

OVER \$4,000 IS RAISED FOR THE COMMERCE BODY

FIVE THOUSAND IS THE AMOUNT DESIRED

Bellman, Evans and Wyde Take Up Today the Work So Well Started by Johnson and Evans Yesterday, and as a Result, They Raised \$1,733.50 Early in the Afternoon Hours, With More in Sight.

The amount of money subscribed for the support of the Klamath Chamber of Commerce was increased this afternoon, when President Walton, Secretary Wyde and Directors Evans and Bellman took up the soliciting work by which Evans and Johnson raised \$2,610 yesterday. The men early this afternoon had themselves secured subscriptions aggregating \$1,733.50, and they had other prospects in sight.

The directors of the Klamath Chamber of Commerce are considering the installing of a huge clock or dial in front of the Chamber of Commerce headquarters, and the moving of the hands of this dial will show the progress made in raising the money required.

The subscriptions secured since the Herald went to press yesterday follow:

His Government May Be Recognized

Venestiana Carranza, president of the constitutionalist government, which controls the northern part of Mexico, and is gradually cutting down the extent of Huerta's domain, has hopes that his belligerency will be formally recognized by the United States.

Following the fall of Tampico, an important seaport, yesterday. For their campaign against Mexico City, Huerta's stronghold, the constitutionalists desire more arms and ammunition. Permission to import these will be the same as recognition.

SENIOR PLAY IS TOMORROW NIGHT

"A PAIR OF SPECTACLES" IS THE VEHICLE THE STUDENTS WILL USE TO DISPLAY HISTORIC ABILITY

All is in readiness for the presentation of "A Pair of Spectacles," a three act comedy, by the Senior class of the Klamath county high school, at Houston's opera house tomorrow night. The dress rehearsal will be held this evening.

The play, which is considered Sidney Grundy's masterpiece, was selected by Miss Bessie Applegate, instructor in English, who is also directing the work of the student Thespians. The play deals with the two opposite views one can take of the world, brought out in this play by an optimist wearing the spectacles of a pessimist, thus completely reversing his point of view.

The cast of characters follow: Benj. Goldfinch, an optimistic old gentleman; Ralph Hurn, Mrs. Goldfinch, his young wife; Marguerite Dunbar, Parey, his son; Leon Bolter, Gregory Goldfinch, his brother, a pessimist; John Stankey, Mr. Lorimer, friend of Benjamin

REPUBLICAN CANDIDATES

Probably every republican voter in Klamath county has already decided for whom he or she is going to vote at the election tomorrow, for sheriff, yet this is not the case with some of the state offices, particularly that of governor. There seems to be so many good men running for the office that it is hard for the voter to make a choice.

While the Herald is not personally interested in any of the state candidates, it would offer the following information for the consideration of the republicans of the county.—W. O. Smith.

In the selection of a National committeeman, there is only one man to be considered by the republicans. He is Ralph E. Williams. Charles Ackerson, the other candidate, is a progressive, who at the last moment changed his registration and played traitor to his party to run for office on another ticket.

For governor there are many good men to choose from. The race appears to be between A. M. Crawford and Charles A. Johns. The voter who casts his ballot for Mr. Johns, whether he wins or loses, will have the satisfaction of knowing that he voted for a clean, honest and capable business man. He is making no active campaign, but is receiving strong voluntary support from those who know him.

Henry L. Benson should receive every republican vote of Klamath county for Supreme Judge. You can vote for four or for one, but if not interested in the others do not overlook Judge Benson.

The race for Attorney General is said to be between George M. Brown and Frank S. Grant. Mr. Brown has a record for law enforcement covering eighteen years. In addition he is recognized as one of the best read lawyers in the state.

John H. Lewis is a man who has proven his ability to handle the important office of State Engineer. Much work has been started for the development of the resources of the state that would suffer if a change were made in office at this time.

O. P. Hoff has made a good record as Labor Commissioner.

DESPITE SHOWER, DANCE ON BRIDGE WELL ATTENDED

NEW SPAN AT KENO IS FORMALLY OPENED

After Speeches by Members of County Court and Judge Baldwin, Bridge is Christened With Bottle of White Pelican Water, and the Grand March Follows—Over Two Hundred Attending Ceremonies.

(Staff Correspondent)

KENO, May 14.—There was dampness both above and below the new \$25,000 steel bridge here this afternoon, owing to constant showers, but despite the weather, more than 200 persons assembled to attend the formal opening of the bridge and its dedication to the Lincoln National highway.

The showers did not drown out the ardor of the dancers, either, and the dance in progress on the new span is being enjoyed to the utmost, an orchestra from Klamath Falls furnishing the music. Practically everybody present participated in the grand march, which was led by Hon. George T. Baldwin, former county judge, and Miss Marjorie McClure.

Shortly after 2 o'clock, County Judge Worden made the opening address, reviewing the road work and the methods of transportation in Klamath county, and pointing out what can be accomplished in the future by bringing the various communities closer together through the medium of improved highways and good bridges.

He was followed by County Commissioner N. S. Merrill, County Commissioner John Hagelstein and Judge Baldwin, all of whom made appropriate talks. At the conclusion of these talks, Sam Evans christened the

STORE AT FORT IS BURGLARIZED

THIEF PURLOINS EIGHTY DOLLARS FROM THE DIXON ESTABLISHMENT, AFTER BREAKING A WINDOW

(Herald Special Service)

FORT KLAMATH, May 14.—Unlocking the front door from the inside after breaking a front window, a burglar last night took \$80 in currency and silver from James Dixon's store. The theft was not discovered until this morning, and there is no clue to the robber.

