

BIG CLEARANCE SALE OF LUMBER

During the next 90 days we will sell Klamath County Fir dimension at a base price of **\$12.50**

Now is the time to build while the price is low. Let us figure estimates on everything in the building line.

BIG BASIN LUMBER COMPANY

PHONE 107

CORNER MAIN and SPRING STS

Why It's Called "Beaver State"

Oregon Development News in the Line of Industries, Payrolls, Etc., Prepared in Terse Form by the late Bureau of Industries and Statistics, and Published in the Interest of Herald Readers.

SALEM, April 28.—Labor Commissioner Hoff has renewed his fight to force all public institutions upon an eight-hour day, and the state board of control refuses to comply, saying the legislature did not intend to put the state employees under the eight-hour public works law.

The Farmers' Union of Coos county has decided to build a co-operative store at Marshfield.

E. D. Phillips is shipping 200 calves to Silverton to help out the dairy industry.

Handon churches are building a revival tabernacle.

The J. K. Arnaby company has up the proposition of building a cannery at Roseburg.

During the first two weeks of April Coos Bay shipments of lumber to San Francisco aggregated 6,000,000 feet.

The Nysa cheese factory on the Snake River, in March made 12,233 pounds of cheese.

An \$8,000 meat packing plant is being erected at Burns.

The California-Oregon Power company is seeking franchises in Douglas county.

Portland auditorium plans have been rejected by the commissioners and local architects have been employed and a building all made in Oregon may be the result.

D. L. Harden of Eugene has invented a drinking fountain for homes and schools that will be manufactured there.

A large ice manufacturing plant

has been completed and is ready for business at Bend.

Astoria continues its campaign for the use of wood block paving.

Elmer Dover of the Oregon Power company says with cheap power the three Pacific Coast states will have 7,000,000 population by 1920.

May 15th, Marion and Clackamas counties vote on good roads bond issues that will cause about a million and a half to be expended for labor on permanent highways if the elections carry.

A new Christian church has been dedicated at North Bend.

The Vancouver bridge across the Columbia is to be on the draw or bascule plan to let the largest sailing vessels through, and is to be built of Oregon fabricated steel.

The Springfield cement block factory is working a larger force.

The Eugene street car system is to be equipped with \$40,000 pay-as-you-enter cars.

The Smith-Powers logging road is to be completed south to Myrtle Point.

Building docks and a sea wall will enable Astoria to fill many streets.

The Golden Star and other mines in the Bohemia group are putting in machinery and doing development work.

Flavel will celebrate driving the first piling in the great Hill docks system.

Home industry won out at Eugene by an order of the city giving all orders for sewer pipe to the Eugene Concrete works.

RAILROAD WANTS TO INCREASE DEBT

SAN FRANCISCO, April 28.—The California state railroad commission was expected to pass soon on an application of the San Francisco-Oakland Terminal railroads to increase the bonded indebtedness of the concern from approximately \$20,000,000, the present authorized debt, to \$35,000,000.

If the commission approves the proposed bond issue, the corporation will retire all its underlying obligations. The new bonds will be known as "first and refunding 35-year 5 per cent gold bonds," and will be secured by deed of trust, mortgage of all or such portion of the property as may be necessary.

CALKED SHOES ARE UNDER BAN

Between May 1 and November 1, horses and mules shod with ice calks, etc., are forbidden to travel any paved street in the city. This ordinance was adopted by council Monday night. The bill has for its purpose the protection of the hard surface pavement, which is badly cut up by calked shoes in the warm weather. A fine is provided for the punishment of offenders.

H. B. McLean left Tuesday for Ft. Klamath, to take charge of the Wood River Valley creamery. He will assume management May 1st.

The Fort Klamath plant has already created a demand for its product in outside markets.

MALIN LOCALS

(Herald Special Service)
MALIN, April 28.—Mr. Martin, the ditch rider, met with a painful accident recently. The tendon in his ankle was badly strained, and he will be obliged to stay in for several days.

Ed Rue, who has been working with the concrete men on the ditch, has gone to Merrill to continue his work.

Mr. Chitwood, a homesteader on the upper Merrill road, visited the Shasta View school this week.

Rev. Ahison of Merrill preached at Shasta View Sunday week and at this place last Sunday.

George Strowbridge and wife will leave for Bryant mountain soon. George and his father will work for the Bryant Mountain Lumber company.

The water users in this project expect water in the ditch soon after May 1st.

Mr. and Mrs. Hunt of Klamath Falls were visiting their son, O. E. Hunt, over Sunday.

Cy Brown of Langell Valley stayed all night at H. E. Wilson's one night last week.

Mr. Cole recently moved into Mr. Doherty's house.

Max McCall was in Sand Hollow this week, conferring with the farmers.

Dr. W. C. Ransom made a professional call here last week.

Mrs. Strowbridge and Mrs. Hunt went to the Lava Beds last Wednesday.

