A short time later one of the stable owners gave chase, tracking the horse into the Keno country.

Instead of continuing on the trail, the liveryman returned to Klamath Falls, and Thursday afternoon swore out a complaint charging Connolly with the theft of a horse. So far Connolly has not been located.

The method by which the horse was returned to the stable this morning is a mystery. It was reported that two men were seen a short distance from the stable when the horse was found, and it is supposed by some that they may have returned the animal.

STATE SEALERS

ARE VERY BUSY

SALEM, April 10.—According to reports received by Deputy State Sealer of Weights and Measures Butcher from one-fourth of the counties in the state, 988 scales were sealed and 73 condemned during March. Twenty-two per cent of the scales tested had to be adjusted, corrected or condemned, this being due to the fact that there had been no previous inspection.

Of the 1,699 weights inspected, 1,484 were found accurate and 215 inaccurate, and of the 279 liquid measures inspected 239 were sealed and 40 condemned. One hundred and sixty-three linear measures were inspected and 13 were found to be inaccurate.

Miscellaneous measures totaling 60 were inspected. These include gasoline pumps and pumps used to deliver coal oil and similar merchandise. Over 50 per cent were found inaccurate.

In addition to the inspections the sealers have made investigations of various commodities, and brought a number of prosecutions. Two convictions were obtained for selling short weight butter, and two cases for selling short weight meat are now pending. Complaints have been made that it is difficult to buy liquid measures that are accurate enough to pass the test, and the deputy sealer intends to make an investigation of this matter soon.

NORWAY'S SOCIALIST PARTY
ENJOYS SURPRISING GROWTH

CHRISTIANA, April 10.—Notable progress was made by the Norwegian labor socialist party in the past twelve months, according to its annual report, issued today.

The active contributing membership increased from 43,559 to 50,000, while, in spite of the poor means of international communication, branches have now been established in every part of the country.

There are now in all thirty-two labor socialist papers, of which twenty-four are owned by the party. Of the twenty-four, nine appear daily, nine three times a week, five twice a week and one weekly.

As a result of the various municipal elections the number of labor socialist members of local councils increased from 1,209 to 1,803, among whom are forty-five women. In three towns and in twenty-one county districts the party now holds an absolute majority in the councils.

No More Free Seeds.

Those who did not "come early" have missed the chance to get free seeds at the office of County School Superintendent Fred Peterson. The supply is entirely exhausted.

There are nearly 80,000 women laundry workers in the United States.

There are 1,127,940 automobiles in service in the United States.

NAME DELEGATES
TO MEDFORD AT
TUESDAY'S MEET
CHAMBER OF COMMERCE HAS A
BUSY PROGRAM

Selection of Representation to Booster Gathering. Choosing of an Emblem for Booster Station, and Preparations for Big Display at Panama-Pacific Exposition Are Listed. Luncheon Will Be Served.

One of the most important meetings in the history of the Klamath Chamber of Commerce is slated for Tuesday night. That is the time for the regular monthly gathering of members, and every resident of Klamath Falls is extended an urgent invitation to attend, offer suggestions, etc.

At this time the Chamber of Commerce will take up the selection of delegates to attend a gathering of men from other counties at Medford, to form an organization which will have as its aim the advertising of the many scenic wonders of Southern Oregon, and the attracting of a larger number of tourists.

As this meeting will have a wonderful effect in healing the breaches that have grown between various communities, the Chamber of Commerce is desirous of having a monster delegation in attendance from Klamath Falls.

Tuesday night's gathering will also decide another big matter, the best slogan and emblem for the club submitted by Klamath county school children. A prize will be awarded the successful pupil, and the winning design will be used on buttons to be ordered by the organization.

There will be further discussion at this meeting regarding advertising, and the best methods of exhibiting at the Panama-Pacific International exposition.

A luncheon is to be served by the wives of the directors.

MUTUAL MILLING
CO. DEFENDANT IN
A DAMAGE ACTION

The Mutual Milling company, owned by local men, and operating a sawmill at Chiloquin, is the defendant in a suit for \$7,500 damages, filed today by Cyrus E. Kreigh.

Kreigh lost an arm in the mill, and states that he was otherwise permanently injured as a result of the mishap.

W. H. A. Renner is attorney for the plaintiff. In the complaint it is alleged that the company has failed to meet the requirements of the law regarding proper safeguards.

There is a constant escaping of steam when the mill is in operation, says the complaint, which obscures the vision of the men employed and makes their work more hazardous. In addition, it is alleged that the live roller lift is unguarded, there are not proper belt shifts at the edge, and a lack of signals between the operating department of the mill and the engine room, whereby the mill could be shut down with no loss of time in case of emergency.

