

WILSON'S PLEA—BE MORE PATRIOTIC

CALLS FORCES TOOLS OF CIVILIZATION

Addressing Graduates of the United States Naval Academy, President Wilson urged the embryo admirals to enter a service to humanity, instead of a desire to fight at the drop of a hat or some slight punctilio.

ANNAPOLIS, Md., June 5.—Addressing the graduating class at the United States Naval Academy, before an audience of 5,000, President Wilson urged the embryo admirals to enter a service to humanity, instead of a desire to fight at the drop of a hat or some slight punctilio.

Wilson predicted that the American occupation of Vera Cruz would leave a different taste in the mouths of a people who have been fearing and despising Americans.

"It ought always to be one of your thoughts that you are a 'simple American,' not merely naval officers, not merely soldiers, and that you have the point of view of America regarding your army and navy," said the president.

"America's idea is to serve humanity. Every time you let the Stars and Stripes fly free to the wind, you ought to realize that it is in itself a message to you that you are on an errand that other navies have sometimes forgotten—not an errand of conquest, but an errand of service."

INTEREST IN POLO GETTING MUCH LIVELIER THESE DAYS

NEW YORK, June 5.—Britishers claim to be without cheer or hope over their chances of turning tables on America in the international polo cup series this month at Meadowbrook.

Reason for the chunks of gloom which can be cut with a knife whenever English poloists meet to discuss the outlook is that Captain Vivian Lockett will not be at No. 3 position when the fracas opens.

It was the dashing, slashing defense and attack of Lockett who met every American catapulting attack with the same sort of goods, that stopped the Big Four temporarily on several occasions last year, and made them begin all over again.

To replace Lockett the invaders will have either Lord Wodehouse or Lord Wimburne. Both are great players, but neither can class with Lockett.

Eugene manufacturers are planning for a state wide exhibit of made-in-Oregon products.

MEXICAN WOMEN MAKE BULLFIGHTS PROFITABLE

JAUREZ, Mexico, May 28.—By mail to New York)—If the good ladies of Jaurez held ladies' aid society meetings or did the family darning on Sunday afternoons a choice lot of matadors, picadores, banderillos and capeadores might be otherwise engaged as bartenders, barbers or cobblers.

It's the feminine fans in Jaurez who furnish the "velvet," otherwise known as the profits, at the weekly bull fights. In no city in Mexico, according to a prominent bull fight promoter, do women form quite so large a number of the Sunday afternoon crowds that watch the bloody sport as in this border town.

A third of the crowd that saw five bulls tormented to death, a horse torn to pieces and a matador severely gored by a maddened bull on a recent Sunday in the Jaurez bull ring, was made up of women. They came very early and stayed very late, because—according to the posters—it was all being done "in honor of the great General Francisco Villa."

USE AUTOS TO MAKE GETAWAY

NEW YORK, June 5.—At noon today highwaymen used a blackjack on the paymaster of the American Can company in front of the company's office and robbed him of \$2,700. They then jumped into a fast auto and made good their escape.

Shortly after this has been reported to the police headquarters came the word of a similar crime committed in Brooklyn, where the pay clerk of the John Masury Paint company was knocked down and robbed of \$3,000. The robbers in this case escaped in the same manner.

W. C. T. U. WILL HOLD INSTITUTE

In preparation for the coming campaign, a Klamath county institute of the Women's Christian Temperance Union will be held here Tuesday. The sessions will be held at Grace M. E. church from 10 to 4, and there will be a dinner served there.

A large attendance is expected from Merrill and other outside unions. A splendid program has been prepared.

LINK RIVER BEAL DEAD FROM BLOW

After being in a semi-conscious state for nine days, Link River Beal, a well known Indian, died Thursday night at the Blackburn hospital, as the result of a blow on the head from a horseshoe. His assailant, Tom Williams, is in jail at the Agency.

The aged Indian was brought here by his son, Ross Beal, and the fracture of the skull was trepanned by Dr. Merryman. He failed to survive, however.

Eugene manufacturers are planning for a state wide exhibit of made-in-Oregon products.

WYLAND-HUNT ARE DISMISSED

Because the evidence introduced by the state failed to show that the road W. F. Wyland and Clarence Hunt are alleged to have fenced up was a highway frequently used, and the defense witnesses testified that it had been abandoned for some time, Justice of the Peace Gowen last night dismissed the charges against the defendants.