R. C. Short and family, from near Klamath Falls, visited H. E. Wilson and family Easter Sunday.

Mr. Snowgoose, who represents the Pacific Tea company, was in this vicinity last week.

We are informed that there will be a social at Carr Ranch school on the night of May 1st.

Indications are that there will be a railroad through Malin not far in the future. Transportation facilities are very much needed here.

CLEVELAND MAY USE CITY HALL FOR DANCES

United Press Service
CLEVELAND, April 28.—Free municipal dances surrounded by ornate marble halls of Cleveland's new \$5,000,000 city hall; the mammoth marble rotunda for public entertainments.

These things will be a reality if County Commissioner Manning, backed by other commissioners, forces his announced resolution into a city ordinance. The city hall will soon be complete.

The tango, dip, hesitation and others of the more modern steps will not be permitted, according to Manning. Two-steps and waltzes would be the order.

In addition, the county commissioner suggests: "Let the kids play on the lawn. Let them tear up the grass if they want to. Every foot of grass killed means that much more life for some kid."

Accurate information about the Klamath Basin. See Chilcote, 635 Main.

U. S. CAVALRY SENT TO COLORADO

United Press Service
WASHINGTON, D. C., April 28.—Following a lengthy conference with Secretary of War Garrison, President Wilson today ordered six troops of cavalry stationed at Fort Russell to proceed at once to the Colorado strike zone and restore order.

Simultaneously the president telegraphed to Colorado for immediate publication of a proclamation calling upon everybody to lay down their arms and repair to their homes.

In effect, the proclamation is the reading of the riot act by the federal government. The cavalry is sent to enforce it.

TRINIDAD, Colo., April 28.—Armed clashes between the militia and mine guards with the striking coal miners have been reported from a half dozen Colorado towns.

Seven mine guards were killed in a battle late yesterday, in which the strikers captured the McNally mine near Walsburg.

Today the militiamen are sweeping the position of the strikers with terrific fire from machine guns.

Three mine guards and five strikers have been reported killed as a result of the fighting today, but the report lacks confirmation.

T. M. Hudson, clerk of the district court at Walsburg, by telephone today reported that the shooting down of the miners at the depot at that place by the militia was uncalculated.

The people are terror stricken. The battle which started last night at the Hecla mine near Louisville is progressing today, but the telephone wires have been cut, and it is impossible to obtain details. It is known, however, that 200 miners attacked the stockade which was being guarded by Sheriff Butler and a force of mine guards.

The train crews coming from there say that the streets of Louisville are being swept by a heavy fire.

Fighting is also progressing at the Vulcan mine at Lafayette, and at the Marshall Gosham mines.

FIFTEEN LEAVE FOR JACKSON CO.

Klamath Falls' delegation to the get-together meeting at Medford left Tuesday morning. It consists of Hon. Henry L. Benson, Judge W. S. Worden, W. A. Delzell, E. B. Hall, Fred Houston, Lewis Wylde, George W. Loosley, P. L. Fountain, Robert Adams, J. W. Siemens, C. R. Miller, Percy Evans, P. W. Goodman, A. A. Bellman and Frank Vannice.

The meeting at Medford is an effort by Southern Oregon counties to bring an organization into being that will give special publicity to the scenic wonders of Southern Oregon.

STREETS OPENED ON JULY FIFTH

If you do not get dancing enough on the first two nights of the Rodeo, you can dance on the last night, but in so doing you will be taking your own chances of being run down by an automobile. Besides, it will be Sunday, when dancing is not half so popular as church-going—or fishing.

On account of July 5th being Sunday, the council last night voted to open the streets that night to traffic. On the two preceding nights, Main street from Second to Seventh, will be closed to traffic, and music will be furnished for dancing.

PIRATES ATTACK BRITISH STATION AND SLAY MANY

United Press Service
HONGKONG, April 28.—Two hundred native passengers were slain or drowned in a fight which followed an attack on a British steamship station near Macao.

The pirates attacked and burned the station, overpowering the officers who fought vainly to protect the native passengers housed in the station.

After the battle was over it was discovered that Chief Officer Evans was missing. The other officers and about 150 natives escaped.

The pirates, who made a furious attack on the station, outnumbered the station officers many times, and rush the place from so many points that it was impossible to stand them off.

CLAIMS WIRELESS KILLS THE BIRDS

SAN DIEGO, Calif., April 28.—Humane Appeal Muters today sent a formal appeal to the government to make its big wireless station at Point Loma stop killing pelicans.

Pelicans used to be thick in San Diego harbor. Now there are only a few of them. Mutters is sure the powerful radio waves which the station sends out do the mischief.

He says he has seen scores of birds suddenly stricken in mid air fall dead into the water. The waves might be toned down, he thinks, so as to do less damage.

To the Voters of Klamath County:

Believing that the office of County Judge for the coming four years will be so vitally concerned in the adjustment of many problems that now confront the people of the county, I am of the opinion that you should know the position on these questions to be taken by the incoming incumbent of the office. If elected I shall do my utmost to bring about the following results:

First—To pay every dollar's worth of outstanding county warrants.