The accident which caused the suit occurred December 19th. The complainant alleges that owing to the fact that they were not properly equipped for safety, his right hand was caught between the live rollers on the edge, and drawn into the saw. Besides, he alleges that he was thrown violently against the machine.

As a result of the mishap, Kreigh's right arm was severed below the elbow. In addition he alleges that his right side is permanently injured and that he lapses into semi-unconsciousness and is afflicted with nervous headaches.

MT. LAKE NEWS NOTES

(Herald Special Service)

MT. LAKE, April 10.—Mr. David McComb of Langell Valley spent Tuesday with his brother, J. A. McComb.

The Fairview school closed last Friday for the summer.

An Easter service will be held at 11 o'clock Sunday morning at the Mt. Lake church. There will be special music.

The Mt. Lake school had an Easter program Friday afternoon, one of the most interesting numbers being an egg hunt.

Mrs. Mehaffey and Mrs. Stubblefield of Klamath Falls visited at the Ladies Aid Society meeting held last week. An old time quilting bee is being planned for the May meeting.

John Stevenson of Salem was a Mt. Lake visitor Tuesday.

Work is being done on the irrigation canals preparatory to the turning in of the water May 1.

The forests of Florida contains 175 kinds of wood.

TAMPICO IN HANDS OF THE REBELS

HUERTA STRENGTHENS CAPITAL
GARRISON

Several Successful Advances on the Seaport City Are Made by Rebels, and Unconfirmed Wires to Consulate State That the City Is Now in Their Hands—Condition at Mexico City Is Serious.

VERA CRUZ, April 10.—Tampico, which has been the scene of fighting for several days, is believed to be in the hands of the rebels. The consul at Tuxpam has wired Consul Canada here, declaring that the city was apparently fallen, though the report is not confirmed.

Earlier reports received from Tampico tell of successful rebel advances upon the city.

It is also reported, though not confirmed, that Colonel Mayo has landed United States marines to prevent any further destruction of foreign property. Sixty American women have been injured in the fight.

MEXICO CITY, April 10.—The situation in Mexico City is becoming even more serious. Many units of troops have been ordered to this point from nearby garrisons.

Four thousand additional soldiers are here today. Extensive preparations for the capital's defense are being made.

It is reported that the real reason Huerta is keeping the fall of Torreon a secret is to give opportunity to bring additional forces here.

FORMERS ARE WARNED
HOW TO CARE FOR HOGS

WASHINGTON, D. C., April 10.—"Pig typhoid," "lung plague," "infective pneumonia," and other alleged swine diseases are classed as snares and delusions in a letter just issued by the department of agriculture, which says that out of every ten sick hogs in the country at least nine have the common variety of cholera.

Farmers are urged to "forget" all high sounding diagnoses and go after his herd with cholera serum and to separate the sick porkers from the well ones forthwith.

"It is true that other infections may and frequently do complicate outbreaks of hog cholera," said the department, "but in such cases the germ of hog cholera is the primary cause of the disease; and if we can take care of the germ of hog cholera the pig will usually overcome the other infections himself."

"From a practical standpoint the important thing is to recognize hog cholera as soon as possible after its appearance in a herd in order that anti-hog cholera serum may be applied before the disease progresses too far. Good serum may be depended upon to protect well hogs, and even to cure a large percentage of those in the earliest stages of the disease, but it will not be of much avail when used upon hogs that are already visibly sick. Remember, the hog cholera kills millions of hogs where other diseases kill thousands."

FIND DOROTHY

ARNOLD CLUES

PITTSBURG, April 10.—The police raided a maternity hospital in Bellevue, a suburb of this city, and arrested Dr. C. C. Meredith, the head of the institution; Miss Lucy Orr, the head nurse; Mary Snyder, a nurse employed by Meredith, and H. E. Lutz, who was also employed in the institution.

Lutz confessed that more than a score of patients had been criminally operated on at the place, and when the operations proved fatal the remains of the victims were consigned to the furnace.

The indications are that Dorothy Arnold, the missing New York heiress came to her end in this place.

District Attorney Jackson said this afternoon:

"Lutz came through and told everything. We have evidence that Miss Dorothy Arnold was a patient at the institution, and her movements have been traced right to the door of Dr. Meredith's downtown office, in the Schmidt building.

"We have learned enough to convince us that in this raid we have broken up one of the worst places in the country. It is too early, however, to tell what will be revealed about Dorothy Arnold's fate."

Home From Medford.

Miss Gladys Pool has returned from Medford, where this winter she attended St. Mary's Academy. She is visiting at the home of her uncle and aunt, Mr. and Mrs. B. S. Grigsby.