CHURCH BURNED BY MILITANTS

DERBY, England, June 5.—Militant suffragettes today burned Bread-bull church, built by the Normans, destroying many priceless relics.

Among these was the famous chained Bible. This testament, written before printing was known, has been chained to the chancel rail for centuries, to protect the book from theft.

MORE SPEECHES ON TOLL VOTE

WASHINGTON, D. C., June 5.—Prospects for a vote on the repeal of the free tolls clause of the Panama canal bill this week faded today, when Senator Poindexter began a long set speech against the repeal.

Senator La Follette announced today that he expects to speak most of tomorrow.

CRATER LAKE TO DRAW \$100,000

WASHINGTON, D. C., June 5.—It is understood that two Oregon items already passed by the committee and included in the sundry civil bill which will be reported next week, are \$100,000 for Crater Lake and \$15,000 for the improvement of the Clackamas salmon hatchery.

The above is received here with much rejoicing, as the amount of highway improvement in Crater Lake National Park this year depends upon the amount of money appropriated.

MAKE REDUCED RATES FOR THE COMING ELKS RODEO

Arrangements have been made with the Southern Pacific for one and one-third fare round trip on all trains in Oregon and California during the Elks Rodeo, July 3, 4 and 5.

A special train will be run from Weed with a one fare round trip from that point. The one and one-third fare will apply to all other points.

If satisfactory to the Weed people the special train will probably leave Weed at 5 o'clock in the morning, arriving at Klamath Falls at 8:30. From here the train will go direct to Kirk and leave there at 10:45, reaching Klamath Falls again at 12:30.

This will give the train crew half an hour for dinner, so they can begin the service to Texum at 1 o'clock, running trains between Klamath Falls and the Rodeo grounds until the crowd is taken care of.

SEWER DISTRICT MEETS APPROVAL

By a vote of 62 to 19, the property owners of Mills, Railroad and Second Hot Springs addition are in favor of the construction of the fifth sewer district. This was shown at Thursday night's meeting, when the petitions circulated were read, to show the sentiment.

The matter will now be taken up with the city council.

ANOTHER PEAK THROWS LAVA

MANILLA, June 5.—A short message received today states that enormous damage has resulted from the eruption of a volcano on the Island of Sanguar, a Dutch possession.

The dispatch states that a hundred homes were destroyed. It carried no tidings as to fatalities.

Warships of all nations will be permitted to pass through the Panama canal, but cannot linger more than twenty-four hours at either end in time of war.

BIGGEST CROWD AT ANNUAL MEETING

The largest attendance of any of the meetings of the Klamath Water Users Association was present when the annual meeting was called to order at 2:30 Friday afternoon in the opera house by President Abel Ady.

The meeting this afternoon is the annual election of officers, and a vote was also taken on two amendments to the by-laws. Following the voting the committee appointed for that purpose retired to count the ballots, during which time the meeting was turned over for a general discussion of questions of interest to the landowners.

The nominations for directors for the four districts were as follows: First district, one to elect, J. R. Dixon and J. R. Elliott; second district, one to elect, John Irwin, James Ezell and Stephen Griffith; third district, two to elect, C. A. Bunting, C. G. Merrill and J. G. Swan; fourth district, one to elect, Abel Ady and Theodore N. Case.

Of exceptional benefit was the morning session, which was in reality a farmer's institute. The talks of Project Manager Camp on "Seepage and Drainage," and County Agricultural Agent M. A. McCall on "Klamath Soils and Crops," were especially good, and will be of benefit to all fortunate enough to have heard them.

Two other good numbers were the talks of J. M. Ezell on co-operation, and President Abel Ady, who took up "relief measures" and urged action at once to secure the passage of the extension bill.

METEORITE IS BEING GUARDED

SAN FRANCISCO, June 5.—A 500-pound meteorite, composed of apatite, which recently fell on his ranch in Tuolumne county, is being carefully guarded here today by J. W. Shores, a retired rancher.

While Shores was plowing January 6 last, he heard a rush of air, and then felt a hot, shiny object splash past him. It plunged into a nearby gully, emitting intense heat.