This morning, after the robbery was discovered, it was found that the thief evidently intended entering the postoffice, in the same building, as he had whittled extensively at the rear door leading into the postoffice.

SEWER DISTRICT FAVORED BY ALL

MILLS INDUSTRIAL AND RAILROAD ADDITION PEOPLE NAME COMMITTEE TO SEE THE CITY COUNCIL

Mills, Industrial and Second Hot Springs additions need a sewer system, and want it constructed at once. This was the sentiment expressed at last night's meeting of interested persons in Mills Addition hall.

At this meeting Frank L. Applegate, S. J. Bailey, Mrs. C. V. Lundy, Mrs. Maud Zink and John Potter were named a committee to confer with City Engineer McLean and City Attorney Rutenic and the council regarding plans for the unit, and for the payment of the cost of this. The committee will report next Thursday night.

SEAMAN GIVEN GENERAL HONOR

SOLEMN REQUIEM HIGH MASS AT CATHEDRAL IN PITTSBURG, FOLLOWED BY MILITARY CEREMONIES

United Press Service

PITTSBURG, May 14.—Francis Delowery, who was one of the men killed in the taking of Vera Cruz by the Americans, was buried here this morning from St. Paul's cathedral, requiem high mass being served.

The remains of Delowery were interred with all the honors usually marking the last rites of a brigadier general, Vice President Marshall and four thousand persons participating in the ceremony.

Publicity Man Is Named

Disposal of \$1200 of Fund Arranged for at Meeting

When Paul Johnson undertakes to accomplish a certain thing he usually succeeds.

This was demonstrated Wednesday when he and Sid Evans started out to raise \$1,500 for the Chamber of Commerce, and came in with \$2,610. It was again demonstrated at the celebration held at the Chamber of Commerce rooms last night, when Mr. Johnson, in an eloquent appeal to the assembled members, asked them to keep up the interest recently aroused by following up a program he had prepared for their approval.

RECOGNITION MAY BE EXTENDED THE REBELS BY U. S. A.

FALL OF TAMPICO HARD BLOW TO HUERTA

Cutting Off of Tampico, Tuxpam and Vera Cruz Would Cut Off Two-Thirds of the Federal Source of Income—Villa Wires That He Will Meet Gonzales Soon in Mexico City for Congratulations

JOHN E. NEVIN (Staff Correspondent)

WASHINGTON, D. C., May 14.—As a result of the evacuation of Tampico and its occupation by General Gonzalez' force of constitutionalist troops last night, America may recognize the belligerency of the rebels. It is expected that Carranza will soon formally demand this.

The fall of Tuxpam is expected in a very short time. To carry their campaign to Mexico City, the constitutionalist forces need arms and ammunition. Unless the belligerency of the rebels is recognized, America cannot permit the importation of arms and ammunition by that force.

The news of the taking of Tampico by the rebel forces overshadows everything here. Tampico, Tuxpam and Vera Cruz furnished over two-thirds of the Huerta income. There is serious doubt as to the ability of Huerta to control the capital when the news of Tampico's fall reaches there.

It is said that Huerta has less than 10,000 real soldiers available for defending the city.

United Press Service

WASHINGTON, D. C., May 14.—President Wilson and Chairman Stone of the senate foreign relations committee today discussed whether to permit the rebels to import arms at Tampico, which would practically be recognition of their belligerency. They also discussed methods of preventing this.

United Press Service

JAUREZ, May 14.—General Pancho Villa, who is leading a campaign in the vicinity of Saltillo, sent the following to rebel headquarters:

"My congratulations to General Gonzalez. We will soon meet in Mexico City."

Rebel officers and soldiers are swarming the telegraph offices, clamoring for news from Tampico. Excited groups on the street predict a quick march to Mexico City. It is believed that the federal forces will withdraw from Saltillo without

Calif. Has Most Autos

On a Basis of Population, Golden State Way Ahead

SAN FRANCISCO, May 14.—On a basis of population, California leads any section of the United States in the ownership of automobiles. The latest figures compiled under the new automobile law shows that in this state one person in every twenty-seven is the owner of a motor car.

In New York state only one person in every eighty-nine is the owner of an automobile.

The figures which establish the lead of California in auto ownership are for motor cars that are actually in commission, with no duplications, and

are taken from the registration, which to date shows 94,718 cars in the state. The New York total, figured from the end of 1913, and adding the normal percentage of increase each month, would show the Empire state to have about 120,000 machines in actual commission.

In a table brought to an appropriate total in each state to date by adding the percentage of growth, it is shown that next to California the greatest per capita ratio is Nebraska, where one in thirty-seven persons own automobiles.

Owing to the interest that is being taken in tomorrow's primary nomination election, information regarding this has been compiled for the Herald's readers. The polls will open at 8 a. m. and will close at 8 p. m. At 8 o'clock the night board will commence the counting of the ballots.

Only those who are registered as members of the republican, democrat and progressive parties can vote tomorrow. "Independents," "Refused to state," and members of those parties not holding nomination primaries will not have a vote until the general election in November.

Persons who have not been registered can vote by being sworn in on the special registration blank. This requires affidavits from citizens regarding one's residence, etc.

The total registration for the county is 3,142. By parties, etc., this is divided as follows: Republicans 1892; Democrats 989; Progressives 47; Socialists 83; Prohibitionists 27; Refused state, Independents, etc. 124

Following are the various candidates whose names appear on the bal-