E. G. Argrave, who formerly operated the Cottage Studio, and who erected that building, has again gone into business here, opening a real estate office in the Maheu building. After spending a couple of years looking over other Coast towns, E. G. has reached the conclusion that Klamath has 'em all beaten.

WHOLESALE SLAVER
GIVEN LONG TERM

BEUTHEN, Germany, April 10.—Samuel Lubelski, a Russian, known as the "King of the White Slavers," was taken from here today to commence serving a sentence of nine years in prison for engaging in the white slave traffic.

He was also convicted of bribing the border police and of having smuggled hundreds of persons across the border to enable them to migrate to America.

It is estimated that Lubelski has during his career shipped over 200 Russian and Polish girls, ignorant of their intended fate, to North and South American ports for immoral purposes.

Although the state's attorney recommended only six years imprisonment for Lubelski, the court considered his crimes to be of such a heinous character that the judges added three years and \$3,000 fine.

JERRY ALLAN

HANGED TODAY

SAN QUENTIN, April 10.—Jerry Allen, aged 40, was hanged in the prison here this morning.

The trap was sprung at 10:08, and nine minutes later the body was cut down. The man's neck was broken by the drop.

Allen went to the scaffold without fear.

The crime for which Allen today paid the death penalty was the murder of his wife at Williams, Calif.

His excuse for the crime was that his wife was an inmate of a disorderly house, and refused to leave it and live with him.

IMPEACHMENT OF

WRIGHT SOUGHT

WASHINGTON, D. C., April 10.—The house judiciary committee today reported favorably upon the Parks impeachment resolution against Justice Daniel T. Wright of the District of Columbia supreme court.

The matter will next be taken up on the floor of the house. A full investigation is expected.

WILL VOTE ON

ENDING STRIKE

CALUMET, Mich., March 10.—Officials of the Western Federation of Miners today announced that the question of bringing the copper country strike to an end, is to be submitted to the various locals.

The balloting will take place on Easter.

W. C. T. U. WILL HOLD

ANOTHER MEDAL CONTEST

Another silver medal contest is to be held here in the near future. Announcement to this effect has just been made by the local branch of the Women's Christian Temperance Union, which conducts these declamation events.

The contests are open to girls, and the numbers given are all temperance selections, although the choice is left to the contestant. The winner is awarded a silver medal.

It is the purpose of the W. C. T. U. to continue these contests until six silver medals have been awarded. After that a gold medal contest is to be held.

To enter this latter contest, it is necessary that the contestant has won one of the silver medals, though this may be either the W. C. T. U. medal or a Demorest medal.

Those desiring to enter the gold medal contest may communicate with Mrs. R. A. Harpold, city. The dates will be set later.

Delivers Overland.

A few days ago the Oregon-California Auto company received a letter from W. H. Morrissey, agent for the Haynes, Buick and Olds cars at Orlando, California, stating that he had a daughter living near Klamath Falls to whom he would like to present an Overland car. The company sent a letter to Mr. Morrissey stating the price of the car. Wednesday the company received a check covering price of car, with instructions to deliver it to Mrs. Will Adams, at Merrill, and Thursday they delivered the car.

Gowen Is a Candidate.

Justice of the Peace E. W. Gowen has filed his announcement of candidacy for re-nomination as magistrate for Linkville district. His administration of justice court matters during his term of office has been in general satisfactory to all.

Modern Refrigerator.

An air-proof, dust-proof, fly-proof refrigerator, designed especially for the grocery trade, has just been installed by Van Riper Brothers, to take care of their cold storage this summer.

A New Jersey violinist who lost his right arm in an accident, invented an artificial limb of steel, with which he is able to play the instrument.

STRANGE LIGHTS
AT THE AGENCY

PORT KLAMATH, April 11.—Marion Cross of Klamath Agency, who has just paid the Port a visit, reports that some consternation was aroused at the Indian headquarters a few evenings ago.

The night watchman of that place while attracted to some distant buildings, noticed the postoffice building and grounds lit up by a flash of light that was apparently thrown from the forest near by. It seemed to be a strong gas light.

For two evenings these flash lights were observed, and then an armed force was put on guard quietly. Two Indian boys were seen making a night escape from school, but were not molested.

Strange tracks, evidently made by Nos. 7 and 9 shoes were found, but as yet nothing has been discovered to explain the mysterious flash lights.

MANY CONTRACTORS

WILL BID ON THE

HORSEFLY PROJECT

MANEY BROS. AND GUST PETERSON LISTED

Big Outfits From All Over the West Will Make Proposals for the Construction of Irrigation Project, and Flume and Culvert Company's Representative Is Here to Figure With the Lowest.