Shores says that several attempts have been made to steal the meteorite. He declares he has been offered \$2,000 for it by a Stockton jeweler, who intended to put the substance through a process to transform it into imitation opals.

SOME STATISTICS ON THE PRICES OF FARM PRODUCTS

The crop reports of the bureau of statistics (crop estimates) of the department of agriculture, show the average prices paid to the farmers in various states for butter, eggs and chickens on May 1, 1914, and as compared with the similar estimates on May 1, 1913.

Apparently farmers are obtaining on an average less for their butter and slightly more for their eggs and chickens.

The average price paid to the farmer for butter on May 1, 1914, was 23.8 cents, or 3.2 cents less a pound than the average price paid on May 1, 1913.

In the New England states farmers of New Hampshire seem to have received on an average 33 cents, or 1 cent more a pound, while in Connecticut they were paid 30 cents, or 8 cents less a pound; in Vermont 29 cents and Rhode Island 32 cents, or 6 cents less a pound; in Massachusetts, 33 cents, or 3 cents less a pound and in Maine 30 cents, or 1 cent less.

In New York and Pennsylvania and adjoining states, the average price was 28 to 32 cents, or from 7 to 4 cents less. On the coast from Maryland to South Carolina, the prices were either the same or 1 cent higher, ranging from 25 cents to 28 cents.

Georgia farmers, receiving 26 cents, seem to have gained 1 cent, while the Florida farmers received 2 cents a pound less, or 33 cents. In the balance of the states, with few exceptions, where the price was stable, the farmers were receiving from 1 cent to 5 cents less a pound except that in Montana the price was 1 cent more, in Arizona 6 cents less, and in Oregon 7 cents less.

The farm price for eggs on May 1 were 16.8 cents a dozen, or about 0.7 cent higher on an average for the country than on May 1, 1913, or an increase of about 4.3 per cent. In most of the states the price the same, or varied only by 1 cent one way or the other.

In Montana, however, eggs on May 1, 1914, were 18 cents, or 4 cents cheaper than the preceding year, while in New Mexico they were 23 cents, or 4 cents higher on an average.

The price paid to farmers for chickens on May 1 was 12.5 cents, or about 0.7 cent a pound higher in 1914 than in 1913, or an increase of about 5.9 per cent. The variation in the price of chickens was commonly less than 1 cent per pound. The principal variations from this were Dela-

RUSSIAN DREADNAUGHT LAUNCHED AT ODESSA

ODESSA, June 5.—The third stage in Russia's ambitious naval program for the Black Sea was concluded today with the successful launching of the dreadnaught Ekaterina II at the Nikolaioff navy yard.

The two dreadnaughts already launched and soon to go into commission are the Empress Maria and the Alexander III. The fourth, Ivan the Terrible, is to be laid down on the ways vacated by the Ekaterina II.

The six destroyers and the six submarines, included in the new program, have already been completed, and two armored cruisers are building. There is also being constructed one of the largest floating docks in the world, capable of carrying a vessel of 40,000 tons. It will cost over \$2,999,000.

Notwithstanding this formidable force, naval experts say that Turkey would have a decided advantage on the Black Sea in the event of a war between the two countries, as the Russian dreadnaughts are to be armed with only 12-inch guns, as against guns of 13-inch and 16-inch respectively on the two battle cruisers recently acquired by the Turkish government, one from Brazil and the other now completing in England.

The longer range of the Turkish guns would, it is believed, more than counter balance the greater aggregate tonnage and armament of the new Russian craft.

In the June American Magazine a former newspaper man, who became a victim of the opium habit, and is now a convict in a penitentiary, writes a dramatic account of his experiences with the drug. He gives as follows his idea of the power of the habit:

"I do not believe that any man with an opium or morphine habit of years' standing can deny himself the drug if it is within reach.

"I do not believe that any man, no matter what his previous character may have been, can use opium continuously and not have the impulse to be crooked. He may not be crooked, he may lack the nerve or the necessity to steal, but the impulse will be there, and if it ever becomes a question of theft or a 'habit' he will thieve. This is the history of every opium smoker I have ever known."

Lumber shipments to San Francisco from west coast harbors aggregated 23,850,000 for the first two weeks of May. Coos Bay sent 5,170,000 feet.