Second—To complete the court house on the site selected as speedily as the fund for that purpose will permit; all future work on the building to be let by competitive bids.

Three—To keep all county roads in good repair and construct other necessary roads as soon as reasonable levy for that purpose will furnish necessary funds.

Four—To pay the deputies in the various county offices as allowed by law, and no more.

Five—To keep constantly in mind that times have been hard and that taxes have been high, and that it will be the duty of the county court for the coming four years to retrench in every way possible, consistent with a progressive administration of the affairs of the county.

Very Respectfully,
MARION HANKS.

TO ADVERTISE FOR BIDS SOON

Bids for the improvement of Third street are to be opened May 25th. This was decided at last night's meeting of the council.

The street is to be improved by paving a twenty-four-foot roadway of oiled macadam. This thoroughfare will be used by the greater part of the hill traffic.

TROOPERS PASS THROUGH DENVER MEDIATORS HOPEFUL; KEEPING QUIET

United Press Service
DENVER, April 29.—Troops E and H of the Twelfth cavalry passed through here this morning from Fort Russell, going to Canyon City, in charge of Captain Parker. They are unmounted, and are armed with the latest model rifles and two machine guns.

The second squadron of the Fifth cavalry left Fort Leavenworth this morning for Trinidad, Major Holbrook commanding.

There is rejoicing everywhere that the regulars have been sent to the strike zone.

NEW YORK, April 29.—Upton Sinclair and four women this morning established a "mourning picket line" in front of the offices of the Standard Oil company. They protested the refusal of Rockefeller Jr. to arbitrate in the Colorado trouble, and were immediately arrested.

The places were immediately taken by new pickets. The police are keeping the sidewalks clear, but the pickets continue to pace.

At the Tombs court Sinclair denounced Rockefeller.

"This is the first time that a protest in the matter of human rights was ever taken directly to headquarters," he said. "Usually, some company employe is singled out as the scapegoat."

"We were not making a disturbance," he told the police. "The invisible government should be punished before we are."

The Standard Oil company and its allies constitute the invisibles. They are murderers at 26 Broadway, Rockefeller knows everything that is transpiring in Colorado, and is directing it."

Business is practically suspended on Lower Broadway.

Strayed

Came to my place near Odessa, December 5, 1913, a gray horse about 10 years old. Diamond on left shoulder. Owner inquire of M. H. Wampler, Woodbine Ranch.

30-1mo. sw *

Goes to Vancouver.

Harry G. Benson has gone to Vancouver, Wash., where he will accept a position tendered him.

The desk telephone and electric light have been combined by a New York inventor in one stand in such a way that the light shade collects the sound of the voice and leads it to the transmitter.

BOTH MEXICANS AND AMERICANS CHEER FUNSTON

United Press Service
WASHINGTON, D. C., April 28.—"We can only say that we are hopeful. Publicity at this time might spoil all," say the mediators.

"The sky seems to be clearing. In the meantime we are getting our people to safety," said Secretary Bryan.

This is the situation at present. Each side has agreed to accept mediation, and the mediators are awaiting proposals.

Following this comes the reconciling of questions that are apparently irreconcilable.

If a strong man is developed in Mexico, mediation may succeed. It is admitted that Huerta, Villa and Carranza are to be eliminated, yet none can command the support of the people unless he has been partisan.

For this reason the mediators are watching the lesser factional leaders in the hopes that one of them may succeed.

It is learned that America is to be magnanimous, but Wilson insists on the elimination of Huerta, and the guarantee of an actual constitutional government. It is hardly probable that he will press demands of indemnity for the death of the marines at Vera Cruz.

The mediators expect that Huerta will eliminate himself. If he refuses they think the better class of Mexicans will force him out.

VERA CRUZ, April 28.—General Funston's transports this morning entered the inner harbor. Thousands of Americans and Mexicans cheered.

An aeroplane ascended from the deck of the Missisippi and circled the harbor, amid cheers for the soldiers from the fleet.

SHANNON WILL BUILD SEWER

John H. Shannon was Monday night awarded the contract for the construction of the sewer to be laid on Canal street, between Tenth and Eleventh streets.

Shannon's bid was \$240 for labor and material. Henry Bolvin bid \$281 and Tomasso Ambrogetta bid \$90 for the labor alone.

Anything in the Monument Line at Reasonable Figures

MY WORK IS KNOWN THROUGHOUT THE COUNTRY AS THE VERY BEST

G. D. GRIZZLE 1028 Main Street

WALL DECORATIONS

were the pride even of the heathen Romans, and Pompeii was rich in the most exquisite art of the mural decorator. Our wall papers are rich in the beautiful colors and effects, in dainty patterns and figures, at a reasonable price, and are hung in the best style of the art. Our stock of fine picture mouldings are ornate in decorations and beautiful in effect.

EVERYTHING THAT A PAINT STORE KEEPS