At 2 o'clock Tuesday, April 14th, the board of directors of the Horsely Irrigation district will open the bids of the different contractors for the construction of the storage dam, reservoir, diversion dam and a portion of the canal line and distributing system of the Horsely Irrigation project.

Contractors from Nevada, Idaho, Washington and Oregon have submitted sealed bids. Among the bidders are Gust Peterson, who, with Erickson, graded the greater part of the railroad from Weed to Kirk; Maney Bros. of Boise, Idaho, builders of the second unit of the Klamath project; W. E. Baker, Whitehall, Mont.; Chas. E. Brown, Nevada City, Nev.; the J. H. Tillman company, Portland; Chamberlain Construction company, Seattle; McHugh & Co., Tacoma, and E. L. Barney, Fallon, Nevada.

R. F. Pike, representing the Coast Culvert and Flume company of Portland, is in Klamath Falls now, and will remain for the opening of the bids next Tuesday, in order to figure with the successful bidder for the supplying of culverts and flumes.

CIVIC LEAGUE IS

ALIGNED AGAINST

FLY; PRIZES SET

OVER TWENTY DOLLARS TO THE
BEST SWATTERS

Prizes Are to Be Awarded in October, and the Judges Will Distribute the Money Among the Contestants Who Bring in the Largest Number of Quarts of the Deceased Typhoid Purveyors.

Ten dollars for Klamath's best fly swatter.

Seven-fifty for the second best.

Five dollars for the third in standing (or swatting).

These are the prizes to be awarded by the Women's Civic League October 13th. The league is commencing a campaign of education against the pestiferous housefly, and the cash prizes are a stimulus to practical application of the swatter or folded newspaper.

Those contesting for the prize are to bring their quarry in pint or quart fruit jars to the rest room October 13th. The judges will then award the prizes.

WAR CLOUDS WERE

CLOSE YESTERDAY

WASHINGTON, D. C., April 11.—High government officials today admit that United States intervention in Mexico hung in the balance awhile yesterday, following the arrest of the American marines at Tampico.

Only Huerta's apology and the arrest of interested Mexicans prevented war. The incident is regarded as closed.

Bryan says Huerta has made a complete disavowal of the overt act.

Martin Lavenik has resigned his position as steward of the Moose Club and expects to leave in a short time for Alaska. Frank Sargent is another who is considering seriously casting his lot in the region "north of fifty-three," while Ernest Bubb is also giving the matter some attention.

Forest officers in Washington and Oregon plan to discontinue the use of barbed wire on their forests. This will affect their own pastures and public drift fences. They say barbed wire has no advantage over smooth wire, that it injures stock, and that it is more likely to be born down by soft snow.

Notice of Settlement
(Equity No. 414)

In the Circuit Court of the State of Oregon, for Klamath County, Oregon.

In the Matter of the Assignment of W. H. Wynant.

To the Creditors of W. H. Wynant and to all parties concerned in the above entitled matter.

You and each of you are hereby notified that the undersigned, the assignee for the benefit of creditors of the above W. H. Wynant, has filed his final accounting in the above entitled matter with the clerk of the above named court and that by the order of Hon. H. L. Benson, the hearing of objections to said final account is set for 10 o'clock a. m. on the 24th day of April, 1914, at which time you may make objections, if any you have, to the discharge of said assignee. At said time the undersigned will make application to said court for a full and final discharge from said trust.

Dated March 21st, 1914.

W. L. MOORE, Assignee.

3-23 4-20

Summons

In the Justice Court, Linkville District, Klamath County, Oregon.

J. R. Hersherberger, Plaintiff,

vs.

A. J. White, Defendant.

To A. J. White, the above named defendant:

In the name of the State of Oregon; You are hereby required to appear and answer the complaint filed against you in the above entitled action on or before the 7th day of May, 1914, that being the last day of the publication of this summons, and if you fail so to appear and answer, for want thereof the plaintiff will take judgment against you for the sum of \$20.00 and costs and disbursements in this action, and that any property attached in this action be applied to the payment of such judgment and that execution herein.

This summons is served by publication in the Semi-Weekly Herald, a semi-weekly newspaper published in Klamath Falls, Oregon, for six successive weeks, the first publication being on the 26th day of March, 1914, pursuant to the order of the Hon. E. W. Gowen, Justice of the peace of said court.

Dated March 25, 1914.

E. W. GOWEN,
Justice of the Peace.
C. C. Brower, Attorney for Plaintiff.
3-26-5-7 sw

Notice of Contest

Department of the Interior, United States Land Office, Lakeview, Oregon, March 21, 1914.

To Thomas M. Gannon of Dairy, Oregon, Contestee:

You are