The public will please take notice that the undersigned will, on Monday the 15th day of June, A. D. 1914, at 10 o'clock a. m., or as soon thereafter as he can be heard, apply to the County Court of Klamath County, State of Oregon, for a retail liquor dealer's license. For further information you are referred to the copy of the petition hereinafter set forth.

JOSEPH L. RINGO, Applicant, in the County Court of the State of Oregon, for Klamath County: PETITION FOR LIQUOR LICENSE

To sell, exchange or otherwise dispose of spirituous, malt, vinous liquors, near beer or fermented cider, commonly known as hard cider, in quantities less than one gallon, in Odell Precinct, Klamath County, State of Oregon.

To the Hon. W. S. Worden, Judge of the County Court of the State of Oregon, Klamath County, and to John Hagelstein and N. S. Merrill, Commissioners for the State of Oregon, County of Klamath:

We, the undersigned legal voters of Odell Precinct, Klamath County and State of Oregon, would respectfully petition that a liquor license be granted to Joseph L. Ringo, to sell, exchange or otherwise dispose of spirituous, malt, vinous liquors, near beer or fermented cider, commonly known as hard cider, in quantities less than one gallon, in the Town of Crescent, Odell Precinct, County of Klamath and State of Oregon, upon the following described premises, to-wit: Lots 13 and 14, in block 39, and in the building situated thereon, said building has the following dimensions, to-wit: 50 feet by 70 feet, and is two (2 1/2) and one-half stories high, and is known as the Crescent Hotel;

That the aforesaid building is a legitimate bona fide hotel, with accommodations for not less than fifty (50) guests, and that same is not situated within one mile of any university or college, nor within six miles of any state or government irrigation project in actual course of construction;

That said license be granted to Joseph L. Ringo for a period of twelve months from and after the date of the granting of said license.

And each for himself says: That I have personally signed this petition, and that my residence, postoffice address and voting precinct are correctly written after my name:

That I am a legal voter in Klamath County, in the State of Oregon, and am now and have been an actual resident of Odell Precinct, in Klamath County, in the State of Oregon, for more than thirty days last past.

Table with columns: NAME, Residence, Postoffice, Voting Precinct. Lists names of voters in Odell Precinct, Klamath County, Oregon.

McNARY WINS BY THIRTEEN VOTES

SALEM, June 5.—With the receipt of the last revised Multnomah county returns from the recent primary, the exciting race between Justice Charles McNary of Salem and Judge Henry L. Benson of Klamath Falls for the fourth republican nomination for justice of the supreme court came to an end today, with McNary Nominated.

A check of the official figures by Secretary of State Ben S. Olcott confirmed McNary's lead of 13 votes. McNary received 34,618 votes; Benson's vote was 34,605.

Anti-Cigarette League Adjourns

LAKE MOHONK, N. Y., June 5.—Plans for a more active national campaign against the cigarette were completed at the conference of the Anti-Cigarette League of America, which closed a three day meeting here today. This was the first annual conference of the organization, which has grown from a small band of reformers into a national society with the slogan "save the boys and preserve their health, education and efficiency."

Statistics presented during the conference here showed that in certain communities the habitual use of tobacco in some form has reached a maximum of 90 per cent among the boys in the graded schools.

RALEIGH, N. C., June 5.—Secretary Redfield of the department of commerce, addressing the local Chamber of Commerce last night, supported the contention of President Wilson that any financial or business depression now is psychological and not physical.

"The men who are making the most pessimistic speeches right now are men who are prosperous in pocket," said he.

"Things are not tied up so terribly tight when New York and California register more automobiles than ever before, per capita. Also from California, Florida, Kansas, Missouri, Nebraska and the other states comes the glad cry of a bumper harvest, all but ripe for the sickle."

Cannon to Run Again. Formal announcement has been made that "Uncle Joe" Cannon of Danville, Ill., former speaker of the house, will be a candidate for congress from his old district.

The United States supports 221-433 churches. Likewise 450,000 ambulances—more than all the churches, hospitals, colleges and high schools combined.

Knights of Pythias will erect a two-story brick hall at Seilo.

Antwerp, one of the four largest ports in the world, is fifty-three miles from the sea.
